Ring Dance
The 1972 class rings finally arrived early in May of 1971. This was the signal for the biggest event in the life of every Tech student — Ring Dance. On the upper quad, dikes rushed to and from Shultz storing and picking up flowers. Uniforms were picked up at the cleaners and sabers and shoes were shined. Confusion reigned all over Blacksburg. A plea was heard over WUVT for a pair of tux slacks. The confusion was overcome as time for the dance approached and dates were picked up. The excitement reached a peak as the couples approached the doors and were greeted by a huge 1972. A world of colored lights engulfed the couples as they entered the lobby. There were more colored lights as the evening ended on the Drillfield with fireworks.
Ring Dance
Entertainment at the Saturday semi-formal was provided by Dennis Yost and the Classics Four (above) and Chairmen of the Board (left).

Record 16-10
TRACK HAS OUTSTANDING SEASON

The 1971 Out-door Track team finished the season with an outstanding 6-0 record in dual and tri-meet competition. The Techmen also made strong showings in the state meet and other collegiate competition, including the News Piedmont Relays at Greenville, S.C., and the Dogwood Relays at Knoxville. The team was led to its victories by Coach Martin Pushkin.

CADET HONOR COURT

CORPS

EDITOR, BARRY FAYNE
ELEANOR SEIDEL
DOUG CALL
The Virginia Tech Corps of Cadets consists of approximately 600 men destined to be the military and civilian leaders of the future. Through the training they receive in cadet life, members of the Corps learn to work for people, as well as themselves. They learn that leadership, honor, responsibility, integrity, and self-confidence are more than just words — they describe an honored Corps tradition that still dominates this organization.

The Corps, by its organization and operation, is designed to contribute to the all around development of the individual, to teach him self-reliance, respect for authority, loyalty to himself, his family, his unit, and his school. These goals are strengthened throughout the Cadet's school years by encouragement in sports participation, extra-curricular activities, and class projects, as well as by emphasis on a refined scholastic program.
By beginning his cadet life as a freshman at the bottom of the ladder, the cadet learns to perform what is expected of him in his best possible manner. As he matures, in the academic world as well as the military, he is assigned more and more responsibilities. By the time a cadet has reached his senior year, he is capable of handling his senior course requirements as well as performing an important and usually time-consuming position in the Corps. This ability to take on several different tasks at once and performing them all satisfactorily is what makes the cadet a well-rounded person and potential leader of the future.

Since the founding of the VTCC in 1872, under the provisions of the Morrill Land Grant Act, the Corps has dedicated itself to producing tomorrow's leaders. Sons of the Corps have served in every military conflict since the Spanish-American War, with six former cadets receiving the nation's highest award, the Congressional Medal of Honor.

Virginia Tech is one of the two universities in the country that has a Corps of Cadets as an integral part of the student body. Tech also distinguishes itself as being the only university in the nation that has a fully self-governing cadet corps.
At the close of the 1969-70 school year, the Battalions and two groups reorganized to form First Battalion and Second Group. Old unit loyalties had to be replaced with new ones, and many problems had to be overcome. However through individual cooperation and effective leadership, the decision to reorganize has proven to be a wise one.

Although the Corps has its own honor court and exclusive societies, Corps members are active in all phases of campus life. Cadets are represented in student government and have earned recognition in almost every academic and extracurricular activity on campus. Thus, the men of the Corps show that they can cooperate with a civilian student body many times their size.

This year, the Corps is celebrating its 100th anniversary. It is proud of its past records and its traditions, and will continue to strive toward its goals of building and preparing men for tomorrow through scholastic planning coupled with equally careful leadership training. Thus, the men of the Virginia Tech Corps of Cadets join in the age old tradition of Techmen in following their motto: "Ut Prosim" — That I May Serve.
Major General Francis T. Pachler, presently the Commandant of Cadets, has served a very distinguished military career with the United States Army. Since his graduation from West Point in 1931, he has held many leadership positions including Commanding General of the Seventh Division, Deputy Commandant of the National War College, and Chief of Staff U.S. Army Europe. For these services he has received the Silver Star, Bronze Star, Oak Leaf Cluster, Legion of Merit, Commendation Ribbon, and the Distinguished Service Medal for duty in positions of great responsibility during the period 1954-1967.

General Pachler and his staff provide guidance and consultation to the cadets, and co-ordinate activities of the Virginia Tech Corps of Cadets. This year General Pachler is assisted by his Chief of Staff Col. James H. McCann, and Lt. Col. John D.C. Baldwin. Officers on the staff in charge of dormitories are: Maj. Thomas E.C. Hughes and Capt. Joseph T. Jones.

The Virginia Tech Corps of Cadets is organized into one regiment of approximately 650 men. The Corps operates completely under its own command, led by the Cadet Colonel and his staff. This year the position of Regimental Commander is held by Phillip T. Hearne of New London, Pennsylvania. An able leader, he has shown his abilities throughout his years in the Corps. On the Regimental level, the position of Second in Command is held by James E. Archer of Salem, Virginia.

No organization can be better than the men who lead it. This year's Regimental Staff, composed of men of the highest caliber, have seen many changes occur which they hope will prove to be constructive for the future of the Corps of Cadets.

REGIMENTAL SPECIAL STAFF

Regimental Special Staff is unique to the Corps. Rather than having command functions, each member has his own particular job for the Corps.

The Honor Court Chief Justice, in addition to being staff commander, is head of the Cadet Honor Court. The Honor Council Chairman conducts investigations of all Honor Code violations which occur in the Corps. The Prosecuting Attorney heads the Honor Court prosecution staff, while the Defense Attorney heads the defense staff. The Corps Scholastics Officer is responsible for ensuring adequate study conditions and helping freshmen and upperclassmen with their academic problems. The Corps Chaplain promotes religious affairs in the Corps and also serves as a personal counselor to the cadets.

In addition to their regular duties, members of the staff provide assistance to the Regimental Commander and the Commandant.
The Virginia Tech Regimental Band is one of the world's most famous precision marching military units. A band of some sort has been a part of Virginia Tech for the past ninety years. The first appearance of a musical group was a ten piece cornet band organized in 1881-82. Then in 1892, a twenty piece Band Company appeared. From that time on, music has been as integral part of Virginia Tech, with the band serving as the center of the Virginia Tech Corps of Cadets.

The Highty-Tighties boast an impressive record of first place victories in parade competitions. In 129 competitions, the band has won 128 first place trophies and 1 second place. The band has marched in six Presidential Inaugural Parades. In 1953 and 1957, the band marched for President Dwight D. Eisenhower and in 1961, for President John F. Kennedy. They won first place each time, becoming the first band in history to have won first place in three consecutive inaugural Parades.

A COMPANY

Unit citation cords always seem to be attracted to the blouses of A Company. Members of this unit now wear a gold cord signifying the Beverley S. Parrish award for the best all-around unit in the Corps. Leadership in its most basic terms is the key whether it be in drill competition, athletics, the classroom, or honorary and social organizations that members of A Company participate in. Getting to the top is hard as it was in receiving also the Kohler Cup as the best drilled unit last year. Staying on top is even harder, but A has been and will be there for many years to come.

TOP — Bruce W. Simmons, Commander.
B COMPANY

B Company, the largest unit in the Virginia Tech Corps is proud of the role it has played in the advancement of the Corps. It is one of the most enthusiastic and high-spirited units in the Corps and displays its talents through leadership, athletics, displays, marching, and school spirit.

The Class of 1972 of B Company is also very proud of the fact that they are the largest and most united Senior class of any within the Virginia Tech Corps of Cadets. Through their leadership and with the fine potential of the underclassmen, "B" will always be the "Best."

TOP — Kenneth B. Thornton, Commander.
In the two years since its founding, Company C has forged a rich tradition. Charlie Company has the strength, unity, and excellence to be the number one unit. During the past year, the Senior class has provided the leadership, with the Junior class assuming responsibility, the Sophomore class providing duty, and the Freshmen class providing service. Charlie Company is also very proud of its own Kermit F. Wood Memorial Award, in memorium of Kermit F. Wood, Class of 1968. It is awarded annually to the best all-around freshman to enter Charlie Company. This year, under the outstanding and capable leadership of Cliff Lewis, Jay Taylor, and Bob Meyer, Charlie Company sets out once more in pursuit of the Gold Cord, with strong allegiance to its new motto: "SEMPER PRIMUS" which means "ALWAYS FIRST."

TOP — Clifton W. Lewis, Commander.
In its second year together, D Company is planning to put it all together and win recognition as the best unit. Enthusiasm and company morale were taught to the new freshmen during orientation week so that they would be better prepared to meet the returning upperclassmen. Through the cooperation of all classes, D has overcome the old unit prejudices and intraclass conflicts to become a closely knit organization.

The company, under the leadership of Ray DeBord, is striving to instill in each cadet a feeling of spirit for the Corps and V.P.I. D Company has many members in military organizations and many active in campus activities and clubs. By tying for first in Homecoming displays and being second in the Battalion in Devine Competition, D Company appears to be on its way to becoming one of the top units in the Corps.
SECOND GROUP
STAFF

Group Commander ....................... John D. MacCrimmon
Group Executive Officer ................. Glen B. Alexander
Group S-1 .............................. Michael J. Santangelo
Group S-2 ................................ Robert L. Elmore
Group S-3 .............................. M. Alan Morgan
Group S-4 ................................ Don D. Harmata
E SQUADRON

With the reorganization of 1970, the Virginia Tech Corps of Cadets formed eight units where there had been sixteen. The men of A and B Squadrons, the two original units formed in 1872, joined together to form Squadron E. The men of both A and B, though, do not wish to leave the traditions and customs of their old units, and look on Squadron E as a challenge and are proud to be among its first members.

E is a combination of the talents and drives of two of the Corps most spirited units; they will never be forgotten. The men of Squadron E look with pride and determination on the future of their unit in the Virginia Tech Corps of Cadets.

TOP — John R. Palffy, Commander.
Throughout their first year as members of "F Troop", the Panthers continually demonstrated the pride, enthusiasm, and unity that characterize a successful unit. Overcoming the many problems related to the Corps reorganization, the men of Squadron F emerged the winners of the Group Cord.

As F Squadron began its second year, it became evident that the Panthers were not going to rest or pass laurels. Unit spirit was even stronger now and the members of F Troop continued to excel. This is evident by the high percentage of Panthers who are members of at least one honorary military society.

Although the members of F Squadron work hard, they also find time for fellowship and good times. Squadron parties and picnics make the time spent as a Panther's memorable experience.
In the spring of 1970, Squadron G became a newly organized unit in the Corps. The individual Cadets distinguish themselves by living up to those standards and ideals that they place on themselves, individuals and as members of Squadron G. All of the military societies are well represented within the unit which indicated the high caliber of cadet that is developed. The new Freshman class has worked hard. They have had the privilege of experiencing a unique Freshman system that combined the Old Corps with the New Corps.

This year has been a busy one with the emergence of new ideas. The "Big G" is justly proud to be called by this name because it has demonstrated its ability to maintain the high standards in scholastics and in the Corps.
In the spring of 1970, R and S Squadrons combined to form the "new" squadron. This new unit has carried on the high competitive spirit and the winning tradition of its predecessors. From drill contests to intramurals the men of H Squadron have established records of outstanding endeavor.

Not content to let one class carry the load, all four classes have pitched in and watched proudly as H Squadron is awarded first place again and again. This school year promises to be another great year as Squadron H has taken first in the homecoming project and has won the Corps intramural flag football championship.

As the Class of 72 departs they can look back at their achievements and know that the Classes of 73, 74, and 75 will hold up the high standard of the Squadron, the Corps, and the University.
To Learn, To Fight, To Win — these few words embody the single, unified effort of the VPI Ranger Company: the creation of competent combat officers. To attain this goal, the men of Ranger Company undergo extensive training in the military arts. Classroom instruction, emphasized by practical application, is given almost entirely by members who have become proficient in the skills they teach. Included in the training schedules are the following courses: physical training, rappelling, hand-to-hand combat, small unit tactics, guerilla and counter-guerilla warfare, logistics, land navigation, communications, and military history.

The Wears of the Black Beret are proud of themselves, their unit, and their country, at a time when spirit and patriotism seem to be going out of style.

There are eleven schools in this country which are something special in relation to the multitude of colleges, junior colleges, and universities. Each of the eleven is under an entirely military system of discipline and study or has a part of its student body participating in such a program. There are the three service academies and the Merchant Marine Academy which are in a special class by themselves. Then there are the other seven which foster programs to bolster the usual ROTC offerings on campus. Texas A&M has well over two thousand men participating in their Corps of Cadets, the Citadel has the same amount or a few more and the rest, including VPI falls between these two limits with 550.

Most of these schools date back to the mid-1800's when many men left home to get a cheap, but valuable, education at one of many military schools in existence. Many schools given aid by the Morrill Land Grant, taught agriculture and mechanics, that is mechanics, not engineering. The two fields of study, agriculture and mechanics, were closely related. VPI began as such a college, but students hungry for knowledge did not swell its ranks until about 1923. Before 1923, the student body had numbered as little as 50 in 1879 to 728 in 1904. At this time the school was entirely military and was so until a year or so after the Second World War.
Entirely military? The entire student body was the Corps. It was much different in the early days than now. Physical hazing was ordinary, the system was strict. Today things are different. The way of teaching a freshman what he must know has changed radically. The system has eased up; what is taught is taught by a more practical method for more efficient and effective results. But even in a more relaxed environment the same values are expressed though they may not be as welcome on the college campus or in the present social surroundings as they were earlier.

What are the values that have hung on in the system though they may have been lost among the many other aspects of the military environment? The first and most important is that of discipline. That is not the type of discipline thought of by most people as punishment for an error. Discipline in the true sense of the word is a strength and will to use the means available to an individual to accomplish a task (fully and correctly) whose fulfillment is imperative, though that task be distasteful, or harmful to one's self or others. Closely allied to discipline and almost inseparable from it is insight to understand why something must be done and determine what is the best way to do it. It may seem here that men are being taught to slight, to harm others. That is untrue. Discipline also includes self-sacrifice for the sake of others and only when it is the final straw, is an act committed or a decision made that may in the end affect others unfavorably.
A discussion of discipline always must include two other factors taught in the Corps, decision-making and respect. These two along with discipline form a core in a man that is hard to destroy. If one can think clearly and make decisions quickly and correctly, and have an ingrained respect for self and other people, then he can succeed in any endeavor he cares to try. Decisions need to be made every day on insignificant points as well as important ones, but the need is always present for rapid, effective, and decisive thinking. Decision-making also involves considerations of conditions that may be affected, e.g. people. It is most important that each cadet have a respect for others as well as himself. If he does not and he blunders through four years in the Corps, he will have learned nothing and the time and training given him will have gone for naught.

Now what does all this idealistic jabber mean? It means that the goal, the aim of the Corps' training is to turn out a man who knows what is right and what is wrong. He knows when to make one decision and when to make another. He knows how and when to use any power or authority given him. Four years of what some call rinky-dink, Mickey Mouse foolishness teach such merits. If, as in some cases, the student does not learn to use them, he at least has come in contact with these ideas and others. "Others" includes the most important of all, inscribed on a memorial here on campus. Though most people do not have a fair idea of the meaning of these seven words, the cadet knows they are there to be held in high esteem and used in all his dealings with other individuals. Those seven are: Loyalty, Brotherhood, Leadership, Service, Duty, Sacrifice, and Honor. The last two of these mean more than all else when it comes to one's self. An honorable man, one who will sacrifice what is worth most to him for what he knows is right, is what the Corps tries to build. That is her role and that is her worth.

The Gregory Guard is the most outstanding and best-known military organization on the VPI campus. It is named in honor of Sergeant Earl D. Gregory, Virginia Tech's Sergeant York. A graduate VPI, Sergeant Gregory was the first Virginian to receive the Congressional Medal of Honor.

The Guard is composed of members of the Corps of Cadets who excel in scholastic and leadership ability, and possess excellent character. One must have at least a QCA of 2.25 and have completed 2 quarters as a member of the Corps of Cadets to be eligible for membership.

This year's activities include participation in the Cherry Blossom, Apple Blossom, and Dogwood Festival parades, performances in halftime at Tech football games, and the sponsoring of the winning homecoming queen candidate.

WHO'S WHO AMONG STUDENTS IN AMERICAN COLLEGES AND UNIVERSITIES

ABOVE — Jim Archer, Pat Michaelson, Brenda Blake, Christopher Bise, Mark Adams, Ralph Basile.
To instill in its members a desire for self-improvement and to foster high moral and ethical standards is the purpose of the Gamma Lambda Chapter of Beta Alpha Psi. This organization encourages and gives recognition to scholastic and professional excellence in the collegiate study of accounting. Beta Alpha Psi provides opportunities for association among its members and practicing accountants.

Seniors and graduate students are eligible for election to this fraternity if they have been in residence at Virginia Tech for at least one quarter and have achieved a high degree of academic performance in the field of Accounting. Juniors are eligible for election to membership after the first quarter of their junior year.
TAU BETA PI

Tau Beta Pi is a national engineering honor society that was formed to recognize outstanding students in engineering. To be eligible for membership, one must be in the upper one-eighth of the junior class or upper one-fifth of the senior class. The society's purpose is to recognize those who have conferred honor upon the university by distinguished scholarship and exemplary character. This organization strives to broaden the intellectual horizons of its members and all engineers by fostering a spirit of liberal culture in engineering schools.

Since its installation in 1933, the Virginia Beta Chapter has consistently worked to promote the ideals of the University and its associations.

ARMY BLADES

First Row: Alice Harris, Administrative Officer; Susan Taylor, Finance Officer; Demel Aber, Executive Officer; Pam Adams, Commander; Captain Hugh R. Elia, Jr., Advisor, Second Row: Anne Pida, Kath Czerwenka, Mary Ann Richmond, Sargeant-at-Arms; Annette Brown, Pledge Mistress.

Army Blades is an honorary service organization which aids the Association of the United States Army and Ranger Company in fostering the ideals of the United States Army on the Tech Campus. This is accomplished by their services to both the community and Tech Campus. This year's activities include participation in the Military Ball, manning homecoming election posts, and serving at the Alumni and post-game Homecoming receptions.

Qualification for membership requires a QCA of 2.00, being a student for at least two quarters, having no serious record of disciplinary action, and having shown a desire to join the Army Blades.
ANGEL FLIGHT

Angel Flight is a national organization of college women who wish to promote knowledge of the Air Force and to aid the Arnold Air Society. Membership is based on a willingness to serve the school, community, and nation.

This year's activities include working at the Alpha Phi Omega Bloodmobile, ushering at Concert-Lecture series, and a year-long project to work with underprivileged children. Angel Flight is also the area headquarters this year for both Virginia and North Carolina.
OMICRON DELTA EPSILON

To promote a general interest in economics is the purpose of Omicron Delta Epsilon. To qualify for membership a minimum of eighteen hours must have been completed in economics with a 3.0 Q.C.A. in economics and statistics. The organization’s activities include monthly meetings to discuss current economic issues, an initiation banquet during winter quarter, and a spring picnic which is attended by economic faculty.

ALPHA PI MU

Alpha Pi Mu recognizes outstanding students in Industrial Engineering who display scholastic and leadership ability. Juniors in the top one-fifth or seniors in the top one-third of their classes are eligible for nomination to membership in this organization.

First Row: Randy Crockett, Treasurer; Jerry Batt, President; Glenn Dozier, Vice-President; Edward Kozloski, Corresponding Secretary. Second Row: Jack Jorgenson, Ron Beach, Ross Schnarrenberger. Third Row: Jerry H. Franklin, Charles Alan Hall.
ETA KAPPA NU

To honor those students in Electrical Engineering who have conferred honor on Virginia Tech by distinguished scholarship, activities, leadership, and exemplary character is the goal of Eta Kappa Nu. A member of this organization must be in the top one-fourth of his junior class in Electrical Engineering or in the top one-third of his senior class in Electrical Engineering. A new pledge class is initiated each quarter.

First Row: A. Wayne Bennett, Faculty Advisor; Lawrence Guerin, Vice-President; Gabe Sellers, Recording Secretary; George Hudson, President; Claudie Brown, Corresponding Secretary; Chris Dalton, Treasurer.
Fourth Row: Edgar L. Coffey, Michael L. Jackson.

PI TAU SIGMA

Pi Tau Sigma recognizes student achievements in Mechanical Engineering and attempts to further Mechanical Engineering as a profession. A member must be in the top one-third of his class, exhibit a probable future success in Mechanical Engineering, and have leadership abilities and a good character.

Delegates were sent to the national convention at L.S.U. in October. Also among Pi Tau Sigma's activities was the sponsoring of a homecoming queen candidate.

GARNET AND GOLD

The purpose of Garnet and Gold is to honor women of high scholastic achievement and to serve the community as leaders in the scholastic community. This year’s activities include participation in Expo-Tech '72, tutoring in schools, and working with curriculum related committees. Membership is based on QCA and service to the campus.

Alexis Collier, Vice-President, Treasurer; Mary Conlon, Ginny Kiser, Lynn Petty, Susan Taylor, President; Densel Aber, Secretary; Carla Harrison, Kathy Huffman. Not pictured: Susan Anderson, Linda Beasley, Barbara Bradley, Pat Chastka, Jeannie Craveu, Becky Glass, Debbie Rice, Kathy Saunders, Dr. Rebecca Crittenden, Advisor.

PHI UPSILON OMICRON

The purpose of Phi Upsilon Omicron is to promote the profession of home economics and to encourage academic excellence. Members must exhibit qualifications of making contributions to the profession; be in the upper two-fifths of their class academically and participate in other activities. Activities this year included a Christmas toy campaign for underprivileged children, a tutorial program, participation in Expo-Tech '72, and the sponsorship of student-faculty teas.

First Row: Mrs. Linda Stauffer, Advisor; Betty Adams, Secretary; Gail Ferguson, Chaplin; Debbie Scott, Treasurer; Carol Vaughan, President; Carol Lilly, Librarian, Historian; Brenda Mirror, Reporter; Miss Janice Woodward, Advisor. Second Row: Denise McConnell, Betsy Rollings, Ann Chumbley, Katie Young, Joni Harvey, Nancy Coleman, Anne Reid, Mary Lynn Duvall, Third Row: Jan Nelson, Linda Perrow, Virginia Anne Reynolds, Susan Brinckmann, Marilyn Bria, Susan Kirby, Ellen Bonham, Carolyn Nickell, Carol Hartman. Not pictured: Anne Battle.
The purpose of Sigma Gamma Tau Society is to honor those students who have achieved high scholastic standings in the field of Aerospace Engineering. By fostering the high ideals of scholarship, integrity and outstanding achievement these students are recognized as a credit to their profession. Eligibility for membership requires seniors to be in the upper one-third of their class and juniors to be in the upper one-fourth of their class.

First Row: Mike Bartone, Ben Brenneman, Richard Tishner, Jim Bury, David Ekey, Marc Sheffer, Long Yip, Cliff Smith, Second Row: Sam Hardy, Lane Clark, Bruce McIntosh, John Warren, John Frayss, Dale Davis, Terry Hertz, Fred Lutze, Jr., Faculty Sponsor.

Alpha Lambda Delta seeks the promotion of good academic standing among the women students of Virginia Tech. Activities include a tutoring program, collection of Thanksgiving gifts for needy families, and a joint social with Phi Eta Sigma, a national honor society for freshman men. Eligibility requires the attainment of a 3.4 Q.C.A. at the end of the freshman year.
Founded in 1971, Sigma Lambda Sigma is a senior women's honorary whose members are selected on the basis of outstanding scholarship, leadership, and service. The major goal of the organization is to contribute to humanity in both the university setting and the surrounding community. Sigma Lambda Sigma is also seeking eventual affiliation with Mortar Board, the national union of senior women's honorary.
The Sash and Saber Society is made up of outstanding members of the Virginia Tech Corps of Cadets who do not hold an ROTC contract. Membership is limited to those junior and senior cadets in good military standing and who have a minimum 2.00 QCA.

The Society's purpose is to provide a common bond between its members, to provide them with incentive to improve the Corps, and to stimulate interest in the Armed Forces of the United States.

Chartered on June 2, 1923, the Alpha Omicron Circle of Omicron Delta Kappa seeks to recognize men who have attained a high standard of efficiency in collegiate activities and to inspire others to strive for conspicuous attainments along similar lines. The most representative men in all phases of collegiate life are brought together to create an organization and intercollegiate interest. Members of the faculty and student body of the institution are joined on a basis of mutual interest and understanding.

Omicron Delta Kappa recognizes and encourages achievement in scholarship, athletics, student government, social and religious affairs, publications, and speech, music, drama, and other arts. With these objectives in mind, the society serves as a guiding stone for the development of college life throughout the nation.
Scabbard and Blade recognizes those members of the ROTC program who demonstrate outstanding leadership ability, and a keen interest in national military affairs. Members must have obtained a high leadership position in the Corps as well as an acceptable academic average. Scabbard and Blade is responsible for sponsoring the Military Ball and Military Weekend as well as the annual S.I.S. N.A. Conference.

Raising the standards of military education in American colleges and universities and fostering the essential qualities of an efficient and outstanding officer is the purpose of Scabbard and Blade.

The purpose of the A.U.S.A. is threefold: to promote the role of the Army in the defense of the nation, to associate under favorable conditions fellow cadets and military personnel who consider patriotism an important attribute, and to provide incentives for developing military skills.
SOCIETY OF
AMERICAN
MILITARY
ENGINEERS

The VPI Post of the Society of American Military Engineers is an honorary society for cadets which was chartered in 1957. The purpose of the society is to advance the knowledge of the science of military engineering and to develop cooperation among military and civilian engineers. In order to qualify for membership, the cadet must show an active interest in engineering and the Corps of Cadets. He must be enrolled in Engineering, Architecture, Chemistry, Forestry, or Physics and maintain a 2.25 overall QCA.

This year's activities include a Fall and Spring banquet to formally recognize new members, construction projects for the ROTC department, and several field trips.
Alpha Zeta is the national agriculture honorary. Tech's chapter was founded on May 24, 1932, to promote high standards of scholarship in the agricultural curricula. Membership is open to the upper two-fifths of the class who are of outstanding character.

To promote and nourish an interest in the field of animal husbandry is the purpose of the Va. Tech Block and Bridle Club. Members must maintain a 2.0 QCA, have completed at least two quarters at VPI and have an interest in livestock. This club participates in livestock and meats judging in Kansas City, Chicago, and Baltimore as well as intramural judging, and sponsors the Little International Ham Sale and Barbeques.

First Row: Bob Kelly, Advisor; Barbara Peery, Reporter; Marcia Becker, Asst. Reporter; Patty Poole, Secretary; Roger Crickenberger, President; Scott McIntire, Vice President; John Henry Smith, Treasurer; Dr. George Green, Advisor. Second Row: Gail Ronald, Ronnie Frazier, Katherine Evans, Wanda L. Buckland, Gloria Clower, Robin Beall, Phoebe Wine. Third Row: Daniel D. Auxilie, Mike Bassett, G. D. Reed, Dan Benson, James M. Osborne, Steve Ferguson, Roger Howard. Fourth Row: Eddie Craan, Randy Holland, Norman Vincel, Gary Hornbaker, Michael W. Beahm, George Clarkson, Glen C. Ogle, Jr.
LIFE SAVING CORPS

First Row: Paul Johnson, Second Vice-President; Nancy Fioramonti, Secretary; Jim Booth, President; Killis Howard, First Vice-President; Annette Brown, Treasurer; Sally Strawinski, Quartermaster; Gana Roberts, Sponsor. Second Row: Jenni Beyer, Tom Verbeck, Jane Keating, Dianne Van Dresser, Linda Spangler, Anne Culbertson, Nancy Pachuta, Matt Mowrey. Not Pictured: Bruce Garnett.

Anyone holding an American Red Cross Senior Lifesaving certificate or Water Safety Instructor certificate is eligible for membership in the Va. Tech Lifesaving Corps. The corps has as its purposes the carrying out of the objectives of the American Red Cross, preparation for emergencies at all times, guarding the pool at all free swims, helping in the instruction of swimming classes, and the promotion of swimming for health, safety and recreation. The club meets every two weeks has a banquet every quarter and a picnic spring quarter.
WEST END YACHT CLUB
(1872-1949; 1971)

The West End Yacht Club, recently rechartered at Tech, is an unrecognized organization composed of those select male students who show a vital interest in yachting on the Tech campus. However, the club has been without a vessel since Castro overtook Cuba and confiscated the club’s Yacht for target practice use.

Membership in “The West End” is highly selective and secret. This photo of the group is the only known picture in existence.

Students interested in membership should strive to personify the club’s secret motto. Then and only then may these select few be considered eligible for the coveted honor of “The West End.”

SCUBA DIVING CLUB

The Va. Tech Scuba Diving Club provides training to those interested in Scuba Diving and goes on numerous diving, camping, hiking, and tubing trips. The highlight of the year is the annual dive trip to Florida during spring break. Qualifications for membership include an interest in scuba diving and swimming ability.

The Speech Arts Society is an organization open to any Tech student interested in any aspect of the creative speech arts. It operates in conjunction with the Speech Department for the development of speech skills. The year's activities include three productions of the Interpreter's Theater, the Annual Interpretation Festival, and sponsorship of the International Debate Team. A high school debate workshop is to be held winter quarter.

First Row: Charlie Brown, Treasurer; Beth Peebles, President; Tom Rother, Vice-President; Nancy Miller, Secretary. Second Row: Jean Speer, Advisor; Brenda Repass, Historian; Jim Campbell, Dianne Boorsrud, Faculty-Student Representative; Daniel Elsea, Chairman of Oral Interpretation; Ron Pelias, Advisor.

The Gymnastics Club strives to develop gymnastics as a sport in which its members compete against each other. This spirit causes a drive in each member to execute everything he does as perfectly as possible. The men's and women's teams compete against the gymnastics teams of UVA. A 2.0 QCA is the only requirement to becoming a member of this club.

First Row: Phil Scheider; Johnny Carroll; Susan Pratt; Women's Team Captain; Becky Smith, Second Row: Janet Williams; Paul Hoffman, Arpad Pap, Coach; Dave Lippard, Men's Team Captain; Missy Kerndt, Secretary-Treasurer. Third Row: John Martin; Dan Russell; Bob Bove; Ken Nanny; O.D. Parr.
GERMAN CLUB RETURNS TO THE ROARING TWENTIES FOR FALL

The VPI German Club has attempted to broaden the social life at Tech since its establishment in 1892 by sponsoring formal dances and other social events while maintaining its customary high standards of entertainment. The Club began the year by sponsoring the traditional Freshman Dance, from which all proceeds were given to Tech's newest class.

"The Roaring Twenties" was the setting for Fall Germans. Couples entered Squires ballroom facing a life-size painting of a vintage automobile across the floor, while red and black silhouettes of Charleston dancers graced the walls. Music was provided by "Josias" from Washington, D.C. and "The Blues Limited" from Bluefield, W. Va.

The German Club, founded to host formal dances, selects its members from male students who have demonstrated outstanding character and an interest in social functions at Tech.
First Row — Al Myatt, Senior Member Executive Committee Member; Mike Eggleston, Assistant Secretary-Treasurer; Chris Spruill, Vice President; Bob German, Leader; Mr. Pete Cameron, Sponsor; Dave Love, Bruce Simmons, Membership-Historian. Second Row: Tommy K. Hill, Tom Hedrick, Martin Patterson, Barry Simmons, Bob Frazier, Dexter Omori, Geoff Robinson. Third Row: Norman B. Hodges, Bob Browning, Ben Burton, Carlton Tickel, Larry Hurt, Tom Hagman, Lee Spradlin. Fourth Row: Michael Welch, Thomas Welch, Randy Minix, Ray Davidson, Bob Shealy, John Hutchinson. Fifth Row: John Payne, Marty Martin, Joel Bradshaw, Paul Striffler, Alan Myers, Darwin Pippin, Calvin Henderson.
SHOWMEN
AND TECHSIRS

The Tech Showmen make over 50 appearances a year, entertaining more than 30,000 people. The highlights of the 1971-1972 season were the program for the General Assembly, a joint concert with the Virginia Intermont Glee Club, The Centennial Convocation in Burrus Hall, and hosting the All-State Chorus for their annual program. Stanley G. Kingma directs the group with the help of Paul Breske, who is the accompanist-arranger for the group. The technical aspects of the organization are under the direction of Kit Bond.
TECHMATES
TECHSINGERS

William G. Bigger, Assistant Director of Choral Music and Director of Techmates and Techsingers.
SECTIONAL SERVICE
BARRY FAYNE
APPLE CLUB

The Apple Club consists of VPI students from the eleven counties of the northern Shenandoah Valley. The purpose of the Club is to promote fellowship among the members and to give them a way to meet other students from their own geographical area.

The club's activities include an annual Thanksgiving and Christmas dance in Winchester, and also to sponsor a representative from Tech to the Apple Blossom Festival.

Left — First Row: Rick Kern, Water Erwin, Vice-President; Bruce Lucas, President; Nancy Dailey, Secretary; Doug Dailey, Treasurer; Pam Neale. Second Row: Donna Strickler, Gary Foltz, Howie Beiles, Kathy Fulton, Stephany Snider, Janis Golforth. Third Row: Steve Reardon, John Duncan, Mike Carpenter, Tim McHale, Herbert Morgan, Amelia Michon. Fourth Row: Rob Wright, John Blackburn, Sid Dailey, Junie Bush, Steve Michael, Tommy Dehaven, Lee Woolf.

BAPTIST STUDENT UNION

The purpose of the Baptist Student Union is to serve the religious needs of Baptist students on campus. Membership is open to any interested person. The members participate in weekly discussion groups, with discussions ranging from the church to drugs. The Union sponsors a folk singing team called "Sunshine" which spreads its beliefs throughout Virginia.

ALPHA PHI OMEGA

"To Assemble men in the fellowship of the Scout Oath and law, to develop leadership, to promote friendship, and to provide service to humanity." That is the purpose of Alpha Phi Omega, National Service Fraternity. APO Sponsors the Bloodmobile, the "Ugly Man on Campus" contest, and Campus Clean-up. It also gives Governor's Day as well as Admission's Office Campus Tours, ushers for Student Union Concerts, keeps the War Memorial Chapel open nightly, and delivers the Collegiate Times. Social life is not lacking either as is demonstrated through banquets and many parties. In short, Alpha Phi Omega "Puts it all together."

The purpose of Sigma Mu Sigma is to indoctrinate the college men of America with the traditions of our American heritage through fraternity conducted educational programs devoted to a more comprehensive understanding of our fellow man. Their activities include sorting and mailing out Tech-grams each month, delivering the Calendar of Events each month, and holding activities for Roanoke orphans.

Membership requires at least a 2.0 QCA of students who are active in college and community life who possess a determination to better their lives, and to the best of their ability, the lives of the people around them.

CHI DELTA ALPHA

The purpose of this sorority is to serve VPI&SU and the surrounding community with its many different activities during the year. The club sponsors a Homecoming Breakfast and a picnic for the Christiansburg Day Care Center, furnishes Christmas toys for needy children, ushers for the Concert-Lecture Series, and does many other short-term projects. Membership is open to all women students with at least a 2.00 QCA regardless of marital status.

TOP RIGHT — First Row: Priscilla Campbell, Treasurer; Carole Sue Jackson, Recording Secretary; Jane Newell, Vice-President; Joanne South, President; Donna Sterkler, Corresponding Secretary; Carol Funke, Historian; Sandy Jones, Historian; Amanda Foster, Little Sister. Second Row: Julie Weber, Susan Day, Roe Donaldson, Laura Hines, Josephine Foster, Advisor. Third Row: Janis Golforth, Kathy Dawson, Sandy Dixon, Luida Edwards, Carol Green, Fourth Row: Susan Rodriguez, Bonnie Grimsley, Caren Mowry, Margaret Macmackin, Pam Greenway, Anita Bonds.

PEANUT CLUB

The goal of the VPI Peanut Club is to promote friendship and social events among all Hokies who reside in the "Peanut Capital of the World." In achieving this goal, the club improves social life both on and off the Tech Campus. The club promotes social events such as Thanksgiving and Christmas dances. Also, regular meetings and socials are held throughout the year. The only requirement for membership in the VPI Peanut Club is residence in the Peanut Capital of the World: Franklin and Suffolk, Va, and the counties of Southampton, Sunny, Sussex, Nasemond, and Isle of Wright.

The Virginia Tech Volunteer Rescue Squad was formed in October 1969. In its two years of operation, the squad has expanded from four to over sixty members. The main goals of the squad are to provide first aid and instruction to the university community. The squad was recently allotted money to purchase a rescue vehicle which has already proven to be a great aid in providing rescue services. As the squad continues to expand and improve, we hope to provide even better services to the campus.

FELLOWSHIP OF CHRISTIAN ATHLETES

The Fellowship of Christian Athletes sends representatives to speak in local schools, civic clubs, and churches. The FCA speaks for the American Cancer Society, and participates in a national conference in North Carolina each June. These activities further the purpose of the organization which is to confront the athletes and coaches and through them fill the youth of the nation with the challenge of following Jesus Christ in their lives.

TOP RIGHT — First Row: Barry Ratliff, Vice-President; Charles Zegeer, President; Dick Sware, Secretary-Treasurer. Second Row: Michael Welch, Frank Teske, Advisor; Gail Caryl. Third Row: John Pierce, John Payne.

SOUTHSIDE CLUB

The Southside Virginia Club strives to provide a friendly atmosphere for Southside students both at Tech and at home. Their membership is restricted to certain counties in Virginia and their most important activity during is raising scholarship funds for deserving students.

BOTTOM RIGHT — First Row: Ed Bridgeman, David Lenhart, Secretary; Richard Barnes, Vice-President; Bob Cassand, President; Ronald Pennington, Treasurer; Pete Rudd. Second Row: Bobby Webb, Don Orange, Buster Watson, Billy Gill, Steve Lane, Charlie Gordon, Frank Smiley, Sam Moore, Bruce Wright. Third Row: Steve Love, Charles Abbott, W.T. Oakes, Scott Barnes, Dale Whitz, Ed Brown, Johnny Lenhart, Dean Harris.
The purpose of the Christian Science Organization is to serve the religious needs of Christian Science students on campus. Membership is open to those who are members of the First Church of Christian Scientists. The members participate in a workshop, meetings with the regional representative and weekly testimony meetings, in addition to selling the Christian Science Monitor on campus.

TOP — First Row: Fred Gutnick, Claudia Clark, Secretary; Bruce Whitway, Treasurer; Joanna Gilmore, Mary Olson, Linda Beasley. Second Row: Laura Horstman, Peter Watson, Carey Loomis, Dana Sears, Judy Morris, Julie Weber, President; Bob Stevenson, Jim Waller, Ron Beach, Mrs. Sylvia Owen, Advisor.
CIRRICULAR
PEGGY ANDERSON
ACCOUNTING SOCIETY

The Accounting Society was formed to promote an understanding of Accounting and a pride in the Accounting profession. It provides for a student-faculty relationship outside the classroom. Functional activities include trips to acquaint students with the accounting functions and speakers from various areas of the Accounting field. As a social organization, too, the club has a winter social and “Las Vegas Nights” throughout the year.

First Row: Steve Evans, President; Judy Reese, Secretary; Bob Hamm, Treasurer; Jeff Flippin, Vice President. Second Row: George Cauble, R. Danny Bache. Third Row: Andy Bazzle, Lindi Gust, Maria Walters. Fourth Row: Jon Carpenter, Charles Smith, Zane Hastings.

AGRICULTURAL ECONOMICS CLUB

The Agricultural Economics Club has as its objectives: service, fellowship, and promotion of better student-faculty relationships. Membership is including all those students enrolled in the College of Agricultural Economics. Activities include picnics in the spring and fall and a spring trip touring various industries, agencies, and farms.

First Row: Wayen Brim, Vice President; Phillip Morris, President; Thomas E. Short, Vice President. Second Row: Tom McNair, Charles Gordon. Third Row: Thomas Hawthorne, Michael Green, John W. Vaughan, Jr.
AMERICAN MARKETING ASSOCIATION

Membership in the American Marketing Association enables a student to further his or her interest in marketing and related activities. Open to all students in any curriculum, the Marketing Association holds meetings with guest speakers, sponsors a banquet, a spring picnic, and parties throughout the year.

AMERICAN SOCIETY OF MECHANICAL ENGINEERS

The American Society of Mechanical Engineers was formed to advance knowledge of the theory and practice of mechanical engineering, to present a proper perspective of engineering work, and to offer the opportunity to become acquainted with students with similar interests. Some of their activities include having guest speakers from outside industries, quarterly field trips, and yearly participation in the Regional Conference.

First Row: Phil Alexander, President; Ginny Anderson, Vice President; Donald Wilson, Treasurer. Second Row: George Cauble, Bob Grignon, M.H. Benjamin, Jody Johnson. Third Row: Skip Smith, Dave Wilberger, Art Sponsor, Bob Riggan. Not Pictured: Dr. Uhr, advisor.

First Row: Officers — Jon Fagan, Secretary; Randy Carter, Vice President; Mike Hock, President; Rick Wilkins, Treasurer. Second Row: George Davis, Senior Rep. to Student Engineering Council; David Clifford, Committee Chairman.
POULTRY SCIENCE CLUB

The purpose of the Poultry Science Club is to create a learning experience and fellowship for students with a common interest. The objectives of the club are accomplished through meetings and various projects. Evening meetings are routinely held and programs consist of business, speakers, and movies. Activities include an experiment with broiler performance, a fall barbecue, and active participation in the Southeastern Poultry Convention in Atlanta.

STUDENT ENGINEER'S COUNCIL

The Virginia Tech Student Engineers Council was conceived primarily to bring the problems of the students in the engineering curricula to the attention of the administration. To qualify for membership, a person must be in good academic standing and be an active member of his or her branch of engineering. This past year, the council worked on the Academic Conference for the College of Engineering, published a newsletter for the engineering students, recommended the recipient for the Sporn Award, and reviewed teacher/course evaluation forms.
BUILDING CONSTRUCTION CLUB

The Building Construction Club has been working to stimulate, encourage, and to provide the means for getting the interested student more personally involved in the construction field. Activities this year include guest speakers, movies and slides, parties, picnics, and field trips.

AMERICAN SOCIETY OF CIVIL ENGINEERS

The purpose of the American Society of Civil Engineers is to help the engineering student become acquainted and involved in the world he will enter as a civil engineer, and to help him or her to develop the skills needed to become a professional engineer. They sponsored a walker in the walk for hunger, held banquets and a spring picnic to promote continued good faculty-student relations, and sponsored a field trip to Smith Mountain Lake Dam.

First Row: Pete Rochelle, Ralph Lorenzo, Secretary; Ted Miazga, President; Chuck Pinnell, Vice President; Raymond Clark, Treasurer; R.M. Larimer, Faculty Advisor. Second Row: John Derito, Mike Davenport, Jeff Hilton, Jim Wilson, Larry Morrison, George Linkous. First Row: Linda Martin, Treasurer; James A. Rushing, Jr., Vice President; Clay Blanton, President; John Robertson, Corresponding Secretary; Faith Kelly, Recording Secretary. Second Row: Al Myatt, David Stinnett, W.P. Chamberlin, Wayne Rountree, Garnett Alexander, Jr., Larry Goode. Third Row: Chuck Feagans, John D. Wood, Randy Wood, Leon Tenney, L.T. Falwell, J.H. Hunter, Faculty Advisor.
AMERICAN INSTITUTE OF CHEMICAL ENGINEERS

Open to all students interested in chemical engineering, the American Institute of Chemical Engineers acquaints its members with the engineering profession. This year's activities included sponsoring seminars, faculty-student picnics and annual spring banquet. They also actively participated in the intramural sports program.

PRE-VETERINARY CLUB

Some of the activities of the Pre-Veterinary Club were taking trips to the Veterinary Research Center and the University of Georgia School of Veterinary Medicine. Their chief objective is to inform students of the opportunities in the veterinary field. At their regular meetings, the club presents films, has guest speakers from various organizations, and discusses topics dealing with veterinary medicine.

The V.P.I. Dairy Club was selected the number one chapter over very stiff competition at the National American Dairy Science Association meeting at Michigan State University. Also at this meeting, Richard Wilkes was elected President of the Student Affiliate Branch of the A.D.S.A. for the coming year. Another member, John Inskeep won first place in the undergraduate paper presentation. For the second year in a row, the V.P.I. Dairy Judging Team placed in the top five at the National Intercollegiate Contest at Columbus. Wayne Dudley was first in Guernsey Placings and the team was third overall in oral reason. Anyone interested in Dairying is welcome to become a member of the Virginia Tech Dairy Club.
The Alpha Kappa Psi was conceived to further the individual welfare of its members; to fasten scientific research in the fields of commerce, accounting, and finance; to educate the public to appreciate and demand higher ideals therein; and to promote and advance in institutions of college rank, courses leading to degrees in business administration. Activities this year included service project for the Radford Shelter Home, field trips to local industries, and football and baseball intramurals.
DELTA SIGMA PI

Delta Sigma Pi is a professional business fraternity whose objectives are centered upon the ideas of scholarship, social activity, and the association of students for their mutual advancement by research and practice. Formed at V.P.I. in the fall of 1966, Zeta Upsilon Chapter has sponsored speakers, taken tours, through business and industry, and carried out fraternal social activities. Delta Sigma Pi annually awards its Scholarship Award to the senior in the College of Business with the highest scholastic average. It also awards an annual scholarship based upon achievement and need. Membership in Delta Sigma Pi is opened to those undergraduates in the College of Business with a QCA of at least 2.1 overall and an outstanding interest in business.

First Row: J.F. Henshaw, Secretary; Danny Bache, Professional Vice-President; Richard E. Drake, Jr. Senior Vice-President; Robert Bowers, Jr., President; John H. Barnard, Chancellor; S.R. Carpenter, Advisor; Phil Bush, Historian; Andy Bazzle, Treasurer. Second Row: Glenn Kidd, Larry Bryant, Andy Scholz; Tom Gaghan, Tom Bush, Bob Bishop, Mark Rosenstock. Third Row: Clifton Lewis, C. Wayne Loker, Larry Collins, Dave Hensley, Dale Wright, Craig Waters. Not Pictured: Bill Bass, Edward Clayton, Faculty Advisor; Dan Fields, Bob McMichael, Executive Vice-President; Dennis Rosenerance.

AMERICAN SOCIETY OF AGRICULTURAL ENGINEERS

Opened to all students enrolled in agricultural engineering, the Student Branch of the American Society of Agricultural Engineers achieves its purpose in promoting professionalism in their field. Building a homecoming float, going on field trips and senior trips, and producing a student journal, are some of the club's projects this year.

First Row: Malcolm Wright, Advisor; Allen Ritchie, Vice President; David McConnell, President; Lee Stallard, Scribe; Easley Smith, Advisor. Second Row: R.G. McConnell, Stephen Wine, Barry Frey. Third Row: Travis Unterzuber, John Gwyn, Barry Neel, George Grindle.
The Institute of Electrical and Electronical Engineers attempts to further the student's acquaintance with electrical and electronical engineering in industry. This year's activities include sponsoring a student paper contest, a plant tour, and a spring quarter picnic. The I.E.E.E. contributed its efforts in making a homecoming float and has speakers for meetings approximately every three weeks. Membership in the I.E.E.E. is open to all students.

The Collegiate Future Farmers of America trains future teachers of vocational agriculture at Virginia Tech for proficiency in conducting and advising FFA chapters. Some of their activities included holding a fall weiner roast, building a homecoming float, sponsoring an exchange program, and having a spring barbecue. Membership is open to all enrolled in the College of Agriculture.
The objectives of the Forestry Club are to promote a spirit of fellowship among these and succeeding classes within the Division of Forestry and Wildlife Sciences, to encourage participation of members of other fields in the activities of the club, and to engage in projects furthering the education and enjoyment of its members in the field of renewable natural resources. A few of their many projects were: a trip to Oklahoma State University, sponsored the homecoming mum sale and a flower judging team. Other activities included a fall picnic, a spring trip, banquet, and composition of the annual Newsletter.

The annual timber bear dance, tree planting and seedling sell, guest speakers, and representations at the Virginia Logging Expedition and both National and Sectional Conventions of the S.F..

Some of the projects of the American Home Economics Association included hosting for the State V.H.E.A. fall workshop, holding a curriculum survey in the College of Home Economics, and sponsoring a spaghetti dinner for faculty and students. The purpose of the club is to serve as a unifying force between Home Economics' faculty and students, and to develop a greater understanding of home economics as a profession. Membership is open to any student in the College of Home Economics.
UNRECOGNIZED FRATERNITIES
SHELLEY REID
JOAN WRAY

SEE-SAW MARATHON 1971
Alpha Pi Tau was founded in a quest for an ideal — the concept of Brotherhood and its fulfillment. In pursuit of this, the brothers have been involved in various activities from combo parties to arranging a Christmas party for some of the less fortunate children in Blacksburg. This quest is the bond that links the brothers of Alpha Pi Tau together. As long as this ideal remains an ideal, Alpha Pi Tau will continue to exist, always ready to accept as a brother one who shares their goals.
DELTA KAPPA EPSILON

Delta Kappa Epsilon is the oldest social fraternity at Virginia Tech. Founded as Delta Kappa Sigma on April 21, 1941, we became the Sigma Alpha Chapter of DKE on February 6, 1971. Being a social fraternity, Dekes devotes much time to social endeavors. The highlight of the year is Deke weekend, celebrating our founding.

The main purpose of the fraternity is best stated in its constitution: "The fraternity was founded to inculcate among its membership a finer spirit of loyalty, activity, and fellowship toward their alma mater; to develop the highest ideals of conduct; and to promote a close fraternal bond through means of carefully selected associates."

From its conception in 1947 as the Shadow Lake Club and its beginnings as a fraternity in 1956, Sigma Lambda has established a tradition of individuality and strong brotherhood.

Our movement from Blacksburg to a farmhouse situated on fourteen acres in Christianburg last spring as an outgrowth of the brotherhood’s desire for a more relaxed and rural atmosphere.

Sigma Lambda is much more than a collection of human beings. It is a stimulating adventure in living, a learning process, and a continuing experience into the meaning of friendship.

On November 14, 1971, Sigma Nu officially became part of the Virginia Tech campus when it chartered the Pi Kappa Colony as the Theta Xi Chapter of Sigma Nu. Sigma Nu is found at many of the major colleges and universities across the nation. Known also as the Region of Honor, Sigma Nu Fraternity stresses the high ideals of Love, Honor, and Truth in all of its brothers. The house, located on Progress Street, has always been considered one of the best houses and the brotherhoods is one of the best Virginia Tech has to offer its students.
Sigma Phi Epsilon was founded at Richmond College (now the University of Richmond) in 1901 by twelve young men who wanted more from a fraternity than existed at Richmond College at that time. Their brotherhood was based on the principles of virtue, diligence, and brotherly love. Presently, the Sig Ep National Headquarters is located in Richmond, Virginia. In addition, Sigma Phi Epsilon is a member of the National Interfraternity Conference which was founded in 1909.

Virginia Kappa Chapter of Sigma Phi Epsilon originated when our 16 founders colonized under Sigma Phi Epsilon as Sigma Epsilon Colony on April 21, 1969. After one year of colonization and the addition of two pledge classes, 39 colony active brothers became the charter brothers of Virginia Kappa Chapter on April 25, 1970.

In the summer of 1971, Virginia Kappa Chapter sent four brothers to the annual conclave in Atlanta, Georgia. These brothers brought back many memories and ideas to aide the future of Virginia Kappa. However, the most important was an award, the Buchanan Award, presented to the fraternity as one of the top 10 chapters in the nation. The brothers of Virginia Kappa considered this as a major step toward recognition as the top chapter in the nation.

SIGMA PI

The purpose of Phi Kappa Alpha Fraternity is to promote the social, educational and fraternal aspects of the lives of its brothers.

Community projects included solicitation for the Cancer Fund, selling tickets for the Christiansburg Kiwanis Club fund-raising pancake supper, and see-sawing for the United Fund by which we raised $450. More civic projects are in the works for winter and spring quarter. Each quarter is highlighted by a banquet welcoming new brothers. For winter quarter another ski trip to Bryce is planned. The annual picnic highlights spring quarter and alumni weekend.

CAPTURED BY

Warren Johnston (Fed).
Theta Chi National Fraternity was founded in April 1856 at Norwich University, Norwich, Vermont. Today, the fraternity has in excess of 70,000 initiates and 152 chapters.

Theta Chi colonized with the former Delta Theta Kappa local fraternity here in the spring of 1971.

The Theta Chi brotherhood enjoys an outstanding reputation for its many social and athletic events, such as, grain and theme parties, cookouts, weekend road trips, numerous combo parties, and participation in all sports. Highlights of the last year included the annual summer reunion, homecoming celebration, the Halloween and Christmas parties, faculty, parents, and alumni nights, and winning the 1971 I.F.C. Football Championship. The brothers' civic activities include, offering their house as a rest stop in last spring's Blacksburg — Radford Hike for Hunger. This is home to over fifty active Chi brothers, all possessing their own individuality, striving together towards one basic goal — BROTHERHOOD. Pride in the past, faith in the future . . .

THETA CHI

Prior to November, 1970, Theta Delta Chi was known as Delta Sigma Chi. Delta Sigma Chi was formed in the fall of 1957. The brothers acquired their house at 110 Church Street in the spring of 1963. This house, one of the oldest in town, was renovated to provide a fraternity-like atmosphere. Then in November of 1970, Delta Sigma Chi became Theta Delta Chi, one of the first national chapters on the Tech campus. The fraternity has maintained its autonomy and individuality within the brotherhood and will continue to do so. The purpose is to promote the highest morals and ideals among its members and to provide an environment conducive to both academic and social benefits.

THE CLASS OF '72

Ring Dance
Class Office — Seated: Susan Gordon, Secretary; John Davy, Civilian Member-at-Large; Diane Franklin, Woman-at-Large. Standing: Gale King, President; Kevin Hunt, Vice-President; Jim Cash, Cadet Member-at-Large. Not Pictured: Nancy Hartke, Treasurer; Diane Wallace, Historian.
We, the Class of 1972, entered as a myriad of freshmen four years ago to unknowingly find ourselves in a period of celebration, turmoil, and transition for Virginia Polytechnic Institute and State University.

Before our class was officially organized, we witnessed the beginning of a rapid expansion of the campus with the addition of Ambler Johnston and Dietrick Halls and the completion of Squires Student Center. These accomplishments were soon to be followed with the erection of Derring, Cowgill, Whittemore, and McBryde Halls as well as a new fieldhouse. Complementing the physical growth, as expansion of academic programs brought about the establishment of a College of Education. Meanwhile, we found parking lots pushed back further, maroon shuttle buses circling the campus, and asphalt sidewalks stripping the drillfield.

Meeting the demands of a growing University, 72ers became increasingly active in all aspects of campus life. Members of the Class pooled their efforts to produce a ring and a ring dance that lived up to the expectations of their theme — “Excellent Things are Rare.” Class functions, as Sophomore day, two Junior weekends, and Senior Weekend provided a few occasions for relaxation and fun within the otherwise harried pace of daily life and involvement.

Members of the Class of ‘72 also witnessed the campus disturbed with unrest and turmoil. The student takeover of Williams Hall, the burning of Building No. 253 and demonstrations for peace and ecology are all common experiences that have made an imprint on our lives.

Designated as the Centennial Year Class, the Class of 72 graduated amid the celebration of the 100th year of the University. The Commemorative Board Meeting, the Parades and activities of Founders Day and Montgomery County Day, as well as a Centennial Oriented Commencement, flavored the last two quarters of our Senior year.

Each of us has developed and grown in our own individual ways, whether it has been intellectually, socially, or spiritually. We have experienced a season of enterprise and energy, often complicated with frustration and despair. But we have learned to look, to think, to discover, and to question. These are lessons we will never forget.

Happy days, a healthy measure of success, a big dose of good cheer and our best wishes for a bright future!

Here's to You

AEROFIN has all kinds of problem solvers

Aerofin extended surface coils have proven high-performance records for a wide variety of heat transfer requirements. Special coils to heat air/gas . . . cool air/gas . . . condense water vapors from air, chemical vapors from air or gases and recover solvents . . . coils to preheat or reheat . . . coils to absorb contraction and expansion.

Select from standard or custom coil sizes, arrangements, headers and tube materials. Specify your coil application problem, whether multiple coils for job-site-assembly or a single replacement. You'll get what you want, when you want it, without compromise — whether it's for industry, commerce, institutional or energy system design.

AEROFIN Corporation
Lynchburg, Virginia 24505

Aerofin is sold only by manufacturers of fan system apparatus. List on request.

NEWPORT NEWS.
WE'VE LAUNCHED MORE THAN 500 SHIPS.

But wait 'til you see our encore. When we started out in 1886, we were just a small ship repair yard. We named the company Newport News. Because we were proud to be doing business here.

Today we're the largest shipyard in the world. And we're still proud to call ourselves Newport News Shipbuilding and Dry Dock Company. Because a lot of the people who helped put us where we are today come from right here on the Virginia Peninsula.

With their help, Newport News has become an important asset to our community, our state and our nation.

Sure, launching over 500 ships in a little more than 80 years is a pretty impressive achievement. But we're not standing still for that. We're constantly looking to the future.

Today a major component of Tenneco Inc., the shipyard retains its identity and its unexcelled reputation for fine ships. Watch our encore.
No one man can know all the intricacies of every type of insurance or bonding. Nor can he possibly keep in mind the many diverse protection problems of each classification of business and industry. Especially when the need for coverage is constantly changing with new legislation, new legal precedents and new, swiftly changing values.

There is only one way to meet this challenge and that is with a team. A team of experts, each with in-depth, completely current knowledge of the many facets of insurance — or with intensive experience in specific fields of business or industry. The men shown above are such a team. Each a highly qualified executive of Charles Lunsford Sons & Izard, Inc., these men recommend with certainty the precise coverage needed by concerns throughout the Middle Atlantic and Southeastern states. Insurance professionals, drawing on agency experience that dates back to 1870, they are a team upon which you can rely — in providing coverage, in day-to-day service, or in event of a claim.
