Virginia Tech presents...
OUR PURPOSE IN THE PRESENTATION OF THE 1957 "BUGLE" IS TO SHOW

IN A PICTORIAL MANNER THE PROGRESS OF A STUDENT THROUGH THE VARIOUS

PHASES OF HIS SCHOOL ACTIVITIES. THIS BOOK IS DIVIDED INTO 6 SECTIONS,

EACH DIVISION REPRESENTING A SEPARATE AND DISTINCT PHASE OF ACTIVITY

HERE AT VIRGINIA POLYTECHNIC INSTITUTE. ALL HAVE HAD SOME EFFECT ON THIS

YEARS GRADUATE. IT IS OUR SINCERE HOPE THAT AS THE READER PAGES THROUGH

THIS ANNUAL, HE WILL FIND ON EACH PAGE A REMINDER

OF SOME EXPERIENCE HE HAS HAD HERE AT TECH. IN THIS

WAY, WE FEEL OUR PURPOSE WILL BE ACCOMPLISHED.
dedication

A well-rounded personality who excels in and enjoys every activity he undertakes is a rare individual. At Virginia Polytechnic Institute there is such a person, one whose contagious zest and enthusiasm for his work inspire everyone who knows him. The fact that he is a nationally recognized author and an authority on English literature gives him a tremendous reservoir of knowledge to draw upon in fulfilling his role as a teacher. Students entering his office for counsel and guidance are amazed at the speed and efficiency with which he solves their problems, and they leave impressed with the charm, sincerity, and conscientiousness of this understanding man. As head of the School of Business Administration and Applied Sciences, he shows both broad and inclusive ability. What leisure time he has, he spends with his family and his hobbies—painting, reading, and wood carving. His versatility and sense of humor enable him to fit into his varying capacities as scholar, author, and administrator with remarkable ease and adaptability. A true gentleman in every sense of the word, and a credit to his profession, we are indeed privileged and proud to dedicate the 1957 BUGLE to DEAN G. BURKE JOHNSTON.
To the Student Body of the
Virginia Polytechnic Institute
Campus.

Dear Students:

The effectiveness of an institution of higher learning is,
of course, measured by the development of the students while
on the campus and their performance in later life. In our
instructional program certain of the basic emphases remain
rather constant. All colleges must, however, take into consid-
eration that they are training men and women for changing
social and economic conditions.

Our objective as an institution is primarily to serve
Virginia in technical and scientific fields. At the same time,
our graduates, faculty and alumni must contribute to the
strengthening of the moral and Christian aspects of our social
order and democratic form of government. I believe that all
proposed improvements should be evaluated in terms of this
overall objective.

We attempt to achieve our objectives by

the improvement of our resident instruction, our research and
our extension programs.

Everyone closely associated with V. P. I., students, faculty,
administration, board members and alumni, has an important
role to perform in realizing the goal of greater service by V. P. I.

With kindest regards, I am

Very sincerely,

Walter S. Newman
President

CORPS
CIVILIANS
THANKSGIVING DAY
A MESSAGE FROM THE COMMANDANT

The Virginia Tech Corps of Cadets is an integral part of V.P.I. It is an organization of students, by students, and for students, and is designed to make a major contribution to the educational process here at this institution. The Corps itself provides the structure and the opportunity to develop in its members self reliance and a sense of responsibility, to teach that subordination is a part of life, and that leadership and fellowship are but opposite sides of the same coin. The Corps organization lends itself readily to the development of student government that really governs, and offers endless opportunities for the training of well rounded citizens prepared to play their part in peace or in war.

Since the Corps is a student organization, its functioning depends upon the cadets themselves, the primary responsibility developing upon the senior class. It is the senior class that must, by precept and example, set the standards and cherish the traditions of the Corps.

I congratulate the Class of '57 upon the progress that has been made under its leadership.

MAJOR GENERAL JOHN M. DEVINE
Commandant Corps of Cadets
CORPS OF CADETS

ROLEY J. LIGHT ................................................Public Relations

Since 1872, the tradition and heritage of the V.P.I. Corps of Cadets has made its members proud to be a part of its organization. The Corps plays its part in the accomplishment of the primary mission of V.P.I., the education of its students. One of the chief concerns of education is the development of sound character and the preparation of the individual for life as a useful citizen. The Corps teaches us leadership based on an understanding of human nature, demands a high sense of duty and honor, places responsibility upon those who are able to bear it, and teaches us that obedience to lawful authority and subordination of one's selfish interests to the good of the unit are necessary attributes of a good citizen.

We are proud of our Honor Court, Senate, and Executive Committee. These groups balance each other together with the military organization in the furtherance of the principles and goals of the Corps and V.P.I. itself.

Nothing should give a student more pride than his membership in the Corps, and nothing will serve him better if he in turn serves it.

SPONSORED BY THE 2600 CIVILIAN STUDENTS
DIRECTOR OF STUDENT AFFAIRS

Those of us who stay behind would like to express to the Class of 1957 our appreciation for the contribution it has made to V. P. I. and its way of life. Your enthusiasm throughout the four years you have been here has lifted our spirit, the energy you have exhibited has created in us a desire to work harder, your loyalty has engendered in us a stronger feeling for the College.

With your continued help in the future we trust that V. P. I. will grow in a manner that will make you proud to speak of your Alma Mater.

For helping us in so many ways we want to say, "THANK YOU VERY MUCH."

After 44 years of success, the Cotillion Club continues to uphold its principals of organization, the improvement of social conditions within the Student Body, and the improvement of social relations between the Student Body and the Faculty. These principals are upheld by the sponsorship of a series of non-profit dances and concerts by the leading orchestras in the country.

The Cotillion Club seeks as members a congenial and representative group of the gentlemen in the Student Body, in order to continue its past traditions and high standards.

Each year, guests enjoy themselves in the friendly atmosphere of War Memorial Hall, in which the dances are held. War Memorial Hall provides ample room for dancing and, also, for the Cotillion Club’s friendly cabaret style. Although the dances are formal, there is an air of congeniality and informality for which the Cotillion Dances at V.P.I. have become famous.

The Cotillion Club hopes to continue its efforts to improve the social relations and activities on the campus. Every student and faculty member, whether past, present, or future, is cordially invited to be guests of the Cotillion Club at all of its functions.

The V.P.I. German Club is the oldest social organization on the Tech campus. It was established 65 years ago and dedicated to providing dances of the highest credit to the Club and V.P.I.

Since its founding, the club has been an integral part of social activity on campus. It initiates new students into V.P.I. social life by its annual Freshman Dance, and furnishes the basis of this social life by providing three formal dances during the school year.

The Glee Club has come to be known throughout the state as one of the finest choral groups to be found anywhere. Under the able direction of Mrs. Helen Rose Holland the Tech Glee Club has introduced a style of singing that is unique for military college choral groups. Each of the fifty-four members dresses in a tuxedo, thus eliminating any distinction between military and civilian members. This innovation has resulted in a more informal type of concert.

This informality—so well liked by audiences everywhere—also carries into the type of music sung by the Tech Glee Club. Mrs. Holland directs the group in numbers ranging from the difficult Handel's MESSIAH to such light and refreshing tunes as THERE'S NOTHING LIKE A DAME. A quartet known far and wide as the Goldhatters adds a pleasantly sentimental touch to every concert.

The Glee Club enjoyed another successful year in regard to public appearances. The first presentation of the season was at the annual Y.M.C.A. Christmas Vespers, Winter and Spring quarters called for trips to Sullivan Women’s College, Randolph-Macon Women’s College, and Mary Washington College. The highlight of the season was a joint performance with the Highty Tighties in the Mosque in Richmond, Virginia.

In the fall of 1954, a group of student musicians with greatly varying curricular interests banded together with a common bond of enjoying fine dance music. Soon afterwards, they were formally organized into the Collegiates Dance Orchestra. Now began the long uphill path of practice and performance to strive for the dreamed-of goal; that of presenting the students of V.P.I. with a danceable dance band, and even more important, satisfying the creative expressions of its members. Realizing the importance of liberal contribution to the technical education received at V.P.I., the Collegiates are proud to be able to offer to students this opportunity.

In the 1956-1957 school year the Collegiates Dance Orchestra has achieved a full, professional sound which has brought it to the position of being "V.P.I.'s own dance band."

The Maroon Mask is the dramatic society of V.P.I. Its main purpose is to provide an outlet for talent in dramatics, both on the stage and back stage. Of no lesser importance is the entertainment afforded the student body by the work of the Maroon Mask. Loyalty, friendship, and co-operation are essential for such creative work. With these aims in mind, the Mask proudly presents each production.

The Dairy Club was organized in the spring quarter of 1921. In the spring of 1938, the club was granted a charter by the American Dairy Science Association and has since been known as the Virginia Tech Chapter of the American Dairy Science Association.

The objectives of the club are: to develop and encourage leadership in the field of dairying; to bring the dairy students closer to the problems in the field of dairying by having educational programs; to promote fellowship among its members; to encourage activity by sponsoring both dairy cattle and dairy product judging teams, and to bring student and dairymen of the state closer together by sponsoring Dairy Day.

Membership in the Agronomy Club is open to students in any of the curriculums in the School of Agriculture. It has as its purpose the bringing together for educational, recreational, and social activities, students who are interested in agronomy and related fields.

Club activities include participation in the Agricultural Exposition, homecoming float parade, and the national conventions of the American Society of Agronomy. Staff and faculty members of the Agronomy Department are very closely associated with the club in all of its activities. The annual field trip taken each spring is the highlight of the whole year. These trips have been as long as 3,000 miles and have covered a great variety of farming and agricultural regions.

The V. P. I. 4-H Alumni Club is composed of former 4-H club members and extension agents on the campus, but is not a curricular club. To further the 4-H interests among former members is the chief aim of this organization. Our program consists of guest speakers, movies, socials, a banquet, joint projects with 4-H clubs in Blacksburg and Radford College, sponsoring campus-wide events, and participating in National 4-H Week and the V. P. I. Agricultural Exposition. The club has the second highest number of Co-eds of any club on campus. We strive to continue a spirit of fellowship, leadership, and achievement—characteristic of 4-H boys and girls of all ages—by carrying out our motto, “To Make The Best Better.”

The Horticulture Club has two purposes. The first is to bring all V.P.I. people interested in Horticulture together in a relaxed and social relationship. The second purpose is educational. This is in second place not because of importance, but because nearly all of the educational projects are accompanied through activities that seem more social.

An example of one of the largest social-educational projects is the annual Horticultural Show. Another of these activities is attending conventions and other gatherings of professional horticulturist.

The Future Business Leaders of America club is a national business education organization operating both on the high school and college levels.

The purposes of F.B.L.A. are the development of: business leadership; confidence; interest and understanding in the choice of business occupations; undertakings for the improvement of home, business, and community; character; thrift; scholarship and school loyalty; organized recreation activities; and standards for entrance upon store and office occupations.

The objective of the college F.B.L.A. chapter is to give prospective business teachers training and experience that will aid them in sponsoring high school F.B.L.A. chapters when they begin their teaching careers.

ENGINEERING
The AIEE-IRE Joint Student Chapter is the Electrical Engineering Student's professional organization whose main object is the advancement and promotion of Electrical Engineering in keeping with the "Canons of Ethics for Engineers." It broadens the student's knowledge of their chosen field by cooperating with the national professional organizations to bring the latest developments in the field to the attention of the student.

The V. P. I. Association for Advancement of Engineering, organized entirely of
students from the School of Engineering and Architecture, was established as a
pioneering venture of its kind in 1949. The purpose of this Association is to promote
the advancement of the School of Engineering and Architecture and its student
body, and to represent this student body in its relationships with the administration
of the College.

The concept of an Engineering Conference is broad in scope and execution, ex-
tending from a high school science fair to nationally-known convocation speakers,
engineering symposia, industrial exhibits, and fellowships. An opportunity is af-
forded for business men and practicing engineers to exchange ideas and ideals with
Virginia Tech Students, and for these visitors to the campus to examine at close
range the engineering training that is offered by Virginia’s Land Grant College.

The Holden Society, named in honor of the late Professor Roy L. Holden, who was head of the Geology Department of Virginia Polytechnic Institute for forty years, is an organization of geology and geological engineering students and faculty.

The objectives of the Society are to promote professional understanding between student geologists and instructors, to discuss and become familiar with phases of geologic sciences beyond the scope of classroom instruction and to foster a desire for high scholastic and scientific achievement.

The Virginia Polytechnic Institute Post of the Society of American Military Engineers has dedicated itself to furthering the knowledge of the science of Military Engineering, and to developing helpful interest between the engineering profession in civil life and that in the military service. Members are elected and initiated into the post each quarter.

Maj. John P. Agnew, from the Corps of Engineers, is our Technical Advisor.

We of the BUGLE Editorial Staff have endeavored to present within this yearbook a visual aid designed to stimulate the memory and bring forth a comprehensive review of the year's school activities. It is our sincere hope that in years to come the '57 BUGLE will be the instrument through which a graduate will reminisce of his college days.

We are both proud and humble, proud that we have been selected for and entrusted with a job of such magnitude, and humble because we realize that without the cooperation of so many people this end product could never have been.

It is with these thoughts that we join together and present the '57 BUGLE to each of you; students—faculty—alumni, and hope it provides many hours of pleasant and relaxed entertainment.

The Business Staff of the 1957 Bugle wishes to give you, the students of Virginia Tech, a more accurate and valuable interpretation of your days so pleasurably spent on this campus. The book has been made possible through the work done by the students on the staff, who sacrificed their time to do an excellent job in sales, collections, and advertising together with the support of the entire student body.
The Virginia Tech was founded in 1903 as a faculty project. The Athletic Association acquired the management of The Virginia Tech in '04. In 1906, through the efforts of C. P. "Sally" Miles, '03, and a group of interested students, The Virginia Tech became the official student newspaper of Virginia Polytechnic Institute under the management of students with faculty advisors. Since that time The Virginia Tech has functioned with the interests of V.P.I. and the students at heart.

The constant help and interest of the students, the faculty, and the V.P.I. Print Shop have made The Virginia Tech a success in its 54th year.

CIRCULATION STAFF
Jay Aldhizer .......... Beverly Davis
Gay Battaglia .......... Jim Howton
Sterling Bell .......... R. A. Manley
Pat Brennan

These are the men behind the scenes who make it possible to print "The Virginia Tech." Working in conjunction with the editorial staff, they provide the publication with advertising and circulation services.

Few people realize the importance of the staff and yet their service is just as much a part of the success of "The Virginia Tech" as is the service of those who work with the pencils and paper.

The staff members do not have the by-line of the newswriters, only a last name and initial in the masthead. However, they do not complain, but receive satisfaction in that through their loyalty and integrity, "The Tech" is successfully published.

J. H. Mason .......................... J. H. Rice

The Virginia Tech Engineer has continued to hold a leading place in the various publications here at Tech. We have tried to improve the organizational aspects of the magazine this year, while still preserving the informality necessary for a publication of this sort.

The Engineer is published by engineering students for undergraduates, alumni, and future students. Consequently, most of this year's articles have been slanted in such a manner that they were of interest to most of the members of these three groups.

We of the staff have enjoyed working on the magazine this year, and we hope that the Engineer and the Class of '57 has every success in the future.
TECH ENGINEER

BUSINESS STAFF

J. F. Merz, Jr. ..................Business Manager
R. Gilliam ..................Assistant Business Manager
H. Wilson ..................Sales Manager

BUSINESS STAFF

B. Budd               B. Swartz

These are the men behind the scenes who make it possible for the Virginia Tech Engineer to be published. It is through their efforts that the printing cost is paid, by securing the necessary number of advertisements. Few people realize the size of the magazine's circulation, and the time it requires of these men for mailing the subscriptions.

Although few people see these men at work, and just a few more realize that they do work, their contribution to the publication of the Virginia Tech Engineer is invaluable, and everyone is extremely grateful for their cooperation throughout the year.

Virginia Tech's own Radio Station WUVT has entertained the student body with popular songs by the top artists and has maintained the student's knowledge of current events by news and sports broadcasts throughout the day. The station has expanded its activities by broadcasting football games and other sports events both here on campus and away. Interviews with student organization leaders and college officials have helped give the Techmen a better understanding of the functions of the college.

Long hours spent replacing old equipment in the studios has produced better programs than ever before, and the efforts of the entire staff have made a radio station of which Tech may well be proud.
Four eventful years have seen The Tech-Nique pass from infancy into young adulthood. From a mere idea originating with Alpha Zeta, built and developed by students, and materializing into a head-high magazine, The Tech-Nique is now a permanent fixture to the Tech campus.

Prepared for the students of V.P.I. and people interested in Agriculture and its respective fields, our magazine functions in presenting new and interesting information to our reading audience. This semi-technical magazine does not easily lose sight of the part it plays in uniting the School of Agriculture, nor its potential as a training ground for real, live, journalistic experiences.

Furthering V.P.I.'s interests throughout the state, The Technique rejoices at its success, the spirit within the organization, and the opportunities that are ours through a growing publication.

We, the staff, feel that our publication is a tremendous success. We are confident that our magazine will take a permanent place among the publications of V.P.I., and we wholeheartedly thank Dean Dietrick, Mr. R. D. Michael, Mr. W. P. Bradley, and the many faculty members who have made our publication successful.
PHOTOGRAphic STAFF

MEMBERS
Kirchmier, T. M., Director
Sands, M. E.
Lassiter, K. T.
Coxe, Keren L. (Miss)

The student staff members photograph campus activities including sports events, club meetings, award presentations, and other prominent functions at V. P. I. Developing and printing the pictures are services which require more time and effort than exposing the negatives. The staff hopes that their efforts have increased the enjoyment of publications readers.
The aims of Alpha Kappa Psi are “to further the individual welfare of its members; to foster scientific research in the fields of commerce, accounts, and finance; to educate the public to appreciate and demand higher ideals therein; and to promote and advance in institutions of college rank, courses leading to degrees in Business Administration.”

ALPHA
PHI OMEGA

The Eta Gamma Cast of Alpha Psi Omega, national honorary dramatic fraternity, was organized on the Tech campus in 1939. Its purpose is to provide an honor society for those doing a high standard of work in dramatics. Since its founding, Alpha Psi Omega has striven to increase the appreciation of dramatic arts at Tech.

ALPHA ZETA

Alpha Zeta is a national honorary fraternity whose objectives are to promote the profession of agriculture; to establish, foster, and develop high standards of scholarship, character, leadership, and a spirit of fellowship among all its members; to create and bond together a body of outstanding technical men, who by scholarly attainment, faithful service, and maintenance of ethical ideals and principles, have achieved distinction and are capable of honoring achievements in others.

Members are selected from among undergraduate and graduate agricultural students of high scholarship on the basis of character, leadership, and personality.

223
ARNOLD AIR SOCIETY

This organization was established at the first Air ROTC summer camp at Langley Air Force Base under the name of Arnold Society of Air Cadets. In May of 1950 the name was changed to the Arnold Air Society.

A V.P.I. squadron was formed on this campus in January 1949. This squadron has the distinction of being the second squadron formed in the nation, and was assigned the designation A-2.

The purpose of the Arnold Air Society is to further the ideals of the U.S. Air Forces, and to recognize those students enrolled in Advanced Air ROTC who have distinguished themselves by their academic and military achievements.

BLOCK AND BRIDLE

The Block and Bridle Club is an honorary organization whose objectives are to promote a higher scholastic standing among students of Animal Husbandry, to promote more interest in intercollegiate judging contests, and to bring about a closer relationship among men in some phase of Animal Husbandry as a profession. The local chapter of the Block and Bridle club received its charter in December, 1935 and has been very active on the campus since that time.

Although the Block and Bridle is primarily an animal husbandry organization, there are included in the membership men from many other curricula.

Among the activities which the Block and Bridle sponsors are judging contests, a "Little International Livestock Show," an annual banquet, and two informal dances each year.

ETA KAPPA NU

Eta Kappa Nu, the electrical engineering honor society, was founded in 1904 at the University of Illinois, and in 1940 the Beta Lambda Chapter was installed at V.P.I. Membership in the Association is a badge of distinction for those electrical engineers who, by their attainments in college or in practice, have manifested a deep interest and marked ability in their chosen profession. The aim of Eta Kappa Nu is to promote fellowship among electrical engineers in order to maintain the close union necessary for the advancement of the profession.

OMICRON DELTA KAPPA

Omicron Delta Kappa, National Leadership Honor Society for men, was founded December 3, 1914. The Alpha Omicron Circle, established at Virginia Tech in June, 1933, is one of eighty-nine circles in American colleges and universities.

ODK recognizes achievement in scholarship; athletics; social and religious affairs; publications; and forensic and applied arts. The five indispensable qualifications for membership are character, leadership and service in campus life, scholarship, fellowship, and consecration to democratic ideals. ODK recognizes men of high attainment and brings these representative men from all phases of college life together with members of the faculty to discuss campus problems and help mould campus opinion.

The National Honorary Society of Perishing Rifles is an organization which strives to encourage, preserve, and develop the highest ideals of the military profession. It recognizes those cadets who have displayed an outstanding ability in leadership and military proficiency.

During the past year, Company E-5, the chapter of Virginia Polytechnic Institute, has made many public appearances. The unit won first place in the Apple Blossom Festival in Winchester and the Apple Harvest Festival in Charlottesville. It appeared several times during V.P.I. football games and represented the State of Virginia along with the Regimental Band at the Inaugural Parade of President Eisenhower.
PHI KAPPA PHI

The Honor Society of Phi Kappa Phi was founded in 1897. There are 70 chapters in the United States. Its purpose is to emphasize scholarship and character in the thoughts of college students and to foster the significant purposes for which institutions of higher learning have been founded. Phi Kappa Phi has tended to stimulate mental achievement by recognition through election to membership. This membership is limited to those students who are among the upper one-eighth of their class. Only one-tenth of any class, however, may be elected. The V.P.I. Chapter was installed in 1921 with fourteen charter members. Since that time there have been 1722 members elected.

PI DELTA EPSILON

Pi Delta Epsilon is our national honorary journalists fraternity. The V.P.I. Chapter is the second oldest honorary fraternity on the campus, having received its charter May 1, 1930. Members are selected from those juniors and seniors who have distinguished themselves by outstanding ability as staff members of campus publications. The fraternity has as its objectives the promotion of student participation in undergraduate publications and the elevation of the cause of journalism.

PI TAU SIGMA

Pi Tau Sigma is the national honorary fraternity for students in Mechanical Engineering. Our Virginia Upsilon Chapter was founded here in 1940.

Members are selected on the basis of personality, scholarship, and evidence of future success in the field of mechanical engineering. The object of this fraternity is to foster the high ideals of the engineering profession, to stimulate interest in coordinating department activities, to promote the mutual professional welfare of its members, and to develop in students in mechanical engineering the qualities necessary for effective leadership and the assumption of responsibility in a democracy.

SCABBARD AND BLADE

Scabbard and Blade, national honorary military society, was founded in 1904. The society is composed of the outstanding senior officers in the Cadet Corps in the different colleges and universities of the nation. It seeks to encourage and develop those attributes of military appearance, ability, and personality combined with that breadth of interest necessary to make an officer and a gentleman. Company I, Seventh Regiment, was installed on the V.P.I. campus in May, 1938. Its membership is restricted to those who show exceptional qualities of leadership. The purpose of the society is to promote an ideal which might contribute to the development of the essential qualities of good and efficient officers.

TAU BETA PI

The Tau Beta Pi Association was founded at Lehigh University in 1933 by Edward Higginson Williams, Jr., to mark in a fitting manner those who have conferred honor upon their Alma Mater by distinguishing scholarships and exemplary character as undergraduates in engineering, or by their attainments as alumni in the field of engineering, and to foster a spirit of liberal culture in the engineering colleges of America. Since its installation in 1933, the Virginia Beta Chapter has consistently worked to promote the ideals of the Association on the campus of VPI.

BAPTIST
STUDENT UNION

The Baptist Student Union is the link between the Baptist Students at VPI and the Blacksburg Baptist Church. It seeks to promote spiritual development of Baptist students through Christian comradeships, Bible study, prayer, and church membership. A Baptist student becomes an active member when he joins the local Baptist Church, the Sunday School or the Baptist Training Union.

The purpose of the Canterbury Club is to provide opportunity for students to receive the teachings and life of Christ through the faith and practice of the Episcopal Church; to witness in our college to the Lordship of Christ over the whole of mankind; to provide a program of Prayer, Study, Service, and Evangelism for the Episcopal students of V.P.I.; to promote the Christian faith among students at V.P.I. and to participate in the economical movement of the Church.

The programs and services of the Canterbury Club are carried out by the students with the support and cooperation of the members of Christ Church. Students participate in the life of the Parish as Lay Readers, Acolytes, Church School Teachers, and as members of Parish Committees. Evening Prayer is conducted by the Canterbury Club every Sunday evening and students compose a large percentage of the congregation at the regular services of Christ Church.

The Wesley Foundation is the Methodist Church at work on the local campus. Every entering Methodist student is automatically a member of the Wesley Foundation. However, membership is not restricted to this group and students of other faiths and lands find spiritual fulfillment within the group, and enjoy the benefits of the "always open door" at the Wesley Foundation House and the full-time minister to students.

Realizing the potential for service by the college graduate in his local church, the Foundation encourages the student to participate in all its activities and begin taking an active part in church life.

Warm friendship and wholesome recreation are provided by the Foundation to round out the student's campus life.

SECTIONAL CLUBS
APPLE CLUB

The V.P.I. Apple Club was formed in 1941 to assemble the students from Warren, Clarke, Fauquier, Fredrick, Loudoun, Page, and Shenandoah counties in Virginia; Washington County, Maryland; and Jefferson County, West Virginia. Primarily the Apple Club is a social organization. Dances and outings are held during vacations for the entertainment of the club members and their friends. Meetings and smokers bring the students together on campus. Keeping in mind that education is one of man’s greatest privileges, the Apple Club established last year “The V.P.I. Apple Club Scholarship” to be awarded to an entering freshman on the basis of need, character, and ability.

The Emporia Club is probably the youngest sectional club on the V.P.I. campus. During its three years of existence, some of the activities have been its annual picnics each spring and also its annual Christmas dance in Emporia. This dance has been enjoyed thoroughly by the club members each year as well as by the citizens of Emporia and vicinity.

The purpose of the Emporia Club is to foster closer relationship among students from Emporia and vicinity as well as to aid new students in becoming accustomed to college life.

FEDA was organized in the fall of 1955 among the students of Campbell Hall 8E. It has since grown rapidly and distinguished itself through active participation in campus activities.

The purpose of the FEDA Club is to foster a fraternal relationship among the students in the dorm, offer an outlet for social and athletic activities, promote the welfare of the student, and work towards unity within the Civilian Student Body.

FREDERICKSBURG CLUB

MEMBERS

The purpose of the Fredricksburg Club is to foster a closer relationship among the students in the surrounding counties of Caroline, King George, Spotsylvania, Stafford, and the city of Fredricksburg. This club endeavors to promote good fellowship among boys and girls of this locality.

One outstanding event of the year is the annual Christmas Dance. Other objectives of the club included aid to students in their social and academic life.

The Peanut Club is one of the many sectional clubs on the Tech campus. Any student residing in the cities of Suffolk, Smithfield, or Franklin, and in the counties of Nansemond, Isle of Wight, and specified sections of Surry and Southampton is eligible for membership. The club operates on a nonprofit basis and the business of the club is of a strictly social nature. Meetings are held every other week at which time business is discussed, followed by a movie or refreshments. The club's highlight of the year is the annual Christmas dance held in Suffolk.

With a two-fold purpose of fostering fellowship to students from the Richmond area, and providing social activities to unite both alumni and members, the Richmond Club began this year with a strong membership of over 60.

Dancing to the music of Newton Thomas in the Winter Gardens of The Hotel Richmond, the year was off to a big start, to be followed by the Christmas dance at Hotel King Carter. A relaxing weekend of a dinner and dance was enjoyed, between quarters. Ending a successful beginning with a better finale, the Richmond Club offers our seniors a welcome back and extends to all future members a cordial hand of friendliness.

The Tau Epsilon Kappa Society was organized on Campus in 1953 and has constantly been gaining prestige through the years.

The purposes of the Tau Epsilon Kappa Society are to promote closer relations between the residents of Femoyer dormitory, to raise the social and civic interest on Campus, and to encourage scholastic achievements.

We feel that this has been a very successful year. This would not be true if we had not had the cooperation of the Faculty and the Administration of the school. We wish to thank you and hope that we may repay you in the future.

To the Seniors, we hope the future holds happiness and prosperity. To the underclassmen, we hope to see you next year.

The Cafi Club was organized in 1952 and has been exceedingly active ever since. Its most outstanding recognition was gained in the field of intramural athletics by winning first place two years consecutively.

The purpose of the Cafi Club is to unite those students at V. P. I. who reside in dormitory B-W as civilians in order to promote good citizenship, to encourage scholastic achievement, to promote good fellowship, and to give active expression to the social and civil interests of the members.

Omni Vox has grown in spirit and in reputation in its second year of activity on the V.P.I. campus. In trying to promote more school spirit and enthusiasm for athletic and school events, the members always try to set an example of sportsmanship and good conduct at every event.

This unique type of club maintains an open invitation throughout the year to new members who are interested in the ideals. Omni Vox, “the Voice of All,” is an appropriate name for such an organization.

With the help of W. D. Durham, Jr., the club enjoyed a productive year and made many plans for the future.

ATHLETIC DIRECTOR

Our constant aim of maintaining an improving program which contributes to a well-rounded college life produced gratifying results again during this academic year.

With more than 500 students participating on our various teams, intercollegiate sports continue to fill a constant need at Virginia Tech not only for those directly taking part in such activities but also to students, alumni and friends who have shown increasing support by their attendance and loyal support.

Teams representing the school in intercollegiate athletics have made the athletic department proud of their achievements not only because of their winning records but also because many of their victories have been accomplished primarily on spirit and hustle, a highly desirable trademark that is becoming more and more attached to Tech squads.

The football teams won seven games while losing two and tying one. Win or lose, however, the team became known as one of the most entertaining to watch. The basketball team for the second straight year had a winning record, which included some unexpected victories achieved by more than 100 per cent hustle. Although the wrestling team lost its conference championship by a narrow margin, the squad remained undefeated in dual competition for the third straight year.

We hope that these are accomplishments of which the whole Virginia Tech community can be and is proud.

The Virginia Tech Monogram Club is composed of men who have been awarded a monogram in one of the varsity sports. Letters and sweaters are given to the members by the club in recognition of their achievement in sports. The purpose of the organization is to maintain a closer bond of fellowship among varsity athletes at Virginia Tech, to foster and promote athletics at Virginia Tech in every way possible, and to encourage prospective athletes of good character to attend this institution.
FOOTBALL-1956

Coach Frank Moseley was named Southern Conference Coach of the Year as his 1956 edition of the Gobblers compiled a better-than-expected 7-2-1 record.

In their better moments the Techmen displayed some awesome offensive football which placed them second only to Oklahoma in rushing offense among the nation’s major gridiron teams and established the Tech squad as the second highest scoring in the school’s history.

Tech walked off with the Big Six title by defeating William and Mary, 34-7, (Tech’s best Homecoming game in many years); Richmond, 46-14; Virginia, 14-7; and VMI, 45-0.

The win over Virginia marked the first time Tech has ever defeated the Cavaliers four straight times, and the victory over the Keydets made it three in a row for the first time in 20 years.

After winning the season’s opener from East Carolina, 37-2, the Gobblers dropped a 21-14 thriller to a new opponent, Tulane, a defeat which apparently pulled the Tech team together as they pummeled, in succession, North Carolina State, 35-6; Florida State, 20-7; William and Mary, Richmond and Virginia.

Tech then lost to a good Clemson team, 20-6, was tied by Wake Forest, 13-13 and won their annual Thanksgiving Day battle with VMI.

Before the campaign began the Gobbler lineup appeared weak in spots, particularly at tackle, and injuries plagued the Techmen as the season wore on, but with make-shifts and determination they finished with one of the finest records in Tech’s annals.

The teams 264 points scored was among the nation’s tops, and the Gobblers left many marks at which future Tech teams may take aim but might find difficult to hit.
Virginia Tech's 1956 football team opened its season by defeating East Carolina College 37-2 under the lights in Bluefield.

Tech, operating without the services of Billy Cranwell, who was lost for the season due to a knee operation, played the type of football that makes even the most downcast fan optimistic.

The Techmen, led by Bobby Woldenden with 78 yards, rolled up 390 yards in total offense while holding E.C.C. to 196 yards.

Besides Wolfenden's spectacular work, Tech also uncorked plenty of offensive weapons. The Jim Lugar to Grover Jones passing combination was a honey. They thrilled the crowd on more than one occasion.

The Tech line outstrashed the Pirates all night and most of the time the East Carolina backs were knocked on their hips before they could get well started.

No fewer than six players tallied touchdowns for the Techmen in this their first start of the season, and a seventh, Barry Frazee, booted an extra point. Besides Wolfenden and Jones, Tech players gaining touchdowns were Don Divers, Ray Endland, Lugar, and Jay Whitesell.

Jones and Pat Carpenito were the standouts in the Tech line that held East Carolina to 118 yards.

Bailey cuts back for yardage
Little Gene Newton looped three touchdown passes in leading erratic Tulane to a stumbling 21-14 football victory over the Techmen before some 30,000 fans in New Orleans' Sugar Bowl.

Trailing 21-7, Tech got the ball on the Tulane one on a pass interference penalty early in the fourth period and controlled play the rest of the game. Divers plunged over for the second V.P.I. touchdown. Tech's first score came on a 34 yard pass play from Lugar to Keast. Barry Frazee booted both extra points.

Tech was able to muster a sustained offense only once before the interference penalty set up its second touchdown. Tulane's glaring weakness was a sleeping pass defense that let Tech receivers through time after time.

Bobby Conner far outdistanced all V.P.I. runners with 63 yards on nine attempts, while Lugar completed 6 of 14 passes for 134 yards.

Although the Techmen lost, Coach Frank Moseley said,—"Should prove to the boys that they're as good as a lot of top-bracket teams and dispell the thought that we don't belong.
Unleashing a powerful and devastating running attack in the Good Neighbor Bowl at Foreman Field in Norfolk, the Virginia Tech Gobblerls trounced the North Carolina State Wolfpack, 35-6, before a crowd of 10,000.

The score was the second largest recorded by the Gobblerls in the 33-game series with N.C. State. Five of Coach Mosley’s fleet-footed Techmen figured in the scoring orgy as the Gobblerls tallied in every period with exception of the first.

Big gun in Tech’s attack was Bobby Woffenden, 185-pound left halfback, who scored two touchdowns and gained 127 yards in 17 carries. Sports writers covering the contest voted him the “Outstanding Player of the Game,” and he received the Norfolk Sports Club trophy which was presented him at the conclusion of the contest.

Barry Fraze, 175-pound junior halfback from Richmond, made three extra points via placement, while Ray England, a junior from Hopewell, and quarterback Jim Lugar of Roanoke each tallied a pair of six-pointers.

Coach Mosley used his two unit system very successfully, using the starting backfield of Lugar, Fraze, Bobby Conner, and Dave Ebert, and then using Bob McCoy to call signals to Capt. Don Divers, Woffenden, and England.

All of Tech’s backs showed a natural aggressiveness by scoring 431 yards on the ground. The devastating blocking of Tech ends gave the backs the protection to roll to such a victory. John Hall and Hillman Olson, both centers, were exceptional in their work on defense. So with the coaching of a Gobbler team in the tactics of wide defense that battled up the Wolfpack and they could never break through.

The ever-alert and ever-alive Gobblerls added their final touchdown when guard Ben Schmidt pounced on a Wolfpack fumble on State’s 21 in the fourth quarter.

The lone score for the N.C. State Wolfpack was sparked by “Wagon-Wheels” Marinkov, N.C. State’s fleet floated left halfback who legged the ball to the six yard line where he was knocked out of bounds by Dave Ebert. In the next play the swift moving Marinkov outran the Gobblerls, circling wide around his right end for the TD.

Dalzell breaks through to stop extra point
Florida State University felt the effects of a hard-striking Virginia Tech football team for a second consecutive year. Bobby Wolfenden ran 66 yards with a punt for one touchdown and Jimmy Lugar passed 34 yards for another to lead V.P.I. to a 20-7 victory over Florida State.

Wolfenden’s spectacular scamper came after 13 minutes of the first quarter. He gathered in the Florida State punt on the Tech 34, faked a handoff to Ray England, then cut for the sidelines. He appeared trapped a couple of times but broke free and crossed the goal standing up.

Lugar’s perfect pitch to Nick Mihalas for a touchdown, came late in the third quarter when the Gobblers counted two touchdowns to break a 7-7 halftime tie.

Tech moved into the lead 13 plays after the third period kickoff without losing possession of the ball. Wolfenden contributed 14 and 16 yard runs in the 65 yard drive. Conner plunged the last yard.

After two offside penalties against Florida State on the conversion attempt, Conner tried to buck over from one foot out but was stopped short.

The teams battled indecisively until Wolfenden broke away for his long scoring punt return.
Virginia Tech trampled its first big obstacle on the road to another Big Six football championship by defeating the William and Mary Indians, 34-7, in the homecoming game at Miles Stadium.

The heavily favored Gobblers had to come from behind to defeat the green shirts from historic Williamsburg. There was a relative silence in the stands as some twelve thousand old grads saw the Indians take the opening kickoff and begin a drive down the field and move to a 7-0 lead. The drive, led by Charley Sidwell, Tom Secules, and Dave Edmunds, was not a fast, wide open push, but it showed a determined William and Mary team that was competent and efficient. Once the Hokies found the range, however, they went on to win in rather easy fashion.

Jim Lugar and Bobby Conner were the sparks behind the Tech offense. Lugar, who stepped into the quarterback spot when injuries sidelined Billy Cranwell for the season, scored two touchdowns and passed to freshman end Carroll Dale for a third tally. Bobby Conner’s impressive ball carrying and defensive play earned for him the title of Southern Conference Player of the Week.

With victory in the bag, Mosley gave his sophomore, quarterbacked by Billy Holsclaw, an opportunity to log playing time and the youngsters more than held their own as they hung up the 34th point on the scoreboard.

Little did the fans realize that they were watching Bobby Conner, Jim Lugar, and fine defensive Tech line, busily catapulting the Hokie team to eleventh place in the national weekly football standings.

Lovely Peggy Bell Dunton was crowned “Queen of Homecoming” of 1956 by a member of the Class of ’06 during the halftime ceremonies.
In their sixth game of the season, the Techmen ran from one end of Richmond City Stadium to the other in defeating a fired-up University of Richmond team 46-14.

This was the highest score rung up by a Moseley-coached Tech team, and marked the first time since 1947 that a team has been able to cross Richmond’s goal line seven times in one game.

Ray England, Tech’s speedy halfback was the leading ground-gainer, and played what was probably his finest game to date as a Gobbler. Jim Lugar scored two touchdowns himself and passed to freshman end Carol Dale for two more. One of these pass plays covered a total of fifty yards.

The Hokies also unveiled a tough pass defense, their best of the season, which held the Richmond passers to two completions in twenty attempts.

The team again used its two platoon system to great advantage, as Billy Hobbslaw carried the ball six times from quarterback to gain a total of thirty-six yards. The most significant remark recorded about the Gobbler’s platoon system was made by Richmond’s coach Ed Merrick who stated that the two finest teams in the state would be on the field for the game, and both of them belonged to Va. Tech.

The fine spirit and drive displayed by the Hokies was rewarded when the team climbed to sixteenth in the nation on the weekly Associated Press poll.
Gobblers Squeeze Past Cavaliers, 14-7

The Gobblers traveled to Roanoke's Victory Stadium for their encounter with Virginia's Cavaliers. Tech was favored by two touchdowns going into the game, but the Cavaliers gave the team a good battle before going down 14-7. Corbin Bailey scored on a two-yard plunge in the final seconds of the fourth quarter to give Tech the victory margin and their sixth victory of the season.

The longest run of the afternoon was turned in by Ray England when he made a 44-yard scoring jaunt through the middle of the Cavalier line and secondary with only a few minutes remaining in the first quarter.

Virginia tied the score in the third period with a 22-yard aerial from Nelson Yarborough to halfback Alvin Cash. Jim Bakhtiar kicked the point, and the game began to look as if an upset was in the making.

Both teams played rugged defensive football throughout the afternoon. The Techmen stopped powerful Bakhtiar and the Cavaliers for four downs within the seven yard stripe late in the third quarter, and the Cavaliers kept the Gobblers from scoring with determined stands late in the fourth period.
Until Rudy Hays, Clemson fullback, intercepted Jimmy Lugar's third-period forward pass, it was a ball game that could have gone either way as Clemson led 7-0. "That interception broke our back," Coach Mosley commented later. The Gobblers earlier had frittered away a scoring opportunity in the waning seconds of the first half, marched from its own 27 to the Clemson 11-yard line, Lugar mixing passes to ends Carroll Dale and John Moody along with the hard-running of fullback Bobby Conner.

The Gobblers, who had a five-game winning streak and sought their third victory over an Atlantic Coast Conference team, appeared certain to score until Lugar's poor pass and Hare's interception led to preserving Clemson's undefeated record.

Twice, offside penalties inside the 10-yard line hurt as Clemson scored. Tech could not match Clemson's pursuit game; a factor which deprived junior Corbin Bailey, a halfback, of a touchdown in the third quarter. He picked up the game's longest run from scrimmage, 39 yards on a pitch out around right end, before being stopped at the Clemson 33. Tech went on to score with Lugar ending a 73-yard march. Ray England's attempted conversion was blocked and Clemson then led, 14-6.

Undoubtedly the failure of the Hokies leading ground gainer, halfback Bobby Wolfenden, to play because of injury hurt the attack. He was used only to punt.

Had the fighting Gobblers scored after Bailey, who had a remarkably good day with 86-yards gained on 11 carries, moved them to the Clemson 10 at the end of the second period, the game would have been different. The attack stalled at the six-yard line.

An early injury — on the sixth play of the game— removed the best end, Grover Jones from the Hokie line up, Moody replaced him and he did a good job in the Tech line along with Pat Carpenito and John Hall. Tech outgained Clemson overall, 272 yards to 266, but the Techmen were not sharp and did not mix their plays well. All in all, it was a good Tech team that got caught in the mistakes they made by an alert Clemson game.
Wake Forest used the savage running of fullback Bill Barnes to manufacture a 13-13 deadlock with a fired up Hokie team played in Miles Stadium before 7,000 fans in crisp, cool football weather.

The Tech backfield gave a display of powerful running attack. The Gobblers rolled up 249 yards through the air on six of 12 passes.

The Gobblers' rugged line, although it failed to contain Barnes most of the time, limited the other Deacon backs to 55 yards rushing. Barnes established a new single season rushing record in the Atlantic Coast Conference by bulging his way for 105 yards in 21 carries. Freshman end Carroll Dale, and Sophomores Jim Burks and Nick Mihalas were particularly outstanding in their line play.

Backfield play by Jimmy Lugar, Ray England, Corbin Bailey, Barry Frazee, and Captain Don Divers provided most of the offensive spark for the Gobblers. Lugar scored Tech's initial touchdown in the first period on a two-yard sneak and England added the second on an 18-yard end run in the third quarter.

The Techmen, who trailed at halftime 7-6 averted defeat in the final quarter as Jim Burks, 220-pound tackle from Bedford, broke through to block Larry Brooks' try for the extra point after the Demon Deacons had tied the game at 13-13.

After the game Coach Moseley said he thought the Gobblers "didn't play good football." "Our boys were trying to hit hard but our tackling and blocking weren't sharp. We looked as though we were still flat from last week's game with Clemson and we didn't move the ball the way we should have," he said.

With the favored Gobblers fighting a determined team to a 13-13 draw, the record stands now 6-2-1 for the season.
THE ROANOKE TIMES

Tech Routs VMI, 45-0

Hitting on all cylinders for the first time since the Richmond game, the Techmen went score happy Thanksgiving Day in Roanoke to hand the V.M.I. Keyclets a 45-0 drubbing. This was the worst beating a Tech team has ever administered to its traditional rival from Lexington. The Gobblers had little or no trouble with V.M.I.’s offense or defense all afternoon.

Five Techmen scored touchdowns, and Barry Frazee booted three extra points to build up the 45 point total. Ray England, Jimmy Lugar, and Bobby Wolfenden each scored once, while Corbin Bailey and Don Divers crossed the goal line twice.

Bailey’s play won for him the award as the outstanding player of the game. He executed the most spectacular run of the day, a 70-yard touchdown jaunt through the entire last of V.M.I. defenders. He carried the ball three times in addition to his 70-yard run and picked up a total of 82-yards on the four carries.

There was never any doubt as to the outcome of the game as Tech scored its first touchdown with the game just over six minutes old.

Perhaps V.M.I.’s coach, John McKenna, made the most significant remark of the day about the game and Tech’s play throughout the season in general when he said, “All three Tech teams played very well.”
FRESHMAN FOOTBALL

After a slow start, the freshman football team found the range and won their last two games, upsetting North Carolina State's highly-regarded frosh, 25-21, and drubbing VMI, 32-14.

The Boblets dropped their opener to a rough, tough Cincinnati team, 7-0, in what turned out to be a spine-tingling affair. The potential tying touchdown was stymied as the Bearkittens intercepted a Tech pass in the end zone on the final play of the game.

The Goblets jumped off to a 13-12 halftime lead in their game against West Virginia at Bluefield, but the frosh Mountaineers wore them down, 26-13.

Against the Virginia freshmen at Charlottesville Tech's first-year men couldn't get going on a rain-soaked field and suffered a 15-0 beating.

Then came the N.C. State game in which Tech came from a two-touchdown deficit to defeat the Wolflets. Bobby Cranwell, brother of the Gobblers' ace quarterback, gained 102 yards and scooted for three TDs.

Cranwell was a big gun again as the frosh swamped VMI in an almost inundated Miles Stadium. Frank Eastman, Charlie Blankenship, Clyde Barnett, Ken Byrd, Ken Wheeler, Bill Eaton and Bill Story also served notice that they might well be candidates for varsity positions in the future.

Davis Through the Line
BASKETBALL

Captain Clayton (Abe) Coates led the basketball team to one of the finest seasons in Tech's history. In addition to compiling a 14-0 record, Tech won the Big Six title for the first time since 1948 and hung up an eight-game winning streak, the longest since 1944.

The Gobblers advanced to the semi-finals of the Southern Conference tournament before losing a well-played game to Washington and Lee, 68-54.

For a team that wasn't given much consideration before the season as a contender for honors, Coach Chuck Noe and his crew did a very praiseworthy job.

Ironically, two of the team's finest efforts turned out to be losing causes—a 55-56 defeat by mighty Kentucky in the Sugar Bowl tournament and a 54-59 loss to West Virginia's race-horse mounties. Despite the Kentucky loss, Virginia Tech is a name that will not be soon forgotten to sports fans in New Orleans.

The winning streak is quite noteworthy, comprising eight wins and no losses during February. Tech began the streak with a solid 70-56 win over the University of Virginia, followed by victories over George Washington, 83-67, Washington and Lee, 66-56, William and Mary, 94-63, (Tech's first win over the Indians since 1953), Washington and Lee, 54-46, (an upset at the General's Duremus Gym), VMI, 80-43, (clinched the Big Six crown), George Washington, 82-63, and VMI, 82-70.

Tech's Big Six record for the year was 8-1, losing only once, 72-70, to William and Mary while defeating the Indians once and each of the other clubs twice except for Virginia whom they played only once.

Left to Right: H. S. (Skip) WELD, mgr.; TERRY PERRY, g.; ROY MORGAN, f.; JACK BOXHAM, f.; ED BOWLER, f.; JOHN QUINN, f.; ABE COATS, g., Capt.; BOB PARKER, g.; DAVE KUHN, f.; DICK JONES, f.; JIM SETTLES, g.; DICK VINCENZ, g.; LEWIS MILLER, sr.; and COACH CHUCK NOE.
The Gobblers’ conference record was 12-5, giving them third place in the season’s race.

The 1956-57 squad lost only one home game, 85-81, to a red-hot Furman team which hit 55 per cent of its shots in the first game played under new lights placed in War Memorial Hall during the season.

Coates and Terry Penn, sophomore guard, won seasonal honors, each being named on the All-Big Six first team, second All-Southern Conference, and second Southern Conference tournament team.

Coates finished the season as Tech’s top scorer and rebounder (ranking among the top 15 in the nation) but was cited by Noe primarily for the excellent leadership he provided the team.

Next year’s squad will sorely miss the experience of four seniors: Coates, John Quillen, Jim Settles and Jack Bonham.

Returning to form the nucleus of next year’s team will be Larry Hemmings, Dave Kuhn, Buck Jones and Tom Morris, all junior forwards this season, Sophomores, Penn, Chuck Moseley and Ron Weber, and freshmen, Lewis Mills and Bob Parker.

A Tech freshman squad, coached by former-great Bill Matthews, played a limited schedule of four games, winning only one although dropping a couple of close ones. Whether players from this squad can earn varsity spots in the future remains to be seen.

With two straight winning seasons since taking over the head coaching job at Tech, Noe has established himself as one of the outstanding mentors in the conference and a builder of Tech’s basketball fortunes. His two-year record is 23-18. Nine of the 18 lossees have been thrillers by one to six points. At War Memorial Hall his Gobblers have won 16 while losing three (by four, five and six points).

On paper, Tech will not be anybody’s pre-season favorite to capture honors during the 1957-58 season, but chances are that the Gobblers will not be taken lightly, if only because of their spirit and hustle.

The Tech thinclads had one of their most successful seasons in recent years last year, losing only one dual meet to Richmond by two and one-third points. Tech closed out the season by winning the Southern Conference track and field championships which were held in Blacksburg.

Co-captained by Dick Arnold and Dave Ebert, the Gobblers worked together throughout the season to prove their ability on the cinders and the field. The season was highlighted by the efforts of Dick Arnold, Bob Wingfield, and Dave Ebert. Arnold, 1955 Conference 440 winner, and Wingfield, 1955 Conference 880 champ, raced to an undefeated season and repeated their 1955 performances in the Conference meet. Dave Ebert, Tech’s ace broadjumper, broke the Miles Stadium broadjump record with a leap of 22 feet, 6 3/4 inches.

*Coach Laird*

*Jim Steel on third*

*Nick Mihalas behind the plate*
The Techmen utilized a late season rally to best advantage this year in earning for themselves a fourth place slot in the Southern Conference. The rally saved the stickmen from a cellar finish, but it came too late to change the conference standings.

Coach "Red" Laird led his boys to a 9-12 season's record and a 7-7 conference record. Leo Burke was again the big gun, matching his .325 of last year with a .318 this year. Burke and Jackie Williams are graduating this year, but the prospects for the '57 season are still excellent.

Jackie Williams is the only pitcher being lost this year. Returning hurlers will be Grover Jones, Dave Burks, Dave Kuhn, Bobby Wolfendon, and Jim Brannan. The pitching staff began to show real signs of life toward the end of the season and lived up to pre-season predictions. Tech should be very strong in this department in the forthcoming season.

A nucleus of a strong team will be ready for the opening practice sessions next year. Welford Lucy and Jimmy Clarke will probably hold down the right side of the infield. Jimmy Steel and Bill Tilling will be around the third base slot for two or three years yet. Nick Mihalas will return as catcher, backed up by Crawford. The outfield will consist of at least two returnees, Dave Kuhn and Cecil Mayner.

The Tech team finished the '56 season with a record which certainly could have been worse. The prospects are good for improvement in the '57 season and a possible recovery of the Southern Conference and Big Six titles.
CHEERLEADERS

Coach Dick Redding's swimmers pulled one of the biggest upsets of the year as they won the Southern Conference championship from highly-favored VMI, defending champion.

Bill Grossmann, rated outstanding swimmer of the conference meet, established a record in the 100-yard breaststroke and broke the record in the 200-yard breaststroke as he won three events.

Ronny Hedly, freshman, also was a triple winner, topping the 1500-meter, 220 and 440-yard freestyle events. Hedly was undefeated in the 440 and lost only once in the 220 during the season despite the fact that he had never previously swam competitively.

The team's regular season record was 5-2. The biggest win was an upset over previously undefeated Washington and Lee. Other victories were over William and Mary, Davidson, Virginia, and West Virginia. The Golders lost to a strong East Carolina team and dropped a thrilling 44-42 decision to powerful VMI.

John Wade, sophomore, broke the Tech pool record in the 200-yard backstroke, covering the distance in 2:31.1 in the meet against Davidson. His performance cut 1.3 seconds off the record set in 1956 by Charley Daugherty. Wade did even better in the Big Six meet, swimming the distance in 2:28.3.

Hedly, probably the best distance swimmer Tech has ever had, swam the 440 in 5:11.1 against West Virginia, breaking the record set in 1951 by Mack Jones, who is now assistant swimming coach. Hedly covered the 440 in 5:07 in the conference meet.

In addition to Grossman, Hedly and Wade, the 1957-58 squad should be able to count on good performance from Bob Grossman, Dick James, Jack Holloran, Paul Sykes, Daugherty, Don Kennedy, John Blondell and Giles Sydmar.

The Virginia Tech golf team, led by medalist Maurice Tanner, successfully defended their Virginia Collegiate title and won the Southern Conference Championship this year in one of their best seasons. The team, coached by J. P. Newman and O. W. Addington won the state championship for the second straight year finishing 23 strokes ahead of their closest opponent, Virginia.

WRESTLING

By winning all seven of their matches during the 1956-57 season Coach Frank Teske's wrestlers had a third straight undefeated season and ran their victory-streak to 23 and are taking deliberate aim at number 24 in next season's opener despite the fact that they have lost their Southern Conference crown.

Although Techmen copped four individual championships, VMI nosed out Tech, 66-62, for the Southern Conference tournament team title.

Tech had opened its dual-meet by downing the Keydets, 25-10, and were favorites to win the tournament title for a third straight year. The Techmen had to settle for the runner-up plaque and the four individuals crowns (three more than any other school won).

In their seven dual meets (56 individual matches) the matmen scored 31 pins and won three others by forfeit, accounting for 170 of the 207 points chalked up. Opponents (VMI, Washington and Lee, West Virginia, North Carolina, Virginia, Wake Forest and Davidson) scored a combined total of 40.

Co-Captain Armand Taylor, a senior, Sherman Vandevender, sophomore, and Brandon Glover, freshman, went through the season undefeated and captured Southern Conference crowns in the 137, 147 and 130-pound divisions, respectively. Don Vaughn, a junior, won the 167-pound conference championship.

Vandevender and John Smith each won six falls in Tech's dual meets and Glover had five (Vandevender won once and Glover twice by forfeit). Others who scored pins during the season include Taylor, Roy Wright, Vaughn, Don Moore, Bob Bowman and Co-Captain John Wright, who was lost to the squad following a mid-season knee operation.

Teske and his crew refuse to consider any foe lightly, but the Techmen are looking forward to the opportunity of regaining their lost crown.

TEennis

Last season the Tech racqueteers, coached by Mr. "Buck" Buchanan, played an impressive schedule which included Notre Dame, Colgate, Marshall, V.M.I., Washington and Lee, George Washington, Virginia, William and Mary, and Richmond. Although the Hokies lost several times, every match was hard fought, and the Techmen accredited themselves well.

Three of last year's top men, Maxey Bryant, Hank Hutchinson, and Chuck Moyer, have graduated. Returning lettermen are Joe Zimmerman, Bill Parker, Sam Green, and Palmer King, and they will form the strength of this year's courtmen. Several freshmen show promise and will round out the team.

Tennis fans should glimpse a promising band of Tech racquet swingers this season, and hopes are high for a successful season.

Rifle

With the help of five returning Lettermen out of a ten man team the Tech Riflemen had a most successful 1956 season in Rillbery. Competing in ten regular season matches against eighteen opponents winning against fifteen and losing to three opponents, Navy, Army, and The Citadel. Late in the season a new school team record of 1425 was set on the V.P.I. Range against Ft. Lee and Davidson College. The old team record, 1424, was set in 1954; V.M.I. and W. Va.

The Tech Riflemen in March, 1956 had the honor of being the first Southern Conference Champions in Rillbery. The members of this Championship team were: Captain, James S. Sterling; Cadet Robert L. Dailey, Cadet Richard A. Burgess, Cadet James E. Shriver, Cadet Ellis Lea and Cadet Lawrence J. Di Joseph.
To the Members of the Class of 1957

Greetings and hearty congratulations from more than eighteen thousand former students and their Alumni Association. Best wishes for a long, happy and useful life as TECHMEN.

Through its local chapters and especially through its central office on the campus, the V.P.I. Alumni Association looks forward to serving you. It welcomes you into alumni status. It offers you the proud mantle of Stewardship to keep and to enhance.

Remember: If a great Alma Mater is in your dreams YOU must help make her great.
OPPORTUNITY
awaits top technical men in the
world’s largest factory of its kind

It’s not the kind of opportunity that assures the
most mediocre man a rocket-like rise to the “top”.
But it is the solid kind of opportunity that recognizes
merit and offers steady progress to any ambitious,
willingly-to-learn, intelligent VPI Graduate who wants
a future in a great Southern industry.

Engineering, Chemistry, Selling, Advertising, General
Business Administration — in these and other
fields at The Lane Company, there are sturdy and
much-used “ladders to the top” awaiting the right
men.

VPI colors fly today at a number of key posts in
the Lane organization: Chairman of the Board, Vice
President, Vice President and General Manager,
Plant Engineer, Territorial Sales Representatives . . .
these to mention a few. Thus, the VPI Graduate now
launching his career in the Company finds an especially
congenial “Alma Mater” atmosphere to make him
feel at home right at the start. Don’t judge oppor-
tunity by its distance . . . sometimes the biggest oppor-
tunities are closest to home!
