ANNUAL PUBLICATION OF THE STUDENT BODY OF VIRGINIA POLYTECHNIC INSTITUTE • BLACKSBURG, VA.

Our Nation at War
Foreword

The 1943 Bugle war edition was produced under war conditions in a school dedicated to the training of efficient fighting men and skilled technicians for the armed and industrial forces of our nation. Our school moves swiftly and surely with one purpose in mind, one goal in view. The Bugle has attempted to depict the V. P. I. War Program in action, and has attempted to do so under most unusual conditions and an accelerated schedule. So here it is, your

1943 Bugle.
Contents

THE COLLEGE
THE CORPS
THE FEATURES
THE ATHLETICS
THE ACTIVITIES
Dedicated to the Techmen in service of our country. They have carried the V. P. I. traditions of loyalty, honor, and courage into distant and far-flung fields. May God reward their valor with a speedy victory and a safe return.
Book

Swiftly forging young men into Engineers, Chemists, Agriculturists... swiftly preparing them for a place in the world of tomorrow...
THE SCHOOL OF ENGINEERING

The School of Engineering is nationally recognized for outstanding qualities and for the calibre of its graduates. The professors and instructors in this department have moulded engineers by the hundreds, engineers who can make and do, engineers with vision and courage, and engineers who will make this nation a safer and better place in which to live.

THE SCHOOL OF AGRICULTURE

Maintaining a plant which is one of the most complete in the country, the School of Agriculture is well equipped to serve the State and Nation. The graduates of this school are well trained by competent and efficient professors and instructors. It is literally a pool of Agricultural knowledge and serves as a distributing point for latest research information. Never before has there been such a demand for new farming methods and the technical men to apply and teach them. Virginia Tech is supplying both methods and men.

THE COLLEGE

The College includes those departments devoted to training men for a business or professional career. Despite the urgent need for technically trained men, the country can ill afford to neglect the training of men capable in the professional fields. The postwar world will see V. P. I. graduates, well trained for the job, leaders in all fields. The faculty of the College is unexcelled and their graduates are recognized throughout the country for their outstanding qualities.
Military CLASSES
1942 . . IN REVIEW

This, THE 1943 BUGLE, culminates a year which has seen more changes and which has been blessed—or cursed—by more suspense and more turmoil than any other college year since THE BUGLE first appeared. Nevertheless, it has not been a year without progress.

The '43 Ring Dance really marks the beginning of this year. The week-end, highlighted by the music of Claude Thornhill and the usual Ring Dance thrills, was started with the presentation of a mobile blood-bank to the Red Cross. The only thing lacking during the week-end was the presence of Captain J. D. Jones, class co-sponsor, whose illness and subsequent death saddened the entire school.

June 23 marked the beginning of the first regular summer quarter in the history of the College. Although 2,200 students registered, freshman enrollment in the accelerated program was less than expected. Innovations were not confined to the all-year educational program; Colonel R. W. Wilson arrived to succeed Colonel J. H. Cochran as commandant, and a new uniform of lightweight summer gray was adopted.

The hot days of midsummer were not without excitement. On a moonlit Monday night, July 27, the Corps asserted itself on the mess hall situation. The midnight parade brought results . . . the Governor’s visit, improved conditions . . . and a complete loss of Senior Privileges for the Class of ’43. Remember? The demerits totaled 1810.

Those were the days of “Join the E. R. C. and finish college” and “Doe, J. J. (Sr.). Absent reveille and calisthenics” . . . notable quotes, those.

War and transportation difficulties had at least one good effect . . . Blacksburg had its first Sunday movie September 27. The fall quarter brought 3000 students, including 2650 cadets, and the abolishment of special leaves.

Remmie Arnold succeeded Jack Catlin as President of the Corps soon after Jack resigned to enter the Air Corps. The first of a series of improvements fostered by Arnold was the War Buddy letter program.

“Victory” was chosen as the theme of the second Ring Dance of the year. The Class of ’44 danced to the music of Van Alexander and his “Praise the Lord and Pass the Ammunition.”

The 20-6 victory over V. M. I. climaxed the 1942 sports season which saw the Gobbler eleven place second in the Southern Conference and state, and the Tech baseball team State Champs.

The start of the winter quarter brought a drop of over 600 in enrollment, as more and more Techmen entered the various services. The call to duty came during the first week. All R. O. T. C. contract men and all men in the E. R. C. were ordered to enter the Army in March . . . and that was that. Midwinters brought a triple header dance set . . . there was definitely no rationing of good music.

There it is . . . one of the greatest years in Tech’s history. March will see two classes leaving V. P. I. instead of one, both going to carry Tech traditions to the ends of the globe.

Now as our nation rises to defend itself, calling upon its youth to carry the torch of liberty, the Corps is ready to meet any demands, make any sacrifices, and fight for the rights of all mankind.

It was born in the smoky echoes of the Civil War, full of the fighting spirit of the South. It was prepared for and fought in the Spanish-American War. And in the Great War, the Corps sent men to France to win recognition and fame to pay everlasting tribute to our Alma Mater.

And now, even as we fight on in our second year of combat, men of the Corps are fighting, suffering, and dying on all of the battle fronts, demonstrating the spirit and courage embodied in the Virginia Tech Corps of Cadets.
Corps Of Cadets

The Corps of Cadets was formed in 1872, reached its most impressive total this year, the enrollment being 2,500. The year has been a momentous one for V. P. I. as well as for the nation. Precedence was established when the entire Corps attended school all summer in a regular session.

The influence of the standards of the Corps of Cadets on its members has been marked. These members have been instilled with its traditions, ideals, and code of living, and are even now carrying these principles wherever our men are fighting. May the future Cadets uphold the traditions as the most cherished of all V. P. I. organizations—The Corps of Cadets.

Honor Court

The Honor Court is a very important institution in the life of the cadets. By means of it the Corps of Cadets is able to maintain high standards of honesty, sincerity and character which typifies its members and for which it is justly proud.

The Honor Court is presided over by a judge appointed by the President of the Corps and the body is composed of a Prosecuting Attorney, a Defense Attorney, their assistants and twelve jurors. All groups are represented in a fair manner.

The purpose of the Court is to try and defend those who have broken various codes of conduct and honesty, and, after all facts have been presented, to render a fair decision.
The Senate

The Senate of the Corps of Cadets is composed of elected representatives from each military unit. Through it opinions and changes needed are discussed in a democratic way. If the majority opinion is favorable for the passage of a rule or regulation, such is voiced and becomes a law. Thus, the Senate is an important functioning unit in the governing machinery of the Corps at V. P. I.

The Executive Committee

The Executive Committee, a recent organization in the life of cadets, was formed to deal with members of the Corps who bring discredit on the Corps as a whole by their thoughtless actions. Often their reprimands go no further than the individual involved; however, if the offense is serious, the case is carried to the Honor Court for a final opinion. This organization has a very valuable part in keeping the conduct of the members of the Corps on a high and gentlemanly plane.
To The Seniors

"The Class of 1943 will soon leave V. P. I. With kaleidoscopic actions, it has been ever dauntless and has kept its purpose constantly in mind. The class has always come through in the pinches. Look at that formation at the V. P. I-V. M. I. football game! For one hour the Corps stood fast and we were all proud of you. Look at the War Department R. O. T. C. inspection on December 9, 1942! You gave a magnificent exhibition, when you paraded in the snow against all odds. The parade was termed 'the best parade I have ever seen outside of West Point' by the Inspector, a Regular Army officer of forty years' experience.

"The class has not been successful in attaining all its goals. Its will has been indomitable, but with this indomitable will it will go 'over there' in March, 1943, to do its part in making this a better world.

"Whether you fight in the snow and ice of the arctics or the rains and jungles of the tropics, you will carry on the V. P. I traditions. You will not fail your country and your Alma Mater. We, who remain behind, will be watching—and believing in you.

"The Commandant and every member of the Military Department wish you happiness, success, and good luck."

The world has changed, the school year has changed, the corps has changed form, but the Band has stood up through one more year as the oldest and most distinctive organization on the campus. Turning the calendar back three months, as did the rest of the school, the “Highty Tighties” began this war-torn year fighting their way through the ups and downs that faced the Corps, finally to change their title from Regimental to Brigade Band; but at the same time, they have endeavored to lead, in every sense of the word, the cadets in their march toward the top.

The trying conditions of the world have limited the activities of the Band this year. Before the gas shortage reached such an acute condition, the company twice made its way to Roanoke to do its part toward cheering the Tech gridmen to victory. The moral victory over the Kentucky “Wildcats” provided the first occasion; but the main feature arrived as the Highty Tighties displayed their form in the half-time figure at the Gobbler-Keydet Thanksgiving classic. Many well-known college songs were added to the Band’s repertoire this season, as well as the songs of the U. S. Armed Forces. The drum and bugle corps represented the Band at the W. & L. game in Lexington (also at R.-M. W. C. and Sweet Briar).

Within the company, the boys maintained an outstanding spirit with inter-platoon, touch football. Class football also enabled the men to keep up a constant fellowship.

Many Highty-Tighty men now take up the field to prove they can fight as well as play.

Nowhere on the campus can a more cosmopolitan group be found than that group of men who fill the ranks of A Company. In this organization, men representing all the branches of study have been brought together by an intangible bond known as “Company Spirit.” It has been this bond which has helped to make A Company one of the leaders here at Tech. The Company has consistently supplied more than its quota of high ranking military men, athletes and scholars. Social activities have not been neglected either.

Another spirit that is prevalent among the men of A Company today is the spirit exemplified in the school motto, “Ut Prosim.” Like Lloyd Williams and Earl Gregory, both war heroes and former cadet captains of A Company, the members of this company will render the greatest possible service in the conflict that lies ahead.

COMPANY

A
During the academic year 1942-43, a period which has been most trying in colleges throughout the land, B Company has stood solid and proved its mettle. In an effort to build a greater V. P. I., B Company has engaged in practically every activity on the Tech Campus, and has excelled in many of these activities.

In addition to these accomplishments, B Company boasts of a hard-working group of officers on its staff, who, with the effective co-operation of the entire company, produced an outstanding unit in company work and company drill.

The future of this company can surpass its past only if it contributes more actively, as we think it will, to the silencing of Schickelgruber, so that America will lead a world of Peace tomorrow.

C Company, honor company of the Infantry, has a heritage all its own. Next to the loyalty owed to Alma Mater, men of C Company have always pledged themselves to proudly uphold the fine spirit which has been characteristic of C Company men for years. This strong spirit of unity and companionship, which has been carried on by whole-hearted cooperation rather than by force, has held them together in every phase of campus activity. In the past year, under the excellent leadership of Long Goffigon, their captain and friend, the men of Company C have made a very outstanding record in military, athletics, and extra-curricular activities.

The infantry expanded rapidly in September 1942, giving birth to D Company. Seventy-five days later D Company established a reputation and a record by selling one hundred percent athletic tickets. Cooperation emanated from Captain Smith to every man in ranks. There quickly developed a spirit of genuine friendliness. We put out freely and received even more abundantly. Whether we were rolling tents in the rain on maneuvers (the Army and battalion leaders were last, we think), or when we marched into Victory Stadium on the last glorious Thanksgiving, there was a sense of unity within D Company. But what we feel has meant most to us is the example set forth by D Company impressing upon us the realization that where spirit and service combine, the result is success.

E Company—unity of command; unity of action. With self-reliance and military discipline as its goal, the company has achieved such success as to dim its own brilliant past. The company points with pardonable pride to the leadership of the “Little Captain” and his lieutenants, “Stinky” Barnes, “Mike” Greule, “Dickie” Daiger, and “Jaybird” Muller. The entire group of seniors set the example which paved the way for the year’s honors.

With a spirit of determination and cooperation the company has endeavored to attain the highest ideals of its military tradition. The spirit of E Company will live on because this tradition demands it.

COMPANY E
Company F, the lower quadrangle’s amazing “fraternity,” has gained widespread fame throughout the school, and especially at the Military Building. Our spirit has been “Eat, drink, and be merry, and never mind the Dill Sheet.” When there's a party, F Company is there; when there's work to be done, F Company is in there punchin'. We walked away with the Homecoming Decoration Prize with a mechanical Techman-Indian Massacre put together with wood, wire, paper, and a big helping of faith in F Company’s engineering brains. Our lounge is the best anywhere, and no fooling. We could outdrill any company in the Corps, if it didn't interfere with our living like normal people. That's why the other companies envy us . . . we're REALLY living! From fireworks to FIA, that’s Fraternity “F”!

This past year has seen G Company come into its own in a truly great way. Boasting leaders in a wide and varied assortment of extra-curricular activities, the company can well be proud of its record. Friendliness and cooperation between the classes is much in evidence in the barracks, while on the drill field, you can’t find a snappier outfit. We’ve had an occasional rumpus—but what large family doesn’t? The seniors and those others joining the armed forces, are leaving behind them a job well done.

When things once more get back to normal, “afterwards,” you’ll find G Company in there giving its all.

Strict military discipline and good fellowship—two aspects of a military system which are difficult to combine. And yet men of Battery I have felt and do feel that their organization can only be complete when this combination is present. The annual citation cord award has as its basis, just such a combination. I Battery has been the winner of this award for six out of the seven years since the formation of its battalion.

Many of “Ts” former members are today on distant shores. We know that I Battery spirit is with them there, just as it was with them when they were here. It is intangible, but an I Battery man can never lose it. In the words of our song: “T’s spirit goes marching along.”

BATTERY

I
When we scan this year's record we find it much like those of the past. Once again it is filled with more than our share of honors won on the drill field, athletic field and in the class rooms. Yet, as proud as we are to hold them, they are far out-shadowed by the many lasting friendships that we have formed within "K" Battery's walls.

This year, with two classes leaving instead of one, these friendships mean more to us than ever before; certainly more than any honor that man may bestow. In leaving, we know that we may forget that we held the Kohler Cup, or that we won competitive drill, but we shall never forget the many "bull sessions" or the annual "K" Battery party. These we will always remember, whether in a laboratory or a trench, and these will always constitute our most honored memories of V. P. I.

Dragging itself out of a deep rut, L Battery has become a feared contender for the citation crown of the famed Third Battalion. In spite of the prevalent what's-the-use attitude, L Battery's spirit and pride has kept it tops among the military organizations.

For the past several years this Battery has been fighting to change its reputation as a country club to one of envy and respectability. Under the military leadership of Norman Muser and with the cooperation of his classmates and subordinates, L Battery has flourished forth as a new, spirited, and disciplined organization.

As in all the other organizations, most of the men will be going into the Army in March. Realizing this fact, the upperclassmen have been fair and tolerant in giving the other fellow a chance to do his best work in his studies and his activities. This friendly concern for each other has been the outstanding merit of L Battery, and it has been the greatest contributing factor to the spirit and the "one big family" attitude of the Battery. When the war is won and over, may the men who make up the new L Battery have that same pride and ambition that gave the Battery its impetus in a strictly military direction at the beginning of this term.

Steeped in the tradition of V. P. I., and brewed in the ideals of the old school, Battery "M" stands on a lofty pedestal, the pinnacle of all the old quadrangle. The members of our worthy organization are taught that not compulsion, not fear of the "dill" book, but warm-hearted cooperation, is the best method of achieving good results. Always keeping this idea in mind, the boys of Battery "M" have again and again shown that the democratic method is the best one.

Here's to the continuance of "M". Battery policies—may V. P. I. always be bathed with the radiance of good-will emanating from the ancient and respected "Club on the Hill."

BATTERY
Since 1931, when N Battery was first organized, it has been productive of leaders. The good fellowship, which is always prevailing in our organization, is a major contributing factor towards our belief in life.

We wish to make our dedication to the Techmen in the service now or going later. We owe them much more than words can express in a dedication. We have chosen to bestow our sincerest best wishes to the men and boys who will have the job of re-molding our V. P. I. into the finest Military Unit after this war. In their efforts lies the future V. P. I. We hope that when we come back we will find the same, outstanding Corps of Cadets.

. . . The spirit of the Foreign Legion.

O Battery, under the fine leadership of George Garniss, has completed one of its most successful and gratifying years of the many in its colorful past. Displaying an enviable spirit of willing cooperation between all classes and a conscientious endeavor by all to make O Battery more than just a building in which live some one hundred-thirty students, O Battery has attained many things of which she can be justly proud.

It was more than pride that prompted the “Crack” platoon to practice so untiringly in order that alumni and students alike might see a group of boys working in intricate coordination.

It was more than selflessness that prompted all in O Battery to present a barracks decoration at homecomings which won first place on the Upper Quadrangle.

It was more than the love of the game that gave the basketball team the determination to win the Intramural Championship.

It was more than competitive spirit that saw the Battery through to the first place position in drill competition in our battalion.

It was the Spirit of Battery O, the same spirit which will prevail in the hearts of those entering the armed forces, and which will be spread to the men with whom they associate.

Throughout a year of change and unrest, R Battery has stood firm in its fight to maintain the standards and traditions of V. P. I.

We deemed the rich heritage intrusted to us by the cadets who have gone before us, to be sacred, and it is our hope that we may serve the nation as faithfully in these trying times as they have done.

In our daily lives we have secured unity through understanding and good fellowship, and R Battery is one of the finest organizations on the campus as a result. With every member working for the Battery, we have placed our men in responsible positions throughout the corps, and our intramural teams have been especially well supported.

Under the able leadership of Captain J. E. Fasolas and his fine staff of lieutenants R Battery has had a completely successful year, and in keeping with its tradition has gone forward.

### Battery R

- BATTERY R
"S" Battery, the first organization in the Corps of Cadets to publish its own monthly gazette and scandal column, the "Short Sheet," has just completed its fourth successful year. Established in the fall of 1939, "S" Battery wore the battalion citation cord this year for the second time of its first three years and has made a name for itself in every field of military and outside activity. The "all work and no play" lesson has been followed from the beginning, resulting in an organization that is on the top from every point of view, and an organization whose members seem to always get the maximum of every form of recreation. We feel sure that when the war is over, "S" Battery will be outstanding in the building of a new and greater Corps of Cadets.

BATTERY S
BATTERY

V—Valor, I—Initiative, C—Cooperation, T—Battery, O—Obedience, R—Respect, Y—Youth

For the second successive year T Battery repeats its slogan of VICTORY. From the initial organization four years ago to the present time T Battery has surmounted all obstinate barriers in its path with the same undying battle-cry of "On to Victory." A representative of true American heritage, the battery has shown the rest of the Corps the results which may be obtained from an eternal striving towards higher goals. From baby-hood to man-hood the battery has shown the mettle of which true Americans are made, and may it ever be thus. To be impatient under certain conditions is to lose all; and to be patient, to be able to keep quiet and still in the presence of things that try us, is to gain all. Thus patience became the very key to T Battery's success. A bit of sadness creeps in at thoughts of the future, but a glimmer of hope exists that the battery will still retain its traditions and continue as in the past. It is with genuine pride and sincerity that the T Battery boys who are to leave for a greater test of their character pass their heritage to the underclassmen who follow with deepest appreciations for their loyalty and devotion.

BATTERY

T
A cross section of the life at Tech is represented on the following pages. From the very first day to the night before graduation a Techman's life is full of incidents, some humorous, some sad, some memorable, and some just those things that happen every day. Some day in the future when a Techman looks through these pictures, there will be a lump in his throat, a tear in his eye, and a pang in his heart for the old days when life was full to the brim.

It is hard to find the most important thing that happened at Tech, but this section will bring back those times that are gone but not forgotten.

Bugle Beauties
Jack Catlin speaks at Ring Dance parade... the Ring Figure... and Colonel and Mrs. Hoy, class sponsors for '43... the reviewing stand at parade time... the long awaited kiss and ring... civilians waltz... another big moment hits the arch... the Blood Bank acceptance... Dick and Gaston swing round the bend.
The Blood Bank, from Tech to the Red Cross... '43 Ring Figure... with arches... beautiful girls... flowers... sabers... brand new palettes... and a thousand memories wrapped up in a class ring. Then come maneuvers... striking tents... the chow line... "Hit the dirt!"... the Signal Corps at work.
Tall tales during night operations, tactics instruction in the field, rear guard moves along, mess call, a battle front "somewhere in Montgomery County," dawn on the lower quadrangle, the Administration Building, Mr. Schaeffer and his boys entertain, "Assume the angle, freshman."
Tech sent fire fighters to Brush Mountain... and the Infantry out to study war... the Highty Tighties gave a spring serenade... "Did'ya ever try to jump a creek with full pack and rifle?"... graduation at last... military honors... diplomas... commissions, and The Oath... goodbye '42, and good luck!
Some Rat pulled his tie out, and it was amputated... June brings visitors... and the Finals parade in sultry weather... "Pass in review"... Sergeant Moore packs up our dear Springfields... '43 conducts its first parade under "Cunnel" John Cawthon... Summer school Rats get a taste of life at its worst... "Pull it in mister"... "Drag on and sound off"... "You Rats plea for rain"...
“Bad Boys” ... intermission time at the Southern ... the Outdoor Club holds a business meeting ... the last parade under Colonel Cochran, and the first under Colonel Wilson ... Cawthon con- grats Bill Davis, Senior Class “prexy” ... while the new Commandant bids the old farewell ... the Regimental Staff ... Jack presents the silver tray to Mrs. Cochran ...
A bit of solid jive during a Porch Party ... Fish is still waiting for the order he placed during intermission ... Summer Hops ... crowded but “on the ball” ... no, Jack didn’t present two presents ... just a mistake ... well, here are some parade watchers ... and some mid-summer dancers heading for intermission ... Lou Breeze at the Cotillion Club ... and the German figure.
Midnight marchers . . . and distinguished visitors to sample our food . . . and an informal meeting of the "Messhall Committee" . . . all memories of a never-to-be-forgotten summer . . . it was hot and things happened fast . . . another porch party . . . the home of Battery T . . . Randy Wilson receives the CAC medal from Colonel Hennig . . . intramurals really went to town with more persons participating than ever.
September Hop ... Jimmy Kitts waves goodbye ... the morning after a mass watering ... Openings, and another super set of dances ... Fall Manuevers, and mess kits ... air attack and the platoon scatters ... an estimate of the situation by Buck Leonard ... Lt. Humphries lectures on the new gun ...
Pep Meeting . . . Air raid drills . . . and Bob and Harriet lead German Openings . . . "Horizontal Lab" scholar hard at work . . . the Corps parades . . . "Oops!" . . . Bill Johnson just misses one . . . Rose Bampton sings to us.
SENIOR ELECTIONS

THE BUGLE presents the biggest and best of the Senior Class as elected by the Corps. Dick Ferguson was a unanimous choice for "Tightest Senior Officer" and the Fourth Battalion Staff said "Amen"... Jimmy "Lover" Dent was the people's choice for biggest "Boodle Hound" while "Stooge" won the very close race for "Slaphappiest"... below, we see "Rat" Merryman, the year's "Grousest Rat." Mr. Merryman posed just before he left for an extended AWOL... Roger McClure was the best "Athlete" in the Class of '43 and John Cawthon was elected "Best Senior Officer" on the basis of his excellent leadership.
Here we see "Bunky" Fields, our "Biggest Chiseler," selling a book at 200% profit... and R. O. Swain complaining about a dirty plate or something. He was selected as '43's "Biggest Griper"... Mason "Stuporman" Blandford yawned his way into the position of "Laziest"... directly below is "Rabbit" Tomlinson, "Biggest Suction Hound." The photographer caught "Rabbit" just as he was going into the Commandant's office for a conference. . . . John Porter was the Fog Bound Man of the Year, winning honors as "Groggiest" . . . last but not least is Harry Persinger, "Biggest Bullslinger." He is telling Gustin about the time that he . . . well, that's another story!
'44 held its Ring Dance in October... they had their Big Moments like... placing the miniature... just before the arch... and getting that big class ring from the OAO... And the Orchestra played "Praise the Lord and Pass the Ammunition"... as the figure progressed. There it is, V. P. I.'s last Ring Dance until the War is over.
Remember when . . . the Governor paid us a visit . . . indoor Track, and boxing held sway in the Gym . . . and Jimmy Kitts left for the service, with the promise that "I'll be back" . . . and remember "The Greek" and his pile-driver punches . . . and the Boxing and Wrestling teams that never stopped fighting, even though handicapped in many ways.
The Highy-Tighties at Lynchburg . . . Sunday bull session . . . a ballerina from the Ballet Russe . . . '43 Ring Dance parade . . . the Basketball first string underclassmen . . . Luke plays Electrician . . . Homecoming art . . . '44 visits the V. M. I. Ring Hop . . . and received official welcome . . . fencing class and Morgan teaches a parry . . . the Band in summer dress.
Scabbard and Blade taps at Military Ball, last V. P. I. Formal . . . Major McGehee and Mrs. . . . remember those special busses? . . . a Ring Dance picnic . . . Steinmetz Webster poses among assorted wires . . . line of skirmishers . . . “Pass in Review” . . . and John places an Armistice Day wreath. Well, that was our year; 1943 was the temporary end of the school as we knew it. But the memories linger on.
In the past year at Tech there has been an upsurge in the growth of sports. Throughout all games members of our ball teams and athletic squads, have shown true sportsmanship, bringing the praise and pride of our entire Institution.

Although the present situation seems to indicate that sports at Tech may be stalemated for awhile, our boys have given their word that they will be in there fighting, whether it be in the jungles of Guadalcanal, the sands of the Sahara, or right here on the athletic field.

Second Place—Southern Conference
Second Place—"Big Six"

Bill James
Captain
OF '42

Jimmy Kitts built a solid foundation for the 1942 team, but was unable to see them through the season. Soon after the first practices had started, Jimmy departed for Carolina Pre-flight leaving the reins in the hands of capable Big Chief Tilson and Macauley McEver. The team soon rounded into shape and the 1942 edition of the Gobblers was ready to roll.

CATAWBA.—Paced by nimble-footed Jack Gallagher, the Techmen gave the Indians a taste of a powerful ground attack, gaining 365 yards from scrimmage. The Indians countered with an aerial barrage that made the first half a nip and tuck affair. Holshouser and his Catawba mates began to tire in the second half and Gallagher, Foltz and Duda rocked them time and again with heavy thrusts through the line and around the ends. Flyin' Jack scored three times with a 46-yard sweep, a 50-yard run and a 1-yard plunge. Captain Billy James racked up 6 points on a 31-yard pass and that made it a day. Catawba scored through the air during the first half but the pace tired them out and they never threatened again. The game ended with Tech ahead 28 to 14.

FURMAN.—The Gobblers met the Purple Hurricane in a downpour of rain and came out muddy but happy. Passing was made hazardous by the flood of mud but V. P. I. let fly five aerials, three of which were
completed for a total of eighty yards. The game was closely fought and the powerful Furman team scored first but failed to add the extra point. In the closing minutes of the game, the Gobblers, 6 points behind, struggled across the midfield stripe and Jack Gallagher fired a 40-yard pass into the waiting arms of Elmer Wilson for the tying score. A sure boot between the uprights won the game for Tech and the final score was 7 to 6.

WILLIAM AND MARY.—Homecomings brought the team back to Blacksburg for a long awaited scrap with the Indians from Williamsburg. Boasting such line crackers as Johnson, Forkovitch, and Longacre, the W. & M. boys were expected to drive hard on the ground but upset the dope with a surprise passing attack which netted a touchdown and set up another. The first quarter opened cautiously with each team looking for the other's weak spots. Apparently Tech had its defense off balance for the Indians passed to the five and Longacre scored on a plunge. The Gobblers stopped the William and Mary attack in the second quarter and the half ended with both teams battling in mid-field. In the second half, Joe Foltz scored V. P. I.'s only touchdown and the game ended 21 to 7.

DAVIDSON.—Showing a powerful running attack operating behind a stalwart line, Tech's “big team” defeated Davidson by a score of 16 to 0. The Gobblers scored in almost every way
possible getting a touchdown, two field goals, and two safeties. The Gobblers took to the air frequently and the Wildcats had a very busy afternoon covering the Tech receivers. Simple reverses and straight plays were the big yard gainers for Tech. This game proved that V. P. I. was well stocked with good reserve material and foretold a successful season for the most powerful Tech team since 1932.

KENTUCKY.—The Fighting Gobblers made the Wildcats fly in the new Roanoke Stadium. Entering the game as definite underdogs, the Tech team was given but little chance to hold the powerful Kentucky Wildcats. The blue clad lads from the Blue Grass State launched an early drive which netted seven points in the first quarter. Kuhn scored again in the second period when he took Mase Blandford’s punt over the goal line from his own 45-yard line. The Gobblers came back swinging in the third quarter. “Greek” Maskas blocked a Wildcat punt and Dan Clark fell on the ball for Tech’s first score. Kentucky scored again but this didn’t stop our inspired drives; Mase Blandford ripped the Wildcat line for another touchdown which climaxd a solid push from deep within Tech territory. Still seven points behind, the Gobblers dug in on their twenty and Mase began pounding the line again. We rolled seventy-five yards in six downs and once again the V. P. I. team was knocking at the Kentucky gate. On the next play Blandford plunged over the goal and Rog McClure kicked the point. At its best, the team and each man played magnificent ball to make this 21-21 tie one of the sport thrills of the 1942 season.

WASHINGTON AND LEE. — Tech’s high riding Gobblers met the Washington and Lee Generals next. This Southern Conference foe was tougher than anticipated and we were held to a 19-6 score. Even though our victory was not spectacular, it was a decisive one. Jack Gallagher was the spotlighted performer in this game. He scored one touchdown, passed to “Irbo” Chasen for the second, and played good defensive ball. W. & L. attempted to pierce our pass defense on several occasions and scored their only touchdown on a pass from Working to Baugher in the third
The game was hard fought and the scrappy Generals threatened several times but the Tech team outclassed them completely.

UNIVERSITY OF VIRGINIA.—The Cavaliers were the next victims of the Terrible Techmen. Joe Foltz, Jack Gallagher, and Mase Blandford combined their talents in the first Gobbler touchdown march. After the half, Slippery Joe filtered through left guard to add another touchdown to the V. P. I. score. Mase Blandford tallied another six points during the third quarter and Tech was well on the way to another victory. Virginia came back strong in the last quarter and scored two touchdowns. Tabb Gillette threw a series of passes that gained 136 yards but the gallant bid for victory came too late and the game ended with the Gobblers on the long end of a 20 to 14 score.

RICHMOND.—Displaying a powerful rushing game Tech’s Gobblers topped an underdog Richmond eleven by a 16 to 7 score for their fourth Conference win. “Miracle Toe” Roger McClure was successful in his third field goal of the season to maintain his reputation of being one of the best placekickers in college ranks. A pair of Sophomores, Joe Foltz and Fred Ashworth, combined to give Virginia Tech its first touchdown. In the second period Jack Gallagher faked a reverse and hit pay dirt standing up for the Orange and
Maroon’s last touchdown. Richmond’s only score came in the final period on a pass which covered forty-five yards.

ARMY.—The “Big Team” traveled to the icy confines of Michie Stadium with a defeatless string of five games and met a strong Army eleven. The game ended with the hard-charging West Pointers on the long end of a 19 to 7 score. Army scored their three touchdowns after marches of 93, 54, and 67 yards respectively. Hank Mazur, Army’s great captain, was directly responsible for the first two T. D.’s, scoring the first on a plunge and passing for the second. The Gobblers recovered an Army fumble near midfield. Joe Foltz, the sophomore sensation, flipped a pass to Elmer Wilson and next season’s captain-elect galloped over the last white stripe untouched.

VIRGINIA MILITARY INSTITUTE.—The big game of the year brought the team to the Roanoke Victory Stadium. Roger McClure, blocking back, took over fullback for injured Mase Blandford, and led the way to victory with booming punts and surprising line drives. Joe Foltz and Jack Gallagher lent assistance in the backfield as V. P. I. took to the airways in convincing fashion for the first time this year. Foltz passed to Bill Johnson to set up a touchdown just before the second quarter ended. McClure plunged off tackle for the touchdown and then kicked the extra point. “Greek” Maskas and Ben Judy played smashing football against the V. M. I. line throughout the entire game. The Gobblers went on to a great victory and beat the Keydets 20-6 to end the best season Tech had seen for many years.
Basketball

Built around three ace seniors, this year's basketball team has shown up well in state and conference competition. Emory and Henry, William and Mary, Carolina Pre-Flight, Washington and Lee, and the University of Virginia were all victims of the fast-breaking Techmen. Walt Schneider had his best season at center, showing up well on both defense and offense. Co-Captains Judy Rubin and Guy Crawford were the high scoring men on the team, with Guy leading his co-forward by a few points. Judy, Guy, and Walt teamed up with Bushkar, an amazing freshman, and Wriston, sophomore star, to give Tech a very good season.
Boxing

Tech opened the season against one of their oldest rivals, the University of Virginia. Spital fought a beautiful fight against an opponent with a great deal of experience, and came through with the only win of the night. The final score was 7-1 in Virginia’s favor.

The next meet with Maryland was cancelled because of injuries and sickness that hit the squad and placed the majority of the men on the sick list.

The team then entered the match with Michigan State with the prospects on the slim side that we would win. Vassar and Wiley won their bouts and Maskas won his bout by a forfeit. The match ended 3-5 with Michigan State on top.

Against Western Maryland the team came into its own. Riley and Wiley won their matches by clever boxing. Spital and Gallagher punched their way into well-earned victories, and Maskas came through against a much heavier opponent to earn a draw. The match ended with the score 4½ to 3½ in favor of the Techmen.

Front row, left to right: Tomlinson (Mgr.), Vawter, Copenhaver, Vassar, Andrews (Co-Capt.), Spencer (Co-Capt.), Spital, Agriosti, Maskas

Back row, left to right: Altman (Coach), Meyers (Asst. Mgr.), Trice, White, Clark, Wandyca, Harris, McWhorter, Becker
Wrestling

Tech's hard fighting grappers invaded Duke University January 8 and fought the Blue Devils to a draw. John Maskas took the finale from Tommy Burns by a fall to tie up the match 14-14. Corbett, Dannenburg, and Kemp in the 128-, 135-, and 154-pound classes, respectively, took their matches by decisions, while Maskas won his match by a fall.

Tech's matmen lost to the Navy's grappers January 15, but in losing they elicited the remark from Navy's coach that he had never seen a stronger college team. Our entire team fought well, but they were up against one of the strongest teams in the country. Hill, Corbett, and Fittsimmons went the whole way but lost on decisions.

N. C. State's wrestling squad tangled with Tech's grappers in War Memorial Hall January 26 and found that they were no match for the power-packed Gobblers. State's well-coached squad went down in a series of thrill packed bouts 20 to 6. Schmidt, Dannenburg, and Corbett decisioned their opponents to put Tech ahead in the match. Tech lost the next two bouts by very close decisions. Then Krey battled his way to a hard-won decision over Jones; Hill decisioned Kerr, and Maskas pinned his opponent after two minutes of the third round.

Tech's grappers lost a hard fought match to the V. M. I. matmen by the score of 23-9. The Tech grappers fought very hard but were unable to defeat their greatly favored opponents. Spencer of V. M. I. defeated Schmidt of Tech in the 121-pound class, but Dannenburg of Tech came back to defeat Hull by a close decision. Hill and Maskas then put up a good fight to defeat their opponents by a decision.

Tech's grappers came out on the short end of a 17-11 score after a hard-fought match with the Norfolk Apprentice School. Corbett, Dannenburg, and Hill scored wins for Tech, but Maskas, Schmidt, and Fittsimmons dropped close decisions to their opponents.

Front row, left to right: Schmidt, Corbett, Maskas, Hill, Kemp, Dannenburg. Second row, left to right: Daly (Coach), Martinson, Brown, Barlow, Alexander, Krey, and Altman (Coach). Third row, left to right: Brown, Davis, Rieder, Shimer (Manager)
Varsity Baseball, 1942

The 1942 Tech team was the best team in many years. It also was the last team for the early-graduating Senior team members. So THE BUGLE reviews the record of the 1942 State Champions.

Varsity Track, 1942

Winning three out of five meets, the track team of last spring went through a very successful season. The 1943 Bugle could not present the 1943 team due to early publication, but reviews the excellent record of the 1942 squad.

Varsity Swimming
1943

The swimming team so far has had a rather successful season. The team had a decisive victory over N. C. State with a score of 48 to 27. The meet with Duke was an exciting one although Virginia Tech did lose by a slim margin of five points. A decisive victory over V. M. I. demonstrated that Tech had produced a very capable swimming team. There was scarcely an event that V. P. I. did not win, and each member of the team expended every effort to make this victory over Tech's perennial rivals. Benny Dow was a capable captain and often furnished the extra spark needed to send the team to victory.
Rifle Team

Built around three senior marksmen, the V. P. I. Rifle Team has had a very successful season. Captain W. A. Saul has led his mates to a high percentage of victories in their postal matches and the team expects to cop honors in the Corps Area matches and Hearst Trophy firing. "Fanny" Baumgardner and Johnny Wycoff were the mainstays with their consistent shooting, while Emerson, Blackman, Beard, Cardwell, and Thompson often came through with top-flight scores to secure a victory for the Gobbler Deadeyes. Much credit is due Lt. Tyler, Sgt. Birdwell, and Sgt. Shepko for their valued advice and assistance.

First row, left to right: Graham, Thompson, Snyder, and Saul. Second row, left to right: Emerson, Blackman, Cardwell, Wycoff, and Baumgardner.
Athletic Council, 1942-1943

The Athletic Association was formed on September 26, 1891, at a meeting of the Corps of Cadets. The members of this self-governing association are regularly matriculated male students of the college. It is the duty of the association to maintain and foster all forms of intercollegiate athletics at Virginia Tech. It is the officially designated governing body in athletic policy and procedure with certain duties in the conduct of the physical education and intramural sports program.

The Athletic Council is the body directly responsible for the formation and execution of the policies and plans of the Athletic Association. The Council is composed of three students, four faculty members, one member of the General Alumni Association, and the Director of Athletics. The student members of the Council must be members of the Association.

1942 Council
Freshman Football

The Little Gobblers smashed their way through to complete an undefeated season with a decisive victory over the V. M. I. Frosh. Each of the five games was a thriller and the fast moving freshmen racked up 95 points, averaging 19 points per game. Beasley, Woods, and Bushkar passed and ploughed their way through V. M. I. on Armistice day and proved again that Tech "Rats" are really tough customers. The season was definitely victorious and Tech is really proud of each member of the Gobblers of 1943, State Champs.

Cheer Leaders

The 1943 Cheer Leaders, led by Bob Stanley, were the most precisioned group in many years. They initiated several new cheers and handily emphasized them with demonstrations of tumbling and acrobatics. They often gave the Corps and team the added pep and life which turned defeat into victory.

Monogram Club

The Monogram Club of Virginia Tech is composed of the men who have won their “VP.” The club contains the cream of the athletes at V. P. I. These men have earned their monograms through perseverance and hard work in one of the varsity’s sports.

Every year the club presents the Redd scholarship to the outstanding freshman athlete.

Intramural Sports

“Sports in the Spirit of Play”—that’s what intramural athletics offer every Va. Tech man. It is in men of amateur ability that intramural athletics are interested, hoping by supplementing the work of the varsity teams, to find a place in competitive athletics for every student here at the college.

And so, we have intramural athletics offering to all, opportunities for fine recreations. These varied and interesting recreative sports can be played with or against your friends, even instituted at your request.

Intramurals have become the best medium for making contacts with campus men. Entering into competition with all men on the field, or friendly combat forms the basis upon which college’s best friendships can be built.

Statistics furnished by the Intramural Department show that over 1,400 different students participated in 26 sports for a total of 2,800 participants. It is considered an honor to wear an intramural key because it represents both work and “A Democratic Expression of Sports.”

Company A, Company D, Company C, Battery T
The things most memorable to a Techman after leaving the V. P. I. campus are his extracurricular activities and his personal contacts. These activities round out the life of a Techman making his four years at V. P. I. more enjoyable. Often in the future, recollections will steal back into the mind of Techmen and bring added joy to life. Days of exuberant youth recalled often ease the burden of many duties and responsibilities as the Techman travels the pathway of life.
THE PUBLICATIONS BOARD

The Publications Board is the governing body for all student publications on the Virginia Tech campus. Its object is to develop, foster, and improve student publications, to promote cooperation among publications, and to provide for supervision and control of student publications. The board is composed of the editors and business managers of: The Bugle, The Virginia Tech, The Virginia Tech Engineer, Sentinel, and faculty members. Each April the board meets to elect the heads of the publications for the next school year. The candidates appear before the board, present their qualifications, and explain their prospective editorial and financial plans. The board, in closed session, elects the new editors and managers. Financial control is exercised by the board by requiring estimated budgets at the beginning of the fiscal year, and final statements at the end.

During the past nine years the board has handled its business very efficiently. It has a specific job, and executes it well. The board has had to change many of its policies because of the existing war, however, even with this handicap the publications have come out on top.

The Business Staff of The Bugle is composed of members from all classes. The staff has been led by Charlie Wilson, Business Manager, who has successfully and efficiently carried out his duties. Each Junior member of the staff is in charge of an organization assisted by the Freshman and Sophomore members. The Business Staff performs such functions as soliciting Bugle subscriptions, securing advertising, and collecting.

No college publication can be a success without the advice and aid of faculty members and professional men. This year’s staff wishes to express its sincere appreciation to Professor G. T. Baird and to L. B. Glover of Lynchburg Engraving Company for their unsolicited assistance in producing The 1943 Bugle.

Coordination was the main feature of this efficient staff. Barranger managed the advertising with great efficiency. Young, Cutchins, Horner, and Hays combined their talents to perform as a nucleus of the Junior Staff. The “painless” method of collecting became a reality this year as a result of their hard work.

The Virginia Tech is the official news organ of the V. P. I. student body. It is ranked as an outstanding college paper of the country. Its editorials, make-up and news coverage have won national recognition on many occasions. Much credit is due to those students who work late and into the night so that the news can go to press on time, and the issue appear with the latest events and items of interest to its subscribers.

J. C. Potts ..................................................................................................... Barracks Circulation Manager

The Business Staff of The Virginia Tech has done a fine job this year. With the falling off of national advertising income, the Tech was forced to cut every corner in reducing costs and increasing subscription income. Both were accomplished with such dispatch that the total income for the year was not far off from previous years. This made it possible to continue to give the subscribers a very fine quality paper. Much credit is due to those students who labored on many thankless jobs—for selling and collecting is often considered in that light, yet most essential for financial well-being and stability.

G. H. HARRIS ................................................. Circulation Manager

The Business Staff of The Tech Engineer, guided by the outstanding ability of J. G. Porter, its manager, has made a very fine financial record this year. Never before in the past has this record been equaled or surpassed. Much credit is due to the staff members.
The Sentinel

STAFF

George M. Badger ................................ Managing Editor
C. R. Venable, R. P. Tomlinson .................. Assistants

Cartoons by

J. Angell, G. M. Badger, S. R. Chase, G. W. Gearhart, W. M. Leamon, F. C. Montague,
J. W. Old, D. R. Quartel, F. L. Showalter, N. J. Waugh

The Sentinel is V. P. I.'s cartoon calendar. The success of this publication has been steadily growing since its first appearance three years ago. Under the management of Bill Badger the record has been even more impressive this year. His job was well done and much credit is due to his untiring efforts in publishing a fine calendar. "Rabbit" Tomlinson, is awarded an "E" for his contributions.

The Guidon

STAFF

H. M. Barnes ........................................... Editor
C. D. Sternwedel, B. W. Roller, R. E. Fultz, C. W. Skelton, J. K. Pannill, M. H. Williams
Associate Editors
J. W. East ........................................... Business Manager
M. H. Ham, C. M. Carey, E. F. Eldree, H. S. Turner, W. B. Gwathmey .................. Assistants

The Guidon is published annually as a guide for incoming freshmen. It is known as the rat bible. Under the sponsorship of the V. P. I. Y. M. C. A. this publication is well planned and gives to its readers a world of information pertaining to campus life at V. P. I.
STUDENT MEMBERS—Can You Identify Them?
FACULTY MEMBERS—No Wonder They Weren’t There.

Heretofore, formality of Board picture presentations has reached the height of sublimity. The Student Members posed for this revealing shot before the faculty members put in their appearance. No other comment is necessary.
HONORARY FRATERNITIES
Alpha Kappa Psi

The purpose of this fraternity is to further the welfare of its members, to encourage efforts in research in the fields of commerce, accounts, and finance. To educate the public to appreciate and demand higher ideals in business relations is another significant aim.

The Cotillion Club of V. P. I. was founded in 1913 with the sole purpose of improving the social conditions on this campus, as well as improving the social relations between the student body and the faculty of this Institute. Through the efforts of a congenial and representative group of men of the student body, this club has constantly worked to raise the standards of this very important phase of campus life.

During the past year, one of the most difficult years in the history of the Corps of Cadets, the Cotillion Club has provided three excellent dances. These outstanding social events have been a big help in upholding morale and spirit during the year at V. P. I.

Much of this success has been due to the emphasis placed by members of the club upon their cherished spirit of informality and hospitality. In the future years the Cotillion Club will continue to provide dances which will insure a most enjoyable time to the students and their guests, upholding the true spirit of V. P. I.

German Club

This year the Virginia Polytechnic Institute German Club, the oldest social organization on the Tech campus, attained its fifty-first year. The German Club takes pride in presenting social entertainment of the highest credit to its alma mater.

In memory of Dr. C. M. Newman, the German Club Scholarship was awarded this year to the outstanding sophomore in the Corps of Cadets. This scholarship was founded last year to commemorate the Club's Golden Anniversary.

In days of war as in days of tranquility, the German Club strives to promote a spirit of cooperation and earnestness in working for its alma mater. Solid plans have been made so that the Light of the German Club, even dimmed temporarily by the impact of war, will shine in its customary way after the present strife. However, as long as the Virginia Polytechnic Institute is able to continue in anything like a normal manner, there will always be the V. P. I. German Club to serve her.

ORGANIZATIONS
The Engineering Council is composed of representatives from the various engineering fraternities on the campus. It serves to coordinate the aims of the extra-curricular education of engineers and to bring together students and faculty for consideration of mutual problems and questions.

The purpose of this club is to install the feeling of fellowship among students studying Ceramic Engineering. Problems and questions of the times are discussed among members. By this a clearer picture is brought before students taking Ceramics.

The American Institute of Chemical Engineers is an active curricular organization which has as its purpose the furtherance of engineering knowledge in chemical fields. Its program includes discussions of a technical nature, smokers, and movies.

The American Institute of Electrical Engineers is one of the oldest organizations on the campus. The members have benefitted much by the talks and lectures given by Electrical Engineers. Each meeting presents an excellent opportunity for the students to become acquainted with their chosen field.

J. M. Cochrane Miss Margaret Smith
Chairman Sponsor
The A. S. C. E. is a curricular organization formed to give the students a broader and more comprehensive view of the problems they must face in the field of civil engineering.

The Virginia Tech chapter of the A. S. M. E. is composed of students enrolled in mechanical engineering. The club holds weekly meetings which consist of scientific talks by outside speakers, talks by students, and educational motion pictures. These weekly meetings do much to give the student a professional inspiration in this field.

This club is composed of the men taking classes in Mining Engineering and Mining Geology. One of the major duties of this club is to provide a contact with the mining industry for these students.
The Architects are noted for their late lights, incessant work, and their constant presence in Patton Hall. The A. I. A. brings the students enrolled in Architectural Engineering and the faculty together. Many outstanding speakers in the field of Architecture lecture at the weekly meetings held by this club.

The V. P. I. Biology Club was organized in 1932 to promote further interest in Biological Sciences and to establish a firm fellowship among the students. Talks are given by students and members of the faculty on various biological phenomena.

The Virginia Tech Chapter of the American Dairy Science Association is a curricular club established and maintained for the educational and social enlightenment of all students enrolled in Dairy Husbandry.
The Society of American Military Engineers is composed of those men who believe that the lessons of the past should be preserved and studied as a guide to the future, and who deem it their duty to assist the nation in the winning of the war.

Leadership in our modern industrial life requires technical knowledge, a sympathetic understanding of human nature, and economic and social relations upon which successful industry is based. The society holds weekly meetings which serve to give the student a professional outlook in this field.

MY DUTY AS AN AMERICAN

I will realize that no task is too arduous, no sacrifice too great, if I am to count myself among those who can proudly say: "I did my share! I helped win America's glorious fight for freedom!"

I will pledge myself to give as much as I can... and then give AGAIN! I will "do without" joyously... and do my part toward hastening Victory by buying more... and more... War Savings Bonds and Stamps!

I will remember, too... that there are hundreds of small ways in which I can be of help... and I will promise myself not to lose sight of any little duty which, on first thought, might appear trivial to me!

I will do my utmost to conserve any... and all materials which my country might need now... or in the future!

I will not hear... or waste... or grumble over sacrifices I may be called upon to make... now... or in the future!

I will not spread rumors... idle talk may cost lives... and it will be my solemn duty to prevent others from doing so!

I will safeguard my health... so that I will be ready... if—when—and in whatever capacity... my country may need me!

I will keep my "chin up"... come what may... and do my best to spread cheer—and create a spirit of unity around me!

And... when all is said and done... I will thank the powers that be... that I am an American! And I will do all I can to prove my everlasting faith in the greatness of my country!

THE PLEDGE OF
NOLAND COMPANY EMPLOYEES

MORE than ever before, quality has become an important factor in College Annuals.

Everything to express skill, technique, artistry, is revealed in our prints. They are the only material proof of our ability, the only visible evidence of the value of our photographs and workmanship.

Experience

LYNCHBURG ENGRAVED ANNUALS ARE BUILT UPON YEARS OF EXPERIENCE AS SPECIALISTS IN THE FIELD OF SCHOOL PUBLICATIONS

In successfully fulfilling the requirements of the modern College Annual Staff we have combined a comprehensive and systematic servicing program with that high standard of quality so essential in the production of fine yearbooks. Lynchburg engraved annuals are built by an organization specializing on school annuals exclusively, thereby assuring each staff of the personal and intelligent assistance so necessary in the planning and designing of a truly satisfactory book.

LYNCHBURG ENGRAVING COMPANY
LYNCHBURG · VIRGINIA

Builders of Better Annuals
Creating

YEAR BOOKS

of Distinction

It takes more than “good printing” to create outstanding Year Books.

The J. P. Bell Company specializes in Year Books. First, by maintaining a Department of trained and experienced personnel that devotes its entire time to the planning and servicing of Year Books. Secondly, by maintaining a plant equipped with the most modern machinery, manned by skilled, efficient workmen.

There is a certain mark of Distinction on all J. P. Bell publications.
