"A FULL LIFE AT TECH"
Presents the 1954 BUGLE
TO A GOOD JOE

Most colleges have their "big man around the campus." Our
"BMOC" here at Tech, whom we feel is a strong contender for the
international title of "Most Popular Campus Figure," is Joe Guthridge.

Joe graduated from Roanoke College in 1946, and in 1947 he
came to Tech. Since that time Joe has been solving everyone's problems,
auditing everyone's club books, speaking at everybody's banquets, lending
money, and keeping the draft boards at bay.

No one person at V. P. I. has done so much for the students and
the school as has Joe, a friend of all, and a friend to all. It is with sincere
appreciation of this that we DEDICATE the 1954 BUGLE to
Tech's "Good Joe."
An education at Tech offers more than a key to a financially successful future. It prepares us to be successful at the biggest job in the world, living.

Throughout this book, in words and in pictures, our theme, “A Full Life at Tech”, shows you how we have prepared ourselves spiritually, academically and socially for life.
A MESSAGE FROM THE PRESIDENT

It has been quite interesting to talk with many alumni and hear them relate some of their experiences at Tech and those activities that have meant most to them since college days.

Very frequently the alumni will say Professor X did much for me. He was tough and worked us to death and invariably the alumnus would add, "He was right and I needed it." This, I believe, is just another way of saying that the degree from Tech is among the best in the Nation, because the standards for achieving it are high.

Alumni have likewise many times pointed out that there were other aspects of college life that meant a great deal to them. Not all of the values of college are found in the classroom and the laboratory—important as those are. Every organization or club, if it be the right type, will contribute to the growth of the individual member. Men develop into leaders through working with groups and participating in group activities and through learning to evaluate and recognize the worthwhile characteristics that mark other leaders.

The theme of the 1954 Bague is, I believe, an excellent one. The objective of each student should be to live a full life at Tech. The most difficult aspect will be to achieve a balance in intellectual, social, and leadership activities.

JAMES JACKSON BARDSTELL, '54
Appalachia Ceramic Engineering
Transferred from Emory and Henry College; American Ceramic Society, 2; Secretary-Treasurer, 2-3-4; Sigma Gamma Epsilon, 2; Vice-President, 4; Keramos, 3; President, 4; Tau Beta Pi, 4; Lonesome Pine Club, 2-3-4.

CHARLES VINCENT BASHARA, '54
Norfolk Business Administration
Transferred from Norfolk Division, W.A.M.-V.P.I.; Newman Club, 1-2-3-4; Delta Kappa Sigma, 3-4; W.V.V.T., 3; Alpha Kappa Psi, 4; Glow Club, 2-3-4; Intramurals, 2-3-4; Norfolk Club, 3; Cosmopolitan Club, 3.
ROBERT GERALD BASS, '54
Norfolk
Chemistry
Transferred from Norfolk Division, W.A.M.Y.P.I.; Debate Club, 2-4; Tan Kappa Alpha, 4; Rifle Club, 2; Norfolk Club; 4; American Chemical Society, 2-4.

MARSHALL PAGE BAUM, '54
Saint Brides
Civil Engineering
Transferred from Norfolk Division, W.A.M.Y.P.I.; 3.S.C.E., 2-3-4; Y.M.C.A., 2; 4-H Alumni, 2-3; Norfolk Club, 2.

CLARA MARTIN BEARD, '54
Hampton
Rural Sociology

ROBERT FRANKLIN BEARD, '54
Hampton
Industrial Arts Education

HOWARD RIMEL BECK, '54
Deerfield
General Agriculture
Black and Brindle Club, 3-4; Caf., 3-4.

FLOYD VERNON BENNETT, '54
Richmond
Aeronautical Engineering
Transferred from Richmond Extension, Y.P.I.; I.S.H., 3-4; Sigma Gamma Tau, 3, President, 4; Tau Beta Pi, 4.

NORMAN CHESTER BILD, '53
Falls Church
Business Administration
Capital Club, 1-4, Vice-President, 2; President, 4; Bugle, 3-4; Intramurals, 1-3-3-4.

CLOYD BLANKENSHP, '54
Roanoke
Mining Engineering
A.M.E., 3, Treasurer, 4.

JAMES TED BLANKENSHP, '54
Bluefield, W. Va.
General Business Administration
Transferred from Bluefield College; Glee Club, 2; Black Diamond, 3-4.

CHARLES WARREN BOAZ, '54
Norfolk
Mechanical Engineering
Transferred from Norfolk Division, W.A.M.Y.P.I.; Norfolk Club, 4; A.S.M.E., 4; Pi Tau Sigma, 4; Tau Beta Pi, 4.

HERBERT LEE BOWERS, JR., '54
Vienna
Animal Husbandry
Transferred from Ferrum Junior College, American University; Phi Sigma, 3, Treasurer, 4; Inter-Varsity Christian Fellowship, 2-3-4.

NOOBER GEORGE ROYAJIAN, '54
Richmond
Civil Engineering
Transferred from University of Miami; A.S.C.E., 4.

CLASS OF '54
WARREN MARTIN BRICKHOUSE, '54
Hickory
Business Administration
Business Club, 2-4; Civilian Honor Court, Defense Staff; Civilian Senator, 4.

LUTHER BROADDUS, III, '54
Blacksburg
General Agriculture

ELBERT WILLIAM BROWN, '53
Norfolk
Agronomy
Transferred from Norfolk Division, W&M-V.P.I.; Agronomy Club, 2; Vice-President, 3; President, 4; Alpha Zeta, 3-4; Phi Sigma, 3-4; CAFÉ, 3-4; Norfolk Club, 3-4; Intramurals, 3-4.

HUGH ELDRIDGE BROWN, JR., '54
Roanoke
Business Administration
Y.M.C.A., 1-2; Roanoke Club, 1-2-3-4; Canterbury Club, 1-2-3-4; Alpha Phi Omega, 2-4; Civilian Honor Court, 4; Business Club, 2-3.

HENRY O. BROWN, '54
Purcellville
Mechanical Engineering
Y.M.C.A., 1; A.S.M.E., 3-4; Apple Club, 1; Pi Tau Sigma, 4.

WALTER CLIFTON BROWN, '54
Blacksburg
Agriculture Education
F.F.A., 1; Sentinel, 2-3; Vice-President, 4; Alpha Zeta, 3-4.

WILLIAM HORATIO BROWN, JR., '54
Austinvile
Geology
Alpha Phi Omega, 1-2-3-4; Treasurer, 3; Track Team, 1-2-3-4; Monogram Club, 1-2-3-4; Intramurals, 2; New River Club, 3; Golden Society, 3-4; President, 3; Canterbury Club, 4; Vice-President, 3.

ELLIS PAXTON BUCKLEN, '54
Durham
Mining Engineering
Tau Beta Pi, 4; Sigma Gamma Epsilon, 3-4; A.I.M.E., 1-2, Secretary, 3; Vice-President, 4; Intramurals, 1-2.

ROBERT CLARENCE BUNCH, '54
Portsmouth
Industrial Arts Education
Transferred from Norfolk Division, W&M-V.P.I.; Industrial Arts Club, 3-4; Portsmouth Club, 1-2-3-4; CAFÉ, 4; Intramurals, 2-3-4.

WILLIAM CURTIS BURNETTE, '54
Bristol, Tenn.
Industrial Engineering
A.I.E.E., 3-4; Southwood Virginia Club, 1-2-3-4.

THE CORPS
A MESSAGE FROM THE COMMANDANT

Our Corps of Cadets is designed to supplement the educational program at V. P. I. and to contribute to the development of the well-rounded man. The Corps itself, as a form of student government, teaches things that are not found in the catalog nor taught in the classroom. Through its organization and operation it helps instill a sense of responsibility in its members, aids him in discovering his latent abilities, building his character, and preparing himself for his duties as a citizen in peace or war. The characteristics which the Corps of Cadets is intended to develop not only make better Reserve officers but also better citizens. Life in the Corps of Cadets, far from being solely preparation for war, is rather a major factor in an educational system designed to produce citizens capable of playing their part in all aspects of the life of the nation.

The success of the Corps in accomplishing its mission depends upon the cadets themselves, to whose care its operation is entrusted under the guidance of the Commandant's Staff. The Class of 1954 has done its full share in leading the Corps along the sound path it should follow. I congratulate you and wish you well.

JOHN M. DEVINE
Commandant of Cadets

ASSISTANT COMMANDANTS

Maj. Gen. John M. Devine

CORPS OF CADETS

OFFICERS

F. B. FULLER, JR. .................. President
W. K. CHILDRESS ................ First Vice-President
L. H. REYNOLDS ................ Second Vice-President
R. E. DORS ....................... Secretary
B. KANTOR ....................... Treasurer
T. T. THOMPSON .................. Sergeant-at-Arms
W. M. HASKINS .................. Historian
H. J. SILVER ..................... Public Relations Officer

We would like to thank the Corps of Cadets for their excellent cooperation during the past year. It has been our goal to work more closely with the Civilian Student Body and to strengthen our student government. Credit for any success goes to you, the members of the Corps of Cadets.
The Honor Court is the court composed of elected and appointed members of the Corps of Cadets, and is the supreme judicial body of the Corps of Cadets, and shall try all cases pertaining to violations of the Honor System.

The Jury of the Cadet Honor Court is of a permanent nature, the jurors being elected from the Cadet Corps. There are three men from each class on the jury.

REGIMENTAL STAFF

It is frequently implied that responsibility surmounts privilege as man ascends the stairway of leadership step by step. Can it be aught but a privilege, though, to be a leader of his group—and, above all, to serve the world in any capacity of leadership? With these thoughts, we, the Regimental Staff, wish to thank the V. P. I. Corps of Cadets for its cooperation and for the distinct privilege which it gave us.

Colonel W. A. "Ya' know what I like to do?" Rose has been assisted by F. B. "Patsy" Fuller; C. F. "Big Barnsmell" Riddick; W. H. "Last Look Alice" Rawls, Jr.; R. P. "Whittenmore" Harman; L. C. "Baby Dumbell" Hartman; W. K. "things are tough all over" Childress; and W. T. "Hoecheck" Hoeck.

The mission of any regimental band is to stimulate and maintain the morale of its men. In its attempt to accomplish this mission, the Highty-Tighties have become the symbol of spirit at V. P. I.

Having a mutual interest in music, the 120 piece band has become a closely knit organization. The satisfaction of a good performance is ample reward for the long hours of practice.

During the football season, precision drill and colorful half-time figures highlight the activities of the band. The Spring brings with it a new host of chorus. The Corps parades and reviews, and a series of concert tours provide the Highty-Tighties with an equally busy schedule.

Besides providing music for the Corps, the band brings much publicity to its Alma Mater. The winning of first place in President Eisenhower's Inaugural Parade was a big step in this direction. Such achievements bring V. P. I. national renown.

We, the sexy six of the First Battalion Staff, would like to express our thanks and appreciation for the cooperation we have received during the past year.

Commanding the sexy six was Lt, Colonel Francisco Antonio Fiorini, III, of Norfolk. He was ably assisted by the Executive Officer, “Moose” Windler, of Hampton, and the First Sergeant, Norman Pohlig, of Richmond.

Operations Officer “Achtung” York, of Saltville (that’s in Virginia), and the First Battalion Supply Sergeant, Baron von Blackstock, the continental lover, from Richmond round out the staff. Last, but not least, was our civilian representative on the staff, Bill Valentine, the Assistant Adjutant.

SENIORS INFORMAL

“One for all, and all for one”; this is the spirit
and by-word of the oldest company in the Corps,
and the one with the most fabulous record and
reputation, Company A.

It has been a year full of surprises for the men
of the ‘‘Flying A,’’ but as in years gone by, in all
fields of endeavor, Company A has lead the way.
The chief reason for this success and for the ever-
lasting bonds of brotherhood which have been
made between the men of Company A this year
lies in a personality, our dynamic captain, Ronnie
‘‘Baseball Throw’’ Binner. The most salient char-
acteristic of a company commander is leadership;
Ronnie is a leader among leaders!

Composing the rest of the company’s seniors,
who have been together in A Company for 4 years,
wasthecrewwhichincludedathletes,practicaljok-
ers, ukulele players, night owls, and great lovers.
The capabilities of these men were not, however,
restricted to play and party for as their records
indicate, they have been outstanding in all phases
of campus activity. And let us not forget the
greatest bunch of underclassmen in the Corps.

Wherever the future may take us, we shall never
forget our ‘‘brothers’’ in Company A, and we shall
always revere our motto: ‘‘Retreat Hell, we just
got here!’’

"B" Company the honor company of the Corps last year, has had a record that is hard to equal by any company in the Corps. Not only did "B" Company win military honors but they were the leaders in intramurals also.

This year the Company is off to a flying start in repeating its deeds of the past. Under the guiding hand of Marshall, our captain, and Herbie, Bill, Charlie, Don, Troy, Carl, Dave and Charles the other seniors of the Company, we feel that there is no other company that can offer competition to the best, "B".

This year, as in the past the C Company "Cats" stand out individually and collectively in forming the best company in the Corps. With "Bones" Quinn, the Hampton erab, as captain our company prospered, and the men who lived in Dorm 11-A became acquainted with senior characters who roamed the halls: Big Bad Bev Gordon, the Goochland Terror; "Coach Jitter" Craig and "Yankee" Hodges, the football stars; "Dear John" Clay, the hero of L. C. C. receivers; "Ape" Ferratt, the studious one; "Heel Tape" Berry, enemy of shoe shop; "Fog In" Ferrall, the only man to take reports from trees; "Plant" Haslett, if he had an I. Q. two points higher he'd be an animal; "Stump" Sessions, the answer to a short woman's prayers; "Sterling" Silver, solid but simple; "Lover-Boy" Skett, or Woody Shoe-Shoo; "Stud" Stoutamire, crecent designer extraordinary; "Steady" Stockman, the Gibraltar Kid. After we leave these hallowed halls others may forget us, but we'll never forget each other or the good and bad times we have had together thru the past four years.

MRS. NANCY B. WOMELDORPH Sponsor
L. B. WOMELDORPH Captain

Whether it be a competitive drill, an athletic contest, or a cabin party, D Company men were at their best. The genuine leadership of company captain L. B. "Mike" Womeldorph along with the spirit and unity shown by each member of the company combined to make "D" the best in the Corps. It can be truly said that the 1953-54 D Company will long be fondly remembered by its men.

Captain N. B. Martin......Operations Officer

First Lieutenant C. A. Church,
Assistant Adjutant

We, the sensational, sexy, sentimental, southern six of the Second Battalion Staff dedicate this page to the many thousands of women that we have loved and left, and the millions that we have not been able to reach during this past year. We have endeavored to send expeditions to all girls' schools possible: Marion, Madison, Sullins, Hollins, Radford, and all points North, South, East, and West. We regret that we have not been able to extend our services to those outside the continental United States, but in all probability we will be able to improve these relations during the next several years while serving in interest of Uncle Sam.

Our expeditions for the "Six-Lovers" have been led by Lt. Col. J. P. "Precious" Baker from Richmond, Va.; Major D. B. "Let's go to Marion" Waldron from the hills of Evanston, Ky.; J. M. "Moose" Elliott from Arlington, Virginia; Capt. N. B. "Santa Claus" Martin from Hopewell, Va.; Capt. J. E. "Choo Choo" Justice from Richmond, Va.; and First Lt. C. A. "Itchy" Church from the foothills of Winston-Salem, N. C.

Through the year our motto has been, "You slick-tongued rascal, you talked me into it."

We would like to express our appreciation to our Counselor and Assistant Commandant, Lt. R. Y. "BEETLES" Bailey, and our commissioned and non-commissioned officers who have helped make this battalion the best.

Down through the years, Company E, in the Corps of Cadets, has stood for the finest principles and traditions upon which this institution is founded. The citation reads that its members wear and the meritorious ribbons flying from their guidon are only minor evidences of their attainments. Each man that has been a part of Company E carries the distinctive characteristics which mark the Corps of Cadets at its best. Her officers have had a difficult task in trying to uphold such a record this year, but a glance at the men Company E has forwarded into the ranks of Corps leadership is in itself indicative of the work that has been done and of a tradition upheld.

We of Company F proudly present on this page one of the finest assortments of Techmen that ever hit the campus. We are 97 men strong of whom 26 are juniors and seniors, these being the last of the old Signal Company. The remainder are freshmen.

The men of Company F hail from Maine to Venezuela and from the eastern coast to Kansas.

Our primary objective is to prepare ourselves to be leaders of the future. We are striving to achieve this goal by learning to be good followers as well as good leaders.

Though "G" Company, as a freshman company, is only two years old, it has set high standards in those years as a guide for the "G's" of the future. The words of our song, "We are the men of ole company G. Best in the Corps . . ." symbolize the spirit which has prevailed throughout the years in this fine company.

The cadre of Company G is basically from the old engineer company. This, however, is one "Mot- tley" crew, composed of rebels (sults!) and those people from the "opposite South" part of the country (already hey), who have all worked and played together to make one of the best all-round companies in the Corps of Cadets. Take a good look at the men on these pages, the future of our great country depends on leaders such as these.

We of Company "H" are justly proud of the organization of which we are a part. Here men are treated as men. For boys not on scholarship, the prerequisites for this, the Athletic Company, are—good grades, leadership ability, recommendation from a coach, and a Monogram for juniors and seniors. Our Company Spirit and "Fraternity" are envied by other companies and all classes alike here at Virginia Tech. The policy, as successfully enacted here in the Company, has not been based on the traditional threat and whip method but rather on the co-operation of men working together for better academic standing, better living circumstances, and better athletics.

FIRST LIEUTENANT L. H. LEE,
Assistant Adjutant

The Third Battalion Staff, better known as Frasier’s Folly, was led by “Commander” J. T. (The Nose) Frasier. His energies seemed to be equally divided between trying to keep his staff “on the ball” and trying to get enough “sack time.” He was especially successful in the latter. G. E. “Big Ed” Bunce, the executive officer, spent most of his time dodging the work assigned to him by “The Commander.”

The hardest working man on the staff was D. P. “The Rock” Olinger, our battalion adjutant. Operations and planning was handled by W. M. “Fly by Night” Haskins, who came out second best in his bout with the upper bunk. The only married man on the staff was our supply officer, R. L. “The Little” Bryan. Last but not least, the assistant adjutant and general handyman was L. H. “General” Lee.

To end on a serious note, however, our staff work promoted a companionship which we will remember fondly for years to come.

The first fruits of Devine's Folly, composed the major part of Company I. Led by a few scattered remnants of the "die-hard" old corps, we pieced together an organization which proved that it could accomplish any goal that it set for itself. Fun was had, work was done, and "survival" was the password. The men of I Company need no praise for the work they did this year, for each man feels satisfaction for his part in a job well done.

For three consecutive years, K Company has annexed the coveted Citation Cord. Only time will tell if Dave Armstrong's charges will make it four in a row. However, if teamwork, spirit, and determination are the ingredients for success, June 1954 will find K right where she belongs; on the top.

Small in number but large in accomplishments, K Company, under the inspiring influence of the best leaders in the Corps, has taken a more-than-average share of honors. Not always a champion but consistently a challenger, K has always been among the tops in intramurals.

Win or lose, K Company has had a great year and as she closes out another year in Hokieland, she proudly places her fine record beside those of her predecessors.

The last few years could be thought of as the renaissance era of the V. P. I. Corps of Cadets. Each class from the senior to the sophomore in L Company has witnessed a change in Corps regulations and has received training under somewhat adverse conditions. The spirit and versatility with which the men of Company L, past and present, have met these conditions and the high goals which they have attained speak for the fine character and high ideals which they possess. Through their untiring efforts they have established a record equalled by few other companies. To cite examples: 1951, 2nd place Kohler cup winner; 1952, Ordnance citation award; 1953, Kohler cup winner.

It is the aim of Company L this year to live up to the high standards set in the past, and to train themselves to be officers that will be a credit to their school, their country, and themselves.

This year “M” Company’s officers were, with few exceptions, drawn from a class that had been together since their Freshman year. These men, along with some most valuable additions to our Senior class, formed the basis for a well-rounded and winning company.

In no event was “M” Company at a loss to cope with the situation. With all of the classes working together toward having a first class organization, the spirit within this company was one to be envied by all. Long will be remembered the harmony of the Sophomores, Juniors and Seniors that made up the ranks of “M” Company.

J. W. Shorter
Battalion Commander

In this school year of 1953-1954, there have been many constructive changes in the Corps of Cadets. The Fourth Battalion Staff hopes that, in its own way, it has helped to carry out these changes for a better Corps at V. P. I. We, the officers of the Fourth Battalion Staff, wish to express our appreciation to the cadets of the Fourth Battalion companies for their cooperation and support in making this year highly successful.

The Fourth Battalion is led by Southern Colonel Bill Shorter with the guiding light of his Annie as inspiration. Bill calls Waynesboro, Va., home. He is ably assisted by the minor major Gene (Betty) Kohler, who hails from the far off land of Washington, D. C. (U.S.A.) Hidden behind the mass of Q.C. ribbons we have the mighty mite from Hillsville, Va., Frank (Drag Net) Webb. Gary (HT¹) Gardner claiming the flat lands of Maryland as his home is our weekend operations officer. "Wild Willie" Little the supply officer comes from the wrong side of the Mason-Dixon Line, and calls Plainfield, New Jersey home. Don (Tall Timber) King is the assistant adjutant, who devours upon us from Portsmouth, Va.

The men of Company N have proved that an upper-classman company can be military. Throughout the year N Company has strived to promote the high ideals on which the V. P. I. Corps of Cadets was established. In an effort to raise the already good reputation of the Corps of Cadets, the men of N Company have often given their time and energy to unrequired work.

We men of Company N are proud of the accomplishments and the spirit which we have created this year. It has certainly not been a year of all work and no play however. We will all remember the good times we have had and the good friends we made in '53-’54. We are proud to have made N Company the “Pride of the Corps.”

"O" Company is the most versatile company of the Corps of Cadets! The men of this unit represent leaders in every phase of college endeavor, be it—military competition, scholastic standing, athletics, or social activities.

It is no wonder why "O," a relatively new company, challenges some of the longest standing companies of the Corps to hold top honors and recognition.

Unity, cooperation, determination, and fellowship—the spirit of the old Corps—is stimulated throughout the men by the outstanding leadership of "Roger" Charter, Captain, and his senior officers.

Look at the short but eventful history of "O" and only a prosperous, memorable future can be predicted that will be an accredit to V. P. I. ! ! !

We are the men of “Company R”; a new company which proudly takes its place in the V. P. I. Corps of Cadets. Maybe we won’t win any laurels this year, but we will always be able to look back on ‘54 as a great year spent in a great company composed of some of the swellest guys at Tech.
DIRECTOR OF STUDENT AFFAIRS

Once again it is time for those of us who stay behind to say to the graduating seniors—"Congratulations" . . . "Good Luck" . . . "Let us hear from you" . . . "Come to see us." We are sincerely sorry to see each individual leave us, and realize that it will be difficult to find someone to take their place. It is only when we pause to think of the many times we say these parting words that we recognize what a big loss the Class of '54 will be to V. P. I. and its way of life. In the four years you have been here you have done an outstanding job, and it will be difficult to find someone to take your place. The one bright hope that we have for the future is that succeeding classes will do their best to fill your shoes and thereby ease the loss we have in seeing you go.

The V.P.I. German Club, established in 1902, is the oldest social organization on the Tech campus. Mindful of its traditions, the Club has sought to provide dances that reflect the highest credit upon itself and upon the college.

Each member strives to create the utmost in hospitality and congeniality at each German Club function, and promote graciousness to the guests of the club, a prime duty and obligation.

The high personal integrity and ability of its members indicate that the high aims set forth at the time of its founding will continue to be maintained.

Since the founding of the Cotillion Club of V. P. I. in 1913, this organization has worked to attain its purposes of improving the social conditions within the Student Body, improving the social relations between the Student Body and the Faculty of the Institute, and sponsoring non-profit dances during the scholastic year. In this forty-first year of service to the school, the Cotillion Club continues to band together gentlemen of the college to carry out its purposes in a way worthy of its Alma Mater and of the organization.

The Cotillion Club sets as its goal the recognition of the value of a good social background for the well developed student, and through its functions works toward this goal.

The Southern Colonels Orchestra is a dance band made up entirely of V. P. I. students. At a music college, it is not unusual to find a good dance band, but it is at a technical college. Through hard work and love of music, the band members have achieved a fine reputation throughout Virginia. Many of the members of this group have been with the band ever since it reorganized in 1951 and by the addition of new talent each year, the Colonels have now come to the point where they will not be fatally hurt through graduations. Auditions seem to bring new talent to capably replace the men who leave. The Orchestra now boasts fourteen pieces plus a male and female vocalist and the Colonels look forward to providing even better music each year for the dancing pleasure of V. P. I. students.

The V.P.I. Glee Club is composed of civilians and cadets from all classes who are held together by a common bond of interest in music. One of the harder working campus organizations, the club meets twice a week to memorize and perfect its programs. This spring the club gave concerts in various cities and towns throughout the state and at a number of women's colleges.

Our thanks go out to our director, Mrs. C. T. Holland, for the time, energy, and patience which she has put forth for our group. Through the combined efforts of the members and the director, the Glee Club this year distinguished itself as one of the better musical groups from Virginia colleges.

The purpose of the Maroon Mask is to provide an outlet for students of Virginia Tech and local citizens interested in dramatic arts. Three productions from popular and classical plays each term provide this outlet for both those who present the plays and those who view them. All phases of theatre are included in Maroon Mask activities, the practical as well as aesthetic; and there are always a fair complement of parties, picnics, and other incidentals of good companionship.

The Dairy Club was organized in the spring quarter of 1921. In the spring of 1938, the club was granted a charter by The American Dairy Science Association and has since been known as The Virginia Tech Chapter of the American Dairy Science Association.

The objectives of the club are: to develop and encourage leadership in the field of dairying; to bring the dairy students closer to the problems in the field of dairying by having educational programs; to promote fellowship among its members; to encourage activity by sponsoring both dairy cattle and dairy products judging teams; and to bring students and dairymen of the state closer together by sponsoring Dairy Day.

"To make the best better" is the motto of the 4-H Club members. The V. P. J. Alumni Club is composed of former 4-H Club members and extension club agents on the campus. Our aim is to further the 4-H Club interest of all former members. We strive to continue the spirit of fellowship and achievement—characteristic of 4-H boys and girls of all ages.

The object of the Home Economics Club is to develop our standards as students and to promote home economics at V. P. I., which is achieved by educational programs at meetings, by participation in wholesome recreation and by acquaintance with information that will enable the performance of the full duties of the home economist.
Horticulture Club

The Horticulture Club of V. P. I. is a campus organization composed of students who express a profound interest in horticulture. Its function is both educational and social.

Educationally, there are meetings at which visiting speakers teach about the different aspects which affect horticulture in various ways. Also there are campus horticulture shows several times during the year and on occasions the club takes part in horticulture conventions throughout the state.

Socially, there are meetings at which the members meet with the faculty on a social scale. At these meetings, the students become better acquainted with the faculty and also better acquainted with each other.

The club is supported by the profound and commercial interests in Virginia and each year the club presents an award to the outstanding horticulturist in the state.

Rural Sociology Club

Rural Sociology is that branch of science which seeks to know and understand rural society through scientific methods. The Rural Sociology Club of V. P. I. is composed of students in the Rural Sociology curriculum. The club's purpose is to create more interest in Rural Sociology as a field of study and service and to promote a closer relationship among the students in this curriculum.
Student Grange

The Virginia Tech Student Grange, established on the campus of Virginia Polytechnic Institute, has as its basis the best interests of the Institute and the Grange, with the hope that a cooperative effort will enhance the great cause of agriculture to which cause both are devoted and freely committed.

Agricultural Economics Club

The Virginia Tech Agricultural Economics Club was first established in 1910 as the Agricultural Economics and Rural Sociology Society. It later withdrew from the Society and set up an independent club. It was not until 1950 that it received a charter as the Virginia Student Section of the American Farm Economics Association. Since that time it has functioned very successfully in promoting interest and understanding in the field of agricultural economics and in developing a closer relationship between the faculty and students of the curriculum.

The Executive Council of the Association for the Advancement of Engineering is a representative body whose purpose is to promote the best interests of the School of Engineering; to represent the various engineering curricular clubs and to coordinate their efforts. To date the main efforts of the council have been directed toward the presentation of the annual engineering conference. This annual conference which has done much to build up the V.P.I. Engineering School in the eyes of industry is planned solely by the students on the council and is presented with the aid of the engineering organizations on the campus.

The mission of the student A. I. A. is threefold: it promotes fellowship, cooperation, and a spirit of unity between student architects and practitioners; it fosters a close relationship between students and faculty within the Architectural Department; it sponsors activities of an instructional and social nature. Membership in the A. I. A. is the first step toward the ultimate goal in architecture. It provides a firm foundation which will support a strong, active profession.

The joint student chapter of the American Institute of Electrical Engineers and
The Institute of Radio Engineers was formed as early as 1917 on the Virginia Tech
campus. Now as then, it is the continuing purpose of the chapter to foster good
fellowship among electrical engineering students, to keep the students informed of
the news in industry, and to provide for them a professional organization that will
serve them well in years to come.

The Virginia Tech chapter of the American Institute of Industrial Engineers was established on the campus to band together, with a common interest in their profession, the students of Industrial Engineering. The purposes of the organization are to promote acquaintances, to further the general knowledge and interest in the curricula, and to establish departmental participation in campus activities. It further broadens the students' knowledge of his chosen field through motion pictures and guest speakers from industry throughout the country.

The purpose of the student chapters of the American Society of Civil Engineers is to afford the beginning of professional associations for the civil engineering student, and to help him prepare himself for entry into the profession.

The American Society of Civil Engineers gives the student a chance to see his chosen field in a light other than that of the classroom, never forgetting however, to emphasize the importance of the classroom and the values obtained therein.

The purpose of the VPI branch of the A.S.M.E., oldest student branch of this organization in the South, is to familiarize its members with the latest trends and practices in Mechanical Engineering. The society keeps each student informed about engineering progress, develops his initiative and ability to speak in public, establishes fraternal contact with his fellow students, and enables him to meet graduates who are actively engaged in this profession.

The V. P. I. Chapter of the American Society for Metals acquaints students who plan careers in the metals industry with the activities and aims of the national society. Lectures and movies presented during chapter meetings give the student member a broader knowledge of his field than can be presented in the class room. This provides industry with better engineers for tomorrow.

The Virginia Polytechnic Institute Student Branch of the Institute of Aeronautical Sciences was organized April 3, 1940.

The purposes of this organization are the advancement and dissemination of knowledge of the theory and practice of aeronautical sciences; the provisions to students of the opportunity to become acquainted with the personnel and activities of the national organization; the fostering of professional consciousness and fellowship.
American Institute of Chemical Engineers

The members of the student chapter of the American Institute of Chemical Engineers benefit from the organization in two main ways. Primarily, they have the opportunity to deal with professional associates during the college years and secondly the student bears to work with each other in a spirit of cooperation and common effort. The chapter also allows the students to develop organization and leadership abilities.

Chapter membership affords an introduction to the national society after graduation.

In these ways the chapter helps the student chemical engineer to become a better man, both professionally and socially, in the years after graduation.

American Chemical Society

The V. P. I. Chapter of Student Affiliates of the American Chemical Society is the second oldest chapter in the country. This chapter, better known as the Chemistry Club, is designed to give a meeting ground for individuals whose primary interest is in chemistry. The speakers, demonstrations, movies, socials, and plant inspection trips presented by this chapter further the members' knowledge of chemistry and strengthen the bonds of fellowship between men with similar goals.

American Society of Agricultural Engineers

The American Society of Agricultural Engineers is the curricular society open to all students of agricultural engineering at Virginia Tech. The club meets regularly for the purpose of hearing speakers and viewing motion pictures discussing problems pertinent to the field of agricultural engineering.

The society also functions as a medium through which both students and faculty members may become better acquainted.

Each year the club constructs and enters a float in the annual homecoming parade in October. Engineering Emphasis Week provides an opportunity for the agricultural engineers along with all of the other engineering clubs to show their type of work to the visiting concerns and industries with their various displays and demonstrations.

At the conclusion of each college year, the society and the agricultural engineering faculty meet at the college picnic area for the purpose of good fun and an outdoor supper.

Society of American Military Engineers

The purpose of the Society of American Military Engineers is to advance knowledge of the science of military engineering and to encourage and develop a spirit of cooperation between military and civilian engineers.

The programs of S.A.M.E. include discussions, socials, visiting speakers, participation in publications, and films made available by the Department of the Army Film Library.

Each year, the outstanding Senior R.O.T.C. student and the outstanding Junior R.O.T.C. student are awarded medals by the S.A.M.E. National Society.
Building Construction Club

Prior to 1947, the building industry was without technically trained personnel for the field of production and distribution of building materials and equipment.

V. P. I. was one of the first colleges to establish a curriculum in Building Construction based on the recommendations of leading building industrialists throughout the nation.

It is the aim of our club to promote fellowship and good will among the members, to encourage student interest in the curriculum, and to enlighten the building industry as to the qualifications that a building construction graduate has to offer.

The Burkhart Mining Society, Student Chapter, American Institute of Mining and Metallurgical Engineers, is an organization that brings the mineral industries student closer to the mineral industry. Movies of mining, metallurgy, and allied fields are the highlights of the bi-monthly social and business meetings. The climax of the year's program comes at the annual A.I.M.M.E. banquet which the students and many prominent leaders in the mineral industry attend.

Mathematics Club

The V. P. I. Mathematics Club is the second mathematics club to be organized on this campus. The first club was formed in 1935; the present club, in 1954. The object of this organization is to promote a fraternal fellowship among its members and to stimulate study and research in mathematics.
Physics Club

Composed of the physics majors on the campus, the Physics Club offers a means of not only exchanging ideas of recent happenings in physics, but of creating a greater interest for its members in the field of physics. At its meetings, students and faculty members work together to create the best possible physics department at V. P. I.

The Publication Board is the administrative body governing all of the recognized publications at V. P. I. The student membership is composed of all publication heads, the president of Pi Delta Epsilon, and a representative from each of the student bodies. The faculty is represented by the Director of Student Affairs, and three other members selected by the board.

The purpose of the Board is to govern the major policies of each of the publications, to direct and coordinate their activities, and to select publication heads for each year.

The Board wishes to thank all of those who have made it possible to again have publications at V. P. I.
EDITORIAL STAFF

This book represents many hours of lost sleep, neglected studies, and some 2000 man hours of work in the Bugle Editorial office alone. Not enough praise can be given the small, but faithful Editorial Staff. They have done a marvelous job.

Our goal has been to satisfy every student’s desires. We have sincerely given our all to accomplish this. There have been many problems, surprises, disappointments, and those always-pressing deadlines. However, if our goal has been reached, we have been well rewarded. We hope you like YOUR 1954 Bugle.
The Business Staff of the 1954 Bugle wishes to give you, the students of V. P. L., a lasting presentation of your days spent on this campus. The book was made possible by the combined efforts and time of the staff and the support of the entire student body. An excellent job in sales, collections, and advertising, gives us the opportunity to present to you the 1954 Bugle.

The Virginia Tech has served its fiftieth year as "The Official Organ of the Student Body." Several changes have been made during the golden anniversary year; we hope they have been toward a better newspaper and for the V. P. I. Student Body.

This year realized a much larger senior representation on the staff than there has been in several years—the efforts of these seniors together with the hard work of the underclassmen have given you the 1953-54 edition of The Virginia Tech. We sincerely hope that it has meant as much to you as it has to us, the Editorial Staff.
These are the men behind the scenes who make it possible for The Virginia Tech to be published each Friday afternoon. The costs of printing the paper must be paid; through the constant efforts of the advertising staff in getting ads, funds are provided for this purpose.

Few people realize the size of the paper's subscription and mailing list; the preparation of these 1300 copies for mailing consumes almost all of every Friday afternoon. Besides this work, there is a tedious job to be done each summer by the Circulation Staff in getting the subscriptions for the coming year, which provides another source of income.

Although few people see these men at work, and just a few more realize that they do work, their contribution to the publication of The Virginia Tech is invaluable, and the Editorial Staff is extremely grateful for their cooperation throughout the year.

THE VIRGINIA

EDITORIAL STAFF

The Virginia Tech Engineer is an engineering journal published five times a year by the students in the School of Engineering and Architecture. Its purposes are: to present in a useful, concise, and clear manner, material on engineering; to publicize V. P. L., as well as undergraduate and graduate engineers from V. P. L., and the work that they are accomplishing; to foster interest in technical writing, not only for the members of the staff, but also for any student engineer who has a worthwhile contribution to make.

An effort has been made by this year’s staff to serve these purposes and to retain the high position that has been enjoyed by the publication. As a result the magazine was awarded Honorable Mention for art work and photography in the Virginia Intercollegiate Press Association judging.

Jansons, G.
Key, R. S.
Mason, Perry
Rubenstein, M. D.
In publishing this year's Virginia Tech Engineer, the staff has had a lot of fun along with the experience gained. The staffs of "MONEY BAGS" Coon and "NO-ADDS" James have endeavored to keep business before pleasure, and have thereby promoted an efficient and light-hearted cooperation behind the scenes of this publication.
Although WUVT has been off the air for the larger part of the school year, the major portion of this time has been spent constructively. Nearly all of the energies of the staff have been directed toward our technical problem. As a result, a solution to better broadcasting has been found. The staff also incorporated and tested many new programming ideas which will bring better quality to the listener in the future. We feel sure that all this will produce a improved WUVT for the students of V. P. I. All this was made possible not by the efforts of a few, but through the combined efforts of all the staff members of “Radio Tech.”
The problems with which Station WUVT has been confronted with, this year have been solved as successfully as possible through the combined efforts of each WUVT staff member. The Business Staff has given much time and hard work to aid the growth of Station WUVT this year. The growth and development of the Station would never have been possible, but for the faithful staff members named on this page.

The staff of the 1954 Sentinel sincerely hopes that the dates, cartoons, photographs, quotations, and reminders of this year’s publication may be useful to you many times. We of the staff have enjoyed being of service to you through the 1954 college year.
Photographic Staff

The Photographic Staff is among the youngest organizations on the campus. Founded only one short year ago it has progressed very successfully. It was formed when it was found that it was impossible for each publication to have its own photographer and still get all of its work done. The function of our department is to take, process, and deliver pictures to any and all Tech publications. Photographers on the staff cover all major sports events, campus activities, and aid the publicity board. Although students, these shutterbugs make themselves available whenever a picture needs to be taken. Just a glance at your BEAGLE will give you an idea of the volume that the staff turns out for this one publication.

HONORARIES
The Honor Society of Phi Kappa Phi was founded in 1897. There are 62 chapters in the United States. Its purpose is to emphasize scholarship and character in the thoughts of college students and to foster the significant purposes for which institutions of higher learning have been founded. Phi Kappa Phi has tended to stimulate mental achievement by recognition through election to membership. This membership is limited to those students who are among the upper one-eighth of their class. Only one-tenth of any class, however, may be elected. The V.P.I. Chapter was installed in 1921 with fourteen charter members. Since that time there have been 1413 members elected.

Omicron Delta Kappa recognizes and encourages achievement in scholarship; athletics; social and religious affairs; publications; and speech, music, and dramatic art.

Five indispensable qualifications for membership are: character; leadership; and service in campus life; scholarship; fellowship; and consecration to democratic ideals.

The Alpha Omicron Circle at V. P. I. was established in 1933. One of the basic functions of ODK is serving the community and teaching its members to revere the motto, "That I May Serve."

The Tau Beta Pi Association was founded at Lehigh University in 1885 by Edward Higginson Williams, Jr., to mark in a fitting manner those who have conferred honor upon their Alma Mater by distinguished scholarship and exemplary character as undergraduates in engineering, or by their attainments as alumni in the field of engineering, and to foster a spirit of liberal culture in the engineering colleges of America. Since its installation in 1933, the Virginia Beta Chapter has consistently worked to promote the ideals of the Association on the campus of V. P. I.
The objects of this fraternity shall be to further the individual welfare of its members; to foster scientific research in the fields of commerce, account, and finance; to educate the public to appreciate and demand higher ideals therein; and to promote and advance in institutions of college rank courses leading to degrees in business administration.

Eta Kappa Nu, the electrical engineering honor society, was founded in 1901 at the University of Illinois, and in 1940 Beta Lambda Chapter was installed at V. P. I. Membership in the Association is a badge of distinction for those electrical engineers who, by their attainments in college or in practice, have manifested a deep interest and marked ability in their chosen profession. The aim of Eta Kappa Nu is to promote fellowship among electrical engineers in order to maintain the close union necessary for the advancement of the profession.

Sigma Pi Sigma is the only national physics honor society, and chapters are chartered only in schools of higher learning that offer a strong physics major. Student membership is restricted to juniors and seniors who have attained high standards of scholarship, professional merit and academic distinction. Graduate students and faculty members in physics and closely related sciences may also be elected. Membership is conferred upon no other than scholarship or professional record.

MEMBERS

Scabbard and Blade, national honorary military society, was founded in 1904. The society is composed of the outstanding senior officers in the Cadet Corps in the different colleges and universities of the nation. It seeks to encourage and develop those attributes of military appearance, ability, and personality combined with that breadth of interest necessary to make an officer and a gentleman. Company L, Seventh Regiment, was installed on the V. P. I. campus in May, 1938. Its membership is restricted to those who show exceptional qualities of leadership. The purpose of the society is to promote any ideals which might contribute to the betterment of the Corps of Cadets, and preservation and development of the essential qualities of good and efficient officers.

Gordon, W. R.  Harman, R. P.  Lewis, L. H.  Markham, J. C.  Martin, J. E.  McBride, C. M.

This organization was established at the first Air ROTC summer camp at Langley Air Force Base under the name of the Arnold Society of Air Cadets. A V. P. I. squadron was formed on this campus in January, 1949. This squadron had the distinction of being the second squadron formed in the nation and was assigned the designation A-2. In May of 1950 the name was changed to the Arnold Air Society.

The purpose of the Arnold Air Society is to further the ideals of the U. S. Air Force and to recognize those students enrolled in Advanced Air ROTC who have distinguished themselves by their academic and military achievements.

Pershing Rifles is a national honorary military society named after General John J. Pershing. Its purpose is to further military leadership and ability as well as to recognize these characteristics in basic R.O.T.C. students.

Company E, Fifth Regiment Pershing Rifles, Virginia Polytechnic Institute annually marches in the Apple Blossom Festival, sponsors a dance, and operates a used uniform exchange. Fall quarter of 1953, Company E won first place in the Grand Feature Parade of the Fourth Annual Apple Harvest Festival, Charlot-tesville, Virginia.
Chi Epsilon

Chi Epsilon, a national honorary civil engineering fraternity, was founded at the University of Illinois in 1922. It is based on the broad objectives of increasing the efficiency of the Civil Engineer by instilling the characteristics deemed necessary for the successful pursuit of an engineering career.

The fraternity fosters the development of the engineer by widening his scientific principles to the practical needs of society, increasing his ability to accept responsibility, developing high moral character, and being capable to obtain satisfactory social relationships with a variety of individual types and organizations.

Tau Kappa Alpha

Tau Kappa Alpha, national honorary forensic fraternity, is dedicated to the cultivation of effective speaking. It recognizes that like many other good things, oratory has been abused by charlatans and misused by seeders of selfish power. This organization seeks to preserve it as an instrument of a free people to perfect their freedom and to quicken their hopes and ideals. To these ends, the national organization, in cooperation with the local chapters strives to encourage and promote good speaking.

Members are elected on the basis of scholarship, character, and a sustained effort to perfect themselves as speakers.

Alpha Phi Omega is a service fraternity, whose primary purpose is to render service to campus, community and nation. A definite program is maintained that directs the activities of members and pledges toward the benefit of their fellowmen.

The stated purpose of the fraternity is to assemble college men in the fellowship of the Scout Oath and Law, to develop service to the student body and faculty, service to youth and community, service to members of the fraternity and service to the nation as participating citizens.

The BLOCK AND BRIDLE CLUB was founded on December 12, 1919, and the VIRGINIA TECH Chapter received its charter in December, 1935. The objectives of this honorary organization are to promote a higher scholastic standing among students of Animal Husbandry and especially all phases of student Animal Husbandry work in colleges and universities and to bring about a closer relationship among the men pursuing some phases of animal husbandry profession. Although the Block and Bridle Club is primarily an animal husbandry organization, there are included in the membership men from many other curricula.

Keramos is an honorary engineering fraternity composed of graduate engineers and students in Ceramic Engineering who have shown exceptional qualities of leadership, ingenuity and scholastic ability. Its principal objective is to promote and emphasize scholarship and character in the thoughts of Ceramic students; to stimulate mental achievement and to promote interest in ceramic art, technology, and engineering. As a secondary objective, it seeks to bind more closely the alumni to the Alma Mater and to the alumni of other universities and colleges having schools, departments, and divisions of Ceramics and Ceramic Engineering.

Phi Lambda Upsilon

Phi Lambda Upsilon is the national honorary chemical society. Its avowed aim is “the promotion of high scholarship and original investigation in all branches of pure and applied chemistry.” The V. P. I. Chapter, Alpha Theta, strives to promote the professional interest and academic merit of its members. It recognizes scholastic achievement by presenting an award to the chemistry or chemical engineering sophomore who has achieved the highest quality credit average during his first five quarters at V. P. I.
Phi Sigma Society

Phi Sigma, national honorary biological science society, was founded on March 17, 1915, at Ohio State University, and the Alpha Psi chapter was installed at V. P. I. on May 24, 1949. Before its affiliation with the national society, the campus organization was known as Biotech.

The purpose of the society is to promote interest in biological research and to afford opportunities for fellowship between students and faculty members in agronomy, animal husbandry, biology, dairy husbandry, and forestry. Although originally designated as an honorary biological research society, it is now considered as a working guild of biologists interested in research. In effect, election to Phi Sigma is an opportunity for better work, rather than merely election to an honor society.

Sigma Gamma Tau

The honorary society of Sigma Gamma Tau was jointly founded by Tau Omega and Gamma Alpha Rho at Purdue University in the year 1933. Tau Omega was founded at the Rensselaer Polytechnic Institute in the year 1945. The objective of Sigma Gamma Tau is to foster a high standard of ethics and professional practices and to create a spirit of loyalty and fellowship, particularly among students of Aeronautical Engineering.

Virginia Tech's Y. M. C. A. Cabinets have a three-fold purpose. The Y Cabinets bring religion closer to the campus in the form of Vesper services, Religious Emphasis Programs, and barracks discussion. In campus activities, the Y sponsors the Cosmopolitan Club, visits students in the infirmary and helps with orientation of new students.

The Y. W. C. A. is a Christian Organization of which every girl at V. P. I. has the privilege of becoming a member. The organization cooperates with the Y. M. C. A. on many of its projects and provides an opportunity for its members to enjoy Christian fellowship.

We unite in the desire to realize full and creative life through a growing knowledge of God; to have a part in making this life possible for all people and in seeking to understand Jesus and to follow him in carrying out this task.

The Baptist Student Union is the youth organization that serves as a connecting link between the V. P. I. campus and the Blacksburg Baptist Church. The purpose of the B. S. U. is to serve the college community by promoting spiritual development of students through Christian comradeship, witnessing, Bible study, prayer, church membership, denominational loyalty, and kingoms advancement. It seeks to make college life Christian, spiritually pre-eminent, student friendships happy, and student Christianity maximum.

The Newman Club is an organization of Catholic culture and fellowship. Its purpose is threefold: religious, intellectual, and social. The practice of religion is not something that can be "shelved" during a student's college years but must be continually studied and used if the student is to show any spiritual growth. By discussing present day affairs, a student grows intellectually; and by meeting and talking with Catholics, a student becomes acquainted with other students of his own faith.

The Hillel Club, an affiliate of the B'nai Brith Hillel Foundation, is an organization of Jewish students whose primary functions are to bring about a closer bond of friendship between the Jewish and non-Jewish students, to promote a closer relationship between the Jewish students themselves, and to encourage these students to be more devoted to their faith. The club offers a program of inter-faith work, with social, cultural, and religious activities to furnish its members with a more complete education toward becoming better citizens.
Canterbury Club

The Canterbury Club is a universal organization of Episcopal and Anglican college students.

Through active participation in our group here at V. P. I., we hope to better understand the beliefs and doctrines of our church, and to gain knowledge of the symbolic ritual and customs which have remained with the church through the ages.

Our program includes not only guest speakers and discussions, but also joint meetings with the Episcopal students of Hollins and Radford Colleges.

Wesley Foundation

The Wesley Foundation is the Methodist Church at work on the Virginia Tech campus. Seeking to make Christianity real and vital to the college student, the organization is directed by a full time minister to students, and serves through the local Methodist Church. A student center provided for use by Wesley Foundation members serves as their “home away from home” while at V. P. I. The program is student centered, including worship, service, and recreation. All Methodist students at Virginia Tech are considered members of the Wesley Foundation, and are invited to participate in its program.

The purpose of the L. S. A. is to afford a means whereby Lutheran students in America may consider and act upon their common problems in the service of Jesus Christ in conformity with the common faith of the Lutheran Church of America.

On the campus the aims and emphasis are to strengthen and sustain Christian students in their faith through the use of the Bible, privately and in groups, through prayer, through regular church attendance, through frequent reception of Holy Communion, and through fellowship in the L. S. A. of America, to encourage appreciation of the Church and its teachings in our world today and to afford the opportunity for cultivating friendships and social life on a Christian level.

Westminster Fellowship

The Westminster Fellowship is composed entirely of Presbyterian college students, with adult advisers. It exists to provide a bond among Presbyterian students on the campus. It provides them with a bit of social and spiritual life that may be lacking in their everyday living.

Representing the nation's largest apple growing area, the Apple Club consists of the students from the northern counties of Virginia and the West Virginia Panhandle. The club was founded in 1941, was inactive during the war, and reorganized in the fall of 1947.

The Apple Club strives to promote good-will and fellowship among its members, and to aid new students in becoming adjusted to college life. Regular meetings and smokers are held on the campus. The highlights of the year's activities are the annual Christmas dance and a picnic in June honoring the graduates.

Membership in the Danville Club includes students residing in Danville, approximately a thirty mile radius of Danville, and former students of V. P. I. Extension, Danville, Va.

The object of the club is to promote goodwill and fellowship among all members of the Danville Club, to aid new students in becoming acclimated to college life, and to promote a deeper understanding between the Corps of Cadets and the Civilian Student Body. The business of the club is strictly of a social and non-profit nature.

The Eastern Shore Anchor Club was organized on November 6, 1904, by the Students of the Eastern Shore of Virginia and Maryland attending V. P. I. Following World War II, the club expanded to include students from the Eastern Shore of Delaware and all member's wives. Each year the club awards a scholarship to a worthy high school graduate of the Eastern Shore entering V. P. I.

Among the club's activities are the Christmas and Summer Dances, its annual oyster roast, and its old members aiding the freshman from the Eastern Shore to become accustomed to college life.

The Hampton Roads Club is the oldest and most active of V. P. I. sectional clubs. The club is composed of students from Newport News, Hampton, Warwick, Gloucester, Bull Island, Williamsburg, and surrounding territory.

The club annually sponsors three dances at home as well as its formal, private Christmas Ball in conjunction with the Peninsula Alumni Chapter.

The purpose of the Hampton Roads Club is to promote good will and fellowship among its members, to aid new students in becoming acclimated to college life, to promote a better understanding between the Corps of Cadets and the Civilian Student Body, and to foster a closer relationship between the alumni and students of the Hampton Roads area.

The Lonesome Pine Club of Virginia Polytechnic Institute was formed in 1947. It is a social sectional club with its membership restricted to those students residing in the counties of Wise, Lee, Scott, Dickenson and Buchanan of Virginia; and those residing in the bordering counties of Kentucky and Tennessee.

The purpose of this club is to promote goodwill and fellowship among all members of the Lonesome Pine Club, to aid new students in becoming acclimated to college life, and to promote a deeper understanding between the Corps of Cadets and the Civilian Student Body.

The Norfolk Dance Club of Virginia Polytechnic Institute, better known as The Norfolk Club, was formed in the fall of 1945 on a non-profit basis to broaden the social and campus life of students from the Norfolk-Virginia Beach Princess Anne County area of Virginia. The club sponsors several social functions both at school and at home; the most important of which are the annual Christmas Dance, the annual Thanksgiving Party, and quarterly socials at Radford College.

The Peanut Club is one of the many sectional clubs on the Tech campus. Any student residing in the cities of Suffolk, Smithfield, and Franklin and in the counties of Nansemond, Isle of Wight, and specified sections of Southampton and Surry counties is eligible for membership. The club operates on a non-profit basis and the business of the club is of a strictly social nature. Meetings are held every other week at which time the business of the day is discussed, with smokers and general get-togethers being held several times each quarter.

The Richmond Club ended last year's school session with two very successful socials. The first was the annual dine-and-dance social held during spring vacation at the roof gardens of the John Marshall Hotel in Richmond. The second event was the picnic held at Beaufont Springs immediately after exams on June 8. In September the fall quarter began with the task of finding a candidate for Homecoming queen to represent the club. Our choice was Liz East, a sophomore at Radford College, who placed second in the contest and was one of the attendants to the queen. The Richmond Club had a party after the homecoming dance at the Drop Inn in Camberis, which ended the big week-end. When we went home for the Thanksgiving holidays, a dance was held at the Richmond Hotel with music furnished by "The Esquires." Soon after this we went home again for the Christmas vacation, which we started off with a Christmas dance at Tantilla Gardens with Babe Barnes and his Orchestra furnishing musical entertainment. We concluded the fall quarter events by celebrating 1954 with a New Year's Eve dance at the Hickory House. The Richmond Club has always strived to provide entertainment and pleasure for its members and other Tech students, and in the future years we will continue to work to prove beneficial to V. P. I.

Tech students from Roanoke and the immediate vicinity perpetuate the Roanoke Club for their own entertainment and fellowship. This year the club has promoted a cabaret dance at Thanksgiving; a New Year's Party; and a barbecue in the spring for the jocular diversion of the members and their dates.

The Rifle Club of V. P. 1. is composed of students who are interested in all phases of small-bore rifle firing. Some of the many activities of this organization include intramurals, "goofus matches," picnics, movies, and out-of-door firing with all types of small arms. The club also furnishes the opportunity for students to try out for the varsity rifle team.

The Virginia Tech Life Saving Corps is primarily a service organization. Its members, trained in Red Cross Water Safety and First Aid, serve as life guards for the college pool and are available at all times for emergency and rescue work. The Life Saving Corps is a charter member of the Virginia Association of Rescue Squads as well as an associate with the International Association of Rescue Squads.
Forensic Society

The Forensic Society of V. P. I. is an organization composed of the students of the college who are interested in intercollegiate debating. The purpose of this organization is to stimulate interest in debating and to aid students in their public speaking and presence of mind.

Debates are held with other colleges throughout the year. Before each debate, elimination contests are held to select the most capable persons to participate in that debate. This method of selecting debaters creates equal opportunity and greater interest for all and is an outstanding attribute to this society. All students are urged to join the club and to share in its benefits.

V. P. I. Rod and Gun Club

The Rod and Gun Club was newly formed this year. The club's objective is to promote sportsmanship and to stimulate knowledge of the outdoors through teaching safety in firearms, methods of hunting and fishing, and conservation of our national resources.

Some of the activities of the club are: organized deer hunts, movies pertaining to hunting and fishing, fishing trips, picnics, and last but not least good ball sessions that can't be topped when told by rugged outdoorsmen.
The Cosmopolitan Club of Virginia Polytechnic Institute is an intellectual as well as a social organization. Many nations, including the United States, are represented in this group. The greatest part of its activities is directed to better understanding among the different nations of the world. Having an extensive public speaking program, many members of other organizations as well as its own gain the opportunity to become better acquainted with the various customs, ideas, and traditions of other nations.

The purpose of the Fredericksburg Club is to foster a closer relationship among the students in the surrounding counties of King George, Spotsylvania, Stafford, and Caroline. This club endeavors to promote good fellowship among the boys and girls of the locality.

Our outstanding event of the year is the Annual Christmas Dance.

Other objectives of the club include aid to students in their social and academic life.
Lynchburg Club

The Lynchburg Club is composed of students from Lynchburg and the surrounding area—Campbell, Amherst, Appomattox, Bedford, and Nelson counties. Serving as a social outlet for the members, it promotes fellowship and good will.

The club annually sponsors a Thanksgiving Dance after the V. P. I.-V. M. I. game, a Christmas Dance, a spring Gathering, and a summer picnic.

Maryland Free State Club

The Maryland Free State Club is one of the newest of the sectional clubs on the Tech campus. The main object of the club is to promote lasting fellowship among students and alumni of V. P. I. who are from the "Old-Line State." Although our club has just been organized, we have great expectations for the future.
Mid-Tidewater Club

The Mid-Tidewater Club of V. P. I. is made up of students from King William, King and Queen, New Kent, Mathews, Middlesex, and Gloucester counties. We are organized to promote a bond of friendship between ourselves, our alumni, and the prospective students from our section. Our purpose is to promote fellowship for students on campus and to sponsor dances and socials while at home.

Old Belt Club

The Old Belt Club is composed of students from Halifax and Mecklenburg counties. It was organized in the spring of 1950 for the purpose of promoting goodwill and fellowship among the members of the club, aiding new students in becoming acclimated to college life, closer harmony between the Corps of Cadets and the Civilian Student Body, and promoting a deeper understanding between the students and the Alumni Association.
The Portsmouth Club is composed of students whose homes are in the Portsmouth, Virginia area. It is the goal of the club to promote goodwill and fellowship among its members through an active social program both at home and on the campus. A scholarship is maintained by the club and awarded to a worthy high school graduate each year.

Yankee Club

The Yankee Club was organized on the Tech campus in 1947 for those students that “hail” from above the Mason-Dixon Line. The objects of the club are to afford the students an opportunity to get together and promote goodwill and fellowship; to foster the betterment of the student and school, both on and off the campus; by aiding new students to become acclimated to college life; by participating in campus activities; and by holding social functions.

Go 'way. I'm still sleeping

It's all a fake, dear readers!
ATHLETIC DIRECTOR

The athletic department offers twelve different sports which compete throughout the three regular quarters with other institutions as members of the Southern Conference. These activities draw an estimated 300 students as actual participants.

The list of activities are: football, basketball, baseball, indoor track, outdoor track, cross country, swimming, wrestling, golf, tennis, lacrosse, and rifle. The rifle team is under the direction of the ROTC unit on the campus but sponsored by the department of athletics.

Pride in the accomplishment of the teams gives the ordinary student a feeling of ownership or belonging, and builds an "esprit de corps" in the student body. Many alumni follow the teams long after graduation which keeps them in touch with their alma mater.

Much of the color and meaning of being a student at Virginia Tech is furnished by the various teams for students who would have to spend their leisure time in other ways if intercollegiate athletics were not offered. Since the town of Blacksburg offers only a limited number of recreational activities, athletics mean more to the Techmen than in many institutions located in metropolitan communities.

BOARD OF DIRECTORS OF THE ATHLETIC COUNCIL

The Virginia Tech Monogram Club is composed of men who have been awarded a monogram in one of the varsity sports. Letters and sweaters are given to the members by the club in recognition of their achievement in sports. The purpose of the organization is to maintain a close bond of fellowship among varsity athletes at Virginia Tech; to foster and promote athletics at Virginia Tech in every way possible, and to encourage prospective athletes of good character to attend the institution.
1953 was an up and down season for the Techmen. They started off by whipping Marshall and Virginia then lost to Rutgers in an upset. Richmond was a soft touch for the Gobblers, but William and Mary had too much power. The Gobblers trounced W&L at Homecoming and the Citadel under the lights at Roanoke. The Citadel game was the last victory of the season, but the Gobblers were at their peak the following weekend against highly touted West Virginia at Bluefield. The Gobblers then went on the downgrade, losing to Miami University and V.M.I. With a little more drive in the right places the Gobblers' season would have been much more successful. Fumbles and pass interceptions were the weak spots for the Gobblers in virtually every defeat. The final record was five wins and five losses, but with a little less bad luck Coach Mosely and his charges would have had a better fate.

Several Gobblers won post season honors. End Bob Lutrell was a Chemical All-American. Tackle George Preas and guard Harold Grizzard won All-State and All-SC honors as first teamers. Preas also won honorable mention on AP All-American. Tackle Tom Hughes and quarterback Jack Williams were members of the second team Southern Conference and All-State Teams.
The Gobblers opened their season by edging a fighting Marshall College eleven. Tech seemed off in its timing and blocking, but nevertheless piled up a big statistical margin over the Thundering Herd.

The first half was scoreless, but Tech took the opening kickoff of the second half and moved for the winning touchdown in just six plays. Dickie Beard went 57 yards behind perfect interference for the game's only touchdown. He then kicked the extra point for a seven point victory.

The Gobblers were obviously playing under wraps and used only five different plays in the game. Marshall College put up a determined fight before going down to defeat for the third time in three years to Tech.
Many who entered Scott Stadium on the afternoon of September 27th believed that Virginia's Cavaliers were going to have an easy time against Tech, but the "Fighting Gobblers" stunned the crowd by soundly thrashing the Cavaliers, 20-6.

The Techmen rolled 60 yards to break the scoring ice early in the second period. Williams passed to end Tom Petty for 57 yards to the three. From there halfback Billy Anderson swept end for the first touchdown. The Cavaliers managed to tie the game for a brief period in the third quarter, but Jim Haren fell on a Cavalier fumble on their 20, and in four plays Tech had scored the Touchdown that meant victory. Beard gained 19 yards in this drive and Williams pushed across the TD from the one yard line. Tech added icing to the cake late in the fourth quarter when Booth dived across the goal from six yards out.

VA. TECH 13, RUTGERS 20

The Gobblers traveled to New Brunswick, N. J. to do battle with Rutgers in the cradle of college football and were erased from the ranks of the undefeated.

Rutgers pushed across two touchdowns in the final quarter to defeat the Techmen, 20-13. Tech fumbled away many scoring opportunities and after the third quarter weren't up to competing with the inspired Rutgers's eleven.
Playing before a Dad's Day crowd in the first home game of the 1953 season, the Gobblers posted a workmanlike 21-7 victory over previously undefeated Richmond.

The teams traded second period touchdowns but Tech broke the backs of the Spiders in the final period by pushing across two six-pointers. John Dean, Doug Creger, and Don Booth scored the touchdowns for the Gobblers. Dean scored first for the Techmen by diving into the end-zone from the one foot line. Doug Creger smashed through the line from two yards out early in the fourth period for the game deciding touchdown. With less than two minutes remaining Don Booth intercepted a pass and sped forty yards for the final touchdown. Beard converted after all three Touchdowns.

VA. TECH 7, WILLIAM & MARY 13

Time ran out too soon at Williamsburg as the William and Mary Indians edged the Techmen 13-7. The Gobblers pushed across their touchdown early in the fourth quarter as Jack Williams tallied on a quarterback sneak and Beard booted the extra point. With just seconds remaining in the game a Dean pass to Herb barely missed at the goal line as Tech lost for the second time in five starts.

Doug Creger on the move.
VA. TECH 32, W&L 12

After a very colorful Homecoming Parade in the morning, the Tech gridiron eleven went out in the afternoon and trounced W&L, 32-12. For the first time in six years Homecoming was truly Homecoming for the Hokies.

Victory hungry alumni were a part of the 11,000 fans in Miles Stadium that looked on as the resurgent Orange and Maroon scored in every quarter. Howie Wright led the scoring parade with two TD’s, while Burke, Scruggs, and Williams scored one apiece.

With just a few minutes elapsed in the contest, Leo Burke bucked over from the three to give Tech a six point lead. The next time the Gobblers got the pigskin they rolled 75 yards with halfback Scruggs climaxing the drive by scoring from five yards out.

With the trend thus established, the V. P. I. fans settled happily back in their seats and watched as the Moseleymen poured it on. Junior halfback Howie Wright was voted the outstanding player of the game. In addition to his offensive work, Howie played an outstanding game on defense.

The members of the classes of 1903 and 1913 were honored guests as they celebrated the fiftieth anniversary of their graduation.
VA. TECH 22, CITADEL 0

Playing under the arcs at Roanoke, the Gobblers ground out a methodical 22-0 victory over the Cadets from Charleston, S. C. Little Billy Anderson scored from the nine yard line early in the first quarter after Wrights’ 39 yard run put the ball at that point. Don Welsh added the extra point. Beard added the first field goal of the season for Tech shortly afterwards and Tech enjoyed a 10-0 lead. Tech’s next scoring drive covered sixty yards. After Beard and Anderson had each run for first downs, Williams faded back and hit Roger Simmons with a beautiful pass. The big end pulled in the heave on the Citadel 25 and out distanced two defenders for the second touchdown. Anderson talled for the second time from nine yards out and Tech’s last score.

VA. TECH 7, WEST VIRGINIA 12

The Gobblers were at their peak when they traveled to Bluefield to do battle with powerful West Virginia. The fans were stunned when, late in the first half, Jack Williams passed to Bill Anderson for six points and put Tech ahead. Beard added the extra point, and Tech led 7-0 at the half. The West Virginia power made itself felt in the second half as the Gobblers stubbornly gave ground. Sugar Bowl bound West Virginia pushed across two touchdowns and won the game 12-7. Howie Wright blocked both extra point attempts by the Mountaineers. Not enough can be said about the Gobblers that day as they gallantly gave everything they had to the game. The team’s spirit was at the high point of the season. Every man on the field did his job to the best of his ability.
VA. TECH 0, MIAMI 26

The Gobblers moved into Miami's ninth game of the season, and a tropical storm came in with them. Being shut out for the first time, Tech made a game of it for a half. But, a slippery ball made fumbles aplenty and the Hurricanes of Miami prevailed, 26-0, in the Orange Bowl Stadium.

VA. TECH 13, VMI 28

Tech unfortunately picked the climatic encounter of the season to play their worst game. A fighting VMI squad took the Big Six championship away from the Gobblers by winning 28-13.

The Hokies scored first when Williams scored on a quarterback sneak. Beard added the extra point, and Tech had a short lived lead, 7-0. Then VMI pushed across a touchdown, and the game was tied, 7-7. The Techmen came right back and took the lead, 13-7. Bobby Scruggs scored the go ahead touchdown. However, VMI scored a quick one and led, 14-13 at the half. The second half was one Gobbler fans would like to forget. The Keydets simply outfought and outplayed the Techs and left the field a 28-13 victor.

SWAN SONG

With the end of the 1953 season eight Gobblers hung up the orange and maroon for the last time. Fullback Don Booth was injured in the Richmond game and was sorely missed for the remainder of the season. Jack Williams, for three years one of the finest punters in the nation, was lost to the service right after the VMI game. The loss of tackle, Tom Hughes, draft choice of the Cleveland Browns; guard, Harold Grizzard; center, Hunter Swink; and end, Charlie Herb, will leave gaping holes in the Tech forward wall. Julian King and Glen Fleenor were always on hand to give good accounts of themselves in the backfield. These men all gave their best in the rebuilding area of football at VPI.

Ducky Welsh, Bill Allen, and Jim Randall were lost to the service. Welsh had one more year of eligibility left, and Allen and Randall two.

Ducky Welsh stops Servideo
FRESHMAN FOOTBALL

Tech's freshman team gave an indication that better things are soon to come for the Gobbler football fortunes. Victories were posted over the Emory and Henry frosh 20-0, West Virginia 21-7, and the V.M.I. Rats 34-0. The only loss was a 22-13 defeat at the hands of the baby Duke Blue Devils.

The Frosh opened their season by trouncing the Emory and Henry Frosh at Abingdon. After a slow first half the Gobblerts came on to score twenty points. Kirk scored twice and Wood once. Fullback Bob Brock picked up eighty-five yards running and averaged forty-one yards on four punts.

For their second game the Frosh traveled to Morgantown, West Virginia, to do battle with the powerful Frosh of the University of West Virginia. With Kirk, Mitchell, and Brock each scoring once, the Gobblerts emerged the victor.

The only loss of the season was dealt by what Duke's publicity directors call the best Freshman team in their history. The Tech Frosh put up a strong fight before losing 22-13.

In the annual V.P.I.-V.M.I. Rat game the Frosh put on an awesome display of power in trouncing the Rats of V.M.I.

It is hard to single out any individual stars on the Freshman team. Many members of the Gobblerts will make strong bids for first string positions on the Varsity next fall and much depth and power will be added to the 1954 edition of the Tech Gobblers.
BASKETBALL

For the second straight season the Tech basketball team just couldn't seem to get started. At press time the season's record was two victories, twenty-one defeats. The two victories were recorded at the expense of Davidson and W&L. Tech's trouble this year was the lack of experience and lack of size. Tech's starting team seldom averaged much over six feet in height and in this era of sky-scraper teams they just weren't up to competing on a col-

First row, left to right: Burke, Sloan, M. Bryant, Howell, Simmons.
Second row: Taylor, Hutchinson, Jones, Cooke.
Third row: Matthews, Hedrick, F. Bryant, Wehl.
legiate level. To top this only one member of last
eyears team, stayed out for basketball this season.

Sophomore "Moose" Mathews who was a regular

as a freshman was the team's only big gun. He led
the team in scoring, in rebounding, and was the
only fairly consistent player on the team.

We can look for better results next season. Sev-
eral big, high scoring freshmen will move up to the
varsity and should solve Coach Laird's height prob-
lem. The freshmen posted ten victories against only
one defeat. All the boys who took their knocks
with the varsity will be back next season and their
experience will be another asset toward a better
team.
FRESHMAN BASKETBALL

First row, left to right: Burks, Anderson, Coates, Eblen, Quillen.
Third row: Bowling, Hunter, Jamerson, Settles, Vincent, Russell.
TRACK—1953

For the fifth straight season, Coach Lou Oneity’s track team won the Big Six title. He also kept his record intact of never having lost to a state team. However, the Hokies had to settle for a fourth in the SIC Meet.

After the track season Onesty resigned and Dick Redding took over the track coaching reins.

Dave Shafer was the outstanding star on last year’s team. He was undefeated in dual meets and set records in the mile and two mile in the Big Six Meet, and won the SIC mile.

Freshman Joe Holland broke school records in the shotput and he also took a state crown and

First row, left to right: Hall, Roberts, Hardy, Coach Oneity, Moore, Davis.
Third row: Edge, Hall, Bouguet, Baker, Ebert, Violette, Pleasants, Lankford, Gaston.
Fourth row: Crouch, Holland, Slencumb, Moore, Lang, Sindo, Bose, White, Hartman, Jones.
Fifth row: Keith, Chapin, Lawrence, Hoffman, Childress, Luttrell, Powers, Stewart, Shumate.
finished second in the Conference. Ashton Violette won the state 440 and Lynn Moore the 880.

Other men who showed up well for the thin clads were: Leon Pleasants, Tim Roberts, Bill Blake, Bill Cox, Bob Crouch, Buz Stewart, Al Hardy, Jack Miller, Bob Bru- guiere, and Charlie Hall. The mile relay combination of Violette, Hardy, Pleasants, and Baker also brought home laurels.

Al Hardy and Lynn Moore captained the 53 edition of the Gobbler cindermen.

BASEBALL

Coach Red Laird's baseball nine showed much improvement over their previous season's record. The Gobblers ended up with a six won and seven lost record. Bad weather caused a portion of the games to be cancelled.

Jim Beard was the winningest pitcher, but he also suffered the most losses. The big right hander's record was three won, three lost.

Jackie Williams compiled the best record with two wins against one loss. He joined the team late after spring football practice. Balderson won one and lost one, while McGhee suffered one loss.

Front row, left to right:
Wade, Dellart, Smith, White, Harrelle.

Missing: Wright, J. Williams, Anderson, S. Camp, Scruggs, Burke, Tederick, Mitchell, Boird.
Catcher Howie Wright and shortstop Bobby Scruggs tied for the highest batting average with a .350 performance. Wright was a sophomore, while Scruggs was a freshman. Behind these two were Burke, .300, Tederick, .285, and Mitchell, .261.

A. O. Smith and Anderson tied for homerun leadership with two apiece. Tederick drove in eight runs to lead in that department, and Smith had six.

Although hampered by the weather, the Gobblers seemed to play better as the season progressed.

A look at the season's results show that the Lairdmen lost no less than four games by one run margins. They defeated a highly touted Richmond Spider squad twice and W&L also fell twice.

With many new faces in the lineup, the Hokies had a very sound team. With most of the boys back for the 1954 season it looks as if baseball on the Blacksburg campus is on the upgrade.
Tech's 1954 wrestling team was plagued by hard luck from the start.

Several key men were injured before the season began and several more after the season was under way. In a few matches the margin of defeat was no more than a forfeit in the heavyweight division.

In spite of the siege of bad luck the Tech Grapplers always made their matches interesting and close. Each man did his best and worked hard to gain victory in every match.

Coach Frank Teske again guided the grapplers and although the season wasn't a success from the won-lost standpoint he deserves much praise for the long hours of work he put in with the team and for bringing them along as he did. Several new men showed promise and next season should show a great improvement in the team as a whole.

“Roll ‘em Joe”
SWIMMING

The 1954 swimming season brought a new swimming coach to Tech. Dick Redding took over the job vacated by Lou Oney.

In defeating West Virginia very easily, 60-21, in their first meet, the Hokie mermen displayed a well-balanced squad.

Captain "Sleepy" Morgan, a breast stroker, led the Techmen. Coach Redding also called on John Lineweaver, George Ross, Jimmy Gills, and divers Sheetz and Parrish. These men performed very well.

TENNIS

V. P. I.'s netmen, coached by Bill Buchanan, won two and lost five last season. This team was composed of a large number of freshmen.

Victories came at the expense of VMI and Randolph-Macon. GWU, UVA, VMI, William and Mary, and Washington and Lee dropped the netters.

Phil Lingamfelter, a junior, captained the team. Other key men were Jerry Collier, Tom Barham, and Art Scrivener.
GOLF

Gobbler golfers finished the 1953 season with a fourth place finish in the State tournament held at Hot Springs last May.

The Tech squad made a good showing during the season considering the fact that many of the squad were playing collegiate for the first time.

Although the Gobblers only win was against VMI, the team was beaten by small margins in the other matches.

Preston Newman coached the team. Outstanding golfers were Billy Deemer, Jack McGregor, Bob Kennerly, and Dick Duma.

RIFLE

The V. P. I. Rifle Team had one of its best dual-season years, and set a new team record of 1424. Led by Bill Hoeck and Moose Windler, the team had nine victories, losing only to Maryland's national championship team. Although failing to do as well as expected in the sectional match at Lexington, the team finished second behind V. M. I. and ahead of Ohio State and W. & L.
