The 1970 BUGLE is dedicated to Dr. Willis G. Worcester, Dean of the College of Engineering, who was killed February 10th 1970. Dean Worcester did much for the College of Engineering and for VPI. He will be sorely missed.
As the English majors of Williams Hall would quote, Tennyson expressed man’s thrust aptly:
“Forward, forward let us range,
Let the great world spin for ever down
the ringing grooves of change.”

And the past ten years at VPI have brought ringing changes. In 1960 a wing of a new engineering building was opened, by Burruss Hall. It houses the civil engineering curricula; later, an extension was added, which included the familiar archway and also an auditorium. Engineering mechanics moved into this building, which was later to be named Norris Hall. Here were offices of the Dean of Engineering, the testing laboratories, and for a time, the co-op offices.

Meanwhile, across the campus, the School of Home Economics was established.

An imposing War Memorial and Chapel was completed at the edge of the drillfield. Contributed by the alumni, its tall eight limestone pylons represent the figures of Brotherhood, Honor, Leadership, Sacrifice, Service, Loyalty, Duty, and “Ut Prosim,” VPI’s motto: “That I might serve.”

The lower level provides a chapel, often used for the weddings of students. Three white stone figures of man show him sowing grain, kneeling at harvest time, and in the center, man’s relationship to his maker.
In 1961 the Biochemistry and Nutrition Building was constructed on the hill behind the Agricultural Quadrangle. Research programs developed in this center have reached out to such far places as Haiti in the West Indies and to the Philippine Islands.

After Jerry Claiborne accepted the difficult assignment of head football coach, the influence of his skillful coaching techniques with solid traits of character were pervasive beyond the playing field.

Another person whose guidance was a positive force on the ever growing campus was Brigadier General M. W. Schewe, the Commandant of Cadets.

This year was the last one, before his retirement, of the fruitful leadership of Dr. Walter Stephenson Newman, who had been Tech's president since the end of World War II. He had accomplished much during the post war years.
Dr. Thomas Marshall Hahn, Jr., returned to the VPI campus in 1962 as the school's eleventh president. He assumed the presidency on July 1, 1962, at age 35, the youngest president in the university's history. Formerly a professor and department head in the Department of Physics from 1954-1959, the able executive had served as Dean of Arts and Sciences at Kansas State University for three years.

Dynamic and energetic, Dr. Hahn soon visioned and worked out a magnificent pattern of development for Virginia Tech. For the past eight years he has transformed dreams and blueprints into a plant and programs which are a credit to the Commonwealth of Virginia. He has led the way with work, intelligence, and dedication.

In September of that year cadets first used the facilities of Shultz Hall, which contained three separate dining rooms, a snack bar, and, for several busy years, a post office.
Ground had been broken for Tech’s huge Coliseum three years before. Of steel and concrete construction with bracing spans, its roof is supported by laminated wooden arches. The structure contains 10,000 permanent seats, which are usually filled with fans watching the exciting basketball games. In June, 1963, this splendid Coliseum witnessed the color and ceremonious dignity of the graduation exercises. It has continued to be the scene of VPI's climactic academic ritual.

During that year the College of Arts and Sciences was created. This move testified to the increasing number of Tech students who sought instruction in the varied disciplines of this new College.

Likewise, as the faculty grew in numbers, the state adopted a policy to base institutional faculty salaries on the average of faculty salaries in comparable institutions throughout the United States. VPI was keeping up with progressive trends.
The VPI Board of Visitors ruled in 1964 that new students could make membership in the venerable Corps of Cadets an optional choice. Despite some mutual teasing, both the “Gadgets” and the “Grubs” fell in step to push harmoniously for an improved VPI. This unity faced the challenges and problems of the growing complex at Blacksburg.

Miles Dormitory opened that year. Named for the legendary C. P. “Sally” Miles, it met a need. Professor Miles had been at Tech the athletic director, a teacher of German, and a dean of the College from 1943 until 1950. Since its opening, Miles Dorm usually has housed students attending Tech on athletic scholarships. Their achievements in sports are worthy of the esteemed Miles name.

When the Department of Architecture grew into the School of Architecture, a sixth school was now added to Tech’s academic offerings.
VPI's fine football teams finally in 1965 had a home worthy of their gridiron achievements when spacious Lane Stadium was dedicated. This huge structure was made possible by gifts from Mr. E. H. Lane, of Altavista, Virginia, and other loyal alumni.

Seeking to become national in its athletic competition, Tech that year withdrew its membership from the Southern Conference, of which it had been many times the champion.

In December, 1965, the "Report of the Higher Education Study Commission" described Virginia Tech as "the State's land-grant University". The Preston and Olin Institute had come a long way since 1854.

This studious report also stated: "It is recommended that the authorities of Virginia Polytechnic Institute give attention to the choice of a better designation for the institution, one that will indicate its historic importance as the land-grant University of Virginia."
O'Shaughnessy Dormitory, which was placed in 1966 near the site of the cleared away Miles Stadium, rose seven stories to become VPI's first highrise dormitory. Steady progress had brought many changes to the skyline of the campus nestled at the foot of Brush Mountain.

Another change was the extensive remodelling of Eggleton Hall, at the edge of the drillfield. This project then permitted the University to admit more of the women students who sought admission to Tech as its course offerings had multiplied. The presence of many girls along the campus walks (and at tables in the two dining halls) added a note of grace to the campus scene.

In early December of this year, plucky Tech fought a losing but strong football game against Miami in the "Liberty Bowl" at Memphis, Tennessee.

Co-eds, Bowl games, research grants, increased services, and more student participation in academic questions enriched the life of the school.
The new Pritchard Dormitory, which opened in 1967, ranked as the largest dormitory on the campus. It housed over a thousand students, a number that a few years earlier would have included the entire student body. Walkways to its entrances were crowded with busy students.

Miss Maude E. Wallace, who is the assistant director emeritus of Home Demonstration Work, was honored by the naming of the new home economics building placed not far from Hillcrest, for her long service.

The former Faculty Center which had held apartments for VPI teachers was extensively remodelled and expanded into the Donaldson Brown Continuing Education Center. It provided modern chambers for small and large conferences; two spacious dining room areas; hospitable lounges, and bedroom units for delegates to various conferences on the campus. Named for a generous Tech graduate and alumnus, the Brown Center quickly became a base for important meetings. Here local, state, national, and international groups assembled at the C.E.C. Truly the new facility was a fountainhead for the continuation of education.
With the expanding University, it was imperative that the main administrative building, Burruss Hall, be enlarged in 1968. Extensive rooms were added to the west and to the rear of the gray stone building whose towers overlook the sprawling campus. The original building had been built with W.P.A. funds in 1936, and for a number of years was adequate for the students, faculty, and officials.

Tremendous growth in the architectural college now required added space for its many courses, now including programs in urban and regional planning. And so Cowgill Hall was erected behind Burruss Hall, its contemporary block forms a new contrast with the traditional stone design of nearby Burruss.

The positions of four new vice-presidents were created to direct the complex activities of the maturing VPI.
Students returning at the opening of fall term 1969 found that the comfortable features of the new Squires Student Center had been worth the long wait. At last Tech students had a "headquarters" and the campus, a "crossroads." During its festive opening program the week of Homecoming, three concerts were presented by visiting entertainers. The art gallery has displayed the work of VPI and national artists. And from the hundreds of guests during Homecoming weekend, the Student Center drew crowds to its ample dining rooms and lounge parlors.

The beloved Paul Derring, director emeritus of campus religious activities, came from his retirement home in Richmond to speak with wit and wisdom at the dedication of Derring Hall. The largest academic building on the vast campus, it now houses growing departments of sociology, psychology, education, biology, and geology.

Cultural programs were strengthened with the opening of the F.M. unit of radio station WUVT, operated at the school by Tech students. This musical opportunity joined with developing programs of the student glee clubs, the University theatre, the chamber music series, the schedule of lectures by noted personages, and the VPI orchestra to enrich cultural life in the University setting.
What now lies ahead for Virginia Polytechnic Institute in "the ringing grooves of change"?

Important new programs and buildings are now in the planning stage. An enlarged graduate school will bring widened academic choices... a new building for the flourishing Forestry and Wildlife Department, to be named Julian Cheatham Hall... A new build-
ing, McBryde Hall, which will be occupied by the Departments of Mathematics, Political Science, and History... and a new engineering building Whittemore Hall, to handle the large enrollments in engineering, electrical engineering, and industrial engineering.

Robert Louis Stevenson wrote: “To change what we can: to better what we can.”

1969, A Year to Remember for the Gobblers

1969 will be a year to remember for the Virginia Tech football Gobblers, but not because it was a successful year. 1969 was a strange season for the Techmen, a season where the best team in the Hokie football history managed to win only four games and to tie another. 1969 was not a winning season; record-wise.

In the pre-season polls, the Gobblers were rated to win at least nine of their ten games with the toss-up being the opener against Alabama. If the Hokies could have beaten Alabama, most people thought that they would go undefeated.

The Alabama game was played in Lane Stadium with an overflow crowd of 42,000, the largest attendance for any sporting event in the state's history. The Gobblers played well enough to win, but didn't as they fell on the short end of the 17-13 score. What happened then could be termed disaster when both Wake Forest and Richmond beat the Gobblers.

Homecoming against Kentucky was the next game for the winless Hokies. A high spirited crowd was on hand to show their team that they had not given up on them. The game went down to the wire, but the Techmen lost 7-6 as their last minute field goal did not split the uprights. Then came the South Carolina game and more excitement with another near win. The Hokies seemingly pulled the game out as reserve quarterback Gil Schwabe came off the bench and fired a TD pass, putting his team ahead 16-14 with about one and a half minutes left. However, USC did the near impossible, marching downfield and scoring the winning points on a 47-yard field goal in the closing seconds of play. The Hokies were now winless for five games.

Phase two of the season started in Buffalo with a 21-7 win. Bob German's 10 for 10 passing paced this initial win. Things were beginning to look like the pre-season polls. Next came the Harvest Bowl where the offense came to life in the 48-7 smashing of W&M. Terry Smoot and Rich Matijevich were the two big men for Tech, rushing for 147 and 119 yards, respectively. Matijevich also had a 92-yard TD kickoff return.

The defense came to life a week later as the line of Steve Bocko, Larry Creekmore, Pete Dawyt, Jim Pigninelli, and Sammy Bria contained an offensively minded Florida State team to a 10-10 tie. And the Oyster Bowl in Norfolk was where the Gobblers put it all together, killing the Duke Blue Devils 48-12. This was also the game where Ken Edwards returned to his full strength, rushing for 105 yards on 14 attempts. Had it not been for a preseason injury to Edwards, 1969 might have been a different story.

The Oyster Bowl was also the site of the most exciting individual performance by a Techman in the season. Perry Tiberio rushed for 170 yards on 10 carries and gained another 70 on one pass reception.

The season ended with an easy 52-0 victory over a helpless VMI squad. Judging the team on performance, 1969 had to be a great year for Tech football.

Tech Soccer Club Features British Coach

Soccer faced a rebuilding year at Tech in 1969. A new coach took over the reins of the soccer club to begin to shape them into a major sport. Martin Browne should be the coach who can bring soccer to a major status at Virginia Tech if he can reflect some of his background on to the team. Coach Browne brought his soccer talents from England to the Tech drillfield. While in England, he was one of the top British soccer players. Coach Browne had one detour on his trip from England to the Tech Physical Education Department; that being a stop in Dallas to play professional soccer for the Dallas squad last summer. The Tech team did not have many wins in the early part of the season, but they ended up strong giving indications of what is in store for Tech soccer in the future.

1969-70, the “Wait

1969-70 was a strange year for Virginia Tech Basketball; it was the first losing season in fifteen years; it was the season of the “wait until next year” team. The season got off to a dismal start with only one win and five losses in December. January was a little better with five wins and four losses. February saw five wins and three losses to conclude the season at 11 and 12.

What was the big turnaround in January? What made the Gobblers win? The answer to both of these questions is the “wait until next year” team. After December, Coach Shannon made a few changes in his lineup which became a team of all underclassmen. The starters became sophomore Charlie Lipscomb at center, sophomore Tom Trice at forward, junior Wayne Lockett at forward, sophomore Bill McNeer at guard, and junior Loyd King at guard.

The “wait until next year” team improved as the season progressed. They opened January with five wins in their first six games evening the Gobbler record at 6 and 6 with an impressive 91-74 Coliseum win over Eastern Kentucky. Then the tragic road trip south killed the Gobblers with losses at Clemson, South Carolina, and Florida State making the record 6 and 9 at the end of January. This appeared to be the end of the Hokies.

A new month brought some new life for the Techmen as February opened with a hard-fought 76-75 win over West Virginia in Charleston. Then came a heartbreaking 73-66 overtime loss to nationally-ranked Davidson in a home game, an outstanding 102-69 home win over Loyola, an 80-71 exhibition win over the Athletes in Action, and a 94-78 home upset win over the Deacons of Wake Forest. Now the Gobblers were at 10 and 10, a winning season was still possible.

Lipscomb hooks in two against Eastern.

Until Next Year” Team

February 18, was the day that killed the chances of a winning season for 1969-70; Appalachian State was the team. The Gobblers did not play up to par on that night and were beaten by the underdog Mountain’eeners by an 83-79 score in the Tech Coliseum. Next the Hokies went to Chapel Hill where they were slaughtered by the Tar Heels, 98-70.

Twelve losses, and only ten wins made the final game of the season worthless; there was no way that Virginia Tech could have a winning season, yet the Gobblers did not get discouraged. Playing one of their best games of the season, Tech beat West Virginia, 80-78. A crowd of over 7,000 was on hand to show the Gobblers that all was not lost. The people in the Coliseum knew that the future would be brighter.

A close look at the season will show that Tech lost two important games in overtime play to Duke and Davidson, and another seven by ten points or less. The only big losses came to North Carolina State 78-63, South Carolina 86-54, and North Carolina 98-70: three teams that ended up nationally ranked. Things were just that close to a good season.

Individually Loyd King led the Gobblers with a near 20 point average and some outstanding ball-handling. Charlie Lipscomb and Tom Trice also averaged in double figures as well as being the rebound leaders.

For the seniors 1969-70 was a disappointing year in two ways: it was a losing season and they did not get to play much. Walt Deskins, Ron Wagner, Dale Manuel, Jack McNulty, and Danny Walker ended their careers by watching a “wait until next year” team being formed.
Basketballers Win One in Dismal December

Goblet Team Hampered By Many Bad Breaks

The Virginia Tech freshmen basketball team had a surprisingly good season in 1969-70 after a slow start. Allan Bristow was the leader of the Goblets in both the scoring and rebounding departments averaging over twenty points and fifteen rebounds. John Payne trailed Bristow in both departments. Guards David Bohn and Tim Harvey gave the Goblets good outside men on defense and for the long baskets.

After the first few games Jimmy Allen and Ed Frazier returned from injuries to help the Goblets, and Jeff Ulbrich played a good game at forward. The Goblets played better than their record shows, but they had many breaks go against them. To name one: at Wm. & Mary the official scorer gave a Tech basket to the Indians, and though the Goblets outscored them by three they lost by one.

Russell Reid Leads Gobbler Matmen In 1970

Two words can sum up the 1970 wrestling season for Virginia Tech: those being Russell Reid, a sophomore in the 142 pound weight class. He was named the Outstanding Wrestler in the Virginia Collegiate Tournament which was held over the Christmas vacation. He won the title by defeating Shelly Zablow, a high school All-American from Granby, who is now attending the University of Virginia. Reid rarely lost for the Gobbler matmen.

Another Gobbler defeated Zablow before the season was over, that being Wayne Singleton in a dual meet at Virginia. Injuries plagued the Tech matmen throughout the season. By the time the year's end came, not many of the starters were around. Those that were, gave it all they had all the way.

Tech wrestlers get last minute instructions.
Hokie grapples with opposing Big Ten wrestler.

An Indiana man on his way down.

Dual mats keep the action moving.

Tech wrestler avoids getting pinned.
Virginia Tech swimmers behind the strength of junior Doug Adams gained an impressive third in the 1970 Virginia State Swimming Championships. Adams captured a first, third, and fourth while breaking a meet record and two school records. Adams was the best in the state in the 200 breaststroke with a fast 2:23.7 setting a state meet record. His school marks were the 100 breaststroke, 1:05.0, and the 400 individual medley, 4:50.9. Adams also was a big winner in many of the dual meets throughout the season.

Youth was the main part of the 1970 edition of the Gobbler swimming team. Most of the squad were of the underclass variety and they did a respectable job considering their inexperience. The future years look up for the Techmen. Four seniors made up the bulk of the experience for the Techmen: David Throckmorton in diving; Jim Schwartz, IM and breast; Jack Singleton, IM; and Tom Heflin, Sprints.

Spectators got caught up in the enthusiasm at home meets in the 1970 season. The bleachers in the War Memorial Gym Swimming Pool area were nearly always full to capacity aiding the Tech team.
Doug Adams Again Leads Hokie Swimmers

Tech Gymnasts Have Best Season Ever In 1970

Kneeling: Mike Bauer, Dave Lippard, Wallace Francis, Doug Feuerbach. Standing: Coach Ron Cuffman, Jim Tuttle, Manager.

Bill Glover takes top honors against WVU.

Melinda Durvin in winning form.
Gymnastics at Virginia Tech had its best year in 1970 under the leadership of Coach Ron Curfman. In the lone home meet of the season the Gobbler gymnasts defeated West Virginia. Other wins came at Frostburg and Chapel Hill. At UNC the Techmen won a double-dual competition against Carolina and The Citadel.

Dave Throckmorton, Ray Gatti and Bill Glover were the big winners for Tech. Throckmorton’s best event was the Free Exercise, Gatti’s the Side Horse, and Glover’s the High Bar. Throckmorton also participated on the vaulting horse and Glover on the rings.

1970 was also the first time that the Tech women participated in competition. They were also victorious against North Carolina.

David Lippard executes beautiful form.

Unmistakably Throckmorton.

Gatti’s specialty.
Sophomore Jerry Gaines Leads Tech Runners

Will Carroll sets record in VMI Winter Relays.

Take one down and pass it around.

Gaines and Nicholson, Tech's one-two punch.

Star VMI track runner.
Track at Virginia Tech in 1970 entered a new era with a new coach. Glenn Hays took over the coaching reins and carried his Tech tracksters to many good performances in both the Cross Country and the Indoor Track seasons. Senior Joe Painter carried the bulk of the running in the cross country events and sophomore Jerry Gaines led the indoor runners.

The Gobblers finished second to William & Mary in the 1970 State Indoor Track meet, failing to retain their title. Jerry Gaines won the 60-yard low hurdles for the sole first place for the Techmen. In other indoor meets Will Carroll won the high jump with consistency.

What happens when you’re stuck?

Up, Up, and Away!
Gobblers Have Outstanding Baseball Team

1969 was a banner year for Virginia Tech baseball. After posting a regular season record of 26 wins and 5 defeats the Gobblers received an NCAA tournament bid. Pitching, hitting and good defense all were a part of this championship team.

The team got off to a surprisingly good start by winning eight of ten games on the spring trip. The only losses came to Clemson by identical scores of 5-4. Then the Techmen went on to extend their record to twenty wins and two losses before another defeat.

The season ended on a positive note for Tech as they got revenge over Clemson by sweeping a two game series. Next in line for the Gobblers was a trip to Gastonia, N.C. for the NCCA Regionals. In the tourney, Tech had two losses and only one win.

Five Gobblers ended the regular season with over .300 averages: Dean Hahn .394, Steve Rosson .363, Wayne Javins .353, Eddy Oates .333, and Bobby Horton .323.

In the pitching department Oates was 7-1 with a 1.04 ERA, Steve Pittman 6-0, 1.32 ERA, Ron Shockley 4-0, 1.26 ERA, Dean Hahn 4-0, 2.97 ERA, and Johnny Foster 4-2, 3.66 ERA. For the defensive part of the game the Gobbler strength was up the middle with George Shorter behind the plate, Dave Foster at short, Bobby Settle at second, and Bob Elwell in centerfield.
Elwell makes it to third.

Rosson connects on a long one.

Javins slides in safe at home.

Hahn makes putout at first.
Dave Foster covers first base.

Shockley tries pickoff.

Hahn scores for Tech.

Settle scores another Tech run.

It started to rain again!
Golfers Post a 17-1 Mark in 1969

In the spring of 1969, Virginia Tech golf went as well as, if not better than, the other spring sports. The Hokie golfers posted a highly successful 17-1 record with their only loss coming against the University of North Carolina. Billy Herbert, Tech's number one man, also ran up a record of 17-1. By doing so, he received a bid to the NCAA Golf Championships in Colorado Springs, Colorado. This was the third year that Herbert represented Tech in the NCAA tourney. Other honors won by Herbert in 1969 were the Virginia Inter-collegiate Golf Championship, with a 143, and several area tournaments. The Tech golfers played well enough to deserve a team bid to the NCAA Championships, but because of the Gobblers' independent status and geographic location, the bid was not forthcoming. Some of the teams that the Gobblers beat went to the tourney as their conference representatives. The weather gave the Techmen more time on the course so that they could build into the great team that they were. The rain stayed away for most of the spring.
The 1969 Tech tennis team had a successful season compiling a 13-7 record. The team was led by senior captain Jay Collins. Though the record was not as good as the previous year, the team was much better than the record indicates. Several of the lost matches were very close and could have gone the other way with just a few breaks. Over the past two seasons, the Techmen have won 26 of their last 38 matches. With most of the team returning for the 1970 season, the racqueeteers of Virginia Tech are looking forward to a highly auspicious season. Coach Don Sebolt is to be congratulated on the fine work he has done in producing winning teams at Tech. The tennis facilities at Tech are also reflecting this winning attitude. Last year at the end of the season the tennis courts were resurfaced so that the 1969 tennisr could use easier playing courts. Another addition to the tennis courts was a sun-screen on the fences that surround the courts. Tennis at Virginia Tech is rapidly becoming a major sport. The past few seasons have been rewarding, and the future looks promising for Tech tennis.

“More Than A Dream”

For the Class of 1970, Ring Dance was truly, “A dream come true.” It was the climax of our college career, both carrying on the traditions of the past and initiating new ones.

The first Ring Dance was held on April 27, 1934, by the Class of 1935. Here began many of the traditions which have had lasting meaning to each successive class.

To our classmates, Friday night, May 2, meant . . .

A bouquet of red roses for someone special; the ring figure; the sabre arch; the placing of the ring on your date’s finger; a kiss; and the Skitch Henderson Orchestra playing “Moonlight and VPI.” The evening was highlighted by an elaborate display of fireworks on the drill field and parties afterwards. For the first time, a combination of cadets and civilians was used within the same ring figure, and we were the first class to use Squires’ Large Ballroom.

Saturday evening offered a change of pace and tradition with Archie Bell and the Drells, and The Hesitations providing lively entertainment, keeping with the trend of American musical tastes and the wishes of the class members.

Class pride and meticulous planning made this dance a sight to behold. It was a just reward for the hard work and the long hours, and it was truly “MORE THAN A DREAM.”
If you drop this...

The start of a memorable evening.

A refreshing fountain connected the two ballrooms.

Skitch snatches himself a date.
A kiss inside the ring.

A special moment, long to be remembered.

Friday Night
Finale of Friday night with a display of fireworks.

"Donated" by the sophomores of the Corps as an added attraction to the Friday night's figures is the little brown pig.
A New Look For Saturday Night

"Hey, hey, there's goin's be a showdown," says Archie Bell and the Drells.

Would you believe "R and R?"

A change of tempo is offered by The Hesitations.
With Only One Month To Go ...
... Who Would Have Believed This?
The Virginia Tech Corps Of Cadets

The Virginia Tech Corps of Cadets consists of approximately 1000 men destined to be the military and civilian leaders of the future. The Corps, by its organization and operation, is designed to contribute to the all around development of the individual, to teach him self-reliance, respect for authority, loyalty to himself, his family, his unit, and his school. These goals are strengthened throughout the Cadet’s school years by encouragement in sports participation, extracurricular activities, and class projects, as well as by emphasis on a refined scholastic program.

By beginning his cadet life as a freshman “rat” at the bottom of the ladder, the cadet learns to perform what is expected of him in his best possible manner. As he matures, in the academic world as well as the military, he is assigned more and more responsibilities. By the time a cadet has reached his senior year he is capable of handling his senior course requirements as well as performing an important and usually time-consuming position in the Corps. This ability to take on several different tasks at once and performing them all satisfactorily is what makes the cadet a well-rounded person and potential leader of the future.

Virginia Tech is one of two universities in the United States that has a Corps of Cadets which is an integral part of the student body. Another unique aspect of the Corps of Cadets is its distinction of being the only fully self-governing cadet corps in the nation.

Although the Corps has its own honor court and exclusive societies, Corps members are active in all phases of campus life. Cadets are represented in student government organizations and have earned recognition in almost every academic and extracurricular activity at the university.

The Corps is proud of its past record and its traditions, and will continue to strive toward its goals of building and preparing men for tomorrow through careful scholastic planning coupled with equally careful leadership training.
Commandant of Cadets

Major General Francis T. Pachler, presently the Commandant of Cadets, has served a very distinguished military career with the United States Army. Since his graduation from West Point in 1931, he has held many leadership positions including Commanding General of the Seventh Division, Deputy Commandant of the National War College, and Chief of Staff U.S. Army Europe. For these services he has received the Silver Star, Bronze Star, oak leaf cluster Legion of Merit, Commendation Ribbon, and the Distinguished Service Medal for duty in positions of great responsibility during the period 1954-1967.

General Pachler and his staff provide guidance and consultation to the cadets, and co-ordinate activities of the Virginia Tech Corps of Cadets. This year General Pachler is assisted by his Chief of Staff Col. James H. McCann, his Intelligence Officer Lt. Col. John D. C. Baldwin, Operations Officer Lt. Dewey C. Sparks, and Supply Officer Capt. John D. Ghee.
Regimental Staff

The Virginia Tech Corps of Cadets is organized into one regiment of approximately 1000 men. The Corps operates completely under its own command, led by the Cadet Colonel and his staff. This year the position of Regimental Commander was held by John K. Janney, of Buena Vista, Va. An able leader, he commanded the Gregory Guard and served as Color Corporal. On the Regimental level, the position of Second in Command was held by Russell D. Jamison.

No organization can be any better than the men who lead it. This year’s Regimental Staff, composed of men of the highest caliber, saw many changes occur which they hope will prove to be constructive for the future of the Corps of Cadets.

JOHN K. JANNEY
Regimental Commander

Regimental Special Staff

This staff is unique in the Corps — it has no command functions. Rather, it is a special staff directed by the Commandant of Cadets, which performs special services for the entire Regiment.

Each member of the Commandant's Staff has a particular responsibility. The General's Aide acts as administrative commander of the staff and liaison officer between the Commandant and the Corps while the Scholastics Officer is responsible for all aspects of a Cadet's academic pursuits.

Although it is the pride of each cadet to uphold the Honor System, the final responsibility rests with the Honor Court Staff. The Chief Justice presides at all Honor Court trials, the Honor Council Chairman supervises investigations, the Defense Attorney conducts defense proceedings, and the Prosecuting Attorney supervises prosecuting functions for the Honor Court.
Corps Executive Committee

The Cadet Corps Executive Committee is for the purpose of guarding and protecting the reputation of the Corps of Cadets. The Executive Committee is made up of representatives from each class in the Corps, the freshmen class also being represented. Throughout the year the Executive Committee conducts investigations and inquiries in order to maintain the image which the Corps puts forth. If after extensive investigation and consideration by the committee, a man is found guilty of an offense, his punishment is recommended to the Commandant of Cadets.

The Virginia Tech Regimental Band, better known to many as the Highty Tighties, has long been one of the most active and dedicated organizations on the Tech campus. There can be no doubt that school spirit centers around the band. As every Techman knows the pep rallies originate at Lane Hall, the former home of the band, and are led by the band.

During the fall, half-time shows engross the majority of the bands activity. With two hours of practice daily, it is no surprise that the band put on nine precision shows, plus one for President Nixon in Roanoke at his request. Included in these nine shows is "Band Day", when high school students get a chance to see VPI and its famed band.

An addition to their fall activities, the band gives numerous concerts throughout the South.

Each year for the Highty Tighties seems to be one of growth, which further supports the fact that they are certainly the best band in the land.

One of the first two units formed in 1872, "Flying A's" many achievements and accomplishments since that time have made the unit one of the most respected in the Corps of Cadets. A former unit commander, Captain Lloyd Williams, coined the A Squadron motto: "Retreat? Hell no! We just got here," in reply to an order to retreat at Chateau Thiery. Originally formed as Company A, the unit became known as A Squadron when the Corps was divided into Army and Air Force units in 1957. Whether leading the Corps to drill, a football game, or in a parade, its members are continuing to uphold the tradition and pride which has been a part of Squadron A since its founding.

Gadget and friend

My God! A whole fifth?!
Each year brings new experiences and happenings to Virginia Tech and the Corps of Cadets. The 1969-70 year is no exception, and it will again be another great year for B Squadron. The squadron continues to excel both in the Corps and the university, and the members of B Squadron today will be the leaders of tomorrow. The unit will again be a favored competitor for the Group Cord, narrowly missing it in the past few years. The men of B Squadron look forward to winning the cord this year, and their spirit and determination are well evidenced in this year’s motto: “Deeds, not Words,” a phrase which will be illustrated in their accomplishments.

Going to feed the ducks?

Gateway to the 70's.

C Squadron, holder of the First Group Citation Cord for 1969, has for many years established itself as one of the most outstanding units in the Corps of Cadets. The unique freshman system, the emphasis on grades, the squadron spirit, and unity make C Squadron a superior unit. In the past six years, the squadron has held the Group Cord for five years, and the Gold Cord for one year. In 1966, C Squadron was selected as the best Air Force unit—all-around and scholastically. In 1968, the unit was again chosen as the best scholastic Air Force unit. In 1966, and again in 1967, C Squadron’s Eager Squads won in Corps competition, and in years since have consistently won the Group competition. Not only does C Squadron strive to win in every form of Corps competition, but also it enables every member of the unit to participate in a learning situation—to learn about himself, his fellow man, and military life.

Gregory Guard performs in Norfolk.

Freshmen co-ordinate spirit.
The pride of D Squadron is reflected in the shiny barrel of the “Skipper,” the cannon seen at all home football games for it has been D Squadron’s honor to man the cannon from its commissioning in 1965. This pride has evolved from glorious moments in recent years as winning Kohl competition, Sophomore Flight competition, Eager competition, and the Corps championship in intramural competition. A freshman who completes his first year in D Squadron truly feels proud in the knowledge that he has accomplished something. The freshman system in D Squadron is a class unity that will last far beyond the individual’s time at Virginia Tech. As members of the unit say: “We will be proud to say that we were members of the ‘D Delta Dog' Squadron.”

E Company

The pride of the Corps since its organization as the first battery in 1893, "The Big E" continues to carry out its traditions of spirit and leadership. Three years out of the last five, the unit has won the Battalion Cord, and under the able leadership of Michael G. King, hopes to win again this year. Responsible for hat tricks at home football games, and producer of many fine leaders throughout the Corps, Company E sets an example that the rest of the Corps is hard pressed to follow. The spirit and unity of the company is reflected in its motto: "Illigitimus non Carborundum."

MICHAEL G. KING
Commander

E Company supervises the Corps hat tricks.
In this, the greatest and final year of the Troop, we take this opportunity to look back upon the noteworthy accomplishments of our unit. F Company, in its past years, has been the recipient of several notable awards. It has been presented the R. W. Sinclair Silver Shaft Award, The W. A. Fry Chapter of Sigma Mu Pi (honorary military fraternity award), and for the past two years, has had a member elected to the Corps' most cherished post: Military Misfit. We wish to be remembered for our beneficial service to the VTCC and our loyalty to the spirit of F Company. May F Troop continue to assert its winning ways and attitudes, and go down as the greatest unit ever. In addition, it is suitable and only just we pay particularly sincere honor to those who have carried the banner of F Troop with them in their hearts as they moved into military and civilian careers. We feel honored to have had these persons in the ranks of F Company.

Pride of the Blue Army.

Company G, founded in 1922, began the 1969-70 school year wearing the Gold Cord, distinguishing the unit as the recipients of the Beverly S. Parrish, Jr. Memorial Award, an honor bestowed annually to the best all-around unit in the Corps of Cadets. The unit was also the winner of the coveted Kohler Cup, awarded annually to the unit which demonstrates the highest degree of excellence in drilling. The key to G Company's success lies in its quality personnel, who have the ability to combine strict discipline and rigid unity to adjust to any situation. These qualities combined with the desire to achieve even higher goals will serve to keep the Gold Cord within the unit for many years to come. Be it the spirited fun of a beer party, or the intense competition of a review, the men of G Company can always be found together, standing firmly at the top.

Carl G. Roe

Church outing?

Did you say civilian ROTC?

Security is a warm bunny.
H Company became a part of the Corps of Cadets in 1922, as an infantry company of the Second Regiment. In 1932, the company became an engineering section only to be disbanded in 1934, as a result of a Corps reorganization. Finally, in 1962, the present H Company was formed, and immediately made itself felt by winning the Battalion Cord that first year. This was the first honor achieved by “Big H.” and many more have followed, including three consecutive John Devine Sophomore Drill Awards, a feat no other unit has accomplished. In addition, H Company has won the Kohler Cup competition, and last year the University Intramural Championship. These honors have been won because of great efforts and the high spirit on the part of the whole unit. It is this effort and spirit that symbolizes the principles on which H Company was founded and, it is on these same principles that the promise of the future is based.

Paul J. Hollar, Frederick C. Belen, John E. Hayward, Emmett G. Webster.
I Company

In the forty-two years since its founding, Company I has forged a rich tradition. The unit became an artillery battery in 1933, but in 1948, it was redesignated a company. The Beverly S. Parrish, Jr. Memorial Award for the best all-around unit in the Corps was won by I Company in consecutive years—1964 and 1965, an achievement duplicated only once. In previous years, the unit has also won the Kohler Cup for the best-drilled unit, and for the past three years, has held the Batallion Cord distinguishing it as the best Company in the "Third Herd." In addition to winning awards, I Company is also very proud of its own Kermit F. Wood Memorial Award, in honor of Kermit F. Wood, Class of 1968. The award was originated by the Class of 1969, and is awarded annually to the best all-around freshman to enter Company I. This year, under the leadership of Roger Crosen and John Carson, I Company sets out once more in pursuit of the Gold Cord, with strong allegiance to its motto: "Strength, Unity, and Excellence."

ROGER L. CROSEN
Commander

Since its founding in 1927, K Company has proved itself to be one of the best producers of leaders in the Corps. One of the unit’s original members, Colonel J. H. McCann, now serves as one of the Assistant Commandments. Today as in the past, K Company provides leadership for the Corps. The unit has members in every military organization on campus. This year, K Company also furnished the captain of Ranger Company, the most active military organization. K Company has been known as the "Golden K" for years, because it is the only unit in the Corps to win the Beverly S. Parrish, Jr. Memorial Award as the best all-around unit four times. The unit is the only one to win the award consecutively—twice. K Company has also won the Battalion Cord several times. True to her motto, "Onward and Upward", K Company strives for excellence in every facet of Corps and everyday life.

K Company

DANIEL J. ROTH
Commander
Change of rank day, 1969.

Merry Christmas from the Rats.

"We're from 'L', proud as Hell!" just about sums up how the members of L Company feel about their unit. Since L Company was founded in 1927, it has grown to be one of the closest units in the Corps. Though the freshmen in L Company have to undergo the same "rat system" as in other units, a friendly atmosphere is maintained among the upperclasses which results in well-adjusted individuals eager to attain high goals in life. L Company is probably best known for its nickname: "Ye Olde Country Club," as its members always find time to relax and enjoy their leisure time, though at the same time manage to maintain one of the highest academic averages in the Corps of Cadets. L Company is represented in every phase of Corps life, and each year, many members of the unit rise to high positions of authority and responsibility on the staffs. Company L is a proud unit, from whose ranks come men capable of the finest leadership in both civilian and military life.

Cheap haircuts, 25c.

Wake me at last call.

Eager Rats.
In lieu of the traditional unit history, Company M wishes to give its space to the memory of Bruce Dunham, a member of M Company's Class of 1970, who was killed in action in Vietnam on June 9, 1969. To all of us who knew him, the first reaction was an overwhelming sense of loss, and an empty feeling in the thought that a reunion in October was replaced by a funeral in June. But we soon came to realize that feelings of grief and sorrow were as inconsistent with Bruce's life as the thought of death. Rather than being sad because he is gone, it is much more appropriate to look back with joy at all the incidents that made Bruce the unique character that he was. As long as we have our memories of him, only a part of Bruce Dunham died on that day in June.

M Company

Fourth Group Staff
Squadron N has as its motto, "Spirit and Unity," which it strives to live up to and exemplify in all phases of life at Virginia Tech. Whether it be the intramural fields, the drill field, or the classroom, N Squadron is continually reaching for perfection. Realizing that teamwork is an integral part of any organization, the members of the squadron have tried to disregard class and individual preferences in working toward common goals. By the experience we have obtained in the past, we should be better prepared to face the responsibilities to our country and fellow men in the future. With mixed emotions, the old Seniors pass on to the new Seniors the duty and heritage of perpetuating the N Squadron motto.

WAYNE L. RICKER
Commander

N is always a contender in flag football.

Dummy! It's upside down!
Today's Corps combines the discipline and tradition that are a perpetual part of any military organization with a flexible, contemporary outlook necessary in an academic environment. More than any other unit, O Squadron has mastered the complexities of change, and since its conception in 1950, the unit has continued to lead the Corps, placing high in all fields of endeavor. The Squadron's performances on Homecoming displays and in the Corps Variety Show are equaled only by her triumphs on the intramural fields, and in the classroom. Winner of the Beverly S. Parrish Memorial Award year before last, and presently guided the leadership, unity, and pride of the four classes, O Squadron pursues the Gold once more.

O Squadron

RICHARD W. LAYMAN
Commander
Rat Day Auction.

Sophomore a la mode!

Ever since its birth in 1962, R Squadron has been recognized for its winning tradition. For the last five years, R Squadron has been the unit to beat in the Homecoming display competition, placing first in the Corps of Cadets and the university. During the past five years, with one exception, R Squadron has taken either first or second place in competition for the coveted Kohler Cup, as the best marching unit in the Corps. Further evidence of the unit's winning tradition is found in Eager Squad competition, where R Squadron has taken three first places and a second in the last four years. In addition, R Squadron has won Corps competition in sophomore drill for the past two years. In recognition of its accomplishments last year, R Squadron was awarded the AFROTC Best All-Around Squadron award.
Unity, loyalty, and leadership are the foundations of a winning unit. S Squadron was recognized for these qualities when it won the Group Citation Cord for the first time in 1969. This however, was not the first time S Squadron has received honors. Since its founding in 1957, the unit has demonstrated its proficiency in many other areas. In 1964, the squadron won the coveted drilling award, the Kohler Cup. Also in that year, and in 1969 as well, the unit was selected as the AFROTC Best Drilled Unit. Not only has the squadron shown its ability as a marching unit, but also individual members have shown outstanding proficiency in Eager Squad and Eager Individual Competitions. Detail and imagination highlighted S Squadron’s winning display efforts in 1968 and 1969. The teamwork behind these and other achievements has made the unit one of the best training grounds for future military and civilian leaders. Although reorganization within the VTCC will probably make this S Squadron’s last year as a separate entity, the unit will be remembered in the hearts and the minds of her members, and her spirit will live forever in the flaming VT.

S Squadron

Rats boost spirit.

Revenge!

T Company

T Company was formed in 1962 along with R Squadron in the Fourth Group. It replaced H Company as the Corps athletic unit, with H subsequently joining the Second Battalion. This year led by tennis stars Jack Burrows and Bob Burleson, the "T"echmen proudly represent VPI on the athletic, drill, and academic fields.

WILEY J. BURROWS
Commander

Techmen fighting for VPI on . . .

. . . and off the field.
To Learn, To Fight, To Win

These few words embody the single, unified effort of the VPI Ranger Company: the creation of competent combat officers. To attain this goal, the men of Ranger Company undergo extensive training in the military arts. Classroom instruction, emphasized by practical application, is given almost entirely by members who have become proficient in the skills they teach. Included in the training schedules are the following courses: Physical training, rappelling, hand-to-hand combat, small unit tactics, guerrilla and counter-guerrilla warfare, logistics, land navigation, communications, and military history.

The Wearers of the Black Beret are proud of themselves, their unit, and their country, at a time when spirit and patriotism seem to be going out of style.

Homecoming Queen, Nanci Pierce.

The Four Seasons make their second appearance at Tech.
An Indian Summer atmosphere, high spirits, and a driving urge for victory set the tempo for the 1969 Homecoming Weekend. With an optimistic outlook for the results of “The Game”, Tech men and women enjoyed the many activities that always make Homecoming a highlight for any football season.

Although the air was brisk Thursday night, many students participated in the Pep Rally, and joined in the festivities, a Bonfire and Fireworks display, afterwards. Truly enjoyable entertainment was provided Friday night as the Four Seasons, featuring Frankie Valli, performed a return engagement concert. During the intermission, the Homecoming Queen, Miss Nanci Pierce, and her court were introduced.

The military review and Homecoming Parade were featured Saturday morning. Even though the Gobblers failed to win out over Kentucky, the Student Union dance, featuring the Tams, was a big success.

Band Day

The One Hundredth Anniversary of Collegiate Football was celebrated at Virginia Tech on November 8, 1969. Bands from all regions of Virginia were present for the festivities, and for Tech’s annual Band Day—sponsored by the Highty Tighties.

Parents, present for Tech’s Parents Day Program, witnessed a fine half-time show for the South Carolina game. The bands formed a large one hundred on the field. The real highlights of the half-time activities were the many majorettes and cheerleaders who performed for the crowds.
Culture Comes To Tech

Culture has come to Tech in the form of concert musicians Gary Towlen, Gary Karr, and the Norman Luboff Choir. Towlen, international pianist, and the Norman Luboff Choir, were sponsored by the University Concert-Lecture Series. Bass virtuoso Karr appeared with the University Orchestra and talked with several music classes while on campus.

Besides musical performances, several speakers were present for lectures on various topics. Winston Churchill, grandson of the late Prime Minister, spoke on his travels in the Middle East, Africa, and Southeast Asia. George Plimpton, author of The Paper Lion, talked about his experiences as "an amateur among the pros" in such places as Yankee Stadium and the New York Philharmonic.

Gary Towlen, concert pianist, gave a recital as part of the 1969-1970 University Lecture Series.

Gary Karr, sponsored by University Orchestra, performed in Squires Student Center.

One of these days, we'll make it big and get off this island.
Governor's Day

Fierce winds and freezing Florida State fans characterized the Governor's Day Ceremonies November 8. Even though the weather was discouraging, a large crowd turned out to welcome Governor Mills E. Godwin. Governor Godwin presented a short speech, and to the delight of the Corps of Cadets, pardoned all military demerits.

You could feel the wind in your hair, if you had any.
Governor Godwin as he pardons the Cadets.

Who ever heard of going north for the winter?

Dr. T. Marshall Hahn introduces Governor Godwin, as S.G.A. President Don Norris looks on.

Presents
Shakespeare's
“Measure For Measure”

We've got to stop meeting like this; Harold is getting suspicious.
You've got to be putting me on!

You dirty old man . . .

We couldn't keep it a secret forever.
Talk, Talk, Talk, but nobody ever does anything about it.

Peace
Moratorium
"What's Right With America?"

Visual impression of vocal expression.

"Come together, right now..."
Harkness
Youth Dancers

The tragedy of suicide, the light frivolity of mythology, and the hot and heavy characteristics of jazz can all be found within the repertoire of the Harkness Youth Dancers. This new ensemble of expertly trained professionals performed for Tech students in Burruss Auditorium, Winter Quarter. Composed of 16 teenage dancers, the group brings the magic of ballet to areas with limited facilities. Under the direction of Ben Stevenson and ballet master Vincente Nebrada, the troupe performs such works as "Repetition of Phaedre" and "Jazz Mission."
Winter At Casino Royale

Now, you're not going to get away that easy!

Didn't your mother ever teach you how to sew on a button?
Blow in my ear and I'll follow you anywhere!

Rentals are a pain.
A Look
At Winter

Ice-covered sidewalks, a chill factor of $-65^\circ$, a campus covered with a blanket of snow, snow surfers on Owens' Hill, drifted snow that turns into mounds of ice, ice skaters on the duck pond, students stumbling across the ice incrusted drill field, mufflers wrapped across wind-reddened faces, and slippery steps covered with people—such are a Tech students impressions of winter.
The Corps of Cadets
Sponsors
Military Weekend

The "End Men" cheer for another "green" joke ... that should've been cut!

"Mother Cats and the Quakers" of O Squadron cavort at the Varsity Show.
Just let one grub come within ten feet and . . .

Military Ball Queen Linet Doty is escorted by Thomas D. Dudley.

The crowd takes a breather.
Student Union Weekend

Outasight! Marvelous!! SuperCool!!! Remarks such as these were heard during Student Union Weekend, as Winter Quarter was brightened by the presence of the Association and Billy Joe Royal, January 30. The Association performed before a sellout crowd some of their greatest hits, including "Along Comes Mary", "Requiem for the Masses", and "Never My Love". A dance Saturday night, featuring Billy Joe Royal, who made "Cherry Hill Park" a big hit, topped-off the festivities.
Six of the "seven-man band".

"Indian say, ..."

"Enter The Young!"
"Meeting Tomorrow's Challenge"
Tech Festival '69

The Seventh Annual Tech Festival centered around the theme "Meeting Tomorrow's Challenge!" The weekend featured a wide variety of activities.

Alpha Phi Omega, the National Service Fraternity, sponsored a contest for the Ugliest Man on Campus. The Poultry Club gave a Chicken-que for the hungry crowds viewing the exhibits in the War Memorial Gymnasium.

Tours and guest speakers were presented by the six colleges at VPI. Johnny Mathis and a dance, featuring the Soulsations, furnished the "night life" for the weekend.

Sports events included: a golf tournament, tennis matches, a baseball game, and an inter-squad football game. The traditional greased pig contest occurred during the halftime at the inter-squad game.

The Naval Air Reserve Training Unit of Norfolk furnished this jet for inspection.
As "Skipper" stands guard, spectators view the numerous exhibits.

Viewers enjoyed learning about some of the clubs at Tech.
"The Times
They Are
A-Changing"

Esther Peterson, speaking on the changing roles of women in today's society.
Conflict '69

The four featured speakers of the VPI's YMCA "Conflict '69" were: Esther Peterson, former U. S. Assistant Secretary of Labor for Labor Standards; Birch Bayh, U. S. Senator from Indiana; Lincoln Lynch, former Associate National Director of CORE; and Reverend Malcolm Boyd, famous for his civil rights work. A panel of four questioned the speakers after they had lectured on their specific topic from the theme "The Times—They are A-Changing."

Reverend Malcolm Boyd as he speaks on the changes in religion.

Senator Birch Bayh commenting on America's foreign policy.
Signs
Of Spring

Flowers in bloom, leaves turning green, birds singing, families of squirrels scampering about, warm rain, kites flying, blue skies, and little kids playing in mud puddles are all universal signs of spring. Students at Tech notice such unique signs of spring as grass trying to grow on the drill field, umbrellas over everyone’s arm (or head), and couples heading toward the duck pond.
Spring Formals

Visions of outer space and the Orient highlighted the Formals of Spring 1969. Top performers and beautiful decorations made both nights memorable experiences.

The Cotillion Club presented "A Space Odyssey", "The Epics", Ron Moody and "The Centaurs", and "Clifford Curry" were a special triple feature in the War Memorial Gymnasium as it was used for its last formal occasion.

In the Blacksburg Armory, the German Club presented "Sayonara", "The Embers", backed by "The Royal Kings" and "The Esquires" performed Friday and Saturday nights.

Flattery will get you everywhere!

He's Excedrin headache number ninety-twelve.
Now if you'll just hold still . . .

Swing it, baby!
Concerts '69

Spring

Some of the major highlights of Spring Quarter come under one major heading—concerts. Spring of '69 brought forth three exceptional performances.

Johnny Mathis sang to a sell out crowd such hits as "Misty", "I'll Never Fall in Love Again", and "The Twelfth of Never". "The Happenings", who made "I'll See You in September" and "I've Got Rhythm" great hits, performed in Burruss Auditorium. A concert in April featured Paul Mauriat, proclaimed "Top Instrumental Artist of 1968".
"The Happenings" and "Music, Music, Music".

Instrumentals are always favorites.

Mauriat and friends performing "Love is Blue".
Dr. T. Marshall Hahn
President

Since assuming the duties of President in 1962, Dr. T. Marshall Hahn has enabled the campus to witness an unparalleled expansion in the construction of new facilities and in the broadening of curriculum. Under the capable leadership of Dr. Hahn, Tech has undergone a proposed change in name with the addition of "and State University" to its official title, boosting VPI to prominent university status.

A native of Lexington, Kentucky, Dr. Hahn received his B.S. degree in physics from the University of Kentucky in 1945 and his Ph.D. in physics from the Massachusetts Institute of Technology in 1950. After serving as physicist in the U.S. Naval Ordnance Lab and as a research assistant at M.I.T., Dr. Hahn was Director of Graduate Studies at the University of Kentucky. In 1954 he headed the Physics Department at Tech, officiating until 1959 when he left to become Dean of Arts and Sciences at Kansas State University. Dr. Hahn was inaugurated as President of VPI in 1962, making him the youngest president ever of any land-grant university.

His honorary affiliations include Phi Beta Kappa, Omicron Delta Kappa, Sigma Xi, Sigma Pi Sigma, and membership in the American Association of Arts and Sciences. Dr. Hahn also boasts membership in Pi Mu Epsilon, the American Association for the Advancement of Science, and the American Association of Physics Teachers.
The Board of Visitors

Dr. William J. McKeefery
Executive Vice-President

Coming to VPI in June, 1969, Dr. William J. McKeefery is a native of Philadelphia, Pennsylvania. He presently holds the position of Executive Vice-President, vacated when Dr. Warren Brandt accepted the position of President of Virginia Commonwealth University.

Dr. McKeefery received his B.S. degree in electrical engineering from the University of Pennsylvania in 1941. He resumed his studies later to acquire a B.D. in Theology from the Princeton Theological Seminary in 1945. Dr. McKeefery's doctorate was earned in philosophy in 1949 from the Columbia University, after which time he began his career as an assistant professor at Alma College, Alma, Michigan. He held this position from 1948 until 1949 when he became Dean of the Faculty at Alma College. Dr. McKeefery remained in this capacity until 1958 when he was appointed Vice President of Washburn University in Topeka, Kansas. He maintained this position through 1961, at which time he became Dean of Academic Affairs at Southern Illinois University in Carbondale, Illinois. From there, Dr. McKeefery accepted the position of Executive Vice-President at Tech.

His honorary affiliations include Tau Beta Pi, Kappa Delta Pi, and the American Philosophical Society.

The Board of Visitors, composed of 14 members, serves as the official governing body of VPI. Membership on the board is based upon recommendation by the Alumni Association and the Administration, with the formal appointment by the Governor of Virginia. The Board, meeting four times annually, approves budgets and capital outlay, and establishes and reviews the policies that control the University.

Present officers serving the Board are: Harry C. Wyatt, Rector; Wyatt A. Williams, Vice Rector; Elva D. Redding, Clerk; and Eleanor W. Prescott, Assistant Clerk.
Stuart K. Cassell  
Vice-President  
For Administration

The responsibilities of the office of Vice-President for Administration, now served by Mr. Stuart K. Cassell, are to coordinate the internal operation of VPI. His leadership duties include the Departments of Buildings and Grounds, Security Division, and Housing, as well as the business and financial operations of the University.

Mr. Cassell received his B.S. degree in animal husbandry from VPI in 1932 after having attained the highest academic record in his class in the College of Agriculture. The following year he received his M.S. degree with honors in agricultural economics and was awarded a fellowship. Mr. Cassell's assistance in the formation of the Agricultural Adjustment Administration in several counties obtained for him an appointment as State Executive Officer of the AAA in 1939. He accepted the position of finance and business manager at Tech in 1945, and served in that capacity until 1966, when the administrative structure was reorganized and Mr. Cassell was made Vice-President for Administration.

Dr. James W. Dean  
Vice-President  
For Student Affairs

Occupying the position of Vice-President for Student Affairs, Dr. James W. Dean presides over the Student Personnel Division which includes the offices and programs of the Dean of Men and Women and the Commandant of Cadets. Prior to his appointment to the newly-created vice-presidential post, Dr. Dean was Dean of Students.

In 1948, Dr. Dean received his B.A. degree from Grove City College and his M.A. degree from Bucknell in 1950. He resumed his graduate studies again and obtained a Ph.D. from Pennsylvania State University in 1956.
Dr. Leslie F. Malpass  
Vice-President  
For Academic Affairs

Dr. Leslie F. Malpass assumed his position of Vice-President for Academic Affairs in November, 1968, after having held the title of Dean of the College of Arts and Sciences from 1965 to 1968.

Dr. Malpass came to VPI as dean in 1965, coming from South Florida where he became Chairman of the Behavioral Sciences Division and Director of Sponsored Research in 1960. Prior to his work at South Florida, Dr. Malpass taught for eight years at Southern Illinois University after working from 1948 to 1952 as a psychologist in the Onondage County Guidance Center in Syracuse, New York. He received both his undergraduate and graduate degrees from the University of Syracuse before beginning his career.

Dr. William E. Lavery  
Vice-President  
For Finance

Dr. William E. Lavery, Vice-President for Finance, was appointed to the newly-created position in November, 1968. He had formerly served as Director of Administration in the Extension Division before his appointment.

In 1953, Dr. Lavery received his B.S. in extension education from Michigan State University, and in 1959, his M.S. from George Washington. His Ph.D. was earned in 1962 in administration from the University of Wisconsin. Dr. Lavery joined the Federal Extension Service's Division of Management Operations in 1956, and when he came to VPI in 1966, he was a state leader in administration in the Extension Division.
Mr. J. Gordon Brown
Dean Of
Student Services

The office of Dean of Student Services, headed by Mr. J. Gordon Brown, is responsible for numerous areas concerning student facilities and student services. Included under his jurisdiction are: student housing, student union, selective service, international studies, off-campus housing, religious affairs, and choral music organizations. Mr. Brown also serves as secretary of the Commission on Undergraduate Student Affairs, and is the administration representative to the Publications Board.

Dean Brown was awarded his B.S. degree from East Tennessee College in 1950. In 1957 he received his M.S. degree from the University of Tennessee, going to the Tennessee school system to serve as principal. Mr. Brown later served as Dean of Men at Emory and Henry before his appointment to the Tech faculty in 1964.

---

Miss Martha Harder
Dean For Men’s
And Women’s
Residence Halls

Miss Martha B. Harder, Dean for Men’s and Women’s Residence Halls, joined the VPI faculty in 1966 as Dean of Women, and obtained her present position in 1968 when the administrative structure was reorganized to provide centralized coordination of her duties.

Miss Harder earned her B.S. degree from Peabody College after completing two years of study at Martin Junior College. She studied at Austin Peay State College to receive her master’s degree in 1958. Dean Harder served as Dean of Students at Lander College in Greenville, South Carolina before her appointment to the Tech faculty as Dean of Women.

Miss Harder has merited membership into Kappa Delta Pi, Sigma Iota, Iota Tau Tau, and the Southern College Personnel Association. She is also a member of the American Association of University Women and the South Carolina Association of Women Deans and Counselors.
General F.T. Pachler
Commandant
Of Cadets

Joining the VPI staff in 1967, Major General Francis T. Pachler serves the Virginia Tech Corps of Cadets as Commandant. His distinguished military career in the United States Army began with his graduation from West Point. General Pachler then served in normal command and in staff positions for ten years before serving in the Pacific and the Aleutian Islands during World War II. Prior to his appointment in 1964 as Chief of Staff, U. S. Army in Europe, General Pachler was appointed as Deputy Commandant of the National War College. He was later awarded the Distinguished Service Medal for duty in positions of great responsibility during the period 1954 to 1967.

Dr. Fred W. Bull
Dean Of The
Graduate School

Before assuming his position as Dean of the Graduate School at Virginia Tech, Dr. Fred W. Bull served as Director of the Engineering Experimental Station and Chairman of the Chemical Engineering Department. Dean Bull has also headed numerous seminars for the National Science Foundation and the National Academy of Science.

Dr. Bull is a Tech graduate who boasts three degrees in the Engineering Department: a B.S. degree in chemical engineering and ceramic engineering, and a master's degree and a Ph.D. in chemical engineering. His memberships include the American Institute of Chemical Engineers, the American Chemical Society, the Virginia Academy of Science, Sigma Xi, Tau Beta Pi, Phi Kappa Phi, Keramos, and Phi Lambda Epsilon.

General F.T. Pachler
Commandant
Of Cadets

Joining the VPI staff in 1967, Major General Francis T. Pachler serves the Virginia Tech Corps of Cadets as Commandant. His distinguished military career in the United States Army began with his graduation from West Point. General Pachler then served in normal command and in staff positions for ten years before serving in the Pacific and the Aleutian Islands during World War II. Prior to his appointment in 1964 as Chief of Staff, U. S. Army in Europe, General Pachler was appointed as Deputy Commandant of the National War College. He was later awarded the Distinguished Service Medal for duty in positions of great responsibility during the period 1954 to 1967.

Dr. Fred W. Bull
Dean Of The
Graduate School

Before assuming his position as Dean of the Graduate School at Virginia Tech, Dr. Fred W. Bull served as Director of the Engineering Experimental Station and Chairman of the Chemical Engineering Department. Dean Bull has also headed numerous seminars for the National Science Foundation and the National Academy of Science.

Dr. Bull is a Tech graduate who boasts three degrees in the Engineering Department: a B.S. degree in chemical engineering and ceramic engineering, and a master's degree and a Ph.D. in chemical engineering. His memberships include the American Institute of Chemical Engineers, the American Chemical Society, the Virginia Academy of Science, Sigma Xi, Tau Beta Pi, Phi Kappa Phi, Keramos, and Phi Lambda Epsilon.
College Of Agriculture

The College of Agriculture at VPI is one of the most informative colleges in the school to the residents of Virginia. The college offers technical advice and assistance to the farmer and the homemaker through the Virginia Experiment Station and Extension Service. To the student, the College of Agriculture offers a diversified program of science and business programs which are preparatory for such careers as those in production and agri-business organizations and teaching, extension, and research professions. Particular areas of specialization are available from the nine undergraduate majors adaptable to the wide variety of student interests.

James E. Martin
Dean of the College of Agriculture

Homecoming depicts agricultural talents.

Trophies, awards, and ribbons highlight agriculture buildings.

Tech is always well represented in the Little International Livestock Show.
With a basic foundation designed to lead the student to independent practice, the College of Architecture includes an undergraduate five-year program in architecture and building construction. Also offered are two-year programs on the graduate level in environmental systems, urban and regional planning, urban design, and architectural engineering. Both programs have obtained national accreditation from the National Architectural Accrediting Board. The usefulness and versatility of Cowgill Hall are fitting tributes to the outstanding program offered in architecture.
Hamsters provide the school with invaluable experimental information.

Geology offers the inquisitive student an outlet for research.

Just one more adjustment and the experiment will be correct.

The College of Arts and Sciences, expanding rapidly to meet the ever-increasing demands of Tech students, now houses several departments in the newly-completed Derring Hall, a four million dollar multi-purpose structure. Work has also begun on the second building to house the growing departments, McBryde Hall, which is scheduled to open in 1971. The intention of the Arts and Sciences program is to help students in their understanding of man and his environment and of present-day values, with the desired effect of forming a well-rounded education. Program offerings include core curriculum, combination degrees, Honors programs, and Study Abroad.

George M. Harper capably serves as Dean of the College of Arts and Sciences.
Providing the student with a firm foundation in sound business theory and practices, the College of Business combines a general education approach with broad programs in business. The various programs, consisting of departments of accounting, business administration, and economics, enable the student to establish a fundamental background in specialized fields of endeavor. The College of Business is an accredited member of the American Association of Collegiate Schools of Business, which entitles the presence of two national scholastic honoraries on campus: Alpha Kappa Psi, and Delta Sigma Pi.
College Of Engineering

The education provided by the College of Engineering has long been known for its excellence. The engineering curriculum includes mathematics, the physical sciences, and the social sciences.

Coming to Tech in July of 1963 to head this important college, Dr. Willis G. Worcester brought with him an impressive record. Dean Worcester received his degrees from the University of Colorado, the California Institute of Technology, and Stanford University. His service to the students of VPI was regretfully cut short by his accidental death in February of this year.

Dean Willis G. Worcester headed one of Tech's highest-rated colleges.

Is this miniature television viewing?

A few more inches to the right and we will have everything in focus.

The midnight oil burns long to finish an engineering project.
The College of Home Economics, aiming primarily toward a broad fundamental basis of family living and home life as they exist and function in society, is established on liberal studies and in all parts it deals with people. Aspects of how people live, what they are interested in, and what their needs are comprise the largest part of the home economics program. Students are able to gain an understanding of people with regards to food, clothing, family management, and human relations, and in their training there is an emphasis on the knowledge to be gained in academic fields. In this way, the College of Home Economics provides its students with the background necessary to contribute to personal development and to prepare for professions in home economics.
Dr. Martin, secretary, Dr. Kroontje, president, and Dr. Robeson conduct a monthly meeting.

The Faculty Senate

With the opening of fall quarter, Tech's Faculty Senate began its first year of operation with Dr. Wybe Kroontje as president. The 40 senators were elected last spring as agents of the six colleges.

This new group has outlined four main goals: to voice faculty opinion; to elect representatives to policy-making bodies; to be the group through which the faculty participates in the decision-making process on matters affecting the university environment; and to express ideas and concerns about the nature of the university and its relation to society.

With president Kroontje, Dr. Andrew Robeson served as vice president; Dr. Esther Martin, secretary; and Dr. George Gray, parliamentarian. There were three standing committees plus the executive cabinet. They were: Committee on Committees, Dr. Kroontje, chairman; Credentials and Elections Committee, Prof. E. A. Hancock, chairman; and the Committee on Reconciliation, Dr. H. S. Mosby, chairman.

Hammond, Dr. F. H. Lutze, Dr. V. A. Cook, Dr. J. M. Wiggert, Dr. C. D. Williams, Dr. G. W. Goraline, Dr. F. Falero, Dr. R. F. Kelly, H. G. Campbell. Not Pictured: Dr. W. Kroontje, Dr. C. W. Allen, Dr. R. P. Abernathy, Dr. M. H. Agee, Dr. S. E. Boyle, Dr. G. D. Ding, Dr. P. E. Field, Dr. J. P. Fontenot, Dr. W. L. Gibson, R. M. Larimer, Dr. J. H. McLean, Dr. J. P. Wightman, Dr. E. L. Wisman.

First Row: J. R. Lucas, B. J. Sabaroff, Dr. E. A. Martin, secretary; Dr. A. Robeson, vice president; Dr. G. A. Gray, parliamentarian; C. H. Long. Second Row: Dr. H. S. Mosby, Dr. R. B. Hollar, Dr. E. W. Martin, Dr. W. Cobb, G. R. Powley, Mrs. M. A. Payne, Dr. G. C. Graf, Dr. J. I. Robertson, Dr. W. C. Snipes, Dr. R. E. Martin, Dr. P. H. Hoepner. Third Row: E. A. Hancock, Dr. G. B.
Serving as a standing committee of the president of the University and as a subcommittee of the University Council, the Commission on Undergraduate Student Affairs is organized into a student-faculty-administrative structure. To consider, alter, and implement procedures and policies affecting the life of the students of Virginia Tech is the purpose of CUSA.

With its title having recently been changed from the Student Activities Committee to the Commission on Undergraduate Student Affairs, another name change is under consideration to more adequately reflect the scope of the committee.

Dr. James W. Dean and Mr. Raymond Thrift listen to discussion during a CUSA meeting.

John Janney, Dean Harder, and Ted Sutton hear arguments from the opposition.
Student Government Association

Donald M. Norris
President

William L. Ashley III
Vice-President

Linda S. Powers
Secretary

SGA Officers: Don Norris, President; Bill Ashley, Vice-President; Linda Powers, Secretary.

Charles E. Rhodes
Treasurer

Jon F. Deans
Sergeant-at-Arms

[Image of a group of people seated and a lectern]
The Student Government Association, formed of all students at Tech, speaks as the official voice of the student body. Policies affecting student social and cultural life are channeled through this authority, which acts as the main communication link between the administration and the students themselves. The leadership of Donald M. Morris, S.G.A. president, has capably guided the 1969-1970 Association.
Standing Senate Committees

Student Life Committee Members are: R. Daniels, Chairman; F. Turpin, V. Chairman; P. Balas, J. Batt, B. Bradley, T. Brewer, K. Caldwell, V. Farmer, F. George, J. Jenrette, C. Lacy, S. Sargeant, H. Smith, B. Swain, D. Swanson.

Student Services and Facilities Committee Members are: D. Vice, Chairman; T. Bazzarre, R. Crotts, T. Digges, R. Hauk, K. Huffman, M. Kavach, J. Maher.
Publicity Committee Members are: G. Stoneman, Chairman; D. Bollinger, S. Powers.

Constitution Committee Members are: H. Lacy, Chairman; D. Swanson, W. Trout.

Public Relations Committee Members are: J. Battle, Chairman; K. Buck, L. Harold, B. Manson, A. Miller, J. Payne, V. Smith.

Credentials Committee Members are: B. George, Chairman; E. Hastings, W. Kay. Elections Committee Members are: P. Michaelson, Chairman; B. Moser.
Student Union

The Student Union, housed in the newly-completed Squires Student Center, provides cultural, social, educational and recreational activities for the University Community. The Center serves as a place where students meet and talk and work with each other during their free hours; where engineers rub elbows with art students; cadets with civilians; students from some rural Virginia towns with students from other nations, undergraduate with faculty. Activities are inclusive of everything from bowling or ping pong to watching color television or browsing through the art gallery. Music, art, and cultural appreciation highlight the activities available to the students through the facilities of Squires Student Center. "To serve the needs of the University Community is why we exist."

Mr. Thomas C. Lile, Director of Squires Student Center

Board of Governors: Prof. J. Owen, Prof. P. M. Groseclose, R. Jamison, T. Seaborn, Vice-Chairman; J. Lineweaver, Chairman; J. Powell, Treasurer; M. Spence, Secretary; T. Wilson, W. Ashley.
Dance Committee—First Row: J. Moore, M. Parker, J. Illig, J. Bell, G. Rowand, Chairman; B. George, T. Brewer. Coffeehouse Committee—Second Row: L. Ehrut, B. Smith, Chairman; G. Barbour, J. Lane, P. Hardy.

Film Committee—First Row: C. Zunka, Chairman; H. Grove. Second Row: C. Hegvold, S. Little, S. Barley, J. Rowell, E. Atwood.

Program Staff: Mr. Jack Sharlow, Director of Food Services; Mr. A. Crawford, Business Manager; Mr. John Doroghazi, Assistant Director of Squires Student Center; Mrs. Virginia Munden, Reservationist; Mrs. Lee Parks, Assistant Program Director; Mr. Lewis Tyler, Program Director.
Special Events Committee—First Row: B. Rorrer, B. Siegel, J. Davis. Second Row: B. Turner, J. Priest, B. Leahy, J. Thompson, Chairman.

Civilian Honor Court

Based on the principle that Virginia Tech students are mature enough to be trusted, the Honor System was founded at VPI in 1908. The university actively supports and upholds the Honor System which is set forth under the judicial branch of the constitution of the Student Body. Every student enrolled at VPI is pledged to uphold the Honor System.

Three staffs compose the Civilian Honor Court: the Honor Council, the Prosecution staff, and the Defense staff. The Chief Justice is assisted in his numerous duties by three associate Justices.

In incidences of stealing, lying, cheating, and failing to report a violation of the Honor Code to the Honor Council, the Civilian Honor Court uses the due process of law in acquittal or convicting the student in question.
Established in 1906, the Cadet Honor Court assumes the responsibility of investigating all violations of the cadet Honor Code, which is based on three assumptions: "To trust a man is to make him worthy of that trust; No gentleman will lie, cheat, or steal; Every cadet is a gentleman." Working on these premises, the Court is two-bodied and consists of an Investigative Branch and a Judicial Branch. Members composing the Investigative Branch include the Chief Prosecuting Attorney, the Honor Council Chairman, and their assistants. The Judicial Branch, composed of the Chief Justice, the Associate Justices, the Chief Defense Attorney and his staff, the Chief Prosecuting Attorney and his staff, and the secretary and various administrative personnel, conducts all trials which are referred to it by the Honor Council after a preliminary investigation.

The Cadet Honor Court has become an accepted and respected organization in the lives of Cadets at VPI, and it strongly emphasizes the VPI Honor System.
Civilian Interdormitory Council

The Civilian Interdormitory Council, composed of four executive officers and the House Council Presidents from each of the civilian male dorms, provides students with the opportunity to speak up and be heard. One of their main objectives is to establish better living conditions within the men's residence halls. The Council also serves as the major outlet for the expression of ideas pertaining to the living habits of civilian males.

The CIC has a strong voice in several pertinent organizations inclusive of the SGA Executive Committee and the Commission on Undergraduate Student Affairs, although it does not hold a permanent seat in the Senate. Committees appointed by the Council initiate projects which exist for the sole purpose of serving the male civilian students. This year has seen a major reconstruction of the Council's internal organization in the establishment of two Executive Assistants to the President.

Committee Chairmen: Roland Breaux, Discipline; Rick Long, Constitution; Bob Ermerins, Cultural; Doug Cataman, Special Projects; Terry Hertz, Open House-Open Lounge; John Arbogast, Library; Charlie Newton, Awards; Ira Dodson, Olympics; Bill McDonald, Radford Committee; Dan Duskin, T.V.; Larry Sink, Representative to Senate; Eric Coffman, Student Life; Pam Wimmer, Representative from Collegiate Times, Mr. Raymond Thrift, Advisor.

House Council Presidents: Bill Geiger, Ambler Johnston; Tom Johnson, Barringer; David Upshaw, Fennoyer; Clyde Sorrell, Johnson; Steve Firestone, Lee; Robin Gillman, Newman; Don Hovar, O'Shaughnessy; Scott Aker, Lower Pritchard; Lou Perazzoli, Upper Pritchard; Harry Ridgeway, Shanks; Fred Annie, Vawter; Mack Banks, Miles.

Executive Committee: Bob Lum, President; Chris Bald, Vice President; Terry Hertz, Secretary; Dale Durrett, Treasurer; Rick Long and Pete Barna, Executive Assistants to the President.
Women's Interdormitory Council

Working to promote cooperation and coordination among women students in the residence halls, the Women's Interdormitory Council serves as a subordinate to the SGA by coordinating all efforts necessary for promoting unity among the students of the university. Students are afforded the opportunity of assuming leadership in a democratic government and group living as well as expressing their desires for opinionated ideas of self-betterment. Thus, the WIC helps to encourage a desirable attitude toward learning and scholastic achievement, while at the same time establishing a sense of unity within the student body.

It's 'sink or swim' for the WIC!!!
ORGANIZATIONS

EDITED BY
CHIPPER BLUNT
The Publications Board

Co-ordinating the activities of the four publications, the Publications Board governs the major policies of each publication. Responsibility for the selection of each publication head rests with this board.

Represented by this body are the BUGLE, THE VIRGINIA TECH COLLEGIATE TIMES, WUVT, and the MAELSTROM. These four organizations comprise the student communications network and the main outlet for student expression.

Composing the Board membership are the editors-in-chief, business managers, and faculty advisors of the four publications. Also serving on the Board are the president of the senior class, an administrative financial advisor, a member of Pi Delta Epsilon, and the president of the Student Government Association and his appointee.

The Board has been instrumental this year in instigating a name change for the newspaper, while at the same time helping to organize an FM station broadcasting to the Tech community.
1970 Bugle

Representing the overall spectrum of college activities and campus life, the BUGLE serves as the pictorial reflection of every academic year. This is the sole purpose of the publication; and, since being founded in 1896, the BUGLE has continued to offer the student a worthwhile composite of academic and social events. Everything from football to golf, Ring Dance to concert, and dormitory to classroom is included in the total outlook presented by the BUGLE.

Gary Gross and John Tressler, this year's co-editors, take pride in presenting the 1970 BUGLE. The seventy-third volume boasts an expansion in the number of color photos, as well as an overall expansion of the size of the book itself. Again, we have great confidence in the continued success with Hunter Publishing Company of Winston-Salem, North Carolina.

The Virginia Tech
Collegiate Times

Boasting a provocative name change from THE VIRGINIA TECH to THE VIRGINIA TECH COLLEGIATE TIMES, the 1970 publication of the bi-weekly newspaper promises to be the best in its history. Sponsored by the Athletic Association, the COLLEGIATE TIMES was organized in 1903 as a weekly paper, with the student body assuming its publication in the spring of 1931. From these sparse beginnings, the newspaper has since burgeoned into a major college publication with a circulation of more than 12,000 copies.

Taking a more active role in voicing the public opinion on matters of student interest, THE COLLEGIATE TIMES has presented an unbiased approach to such matters as open visitation, alcohol on campus, and the fraternity issue.

Larry Grunewald has capably served THE COLLEGIATE TIMES as editor-in-chief.

Business Manager T. Norman Bush is immersed in paper work.
Prof. Larry Andrews, advisor, reviews a recent newspaper issue.

Fred Christian, Managing Editor, relaxes between deadlines.

Ad Manager Tom Carter and his assistant Lee Nesmith study a possible ad layout.
New staff members Lynn Godfrey, Robert Bach, Pam Wimmer, and Ed Miller discuss newspaper articles with News Editors John Chaney and Karen Oberg, seated.

Don (Touchdown) Todora has served the newspaper staff for about five or six years.

Feature Editor Conny Berryman looks up from her work to pose for a photographer.

Layout Staff—Nancy Wint, Ray Bryski, Fred Christian, Marianne Webb—are ready to call it a night.
Pam Wimmer, Ed Miller, Robin Beall, and Richard Gardner appear to be at a loss as to what to do next.

Carole Pratt, Teresa Rangus, and Jennifer Minogue serve as the business secretaries.

Is this the editor hard at work?
Organized in September, 1947, WUVT has continued to operate almost uninterruptedly since its first broadcast from the War Memorial Gym on April 1, 1948. Headquarters have changed from the old Student Activities Building, Squires Hall, to the Publications Building, and now to the newly-opened and ultra-modern Squires Student Center. Other revisions have included the addition of a solid-state audio console in 1967, affiliation with the Mutual Broadcasting System in 1968, and the beginning of operations of an FM station in 1969. Addition of the FM studio and broadcasting system ranks the Virginia Tech radio voice as one of the finest student radio stations in the country.

Carlos Roberts, General Manager

Chet Rhodes, Business Manager
Rick Boekeloo on the board assisted by Bob Boiling.

Forrest Gladden, Promotions Director.

Carol Gonet, Mabel Harmon, Linda Uphoff—Record Librarians for AM and FM studios.

The FM staff: Greg Minnick, Bob Ayers, FM Program Director; Penny Johnson, FM Music Director; Dennis Baerhold.
Chief R F Engineer Stewart Holt explains a reading to Bob Weber, Chief Engineer.

Mike Williams takes instructions from Chief Audio Engineer Steve Kauffmann.

Going over the records is Rick Boekeloo, Sales Manager.

Kevin O'Connor, Curtis Oddell, and Bruce Oyler compose the news staff of WUVT.
Since the publication of the first issue of the MAELSTROM in the spring quarter of 1966, the literary magazine of Virginia Tech has sought "to publish the finest creative and critical work." Founded in 1964 and organized in 1964-65 by Robert S. Gilmore and Jim C. Michie, III, the first editorship was awarded to Peter D. Tegnan.

Encompassing the fields of literature, graphic arts, and photography, the MAELSTROM publishes prose, poetry, essays, book reviews, and short stories. Receiving the literary talents of students, faculty, and alumni from Tech as well as from all over the country, the MAELSTROM has expanded its size to more than sixty pages of talented literary achievement.

William N. Colton, Ill, Editor.

Phi Kappa Phi

The VPI Chapter of Phi Kappa Phi was organized in November, 1921, and was composed of only fourteen charter members. Expansive growth in recent years has increased the total membership to over one hundred and fifty members. Composed of elected juniors in the top five percent of the class and seniors in the top twelve percent, Phi Kappa Phi was the first honor society to recognize superior scholarship in all fields of study and to take into membership the highest ranking students from any branch of learning.

Honorary membership was awarded to Dr. T. Marshall Hahn, Jr., President of the University, on November 18, 1969. Eighty-nine new members were initiated this year into the Society.

Chartered on June 2, 1923, the Alpha Omicron Circle of Omicron Delta Kappa seeks to recognize men who have attained a high standard of efficiency in collegiate activities and to inspire others to strive for conspicuous attainments along similar lines. The most representative men in all phases of collegiate life are brought together to create an organization which will help to mold the sentiment of the institution on questions of local and intercollegiate interest. Members of the faculty and student body of the institution are joined on a basis of mutual interest and understanding.

Omicron Delta Kappa recognizes and encourages achievement in scholarship, athletics, student government, social and religious affairs, publications, and speech, music, drama, and other arts. With these objectives in mind, the society serves as a guiding stone for the development of college life throughout the nation.

Alpha Kappa Psi

Seated: Dr. Carl W. Allen, Faculty Advisor; George B. Strode, President; Ronald E. Shuey, Vice President. Standing: James B. Hyler, Jr., Treasurer; William O. Barnes, Master of Rituals; Thomas E. Patterson, Secretary.
Two pledge periods, during fall and winter quarters, are annual fraternity events. The pledges are instructed in the history of the fraternity, its foundation, and its many rituals and traditions. Sixteen members were initiated into the Beta Xi Chapter fall quarter, and the winter quarter pledge class consisted of seven members. Winter quarter pledges were: First Row: Pledges; Givens, Hugate, Holmes. Second Row: Pledges; Gibson, Otey, Bray, and Smith. Each pledge period is climaxed by Honor Court Night, a question and review by faculty members of Alpha Kappa Psi.

**Beta Xi Chapter**

Founded at New York University on October 5, 1904, Alpha Kappa Psi is the oldest professional business fraternity in the nation. The Virginia Tech Beta Xi Chapter was founded by four business professors. Colonel R. L. Humbert, Prof. W. S. Gay, Prof. E. P. Ellison, and the late Prof. B. O. Miller received the charter on February 18, 1939.

Alpha Kappa Psi fosters three objectives: "to further the individual welfare of its members, to foster scientific research in the fields of commerce, accounts, and finance, and to promote and advance in institutions of collegiate rank, courses leading to degrees in business."

Basic qualifications for membership include an overall QCA of at least 2.5 and class rank of sophomore, junior, or senior. Membership is inclusive of both students and faculty members who are associated with the College of Business.
Beta Alpha Psi

To promote academic achievement in the field of accounting and the profession of accountancy — this is the purpose of Beta Alpha Psi. Established in the spring of 1967, the Gamma Lambda Chapter of Beta Alpha Psi is Virginia's only chapter of this national honorary and professional Accounting Fraternity.

Membership is open to both students and faculty. Student membership is restricted to juniors, seniors, and graduate students who have achieved a high degree of performance in the accounting field.

Chi Epsilon

Limited to those students in Civil Engineering who have completed at least one-half of the work required for their bachelor's degree and rank in the upper one-third of their class, Chi Epsilon is a national professional fraternity which strives to recognize the fundamental characteristics of the successful Civil Engineer. To aid in the development of these characteristics and to encourage any movement which will advance the interests of Civil Engineering is the basic purpose upon which the society was founded.

Named in honor of Sergeant Earl D. Gregory, The Gregory Guard was formed in order to encourage, preserve, and develop the highest ideals of the military profession, and to provide appropriate recognition of a high degree of military ability among the members of the Virginia Tech Corps of Cadets. The potential candidate for membership must exhibit outstanding leadership ability, and an interest in the betterment of the Corps of Cadets, as well as possess excellent personal character.

Performing at the Harvest Bowl in Roanoke, the Oyster Bowl in Norfolk, and the VPI-VMI Thanksgiving Day game in Roanoke, The Gregory Guard executes precision drill movements and rifle maneuvers. Sponsorship of a drill meet during Tech Festival is another activity.
Delta Sigma Pi is a professional business fraternity, one of the two on the VPI campus, whose objectives are centered upon the ideas of scholarship, social activity, and the association of students for their mutual advancement by research and practice. Formed at VPI in the fall of 1966, Zeta Upsilon Chapter has sponsored speakers, taken tours through business and industry and carried out social activities. These activities have enabled the fraternity to fulfill national objectives while at the same time helping to develop a strong brotherhood.

Delta Sigma Pi annually awards its Scholarship Award to the senior in the College of Business with the highest scholastic average. Membership in Delta Sigma Pi is restricted to those undergraduates in the College of Business with a QCA of at least 2.1 overall and an outstanding interest in business.
With chapters all over the country, Phi Eta Sigma organized its Virginia Tech Chapter in 1965, as the only national honor society for freshmen men. Founded at the University of Illinois in 1923, the purpose of Phi Eta Sigma is to encourage and reward scholarship among freshmen students. The founders were impressed with the fact that freshmen men were encouraged to participate in all types of campus activities but there was no comparable incentive for good scholarship.

To be eligible for membership in Phi Eta Sigma, a freshman must have attained at least a 3.5 QCA. Members are selected after each quarter's work during the freshman year, with a formal initiation of the entire membership in early May. Following the initiation, an informal banquet is held at Lendy's. Mary Lynn Hawkins, candidate for Homecoming Queen, was sponsored by Phi Eta Sigma as another of their year's activities.

**Phi Eta Sigma**

*First Row:* David F. Briggs, Richard N. Dunford, Ill. Larry A. Marcus, Historian; Dale M. Davis, President; Edward T. Kozlowski, Jr., Secretary; Norman B. Holden, Glenn J. Sheffer, Senior Advisor.  
Founded at Syracuse University in Syracuse, New York, in 1909, Pi Delta Epsilon takes great pride in being the oldest honorary collegiate journalism fraternity in the nation. Having been established in 1930, the VPI Chapter is the second-oldest fraternity on campus.

Seeking to promote student interest and participation in undergraduate publications and journalism, Pi Delta Epsilon focuses attention on the importance of collegiate journalism in forming the well-rounded college atmosphere.

Criterion for membership in Pi Delta Epsilon are class rank of at least third-quarter sophomore and work on a major college publication for three quarters. Candidates must also have displayed outstanding journalistic abilities during this time.
Alpha Sigma Mu

Alpha Sigma Mu was organized to recognize outstanding students in metallurgical and materials engineering who possessed the qualities of exemplary integrity, leadership, and initiative. Promoting the overall best interest of the materials profession, the society establishes high standards for those students recognized.

Undergraduate members are selected from among those students in Metallurgical Engineering who rank scholastically in the top one-third of their class. Candidates for membership must also have completed 13 hours of curriculum work and have attended VPI for a minimum of two quarters. Graduate candidates are recommended by a faculty member who is himself a member of the society.

First Row: Scott Moser, Secretary-Treasurer; David Wells, President; Joey Crider, Vice President; Pat Talley, Jim Steele, Faculty Advisor. Second Row: P. G. Pawar, Mickey Ferrell, Joe Carpenter, Michael Reed, S. V. Nagender-Naidu.

Alpha Zeta

Alpha Zeta is the national agricultural honorary at Virginia Tech. Its purpose is to recognize and promote high standards of leadership, scholarship, character, and fellowship in the College of Agriculture.

Qualifications for membership are very stringent, with members coming from the upper two-fifths of their respective classes and at least a third quarter sophomore. They must possess outstanding qualities of leadership, scholarship, and character.

First Row: John Doughty, Chronicle; Joe Fariss, Treasurer; Michael Keef, Chancellor; Roger Crosen, Scribe; Frederick Carbaugh, Censor; Thomas Divers. Second Row: Bob Pitman, Roger Barnhart, Daniel Laprade, Conrad Akers, Donald Joyner, Mike Harris, Chuck Raines. Third Row: Frank Byrum, Gerald Harrison, Posey Jones, Nash Williams, Larry Tucker, Clinton Groover.
Arnold Air Society

The Arnold Air Society is a national honorary service organization whose primary role is the support of the Air Force mission on the college campus. To be considered for membership in Arnold Air Society, the elite of Air Force ROTC, a cadet must have a minimum QCA of 2.0, be enrolled in Air Force ROTC, and must exemplify the basic traits of leadership in a military environment.

Numerous events were conducted by the Society. Arnold Air hosted the Area B-2 Conclave of Arnold Air Society. A semi-annual Field Training Exercise was also conducted by the group. An Air Force ROTC Detachment Library was established in conjunction with Angel Flight to round out the year's activities.

Edward E. Dingiven  Terry K. Hagman  John D. Horsfall  Raymond A. Kelso  Bruce C. Kidd

Patrick K. Talley  Wiley B. Taylor  Henry C. Van Dyke  Ronald J. Walczak  Thomas M. Williams
Angel Flight

Angel Flight is an honorary organization of dedicated college women who have the interests of the United States Air Force, the Arnold Air Society, and their university at heart. The VPI Flight of National Angel Flight became nationally affiliated on November 27, 1968, and at that time assumed the name of Robert E. Femoyer, the name of its brother organization.

Membership is based primarily upon a willingness to serve, as exemplified by the list of the year’s activities. They included sponsorship of “What’s Right With America,” acting as hostesses for the Student Union and for official Corps Functions, helping with the Head Start Program in Christiansburg, and countless others. The Angel Flight girl is truly in service to her country, her university, and herself.
Omicron Delta Epsilon

Omicron Delta Epsilon, founded nationally on January 1, 1963, is the national honor society in economics. The formation of the society resulted from the merger of Omicron Delta Gamma and Omicron Chi Epsilon. Organized in the fall of 1968, the Epsilon Chapter at VPI meets the second Tuesday of each month. Meetings are both informative and provocative as guest speakers enliven each with interesting topics concerning the world of economics.

Students with an overall 3.0 in economics are eligible for membership.

First Row: H. Edwin Overcast, Bruce Smith, Alice Nicholson, Vice President; Doreen Long. Second Row: Fred Ruster, Faculty Advisor; Charlie A. McCormick, Tom Wood, Wayne D. Williams, Arnold B. Baker, Dwight R. Kitchens, Secretary-Treasurer.

Kappa Sigma Rho

Fostering high scholastic achievement among freshman women, and rewarding this superior academic performances, Kappa Sigma Rho was formed to give recognition to those freshman women who had displayed outstanding scholastic qualities.

Members must be women students of third quarter freshman or first quarter sophomore status and have a cumulative QCA of at least 3.5.

Institution of a tutorial service for freshman women and participation in the "Community Action Program" were two projects under the sponsorship of Kappa Sigma Rho.

First Row: Sylvia Swilley, Vice President; Diane Wallace, Treasurer; Kathy Piscolota, Recording Secretary; Pam Wimmer, Historian; Tammy Hill, Corresponding Secretary; Darrel Long, President. Second Row: Carleen Stump, Sherry Ward, Priscilla Campbell, Vicki Daniel, Jinx Crile, Mary Spruill, Joy Thomas. Third Row: Carol Vaughan, Carol Church, Faith Kelly, Judy Haas, Pamela Huffman, Susan Seaman.
Sigma Delta Psi

Sigma Delta Psi is the national honorary athletic fraternity which promotes the total fitness of college students with emphasis on physical fitness. To be eligible for membership, an applicant must pass 15 stringent athletic tests, testing both skill and stamina.

The VPI Chapter of Sigma Delta Psi placed first in the nation last year in team competition. Gary Scofield, a 1969 graduate of VPI, placed first in the nation in individual competition, while Bill Glover placed second in the nation. Chris Nicholson also honored the VPI Chapter by vaulting to the best height in the high jump and running the best time in the 120 yard low hurdles in the country.

Chris Nicholson, Vice President; Bill Glover, President; Bob Davis, Secretary-Treasurer.

Phi Upsilon Omicron

The Beta Lambda Chapter of Phi Upsilon Omicron seeks to expand the knowledge of the role of the home economist in a team approach to world problems and to realize how home economics relates to other disciplines. Members serve the home economics profession by contributing to university and community activities in such a way that leadership and scholarship are encouraged.

Sponsorship of an Alumni Tea and collection of Christmas toys for the Christiansburg Day-Care Center were activities held under the leadership of this group.

First Row: Mary C. Schaefer, Secretary; Paula Rodecap, Vice President; Mary Bungard, President; Brenda Strole, Chaplain; Susan Fraser, Treasurer. Second Row: Yasuko Nakan, Chris Hunter, Nancy Lankford, Historian-Librarian; Patti Cherry, Marshall; Pat Coman. Third Row: Marjorie Porter, Faculty Advisor; Jane Belt, Kathy Pierce, Lucie Zehner, Patricia Wiseman. Fourth Row: Mickey McCubbin, Sue Burk, Linda Edmonds, Rosalie Jackson. Fifth Row: Susan Sweeney, Jennie Nance, Becky Ellsworth, Patricia Rogers, Faculty Advisor.
Sash and Saber Society

To stimulate an interest in service in the Armed Forces of the United States is the precept upon which the Sash and Saber Society is founded. Objectives of the society are to provide an organization to unite under common interest outstanding "Cadet Only" cadets and to prepare members as educated men to take an active part in today's society. The Sash and Saber Society provides for these men an incentive that will be beneficial to the college, the Corps of Cadets, and themselves, while at the same time providing social and cultural functions for the Corps of Cadets within the limitations established by the administration.

Restoration of two cannons for the upper quad was one of the projects undertaken by the Sash and Saber Society.

**Tau Beta Pi**

Tau Beta Pi, formed to mark in a fitting manner those who have conferred honor upon their Alma Mater by distinguished scholarship and exemplary character as undergraduates in engineering, or by their accomplishments as alumni in the field of engineering, broadens the intellectual horizons of its members and all engineers by fostering a spirit of liberal culture in engineering schools.

Eligibility for membership is extremely selective of only the best engineering students, restricted to those students in the upper one-eighth of their junior class or upper one-fifth of their senior class. Women are not eligible for membership, but may be awarded the "Women's Badge" in recognition of outstanding achievement.

Since its founding in 1933, the Virginia Beta Chapter has continued to strive toward the promotion of the ideals of the University and its Association. The year's activities are highlighted by the initiation of new members in the spring and fall of each academic session.

Membership into this engineering honorary is indeed a privilege for which every student of engineering should strive.
Seeking to foster the high ideals of the engineering profession, Pi Tau Sigma was formed to stimulate interest in the coordination of departmental activities and to promote the mutual professional welfare of its members. Founded to honor students of mechanical engineering, the society proposes to develop in its members the attributes necessary for the assumption of the responsibilities of a citizen in a constitutional democracy.

Eligibility for membership is primarily based upon sound engineering ability, scholarship of an outstanding degree, and exemplary character. Members are chosen from both the junior and senior classes of those students enrolled in the mechanical engineering curriculum.

Numerous activities under the sponsorship of Pi Tau Sigma were held during the academic year. Maintenance of a mechanical engineering reading room, an exhibition at Tech Festival, and co-sponsorship of Homecoming Queen Nanci Pierce were all projects undertaken by the society. Pi Tau Sigma members also presented a float for the homecoming parade and conducted tours and experiments for an open house during winter quarter. Initiation of new members brought the year’s activities to a close.

Pi Tau Sigma

Objectives of the Association of the United States Army are threefold: to promote the role of the Army in the defense of the nation by disseminating information to students and to the public in general, to associate under favorable conditions fellow cadets and military personnel who consider patriotism an important attribute to the development of a well-rounded character, and to provide incentives for developing military skill.

Prospective members must have completed at least six quarters of academic credit, and must have an advanced army ROTC contract. A demerit average of B or better, and an overall QCA of at least 2.0 are also required for membership.

Attendance to the National AUSA Convention in Washington, D.C., in October resulted in the discussion and presentation of new ideas to be used by AUSA companies throughout the country. Fall quarter saw the initiation of 24 new members, bringing to 67 the total number of participants. Awards were presented to Colonel J. W. Collins for outstanding service at VPI. Colonel Collins, now in Korea, was recently promoted to Brigadier General.

Recognizing outstanding students in Industrial Engineering, Alpha Pi Mu is the national honorary whose members display leadership, breadth of interest, ethics, and sociability. Membership is composed of those juniors in the upper one-fifth of their class and of seniors in the upper one-third of their class who are majoring in Industrial Engineering.

The year's activities included a banquet and a picnic held by Alpha Pi Mu members and their invited guests.

Alpha Rho Chi

Alpha Rho Chi was founded to promote the professional standards and ethics of the architecture profession, and to advance the professional knowledge and welfare of the members, while establishing life-long and meaningful relationships among its members.

To be eligible for membership, the candidate must be enrolled in one of the following schools: Architecture, Art, or Building Construction. A minimum overall QCA of 2.2 must be attained as well.

Activities planned and presented have included a quarterly photo contest, an art and photography exhibit, and a "winter vacation" to a mountain ski resort.

Second Row: D. Richardson, Treasurer; B. Upton, C. Burchard, O. Ferrin, Faculty Advisor; M. Kavanaugh, Vice President.

Eta Kappa Nu

Formed at VPI in 1940, the Beta Lambda Chapter of Eta Kappa Nu seeks to honor those students in Electrical Engineering who have conferred honor upon VPI by distinguished scholarship, activities, leadership, and exemplary character.

Eligibility for membership into this honorary is based upon class standing, with members representing the upper one-fourth of the junior class and the upper one-third of the senior class majoring in Electrical Engineering.

Garnet and Gold Society

To promote and maintain the academic honor of all women students at VPI is the premise upon which the Garnet and Gold Society was founded. High scholastic achievement and significant contributions to areas of service to campus life are encouraged of every member of the society. Membership itself is based upon superior scholastic attainment, outstanding contributions to campus life, and adherence to the ideals of this society as stated in the preamble.
Believing that military service is an obligation of citizenship and that the greater opportunity afforded college men for the study of military science places upon them certain responsibilities as citizens, the cadets of Scabbard and Blade have demonstrated superior leadership in the Virginia Tech Corps of Cadets. Formed to unite in closer relationship the military departments of American universities and colleges, the society's members must show great leadership ability and display outstanding service. An overall QCA of at least 2.0 and at least seven quarters of ROTC are also required for membership. The National Society of Scabbard and Blade, L Company 7th Regiment, sponsors the Military Ball held every winter quarter, crowning an appropriate queen to highlight the military festivities. It is the purpose of the society to develop in each member individual characteristics which have made him a gentleman and an outstanding officer.

**Sigma Lambda Chi**

Sigma Lambda Chi is the Beta Chapter of the National Fraternity of Light Construction Engineers and Building Material Merchandizers. Members of this honorary society seek to develop and promote leadership, character, scholarship, and fraternal relations within the brotherhood.

Membership in Sigma Lambda Chi is awarded to juniors and seniors who have exhibited outstanding scholastic achievement in the curriculum of Building Construction. To meet the requirements for membership, the potential candidate must have an overall QCA of 2.5 or better, and be of junior or senior class rank.

---

**Sigma Gamma Tau**

Seeking to recognize and honor those individuals in the field of aeronautics, Sigma Gamma Tau credits students who have, through scholarship, integrity, and outstanding achievement, been an inspiration to their profession. The society seeks to foster a high standard of ethics and professional practices and to create a spirit of loyalty and fellowship, particularly among students of Aerospace Engineering.

Activities held during the year included a departmental evaluation of the aerospace curriculum.

Society of American Military Engineers

Established in 1937 and chartered in 1957, the VPI Post of the Society of American Military Engineers is the oldest military organization on campus. The purpose of the Society is to advance the knowledge of the science of military engineering and to develop cooperation between military and civilian engineers.

Activities during the year included several field trips to places of engineering interest, such as Fort Bragg, North Carolina, where a combined arms demonstration was held. Fall and spring initiations followed by the formal initiation banquet were also conducted. Construction projects for the ROTC department and sponsorship of guest speakers at meetings are other SAME undertakings.

CURRICULAR CLUBS

EDITED BY:
JENNY MINOGUE
Accounting Society

The Accounting Society of VPI composed of graduate and undergraduate students in the College of Business strives to develop an understanding of and an interest in accounting and to promote pride in the accounting profession. Speakers are featured at their meetings throughout the year and the students are able to question them and acquire first-hand knowledge about the field.

American Institute of Chemical Engineers

Any student enrolled in chemical engineering or any student in a related field voted in by a majority vote is eligible for membership in the American Institute of Chemical Engineers. The Institute strives to promote interest and ability in chemical engineering through activities involving the students and faculty of the department. Monthly meetings are held featuring guest speakers. The chapter sends representatives to the national and regional conventions. The members also sponsor a display during Tech Festival in the spring. Quarterly social events are held including picnics and an annual spring banquet.

American Institute of Industrial Engineers

Enabling a student to meet with his fellow students, faculty, and industrial leaders, the American Institute of Industrial Engineers provides a focal point for Industrial Engineering activities in the department.

Through the organization, the member can discuss topics to further his knowledge of the field. The club sponsored a homecoming float and candidate for queen and attendant this past year. A Thanksgiving party for underprivileged children proves the interest that the members take in the community. The highlights of the year are the spring and fall faculty-student picnics. Membership is open to all interested students.

American Society of Agricultural Engineers

Any student studying agricultural engineering is eligible for membership in the American Society of Agricultural Engineers. Its goal is to promote fellowship among its members and to inform them of the opportunities available in the field. The society participates in Tech Festival and the Homecoming festivities.
American Society of Agronomy

The American Society of Agronomy was established to bring together students and faculty interested in promoting agronomy. Any student who demonstrates an active interest in agronomy is eligible for membership. This year the officers attended the Southeast Regional soil-judging contest. Transportation was provided to the American Society of Agronomy meeting in Detroit. Several money-making projects were also sponsored.

American Society of Civil Engineers

Encouraging the development of professional consciousness and affording an opportunity for civil engineering students to become acquainted with and to practice working with each other effectively, the American Society of Civil Engineers promotes a spirit of congeniality among the members and provides a friendly contact with the engineering profession. Founded in 1922, membership is open to all students in the civil engineering curriculum. Conventions, field trips, movies, and symposia are included in their activities as well as a Tech Festival exhibit and sponsorship of a candidate for Homecoming queen.

First Row: Ashton Ritchie, Vice President; S. Joe Fariss, President; Frank Byrum, Secretary-Treasurer; Gerald Harrison, Corresponding Secretary. Second Row: Howard Labor, Thomas Simpson, Stanley Gifford. Third Row: Scott Barnes, Charles Sulphin, Mike Torrence.

First Row: David Gibson, Tom Seaborn, Recording Secretary; Bernie Morrissey, Treasurer; Richard Brill, Corresponding Secretary; Charles Ernest, Jr., President; William A. James, Co-editor; Rick Ramsaur, Co-editor; R. M. Barker, Faculty Advisor. Second Row: James Wettiner, Richard Hall, Faith Kelly, Roger Jones, Dennis Willis, Robert Morgan, William H. Ireson, Samuel Richardson. Third Row: Joseph Blackburn, Jr., A. Bruce Wolfe, Raymond Amorena, Oren Hurst, Harris B. Turner, Charles Hall, Carl Smith, Jerry Etlett, Sam Jennings. Fourth Row: Robert McCaskey, Larry Simmons, Irvin Muritz, John Jones, Thomas LaFone, James Diamond, Thomas Hughes, Mickey Bailey. Fifth Row: William Hogan, William Porter, A. C. Ryalls, Roland Ranson, Robert Winstead, Ron Mustain, L. T. Falwell.
American Society of Mechanical Engineers

While promoting better student-faculty relations, the American Society of Mechanical Engineers strives to provide an extra-curricular activity for students who are interested in exploring the different phases of mechanical engineering outside of the classroom. Any full-time student may participate in the schedule of monthly programs featuring guest speakers. Various field trips are taken throughout the year. The Society also sponsored a Homecoming float and a candidate for queen.

American Society for Metals

Sponsoring field trips to local metal producing industries, the American Society for Metals seeks to promote and cultivate interests in the metallurgical science among the students. Talks are given by guest speakers from the metallurgical field on various topics. The club also sponsors a display during Tech Festival. The annual picnic is the social highlight of the year. Membership is open to any interested student.
Block and Bridle

Block and Bridle is composed of students in agriculture who are interested in some phase of animal husbandry. The club strives to promote high scholastic standing and bring about a closer relationship among Techmen interested in the field. Formed in 1935, the club is one of the most active organizations on campus. It supports the livestock and meat-judging teams and sponsors Little International, the student livestock show.

First Row: Donna Norton, Mike Harris, Marshall; Margo Nelson, Secretary; Donald Joyner, Treasurer; Steve Britt, President; Brenda Sublett, Reporter; Bev McCulley, Peggy Jones, Clare Smith. Second Row: Charlie Elliott, Mike Ball, Mike Clark, Donald Horsley, Frank Graves, Dave Orebaugh, David Back, Jay Crane, Don Bowman. Third Row: William Tanner, Drew Daniels, J. W. Clore, B. A. Rucker, Clinton Groover, Alan Keller, Bill Moon, Brenda Barnett, Tommy Rountree. Fourth Row: Al Smith, Gray Coyner, Sid Crockett, A. C. Ryalls, Michael Silkey, Nicky Firebaugh, John Crowgey, Ed Binns.
Biology

Club

Providing opportunities for the student to expand his knowledge and activities in the realm of biology and related fields is the primary goal of the Biology Club. It maintains an active schedule of guest speakers and field trips to various schools. The members have also established a club office and workroom in Derring Hall. The highlight of the year is the annual beer blast. Any person with an interest in the biological fields is welcome to join.

Building Construction Club

The Building Construction Club attempts to better acquaint Building Construction students with the construction field as it really is. Any building construction student may become a member. This year the group met with business men from all over the state to determine general construction trends. The members also met with the Associated General Contractors of America and the Virginia Home Builders Association. The club maintains a B.C. Wife's Night-out Fund by which the wives of the members may attend any campus function with her ticket paid for by the club. All of these functions add up to an active and close-knit group.

Seated: Otto Gutenson, President; Patricia Allard, Treasurer; Karin Gutenson, Secretary; R. A. Paterson, Advisor. Standing: Susan King, Carmen Lopenia, Martha Williams, Barbara Hewitt, James Heard.

Seated: Tom Campbell, Secretary; Don Turman, Secretary; Dave Zurek, President; Prof. R. M. Larmier, Advisor. Standing: Barry Hajdu, John Morgan, Tony McGraw, Lyn Ayres, Benny Sedwick, Greg Plush, Missing: Bill Sykes, Vice President.
Burkhart Mining Society

Anyone in the mining engineering curriculum is eligible to become a member of the Burkhart Mining Society. The club ideal is to maintain comradeship and fellowship among mining engineers. The society is a member of the Virginia Tech Student Engineers' Council and through this maintains ties with the other engineering curricular. This year, the club participated in the annual Homecoming float parade and won fifth place for their efforts. They also participated in Tech Festival in the spring.

Dairy Club

The V.P.I. chapter of the American Dairy Science Association works to draw dairy students together and aid the Virginia Dairy Industry. Their projects included publishing their yearbook, The Milky Way, participating in Tech Festival and also recognizing outstanding students. Any student, graduate or undergraduate, interested in the dairy industry is eligible for membership.

First Row: R. S. Strode, A.I.M.E. Representative; Dr. J. R. Lucas, Lowell Hess, Secretary; Mike Haynes, President; Lynn Vinzant. Dick Bolen, Treasurer; Prof. T. C. Shelton, Theodore Parkman, International Salt Representative. Second Row: S. R. Gary, Dick Busick, Ron Smith, Joe Aman, Dr. William Foreman. Third Row: Ron Marcum, Vice President; Pete Marozzi, Lloyd Robinett, Don McKenzie.

Forestry
Club

The Forestry Club maintained a tradition of a very busy year with a variety of social and service activities. Pledge night was highlighted by a possum hunt, and the club sponsored the Timber Beast Ball during the winter. Members also conducted seedling sales and volunteered their services for tree planting. Several members attended the spring conclave at Auburn University, Alabama. The club attempts to achieve a spirit of fellowship among the members and engage in such activities to further the education and enjoyment of the members in the field of renewable natural resources. Any student or faculty member is eligible to belong.
Any past 4-H member may join the VPI 4-H Alumni Club. The organization strives to develop character and leadership among its members, provide an opportunity for the alumni to continue their projects and do something constructive as a group and to further an understanding of problems pertaining to the University. The club also sponsored an exhibit for Tech Festival and rendered services to local 4-H clubs. Meetings featured speakers from all walks of life. Two picnics and a Halloween party rounded out the social scene.

First Row: Carolyn Payne, Song Leader; Barbara Peery, Recording Secretary; George Worley, Treasurer; Clinton Groover, President; Donald Horsley, Vice President; Beckey Jo Racer, Recreation Leader; Faye Frist, Corresponding Secretary. Second Row: Carol Jones, Patty Poole, Linda Rucker, Jane Settle, Sarah Potts, Gail Stagg. Third Row: Forrest Gladden, Jackie Roach, Nicky Fuebaugh, Gail Ferguson, Tommy Fletcher.
Future Farmers of America

Composed primarily of male students, the VPI Collegiate Chapter of the Future Farmers of America trains future teachers of vocational agriculture for proficiency in conducting and advising F.F.A. chapters. Anyone enrolled in agricultural education or a related curriculum is eligible for membership. The club has a busy schedule of social events including a fall picnic and a spring barbecue. They also participate in the Homecoming festivities and Tech Festival.

Institute of Electrical and Electronic Engineers

The Institute of Electrical and Electronic Engineers, VPI Student Branch, invites guest speakers to its meetings which are held every two weeks. The speaker usually gives a technical talk of interest to electrical engineering students. Beer parties, faculty-student football games, technical paper contests, and a Tech Festival exhibit are a sampling of the projects sponsored by the organization. The IEEE strives to promote interest in electrical engineering and to bridge the gap between the student's scholastic world and the real engineering world. Any student may join.
Poultry Science Club

The Poultry Science Club was formed to allow members to learn more about poultry experiments and poultry facilities here at Tech. Anyone interested in the poultry industry is welcomed.

This year they sponsored the annual chicken barbecue and exhibit at Tech Festival. A joint money-making project and experiment was conducted for approximately two months.

University Home Economics Society

Exploring the different areas of home economics, the University Home Economics Society conducts monthly meetings with a variety of programs. The "Fall Fashion-In" at Squires Student Center was the major fall activity. The nutritional field was investigated enjoyably by a spaghetti dinner in January. The annual spring banquet following elections rounded out the year. Any undergraduate home economics major may become a member.

First Row: Linda Edmonds, Recording Secretary; Nancy Lankford, Corresponding Secretary; Mickey McCubbin, Vice President; Chris Hunter, President; Sandy Kizer, Treasurer; Ann Lankford, Junior Representative to Tech Festival; Rosalie Jackson, Vice President to Tech Festival. Second Row: Sandra Marshall, Elizabeth Sowers, Jane Settle, Carol Jones, Linda Gilliam, Linda Rucker, Susan Sweeney. Third Row: Kay Moody, Beth Peebles, Connie Shupe, Joni Harvey. Nancy Hollins, Sarah Potts, Jennie Nance. Fourth Row: Gloria Sparks, Brenda Minor, Jane Wilson, Gail Caryl, Susan Tuckerman. Fifth Row: Anne Battle, Paula Roden, Mary Shaeler, Donna Farris, Carol Vaughan, Gail Stagg, Dordy Kidwell, Faye Frost, Sandra Dixon.
Pre-Veterinary Club

Membership in the Virginia Tech Pre-Veterinary Students Club is open to all VPI Students interested in the pursuit of the study of pre-veterinary medicine. The club tries to acquaint the students with pre-veterinary studies and with the veterinary medical profession. To achieve this goal, the club planned trips to the Merck Chemical Company, the University of Georgia, and other places of interest. Guest speakers are the highlight of the club meetings. The club maintains an active social schedule including a fall picnic, spring hayride, and a year-end barbecue.

First Row: Donna Norton, Carolyn Carlson, Clare Smith, Joe Bell. Second Row: Drew Daniels, President; Jimmy Wright, Secretary-Treasurer; Richard Klein, Corresponding Secretary; Robert Gard, Sam Cation. Third Row: Bill Davis, Parliamentarian; Robert Dennis, Dave Orebaugh. Fourth Row: Bill Watts, Tim Ferramosca.
Wildlife Society

One of the newer organizations on campus, the Wildlife Society is open to all students or faculty in a Virginia college or university interested in wildlife. The Society strives to establish the highest professional standards, develop all phases of wildlife research and management along sound biological lines and acceptance and support of the Code of Ethics of the Wildlife Society. The club holds two meetings a month featuring guest speakers and sponsors two venison cookouts.

First Row: Stan Barnhill, Summer Missions; David Chrisman, Men’s Enlistment Chairman; Michael Tester, Promotional Vice-President; Charles Smith, Social Ministries Chairman; George Brammer, President; Alex Neely, Devotions Chairman; Anne Anyers, Women’s Enlistment Chairman; Michael Smith, Intramural Chairman. Second Row: Craig Hudson, Moffett Roller, William Trotter, David Martin, Tom Gregory, Wilson Conwell, Pernille Plato, Cassandra Jones, June Allen, Marilyn Lerch. Third Row: Adrian Whitcomb, Bob Littlepage, Connie Raina, Bill Huber, Carol Hawkins, Jim Pitts, Neil Benter, Ann Hall, Becky Glass, Jenny Haie. Fourth Row: Susan Miller, Garland Eavey, Sue Lamie, Roland Burgess, Rita Burgess, Rick DeVildiss, Nancy Vaughan, Jane Kreipke, Brenda Riddick. Fifth Row: Gary Creasy, Ken Crush, Bill Dunkley, Wayne Kern, Betty Kern, Linda-Lee Bowman, Paul Bowman, Matt Davidson, Paul Musick, Mike Leach, Bob Emory, Joe Cobbs.

Baptist Student Union

The Baptist Student Union provides a common ground for free expression of the Christian experience as it relates to the university student. This expression takes the form of dialogue, worship, and community service. In addition to attending leadership conferences and conventions, the “BSU” organized and conducted the pre-school retreat, its choir, Wednesday night discussion and intramural sports teams. The Baptist Student Union seeks to be Christ-centered, Church-related, and student-led.
"To assemble men in the fellowship of the Scout Oath and Law, to develop leadership, to promote friendship, and to provide service to humanity." That is the purpose of Alpha Phi Omega, National Service Fraternity. In striving toward these high goals, Virginia Tech's Zeta Beta Chapter recorded over 3400 service hours during the 1968-69 school year, and are well on their way this year with over 1300 service hours for Fall Quarter alone.

Leadership is fostered through numerous projects and activities of the chapter. The nine offices, and more than fifteen operating committees give the brothers ample opportunity to exercise leadership. The positions of leadership held by Alpha Phi Omega men throughout the university structure give credit to their fine program.

It is not all work and no play, either, in Zeta Beta. The second cardinal principle of friendship is demonstrated through the two banquets and many social events which serve to bind the brothers closer together.
A Symbol of Service
at Virginia Tech

Some of the projects which Alpha Phi Omega men have taken on at Virginia Tech include Campus Cleanup, Student Book Exchange, Governor’s Day Campus Tours, Red Cross Bloodmobile, and distribution of the campus newspaper. They also serve as chapel hosts, keeping the War Memorial Chapel open each evening for visitors; as tour guides and answering service for the Admissions Office on Saturdays; and provide manpower for setting up and tearing down of Tech Festival. Last year’s “Ugly Man on Campus” Contest raised $416 for charity. Other small services performed include operating polls for Homecoming and CIC Elections, ushers at various Burruss Hall programs, and work with the Blacksburg area Boy Scout units. Last fall, Zeta Beta presented an elegant American flag to the War Memorial Chapel for use in programs there.

Membership in Alpha Phi Omega is open to any male student with a 2.0 QCA. Anyone desiring to serve is welcome as a brother; however one membership requirement is thirty hours of service to the university and community.

The Zeta Beta Chapter, founded at Tech in 1948, has since strived to make the VPI motto, “That I May Serve” have meaning for them.
Christian Science Organization

Promoting the understanding and growth of Christian Science on the university campus is the primary aim of the Christian Science Organization. The organization is open to all students; however, full voting privileges are granted only to those with membership in the First Church of Christ Scientist. Activities this year have included lectures, distributing literature and selling The Christian Science Monitor on campus. In existence since 1963, the Christian Science Organization has done much to afford students the opportunity to learn the truth about Christian Science and has striven to cooperate with other campus groups in inter-religious interests and activities.

First Row: Susan McMaster, Mrs. Charles E. Sears, Advisor; Bill Crump, President; Jim Brooke, Secretary; Jim Waller, Second Row: Ron Beach, Julie Weber, Dawn Basham, Treasurer; Linda Beasley, Dana Sears.

Circle K Club

The Virginia Tech Circle K Club, a college service organization sponsored by Kiwanis International, requires a four week pledge period of prospective members. Attempting to fulfill its motto, "We Build", the Circle K Club has initiated several projects which include remodeling and working at the Christiansburg Day Care Center, conducting a forum for high school students on drug abuse and offering to help needy people repair their homes. After reorganization and revitalization, the Circle K Club has continued to offer a valuable contribution to the welfare of the community.

First Row: Robert Smith, Gene Hunt, Doug Venable. Second Row: William Moore, Secretary; Arthur Hunt, President; Richard Spurgas, Vice-President; Geoffrey Vaughan, Treasurer; Donald Bonn.
Fellowship of Christian Athletes

The Fellowship of Christian Athletes offers the service of providing speakers for churches, high schools, and other civic groups. Its primary aim is to present youth with the challenge and adventure of being a Christian. Their topics range from an athlete's approach to religion to discouraging a student from smoking. The FCA conducted a conviction in the spring, and attended the National Conference during the summer.

First Row: Dale Gilbert, Doug Adams, Vice President; Jeff Berkley, President; Ronald Ball, Vice-President; Bob Hosp, Secretary. Second Row: Marvin Knight, Wayne Singleton, William Tanner, Richard Huffman, George Davis. Third Row: A. Frank Teske, Faculty Advisor; Bev Fitzpatrick, Bruce Boltz, Bill Morgan, John Givens.

Lutheran Student Association

The Lutheran Student Association attempts to advance Christian ideals in students who desire fellowship, in and out of the Church. The Association operates the Lutheran House on Turner Street for the benefit of its members. Bi-monthly meetings usually serve as a forum during which members can discuss both religious and social problems which confront today's youth. The students are advised by the Lutheran campus pastor who serves both at Radford College and here at Virginia Tech.

First Row: James Wallace, Vice-President; Dianne Smith, Co-Secretary; Ed Vigen, President; Debbie Scott, Co-Secretary; Pastor Bob Richards, Campus Minister. Second Row: Debbie Bowers, Evelyn Winters, Cathy Lane, Lee Fleming, Martin Helley, Charles Coleman. Third Row: Dwayne Westermann, Paul Schwobel, David Hood, Mark Schneider, Bob Jones, Irvin Muritz, Robert Bach.
Young Men's Christian Association

Founded by Sir George Williams in London in 1844, the Young Men's Christian Association came to the United States seven years later. In 1872, when the Virginia Polytechnic Institute was established, the YMCA was the first Christian society of students to be organized on the campus.

The YMCA at Virginia Tech helps students to seek and work for a full, rich life and a free, just society. A few of the Y's numerous programs over the past year include the annual freshman camp, CONFLICT '70, seminars on drugs and the campus, sensitivity training, plus the international flavor of their gift fair. The YMCA at Tech is a part of the Blacksburg community dedicated to the task of serving both the university community and the local community.

Newman Club

Since its founding by John Henry Cardinal Newman, the Newman Club has worked to provide the Catholic students on campus the opportunity to meet on the same academic and social plane. This social plane holds such things as the regular meetings in Newman Hall after mass at which the club sponsors a coffee, and the socials such as picnics and scavenger hunts, which are planned for and by the students. The academic plane includes weekly meetings with speakers and discussions. These meetings are also used for the instruction in and strengthening of the Catholic faith. The club's membership is open to all graduate and undergraduate students. The Newman House on Otey Street provides a central point for most of the activities and socializing.

First Row: Jerry Sniffen, President; Tim Eley, Second Vice-President; Steve Clark, First Vice-President; Second Row: Sandra Dixon, Karen Murphy, Gail Rodecap. Third Row: Robert Hammack, Andrea Wallace, Steven Neuse. Fourth Row: Onolee Bates, Adrian Eley, Karen Murphy, Alan Heuss.

Tom Hills, Tony Ruth, Barb Hills, Vice-President; Bruce D. Hutchinson, President; Kathy Hills; Secretary; Pitts Halupka, Treasurer; Bob Vaughn.
Sigma Mu Sigma

Sigma Mu Sigma, honorary service fraternity, is composed of active members on campus dedicated to service and dignity for Virginia Tech. Requiring at least a 2.0 overall QCA, the fraternity selects for membership students who are active in college and community life and who possess a determination to better their lives and, to the best of their ability, the lives of the people around them. In addition to many smaller projects, the fraternity this year has helped to distribute the campus calendars to all students. Through numerous other activities, the brothers of Sigma Mu Sigma seek to promote brotherhood, fellowship, leadership, and closer bonds among themselves. The purpose of the fraternity is to indoctrinate the college men of America with the traditions of our American Heritage through educational programs and a close relationship with our fellow man.

Sigma Mu Sigma brothers and their dates enjoy a Halloween costume party — one of many social events sponsored by the fraternity.
Virginia Tech Lifesaving Corps

Since 1933, the Virginia Tech Lifesaving Corps has provided the University with an awareness of water safety and donated many of the services that are related to swimming and boating. Yearly the Corps provides the services of its lifeguards for the swimming pool in the War Memorial Gym. Membership is open to those students who have successfully completed either the Senior Lifesaving or Water Safety Instructor's course.

Nancy Fioramonti, Yeoman; Armin Ards, First Mate; Stevan Sedwick, Captain; Boyce Thompson, Purser.

The Wesley Foundation

As one of the educational arms of the Methodist Church on the Virginia Tech campus, the Wesley Foundation seeks to make Christianity real and vital to the college students. It strives to provide training for college students in mature churchmanship through various activities. The coffee house on Friday and Saturday nights, the Sunday morning seminar, and the Wednesday night worship and study group are also regular activities to those who participate in the Foundation activities.
Extensive community work in cooperation with the Christiansburg Community Center, especially the Day Care and Head Start programs have been two of this year's primary activities of Chi Delta Alpha. The purpose of this service sorority is to develop an awareness of human community and through self-sacrifice to relieve other's suffering. Other service projects this past year have been in affiliation with CARE, the Veterans Administration Hospital and the Baptist Children's Home.

Monogram Club

The Monogram Club is composed of undergraduate athletes who have been awarded a monogram in one of the varsity sports. Members are selected by the athletic council and approved by the entire membership of the club. The purpose of the organization is to maintain a close bond of fellowship among varsity athletes and to encourage prospective athletes of good character to attend the University. The Club sponsors social activities for its members as well as providing other social functions for the entire student body.

Chi Delta Alpha

First Row: Linda Beach, Treasurer; Jane Nordblom, Vice-President; Connie Maxfield, President; Linda Gilliam, Corresponding Secretary; Micky Fast, Recording Secretary. Second Row: Barbie Hopkins, Pat Co- man, Patty Loveless, Brenda Taylor, Evelyn Loope, Dianne Franklin. Third Row: Brenda Cronk, Linda Browder, Libbey Hodges, Nancy Haberstroh, Joanne South, Barbara Bennett, Nancy Haslett. Fourth Row: Paula Gail Rodecap, Karen Hutchinson, Jane Baldwin.
SECTIONAL CLUBS

EDITED BY:
CALVIN HENDERSON
Lynchburg Club

Social life is the center of activities of the Lynchburg Club. Each year the club sponsors dances during Thanksgiving, New Year's, spring break and the summer. The club also holds a picnic and party during the summer for its members.

The purpose of the club is to enable students from the Lynchburg area who attend V.P.I. to become better acquainted with each other and to provide social functions for the year. Members of the club should be residents of the Lynchburg area.

First Row: Bruce Daniel, Treasurer; Frank Daughtrey, President; Sandra Marshall, Secretary; Robert Gunn, Vice-President. Second Row: Danny Elmore, Walter Worley, Killis Howard, Steve Lacy, Collier Jackson. Third Row: Jim Booth, Wayne Bolan, Don Driskill, Wistar Trent.

Apple Club

Members of the Apple Club all reside in eleven counties in the northern Shenandoah Valley of Virginia. To promote good fellowship among its members and to raise the social and civic interest of the campus is the purpose of the Apple Club. This club also fosters scholastic achievement among its members by making qualifications for membership include the rule that each member must be in good standing with the University. Apple Club social activities include a Thanksgiving Dance and a Christmas Party.

Peanut Club

The purpose of the V.P.I. Peanut Club is to promote friendship and social activities among all Tech students who reside in the “Peanut Capital of the World.” Besides holding regular meetings throughout the year, the Peanut Club’s social life includes a Thanksgiving Dance, a Christmas Dance, and a Spring Beer Blast. All Peanut Club members must reside in Franklin or Suffolk or in the counties of Southampton, Isle of Wight, Surry or Nansemond.

First Row: Lemuel Battle, Richard Pittman, David Buck, Vice-President; Jack Webb, President; Elliott Whitfield, Treasurer; Sammy Johnson, Sergeant-at-Arms; Susan Day, Secretary. Second Row: Carroll Carr, Tom Gray, Darwin Edwards, Cynthia Spivey, David Kincaid, Carolyn Holland, Morris Holland, Charles Lynch.

Dr. Herbert S. Atkinson
City Manager
Franklin, Virginia

Dear Mr. Atkinson:

Below is the cost to repair and clean the Armory after the V.P.I. Peanut Club dance held on December 21, 1969.

Material
1. Door to men’s rest room $36.50
2. Reinforced glass door to house fire hose 13.50

Labor
1. City plumber to replace hand basin in men’s rest room 12.50
2. City carpenter to hang new door, remove and install all hardware from old to new door 36.00

6 City laborers cleaning debris such as bottles and glass from floor, cleaning walls where bottle had been thrown and smashed, washing and removing floor, trying to remove whiskey stains and glass, cleaning parking lot of broken bottles, glass and debris.
6. Laborers · 6 hrs. each = 46 hrs. x $1.60 74.40

1. Foreman with crew = 6 hrs. · $3 18.00

Total cost of material and labor $127.35

Yours very truly,
Walter E. Seaman
Director of Public Works
Northern Neck Club

To allow students from the Northern Neck area of Virginia to become acquainted and have fellowship with each other is the main purpose of the V.P.I. Northern Neck Club. While promoting goodwill among its members, the Northern Neck Club sponsors many social activities which include holiday dances, quarterly banquets, and a spring party. The club also offers a scholarship to an incoming freshman from the Northern Neck area as a scholastic activity. Membership in the Northern Neck requires residency in the counties of Westmoreland, Lancaster, King George, Northumberland, Caroline, King William or Essex.

First Row: Louis Whittaker, Treasurer; Ed Pittman, President; Jane Settle, Reporter; Robert Webb, Vice-President; Gerald Harrison, Secretary. Second Row: Bernard Abey, John Hudnall, Eugene Campbell, Alan Hymon, Bill Elliott, Rusty Hall. Third Row: Ronald Rose, Carl Thompson, Roger Campbell, Ted Thomas, Ken Pittman.

Richmond Club

A banquet and dance for members in the spring is the highlight of the year for the Richmond Club. In addition to the dance the club also sponsors a Thanksgiving dance and a New Year’s dance. The purpose of the Richmond Club is to allow the people from the area to become better acquainted with each other and to raise money for the banquet and dance in the spring. Requirements for membership in the club include only being a resident of the Richmond area.

First Row: Bob Leahey, Secretary; Randy Fortune, President; Buddy Filipp, Vice-President. Third Row: Ronnie Kopecko, Randy Carter, Mike Hock, Ed Cash.
Southside Club

Social functions are the main activities of the Southside Club. These activities include parties during Thanksgiving, Christmas, New Year's and the summer. During Spring break, the club holds a large banquet and party for its members. Two picnics are also held during the school year.

The Southside Club tries to promote better fellowship and unity among Tech students in the club. Membership is by residency in eight Southside Virginia counties; however, invitations for membership must be received to join the club.
Southwest Virginia Club

To promote and encourage friendship among students from the area is the main purpose of the Southwest Virginia Club. While enabling members to become better acquainted, the Southwest Virginia Club offers many social highlights throughout the year. The highlights include a dance at Dixie Caverns, a Christmas dance, and a spring picnic at Claytor Lake. The Southwest Virginia Club requires that its members be residents of one of the thirteen counties in the area.

SPECIAL INTEREST CLUBS

EDITED BY:
PETER LAWRIE
The Virginia Tech Debate Club serves to encourage and promote student interest and skills in debating, the formal discussion of a question by considering opposed arguments. Today's modern debate topics are concerned with social, political, and governmental interest.

The Debate Club offers opportunities to apply logic and speaking skills in competitions throughout Virginia and in several interstate meets.

Activities for this year were varsity debate tournaments at Wake Forest and Bridgewater College and Novice Debate tournaments at Wake Forest and Marshall University.

Rifle and Pistol Club

The VPI Rifle and Pistol Club was formed to encourage all types of shooting sports among the students and faculty of this university by providing proper range facilities and instruction. Through the allied Rifle and Pistol team, the club provides competitive shootings according to NCAA and NRA affiliated programs. Qualification for membership is only an interest in the shooting sports.

Highlighting the year was the construction of a new modern range with quarterly shoots and banquets. Other activities included the sponsorship of a high-power rifle match in Spring Quarter, an IDRA match at Ft. Meade, Maryland, and the sponsorship of Homecoming Queen.
Cotillion Club

Mike Coates  
President

Mike O'Conner  
Treasurer

Elmo Stephenson  
Leader  
Scott Long  
Historian  
Henry Van Dyke  
Alumni Secretary

Mrs. J. S. Burrows  
Club Mother  
Fergus D. Rollins  
Faculty Advisor  
"Shotsie"  
Club Mascot

The Cotillion Club, formed in 1913, has brought many fine formals and concerts to Tech's student body. A "bid" for the V.P.I. Cotillion Club is a prized possession of any male student who is selected by members for his fine character and interest in the club. This year was no exception for the traditionally great formals. "Age of Aquarius" was the theme for Fall Formal with the Stonybrook People and the Delfonics. Winter Formals brought Bill Deal and the Rhondels and Chelsea Beige with the theme—"The Images of Your Mind." Other Cotillion activities included privates, after parties, and banquets.
German Club

As the oldest student organization, the V.P.I. German Club has promoted formal dances and social functions for seventy-six years. The German Club chooses members on their outstanding character and their interest in social functions at Virginia Tech. Its members have continually strived to present for the students of Tech a social life which is keeping with the highest ideals. It is the earnest hope of the German Club to furnish the basis for a rewarding social life by sponsoring three dance weekends a year.

The year began with the traditional freshman dance, from which all proceeds went to the Freshman Class treasury; Fall formals brought the Tip-Tops and the Intruders with the theme "South Pacific." With winter came the Embers and the Tip-Tops under the theme "Casino Royale."
Scuba Club

The Scuba Club was organized to provide a training program in skin and scuba diving to interested students and faculty members. Prospective members must pass the training program as set up by the club, and pledge for one week.

This year they engaged in fall and spring dive trips to Mountain Lake, a Thanksgiving dive trip to Nag's Head and the annual club trip to Florida during the spring-break. As well as dive trips to lakes and quarries around the state, two training classes are held during the year.

Ski Club

Virginia Tech's Ski Club was organized to enable all members to ski as often and as inexpensively as possible. Ability to ski is not a requirement for membership; only a sincere interest in this winter sport. However, many members are skilled enough to participate in skiing events in competition. Tech members participated in the Southeast Collegiate Competition at Beech Mountain in N. C. During Winter Quarter members make weekend excursions to various skiing resorts. One highlight of the club's year is the traditional five-day ski trip to Vermont.

First Row: Martin C. Schenker, Treasurer; Sandy Weber, Secretary; Art Hunt, President. Second Row: Jim Borcherts, Chief Waxman; Dave Drummond, Wipeout Advisor; Gene Hunt, Slalom Advisor; Rodney R. Farris. Third Row: Jim Ward, Photographer; Debbie Grina, Trip Coordinator; Kevin Gross, Downhill Advisor. Fourth Row: Pat Caldwell, Safety Officer; Gordon Logan, Mike Spangler, Bob Duncan.
Sports Car Association

The Sports Car Association of Virginia Tech promotes and assists the development and expansion of knowledge concerning proper care and use of all types of cars. The club conducts autocrosses and rallies every weekend, weather permitting. Meetings are held bi-monthly at which racing films and slides are shown. The club has planned to attend several national races in the Spring such as at Watkins Glen and Sebring. The only qualification for membership is an interest in cars.
University Orchestra

The music of Bach, Haydn, Schumann, Offenbach, and Rogers & Hammerstein resounds through the large ballroom of Squires Student Center as the University Orchestra continues its series of concerts.

Tech's University Orchestra, now in its third year, is rapidly becoming an integral part of Virginia Tech's musical organization. Among the University Orchestra appearances were the Fall, Winter, and Spring concerts. The seventy-piece orchestra, conducted by Dr. Donald W. Grisier is composed mainly of students, although members of the faculty, staff and community residents also play. About seventy percent of the members are students and the rest are residents of Montgomery and Giles counties, Radford and Blacksburg.

The Orchestra is a member of the American Symphony Orchestra League, the National School Orchestra Association, and the National Federation of Music Clubs.
Varsity Glee Club

Since 1964, many thousands of people have seen and heard the Virginia Tech Varsity Glee Club in person. Many more have become acquainted with this fine choral group through radio and television. Tech's Varsity Glee Club is composed of 65 male voices from nearly every school within the university. The exceptionally high level of performance by every member is a tribute to their intense enthusiasm; VPI has no performing music department. These engineers, architects, and agriculturists sincerely live up to their motto: "There's no fun without music and no music without fun."

The 1969-70 season includes 40 concerts. Fourteen of these are full length concerts in different communities, including the Mosque Theater in Richmond. By June, the Glee Club will have entertained more than 25,000 people.
Techsirs

Techsirs is an honorary of the VPI Glee Club. This group is composed of twelve Junior and Senior members who are honored because of their outstanding musical and academic contributions to the University. The purpose of the Techsirs is the operation of the Glee Club instead of having officers like most organizations. Each Techsir is in charge of one facet of operation such as scholarship, finance, or public relations. These are handled by committees to which all members of the club are assigned.

First Row: John Woodson, Finance Chairman; Bill Stutts, Chairman of Techsirs; Jody Sartain, Social Graces and Wardrobe Chairman; Dave Zurek, Social Chairman; John Eddy, Properties Chairman; Posey Jones, Public Relations Chairman. Second Row: John Boling, Alumni Chairman; Daryl Divizio, Scholarship Chairman; Steve Blake, Stage Manager Chairman; Brian Humbrecht, Rehearsal and Office Chairman; Lowell Lewis, Music Library Chairman; Mike Scott, Orientation Chairman.
University Choir

The keynote of the University Choir this year was "new". A combination of new concepts and ideas of director, Stanley G. Kingma along with the arrival of a new accompanist and arranger, Paul Breske, initiated a new, more contemporary musical sound. With the addition of many new faces came added skill and vocal dimension, while new dresses for the women added visual highlights. The first presentation of all these elements came in early December with the Fourth Annual Christmas Convocation, which cast a new light on the concept of an old-fashioned Christmas. A new awareness of the problems and issues of the times was reflected in an original, highly skilled production featuring "The Song of Democracy," given in early spring. The past year of change in look and outlook shows that after four years the University Choir has become a mature organization and an active element of campus life.
UNRECOGNIZED GREEKS

EDITED BY:
CHIPPER BLUNT
Delta Kappa Sigma

Delta Kappa Sigma, the oldest off-campus social fraternity at Virginia Tech, was founded April 21, 1941, by four Tech students who recognized the need for a better social life at V.P.I. The purpose of the fraternity is to inculcate among its brotherhood a finer spirit of loyalty, activity, and fellowship toward their Alma Mater and their membership. Major social functions during the year included Homecoming in the Fall, periodic costume parties, and the Annual Deek Weekend in the Spring. Delta Kappa Sigma also participates in the Interfraternity Council and various community activities.
Groove Phi Groove

The purpose of Groove Phi Groove is to provide social life for a segment of black students on campus and to integrate social, religious, and athletic phases of collegiate life. The Groove Phi Groove Social Fellowship was founded in 1961 at Morgan State College.

Delta Pi Zeta

Founded as a dorm club in 1960, Delta Pi Zeta’s house is located at 107 Turner Street. A variety of social activities are offered to supplement academic life, such as parties which include three or more dance weekends a quarter. The academic year is brought to an end with an informal dinner dance and IFC weekend. Providing a strong brotherhood for the members is not the only objective of the fraternity. Among other things, they seek to instill a willingness to work and to better the organization among the brothers.

First Row: George Moorman, Pledgemaster; Rip McGinnis, President; Ray Dillard, Parliamentarian; Jim Gaslin, Treasurer; Bill Flickinger, Vice-President; Terry Tuckey, IFC Representative. Second Row: Joe Anhein, Marshall Bates, Chuck Hillard, Scotter Sayler, Linda Flickinger, Sweetheart; Tommy Ames, Secretary; Eddie Mihous, Reed Mitchell. Third Row: Jeff Miller, Ben Trobaugh, Regan Clause, Stewart Couch, Mike Thompson, Mike Whitaker, Jay Klingel, Dan Haines, Dennis Smith, Dan Trobaugh, Pete Strang, Todd Hyman, David Bird. Fourth Row: Harry Henke, Skip Marsden, Eddie Byrne, Larry Shewan, Bruce England, Henry Micks.
Delta Rho

Delta Rho was founded in the Spring of 1966 by six charter members, making this social sorority the oldest at Virginia Tech. Aside from many social activities such as dances, banquets, basketball, cards, teas, and picnics, Delta Rho sisters are active individually in many University activities including SGA, WIC, House Councils, University Committees, intramurals, Squires Student Center, class offices, and others. In addition, philanthropy plays an important role in the lives of the sisters who staff the Artmobile, comfort Bloodmobile donors, help needy area children, and sponsor an orphan. Delta Rho is not only dedicated to the sisterly fellowship it affords its members, but also to the portrayal of a purposeful position in the University Community.
Located at 100 Church Street, Delta Sigma Chi has been in its present house since 1960. Prior to being in their present house, the fraternity was a Femoyer dorm club which originated in the early 1950's. Sponsoring theme parties, weekend combos and special event dances, Delta Sigma Chi continues to provide its brothers with a balance between academic and social activities.

A casual drink and conversation are some of the better benefits a fraternity can offer its brothers.
Delta Sigma Tau

Delta Sigma Tau was founded in the spring of 1968 by twenty VPI undergraduates to promote true feelings of brotherhood among men of similar academic and social outlook. Located at 705 North Main Street, the brotherhood takes pride in its house facilities, improvements, lighting and sound systems which have been constructed entirely by the brothers themselves. With brothers participating in various campus activities and with such functions as faculty nights, parents weekends, intramural sports, and weekend parties, the fraternity is continually expanding and striving to further its ideals of devotion, service and togetherness.

First Row: Chuck Epes, Secretary; Tom Wilkinson, Ashton Ritchie, Ed Miller, Mike Stoneman, Historian; Joe Gray, Bootie Rose. Second Row: Steve Lukas, Treasurer; Tom Simpson, Sam Jesselton, Ox Hollins. Allan Potts, Reid Voss. Third Row: Mack Tuck, Greg Snow, Mike Scolosi, Bill Hovland, President; Danny Peters, Andy Stampley, Alumni Secretary; Dale Batesman, George Dubovsky, Sergeant-at-Arms; Walt Brown, Lou Carlin, Vice-President. Fourth Row: Ben Scott, Wes Jones, Dave Roth, Dick Newman, Ed Talley.

The use of these trash cans is best known to Sig Tau's pledges.  

Dates and brothers alike enjoy a rest between dances.
Kappa Sigma Chi

Kappa Sigma Chi was founded Winter quarter, 1969. They moved into their present house, located off Tom's Creek Road, overlooking the new by-pass, this past summer. The fraternity consists of twenty brothers who are striving as a unit to make the fraternity and the idea behind it a real thing to each brother. Kappa Sigma Chi accepted its first pledge class during winter quarter, 1970. The fraternity is working for more than the hours of socials and enjoyment. It is attempting to fulfill the true meaning of the word “fraternity” — a strong tie of brotherhood.
Lambda Chi

Founded during the Winter quarter of 1969, Lambda Chi has remained an active fraternity this year despite the loss of their house. On December 22, the house at 315 Houston Street was gutted by fire. The brothers had worked for six months on the house and nine brothers lived in it during fall quarter. Lambda Chi sponsored the winning candidate for "Ugly Man on Campus" during the 1969 Tech Festival. The purpose of Lambda Chi is to form a more perfect brotherhood, promote the academic and social welfare of its brothers, and improve the social climate of Virginia Tech.

First Row: Randy Welton, Secretary; Phil Zwicke, Treasurer; Richard Thatchert, President; John Purcell, Vice-President; Glenn Davis, Sergeant-at-Arms; Bill Dean, Pledgemaster.
Second Row: Mike Kovach, Bob Wetzel, Skipper Giddings, Dennis Simmons, Glenn Sheffer.
Third Row: Bob Smith, Mike Weaver, Ron Zirkle, Stuart Sibold, Joel Spencer, Eden Jackson.
Fourth Row: Jerry Aust, Randy Crockett, Lee Parrish, Earl Curling, Olin Greene, Carl Rickman, Roger Martin.
Phi Alpha Chi

Phi Alpha Chi, formed in the Fall of 1966, as a chapter of a Norfolk fraternity, bears the distinction of being the newest fraternity in the IFC. The brotherhood is a composite of twenty-six individual personalities. Individuality is not forsaken in Phi Alpha Chi; each brother represents a unique entity, while still maintaining his loyalty to the brotherhood. Theme and combo parties are held throughout the year to provide a social balance to the academic life of each brother. Participation in IFC activities has also become an integral part of this fraternity's life.

"PAX" brother doubles at a party as a disc jockey and a bartender.

This bar was made by the brothers and is regularly used by all guests and brothers alike.
Phi Delta Psi

October 13, 1968 marked the founding of Phi Delta Psi Fraternity at Virginia Tech. At this time, twenty-four men united together to form a brotherhood. Their ideals were, first, to create a balance of social, service, and scholastic interests for the brothers; second, to develop the qualities of self-reliance, sincerity, and leadership in its pledges through a serious and purposeful pledging program; and third, to develop in its members the self-awareness and personal perspective necessary effectively to understand others. "Beyond the ideal lies the realization . . ."

Phi Delt Brothers barbeque for their guests.

Thanksgiving Food Drive sponsored for the needy.
Pi Kappa

In the Fall of 1961, Pi Kappa Fraternity was founded by eleven Virginia Tech students. From these original eleven, the fraternity has expanded to the present size of forty brothers. These brothers engage not only in social functions for the brothers, but also sponsor such events as faculty night and parents weekend. The social highlight of the year was a theme party during winter quarter, when the fraternity costumed for the "Days of the Roaring Twenties."

Faculty night is complemented by a drink and conversation.

Parents watch their sons perform in their honor during Pi Kappa's annual Parents Weekend.

Officer Induction is a solemn moment during the Spring Quarter banquet.

"Ye Olde Pub" is one of the main attractions at 400 Progress Street.

Sigma Alpha Kappa

Founded in the Winter of 1967 by twenty-seven freshmen and sophomores, the fraternity has continued to grow in size and quality since its conception. Sigma Alpha Kappa has one of the largest houses serving any fraternity at Virginia Tech. Its seventeen room anti-bellum house is located in Willowcroft Valley near Newport, Virginia. "SAK's" prides itself on the diversity and individualism which its brothers possess.

First Row: Les Langhans; Little Sisters: Linda Chatfield, Marianna Jenkins, Nancy Hotter; Kevin Reynolds; Second Row: Ken Loritsch, Mick Mizell, Secretary; Chuck Adams, Vice-President; Third Row: Bob Siegel, Gale King, Ed Babcock, Rich DeRoberts, Bob Myers, Bill Freeman, John Gavitt, Steve Peck; Fourth Row: Chuck Whillow, George King, Steve Simms, John Bell, Bill Barr, President; Larry Simmons, Phil Chandler, Jim Mustard, Tom Seaborn, Wayne Monie, Treasurer.
Sigma Lambda

Sigma Lambda was formed in 1947 by several World War II veterans who had a desire to improve the social life at Virginia Tech. The house at 405 Roanoke Street was acquired in 1958. Previously the fraternity’s activities had taken place at Shadow Lake. Participating in community charity activities and aiding area civic groups has been the major emphasis of the fraternity, other than its regularly scheduled social activities. The purpose of the fraternity is to provide a well-rounded social atmosphere to alumni, graduate students, and undergraduates at Virginia Tech.

Well-decorated TV room also serves as a trophy case for Sigma Lambda.

Brothers attempt to attack the decoration problem from a different angle.
Sigma Omega Tau, 408 Roanoke Street, has continued to serve its brothers by providing them a home while at college. During this past year "Sots" has had a party for its alumni at Homecoming, providing them with a banquet and a combo party after the game. The fraternity also had a Christmas party at which the brothers exchanged gifts and then gave a party for needy children in the community. Sigma Omega Tau excelled in athletics by winning the University Championship in football and finishing second in the University volleyball competition. Other traditional activities include a toga party in the winter, a picnic, and a banquet with the installation of new officers in the spring.

**Sigma Omega Tau**

First Row: Eddie Hurt, Treasurer; Dick Prestwood, Secretary; Dave Meyerpeter, President; Wayne Nystrom, Vice-President; Bill Grish, Pledgemaster. Second Row: Craig Bryant, Van Crouch, Tom Dickinson, Dick Roop, Bill Paugh, Gary Buchanan, Steve Rosson. Third Row: Paul Badulin, Nat Ames, Lenny Kosco, Gordon Lindberg, Tom Hughes, Dan Etzold, Jimmy John, Greg Price.

Brothers and their dates rally at the Homecoming game.

Myrtle Beach is where one will find "Sots" in the Spring.
Sigma Phi Epsilon

Sigma Phi Epsilon is a national social fraternity with headquarters in Richmond, Virginia. The frat was established on November 1, 1901, at Richmond College, now the University of Richmond. Sigma Phi Epsilon has installed 191 chapters and initiated over 85,000 members. With respect to chapters, Sig Ep is the second largest national social fraternity. The Sigma Epsilon Colony here at Tech is undergoing its pledge period. The pledge course is being taught by the Virginia Epsilon Chapter of Washington and Lee University. The colony will undergo the pledge period until Spring, 1970. At that time, the Colony will become the 193rd initiated Chapter of Sigma Phi Epsilon and will be known as Virginia Kappa.

First Row: Michael Haynes, David Tibbs, Recording Secretary. Second Row: Jim Mink, Corresponding Secretary; Ron Hauler, Controller; Mike Farley, President; Richard Busick, David Price, George Coleman, Bruce Daniel, William Connor, Vice-President; Royal Dawson, Chaplain; Ed Templeman, Ed Meadows, Cullen Hackler, Carroll Chewning. Third Row: Danny Elmore, Ron Fama, Marty Cohen, Tommy Thompson, Wally Sale, Ed Spengler, Jim Brickley, Jerry Bait. Fourth Row: Terry Martin, Jim Richardson, John Lawson, Tim Clark, Joe Rice, John Gilduff, Bill Thomas, Phil Hazeldine, Alan Collier.
Since its founding in 1961, Tau Delta has continued to provide activities for its brothers in order to develop a close brotherhood and an active social life. Tau Delta gives about ten combo parties per quarter, participates in all major intramural sports and conducts road trips. Some recent trips include the Liberty Bowl in Memphis, the Tech vs. Alabama game in Birmingham, and the Oyster Bowl in Norfolk. Community projects included sponsoring an orphan through the Christian Children's Fund and sponsoring its annual Christmas party for local orphans. Tau Delta's house has living accommodations for eleven brothers. The brothers have furnished the house with a new bar, air-conditioning in the party room, a jukebox, wall-to-wall carpeting upstairs, and a color television.

First Row: Bacchus, John Skelton, Terry Whesdos, Skip Walker, Lee Lawler, Mike Quillen, President Fred Snell, Dick Krause, Second Row: Jerry Snell, Ron Gibbs, Dennis McMullen, Dwight Johnson, Tom Chamblin, Tom Preston, Page Waller, Walt Seedlock, Donny Taylor, Charlie Broadwater, Bob Everett, Buddy Wilfore, Randy Beach, Corky Guild, Pledgemaster, Third Row: Bill Reid, Robin Sullenberger, Joel Harrell, Treasurer; Joe Jennell, Vice-President; Tom Wilson, Charlie Weston, Jimbo Cannon, Dr. Robert L. King, Advisor.
The brothers of Tau Sigma Chi have developed their fraternity into one of the most active since its conception during the Fall of 1963. Fall quarter was highlighted by parents' weekend, costume parties, and open combos. "TEX" participated in all intramural sports, as well as activities sponsored by the I.F.C. The fraternity also participated in community services such as giving blood. During winter quarter, Tau Sigma Chi gave the second largest amount of blood to the Red Cross. Tau Sigma Chi's philosophy of service and brotherhood is expressed in their motto — "Many into One."

LINDA LAITY
Gwyndolin Liithicum
Members of the Class of 1970 find themselves at the end of four years of activities that have changed the one time "Cow College" to one of the nation's leading "State Universities."

For many of us our first days were spent at freshmen camp, but all of us will remember moving into the dormitories as we experienced what was to become more than a frequent event — rain. More than a week was spent in orienting us to college. There were a multitude of meetings and social activities scheduled. Once classes started we quickly learned what they tried to tell us at orientation. Soon we were caught up in studies and the social whirl of college life. In the four years there was no let-up in activity.

Every quarter brings its big weekends with formals and sports events. In the fall, the football games and pep rallies arouse school spirit. Early in the quarter, Homecoming crowds the campus with visitors and alumni. Thanksgiving brings the traditional football game with VMI and shortly thereafter Christmas vacation.

We tend to forget winter quarter with its snow and cold. We still kept busy with class meetings and tremendous basketball games.

The spring thaw puts life back into the campus. The drillfield is filled with fun-loving sports fans and quite often, mud. Spring is the hardest time to concentrate on the books — there are just so many other things we'd rather do.

The class became officially united with the election of class officers our Sophomore year. The success of the following years for the class was based on the work done by these people. It was not until Junior Weekend that we were brought together for a class function. Before we could think about it, it was time to order our class rings. The highlight of our class activities came in the spring of that year — Junior Ring Dance.

Our Senior year we could see graduation approaching. We saw the completion of the Student Union, a long awaited facility. The new "Coed" dormitory became a reality and naturally caused great debate. We are probably the last class to graduate under the old name of VPI. It is through the efforts of many members of our class that we achieve this name change.

Each of the members of our class has taken the opportunity offered at Virginia Tech and used it to grow in his own individual way. We have developed our intellectual capacity, broadened our social outlook and found new spiritual insights. We are apprehensive of what is to come after college, but are confident that we are well prepared for whatever will come having been at Virginia Polytechnic Institute.
Class Officers: Roger W. Spence, Cadet Member-at-Large; John H. Milne, Historian; Noel D. Augliere, Secretary; Sterling L. Hawkins, Civilian Member-at-Large; Harris B. Turner, Jr., Treasurer; Michael L. Coates, Vice President; Lester F. Langhans, III, President; Dr. Wallace D. Lowry, Class Sponsor. Not Pictured: Judy S. Taylor, Civilian Member-at-Large.

Downtown Blacksburg
Come see the making of power

Vepco's first monumental atomic power station is now under construction in Burke County, Virginia. In the new Information Center overlooking the site, you will see an enlarged child's presentation, fascinating exhibits, and a working model of the reactor. And from the balcony, you can watch them assemble the real thing. Open 10 AM to 4 PM Monday through Saturday and 1 PM to 4 PM on Sunday. For more information call 751-2054 in Richlands.

MEMBER OF FEDERAL DEPOSIT INSURANCE CORPORATION
NEWPORT NEWS.
WE’VE LAUNCHED MORE THAN 500 SHIPS.

But wait ’til you see our encore. When we started out in 1886, we were just a small ship repair yard. We named the company Newport News. Because we were proud to be doing business here.

Today we’re the largest shipyard in the world. And we’re still proud to call ourselves Newport News Shipbuilding and Dry Dock Company. Because a lot of the people who helped put us where we are today come from right here on the Virginia Peninsula.

With their help, Newport News has become an important asset to our community, our state and our nation.

Sure, launching over 500 ships in a little more than 80 years is a pretty impressive achievement. But we’re not standing still for that. We’re constantly looking to the future.

Today a major component of Tenneco Inc., the shipyard retains its identity and its unexcelled reputation for fine ships.

Watch our encore.

NEWPORT NEWS SHIPBUILDING
AND DRY DOCK COMPANY
NEWPORT NEWS, VIRGINIA 23602

A MAJOR COMPONENT OF TENNECO, INC.
Poly-Scientific has played a significant part in military, commercial and industrial measurement and control components and systems throughout its sixteen-year history. Founded as a small development and manufacturing firm of precision components for inertial navigation systems, the Company has grown to a multi-million dollar, completely integrated facility encompassing research, design, development and manufacture of components, sub-assemblies, sub-systems, and systems for the Defense, Aerospace, Industrial and Commercial Industries. Over two thousand products have been developed to date.

We are the world’s leading designer and manufacturer of slip ring devices and assemblies and a leading authority in the world on sliding contact technology. We also design and manufacture precision switches, ceramic/metallic composite products, encapsulated electronic modules, rotary transformers, sub-miniature electromechanical measuring and control devices, memory units and associated peripheral equipment, test equipment and miniature electronic data transmission and recording systems.

The College and the Newspaper—
Both are Part of a Full Education

The college and the newspaper are brothers in knowledge
and partners in the informing of mankind. Both are a part
of a full education.

The Roanoke Times serves many students at Virginia Tech
as a "living textbook" with the most up-to-date supplementary
reading in their education. This newspaper is pleased to have
been a part of the student life of this year's graduates and
extends them best wishes. The daily newspaper will serve
them in the years ahead as their primary source of information.

Aerofin has all kinds of problem solvers

Aerofin extended surface coils have proven high-performance records for a wide variety of heat transfer requirements. Special coils to heat air/gas... cool air/gas... condense water vapors from air, chemical vapors from air or gasses and recover solvents... coils to preheat or reheat... coils to absorb contraction and expansion.

Select from standard or custom coil sizes, arrangements, headers and tube materials. Specify your coil application problem, whether multiple coils for job-site-assembly or a single replacement. You'll get what you want, when you want it, without compromise—whether it's for industry, commerce, institutional or energy system design.

AEROFIN CORPORATION

Why make the nation’s business yours?

Because you seek a career with challenge. Purpose. You want to help. And you want to get involved.

You'll find opportunity and fulfillment in private business, built on the capitalistic system that has given us the world's highest living standards.

American business continually searches for new and improved products, for better ways to do things, and keep costs down. Wherever there are problems to solve — in our cities, in space, under the sea — private enterprise responds with the talent and resources to bring about efficient, workable solutions.

Your work and achievement in the corporate community can be satisfying and rewarding, your contribution important. Check into opportunities in business enterprise.

What the interviewer won't tell you about General Electric.

He won't tell you about all the job opportunities we have for college graduates. Not that he wouldn't like to. It's just that there are too many jobs and too little time.

In a half-hour interview our man couldn't begin to outline the scope and diversity of the opportunities we offer. Opportunities for engineering, science, business and liberal arts majors.

That's why we published a brochure called "Career Opportunities at General Electric." It tells you about our markets, our products, our business philosophy and our benefit programs.

And, in plain language, it tells you exactly how and where a person with your qualifications can start a career with General Electric. It even gives you the first step in starting a career with us — a Personal Information Form for you to fill out.

If you like what the brochure tells you about us, why not tell us about you?

Editors' Wrap-Up

The 1970 BUGLE has been put together by a staff that has worked harder than any other we have seen. We started the year with a few problems, but these were rapidly overcome. Jim Denyes, our business manager, and his sales staff worked very hard last fall and enabled us to order over 4,000 BUGLES. Their work also enabled us to have more students in the class sections than ever before. For all their hard work we thank Jim and the sales managers and staffs.

As the year began editorially, and we approached our first deadline, it was evident that we had a very good staff. Even though some people were inexperienced, we met that first deadline. We continued to meet our deadlines and we met every one. The staff worked hard to accomplish this feat, one which we had not come close to before. Some staff members have worked harder than others and we feel we are fortunate to have had them on the staff. Hunter Polliitt has done a tremendous job on three sections this year and has been a great help on each of the deadlines. Linda Lally, in working on the Senior section, did more typing than should be expected of anyone and she was always a jewel. Chipper Blunt headed up the Organizations section and did a good job of being independent, so that we did not have to worry about any of those sections. The Corps section this year was completed with very few problems; for this we thank Jack Asherman.

From the technical side we have had very good support this year. Our own photo staff, especially John Ellsworth, has done a very good job. This is especially true in the Beauty section. Professor E. A. Hancock, our advisor, has done his usual good job and has given us much support, particularly in the opening section. We wish also to thank Gentry-Gilbert Studio for their continued good service. This year we realize even more that our decision to change to Hunter Publishing Company was a good one. By our staying on schedule, they have been able to give us even more help than last year. I, Gary, must also thank my wife for putting up with me this year, especially at deadline times.

We have had the unusual experience of working together as Co-Editors. This was not entirely new for us as we have worked together before. We hope that we have done a good job and we feel that we and the staff have produced the best BUGLE yet.

Finally, we feel that we, the staff, must thank the entire student body for its support in buying the 1970 BUGLE. Because of this support we are planning to lower the price of the 1971 BUGLE. We hope that your support will continue to grow.

Sincerely,
F. G. Gary Gross
John D. Tessler
