Eleves, I salute you! come forward!
Continue your annotations, continue your questionings.
When I have fears that I may cease to be
Before my pen has gleaned my teeming brain,
Before high-piled books, in charactery,
Hold like rich garners the full-rimmed grain;
When I behold, upon the night's starred face,
Huge cloudy symbols of a high romance,
And think that I may never live to trace
Their shadows, with the magic hand of chance;
And when I feel, fair creature of an hour!
Then I shall never look upon thee more,
Never have relish in the faery power
Of unreflecting love, — then on the shore
Of the wide world I stand alone, and think,
Till Love and Fame to nothingness do sink.
— John Keats

Loafe with me on the grass, loose the stop from your throat,
Not words, not music or rhyme I want, not custom
or lecture, not even the best,
Only the lull I like, the hum of your valved voice.
I am of old and young, of the foolish as much as the wise,
Regardless of others, ever regardful of others,
Maternal as well as paternal, a child as well as a man.
Houses and rooms are full of perfumes, the shelves are crowded with perfumes, I breathe the fragrance myself and know it and like it. The distillation would intoxicate me also, but I shall not let it.
A few light kisses, a few embraces, a reaching around of arms.
The play of shine and shade on the trees as the supple boughs wag.
The delight alone or in the rush of the streets, or along the fields and hillsides.
The feeling of health, the full-noon thrill, the song of me rising from bed and meeting the sun.
Logic and sermons never convince
The damp of the night
der deeper into my soul.
A child said What is the grass? 
fetching it to me with full hands, 
How could I answer the child? 
I do not know what it is 
anymore than he.
Trippers and askers surround me,
My dinner, dress, associates, looks, compliments, dress,
The real or fancied indifference of some
man or woman I love,
The sickness of one of my folks or of myself
or ill-doing or loss or lack of money
or depressions or exaltations,
They come to me days and nights and go
from me again,
But they are not the me myself.

RETURN TO MECCA

SPIRIT IS THE KEY IN 73 B.C.
Not I, not any one else can travel that road for you, you must travel it for yourself.
Roberta Flack
Killed Tech Softly with her Songs

OPPOSITE PAGE BOTTOM: Jean Harshbarger, Vicky Nelson, Carolee Stonebruner, and Denise Gudger await the naming of the Queen's Court.
BOTTOM: Members of the court; Bobbie Waid, Delta Sigma Pi; Corrine Savage, Alpha Phi Omega; Vicky Nelson, Highty-Tighties; Sherry Perdue, Alpha Phi Omega; Queen Denise Gudger, Inter-Fraternity Council; and Cathy Grey, Highty Tights nervously wait for the halftime show to begin.
BELOW: Pi Kappa Alpha fraternity won first place in the Homecoming Float competition, setting the pace for having Spirit as the Key in '73.
Have you heard it was good to gain the day?
I also heard it was good to fall, battles are lost in the same spirit in which they are won.
Baseball Coach Retires After 30th Season

After 30 years of service to Tech as head baseball coach and 8 years as head basketball coach, G.F. “Red” Laird retired with a winning 15-10 season. The Hokies lost 8 of their first 10 games during the spring tour in March, then came back to beat such teams as East Tennessee State, William & Mary, U.Va., and Old Dominion.

The Season’s success was largely due to the .376 batting average of sophomore shortstop Gene Fornash, along with big contributions by rightfielder Dave Wisbauer and newcomers David Halstead and Eddie Bowman. Seniors Berky Cundiff and Jerry Watkins were leading pitchers with records of 3-1 and 5-2 respectively.

Strong-armed left fielder Dave Halstead at bat.
Pitcher Mike Arrington hurls from the mound.

Vince Carbaugh gets a put out at second base.

Steve Sensabaugh at work in relief.
Baseball Finishes Big

Below left: Right-fielder Dave Wishauer at bat. Below right: Tony Varboneau saves a hit at third base.
Golf Team Wins State Championship

The 1973 Golf Team had a very successful season, ending the year with an 8-2 record. Under Coach Bill Matthews team members showed marked improvement, particularly the three freshman members who made such an outstanding contribution in helping to win the State championship for Tech.

Above left: Team member Tony Fleshman looks worried as he waits for his next event. Above right: Roger Waller gives an extra effort in the broad jump. Below right: Room to spare is evident as Bruce Whitehouse clears the high jump.
Track Emphasizes Individual

Tech's Track team continued its winning tradition in its 1972-73 season. With the increasing emphasis placed on individual competition, the team as a whole competed in only three group meets. These included a dual meet with West Virginia and Towson State, who scored 74 and 4 points, respectively, to Tech's 103. Tech also trounced UVa and VMI by a score of 101 to 64 and 24, respectively. The trackmen placed third overall in the state meet.

Individual team members participated in several other meets throughout the country. Trackmen traveled to meets at the University of Tennessee, South Carolina, North Carolina, and Maryland. They competed in the Penn Relays in Philadelphia, a national meet with over 7000 entries, and hurdler Mike Kacz was an NCAA finalist at the national contest in Baton Rouge, Louisiana.

Above left: Mike Washington bears the rain to participate in his race. Above right: High hurdler Mike Kacz beats out his opponent at the UVa meet. Below left: Roger Waller leads his leg of a relay in an indoor meet. Below right: Another indoor event is run by Nate Beetcher.
Tech Wins in Track

Top: Mike Kaez strides hurdles at N.C State. Above left: Tech participates in the discus event through team member Barry White.

NCAA finalist Mike Kaez waits for his next event during a meet.

Don Kiser vaults to the top for Tech.
Women's Field Hockey

The Women's Field Hockey Club completed its third year with the most successful record ever. The club was divided into two squads, the first team ending with a record of 5-2-2, and the second team finishing with an 0-3 record. Games were played during fall quarter, and practice for next year's season will begin in the spring.

FIRST TEAM: FIRST ROW: Patty Gordon, Debbie Deaton, Ann King, Mary Gallagher, Vicky Lisky; SECOND ROW: Judy Nicholas, Cheryl Weston, Barb Arndts, Kathy Tobin, Thea Bertola; THIRD ROW: Miss Gana Roberts, Carol Berke, Allison McCulloch, Janey Mowell, Pam Abrahams.

Netters Post Wins

The 1973 Men's Tennis team finished a very successful season with a 12-5 record. Along with regular school meets, the team also participated in the Georgia Southern Cherry Blossom Invitational, and they placed third in the state meet held in May at Charlottesville, Virginia.

Soccer Club Places High; Team Members Draw Honors

The Virginia Tech Soccer Club had an outstanding Fall '73 season. After long hours of spring practice and extensive training in the fall, the varsity team ended the season with a 5-3-3 season against the toughest set of opponents the team had ever faced. The JV team won two out of its three matches and should provide some exciting additions to next year's roster.

Those players recognized for outstanding achievements were: Wayne Chechila and Jim Shugh, first team Western Division All Stars, and Chris Burkett, Tom Doyle, and Dave Lehman, second team Western Division All Stars; those selected for the All State team were Wayne Chechila and Jim Shugh (first team), with Chris Burkett receiving Honorable Mention.

Soccer Club One of Best in Area

Steve Smith
All it takes is one to win.

Trackmen run for Tech.

Contestants await start of events.
**Rugby**

After a disappointing start in the fall the Tech Ruggers rallied to close out the season with 2 consecutive victories to bring their final record to 3-5. Tech's Rugby Club continues to be thought of as one of the stronger teams in the East. This is proven by an invitation to defend their title in the Gator Invitational Tournament held each spring at the University of Florida. An invitation was also extended to the club to attend a Rugby tournament in St. Louis held by the Missouri Rugby Club.

BELOW: Dave Stover fights in the lineout for a loose ball. TOP RIGHT: Dave Stover stretches to win another lineout for the Tech Ruggers. MIDDLE RIGHT: Screen half Bryan Langan charges around the screen for a substantial gain. BOTTOM RIGHT: Craig Jennings is upended by N.C. State after pulling the ball down for Tech.
ABOVE: Nothing but daylight for Jeff Conopast as he breaks through the Roanoke line. LEFT: Rookie Paul Guenther outleaps the Roanoke line to gain control of the ball. BELOW: Bill Lucas struggles to win the lineout as John Newfield awaits the outcome.

GOBBLERS GAIN VALUABLE EXPERIENCE FROM DISHEARTENING 2-9 SEASON

The 1973 varsity football season can be described as long-suffering by alumni, fans, and players alike. It began with a disappointing loss to William and Mary and ended with a final defeat at the hands of VMI. Plagued by injuries and mistakes on and off the playing field, the Gobblers faced the nationally ranked teams of Houston, SMU, and Alabama with determination and perseverance. The only highlights of the year were wins over UVA and Florida State, but the season ended with the hope that the experience gained this year will result in improvement in ’74.

Success is sweet to Marsingill and Poole.

JV defense was complimented by Sophomore talent Bill Filtz.
HOKIES GENERATE WILD ENTHUSIASM IN TECH FANS

“Beat 'em, beat 'em, the whole damn team!” This plea was continuously heard throughout the past year as the Gobbler football and basketball teams took their fighting grounds. Despite the hapless outcomes of the two seasons, the Hokies’ undying spirits continually lifted the hearts of the Tech fans. Clad in their orange, white, and burgundy uniforms these spirited young men and women tried everything from acrobatics to dancing to plain old cheering — all to instill pride and enthusiasm in the Tech fans. And they succeeded, too. Never would there have been such a spontaneous display of emotion as in our first football and basketball victories had it not been for our Hokies. Their spirit always prevailed. Even the Gobbler with all her wild antics between the players, coaches, and officials could generate a never ending cheer from the hearts of all Tech followers. Indeed, maybe our athletic contests of this past year were not exactly what we had anticipated but the Hokie cheerleaders made up for whatever was missing.

JV HOKIES TAKE PRIDE IN TECH

Roll 'em, Roll 'em, Roll 'em in the mud!

Go Tech!

You can do it, You can do it, You can!
The 1973 N.I.T. Champs returned to Blacksburg on Dec. 1 with hopes of bettering their last year's mark and adding more exciting moments to Hokie fans everywhere. The early schedule was very tough, however, and after the All College Tourney in Oklahoma City, the Gobblers stood at a 4-5 mark. Eight of the next eleven games were victories with wins over Eastern Kentucky, St. Bonaventure, Northern Illinois, and Toledo. The last part of the schedule was a disappointment as Tech dropped a good percentage of their games. There were flashes of the Garden during parts of the season, yet the catalyst that sparked the '73 season was not to be found in any combination.

Kneeling (Left to Right): Mike Collins, Calvin Wade, Ed Frazier, Tim Harvey, Craig Liedler, Bobby Stevens, Charlie Thomas, Kyle McKee, head coach Don DeVoe; Standing: Denny Fugate, Mark Cartwright, Phil Thienesman, Geoff Wiggins, Lon Nelson, Duke Thorpe, Dennis Shrewsberry, Jay Skulborstad, Dave Sensibaugh.

Deanne Starbird shoots.

**Women Mark First Winning Season**

The Women’s Basketball finished its second season with its first winning record. Under the coaching of Dr. Joe Sgro, the girls became quick and aggressive on the court. Although the team did not make state finals, it defeated state champion Roanoke College and runner-up Emory & Henry during regular season play. Coach Sgro expects to have a very successful next year since he is losing only two seniors this year. Next year’s schedule will include games with big powers Maryland and Longwood.

Bob Pincus, Tech candidate for NCAA finals.

Wrestlers Have Rough Season

The Hokie Wrestlers finished the season with a 5-9-1 record after a grueling schedule which included tournaments at Georgia Tech and Cleveland State. The primary bright spot was sophomore Bobby Pincus, who finished the regular season with a 21-3 record. He will be participating in the NCAA regional tournament to be held at the University of Cincinnati.

Beta Gamma Sigma

Beta Gamma Sigma is the national honorary society which recognizes excellence of academic achievement in schools of business accredited by the American Association of Collegiate Schools of Business. The Delta of Virginia chapter was chartered in 1966 at Virginia Polytechnic Institute and State University. Superior scholarship and promise of future success in the business profession are essential requirements for election to membership in the society. Membership in Beta Gamma Sigma is recognized as the highest collegiate honor conferred on students in schools of business in American colleges and universities, both on the undergraduate and graduate level.

"The purposes of this Society shall be: to encourage and reward scholarship and accomplishment among students of commerce and business administration; to promote the advancement of education in the art and science of business and to foster integrity in the conduct of business operation." Thus, in 1913, the founders of Beta Gamma Sigma set forth these objectives in the Grand Constitution of a new national organization which was soon to become the only scholarship honorary society recognized by American collegiate schools of business. Beta Gamma Sigma is the business school equivalent of liberal arts and science's Phi Beta Kappa.

Election into the Society is an outstanding honor, for membership is limited to those Juniors, Seniors, and Graduate Students who are in the highest percentiles of their class. Each year, in the Spring quarter, a leader in education, industry, or government who has shown distinguished ability and possesses the qualities which Beta Gamma Sigma fosters, is elected to honorary membership.

We look to those individuals who have been elected to Beta Gamma Sigma as the responsible leaders of the business world of the future.

Burkhart Mining Society

The Burkhart Mining Society (Student Chapter of the American Institute of Mining Engineering) is an integral part of the Mining Engineering Department. Its function is to provide its members with professional exposure provided by guest lecturers and field trips. Paralleling the professional aspect is the social aspect of the organization. Thru out the year the Burkhart sponsors intramural football and softball teams, a picnic, banquets, and the annual party at Dr. Lucas' home who is the head of the department.

The society meetings are open to everyone, but membership is limited to the students and professors of the Mining Engineering Department.

Thirty-two singers and a ten piece stage band make up the performing side of the New Virginians. Although only two years old, the group is emerging as an exciting multi-media entertainment concept within the state as well as on the East Coast. Of the fifty shows given this year, the bookings ranged from St. Joseph, Michigan to several shows in the Illinois area — including Chicago, Elgin and Decatur.

No longer just a musical program, their show features pop music and choreography as well as special technical effects provided by the group's thirty member technical crew.

The show is adaptable to a wide range of audience tastes, featuring in all numbers and enthusiasm for music coupled with a feel for showmanship unequalled by the average college music organization.

A member of the VPI & SU Performing Arts Department, the New Virginians' activities are co-ordinated by the Techsirs, their leadership honorary.

Major campus show are presented in Burruss Auditorium in the Fall and in the Spring.

The VPI German Club, founded in 1892, ranks as the oldest social organization on campus. The intertwining purposes of sponsoring high quality dances and social functions and of providing Christian fellowship and brotherhood for its members have guided the German Club throughout its 80 years. Named after the popular dance of the late 19th century, the German, the club has become known for its German Club Formals, sets of dances featuring quality music and elaborate decorations.

The first weekend in November opened the club's activities with Fall Germans, featuring the Royal Kings, on November 17-18, the German Club celebrated its 80th anniversary with a weekend of festivities at Hotel Roanoke, which attracted some 500 alumni, present members, wives, and friends. Two weeks into Winter Quarter, the club sponsored Winter Germans, featuring Bill Deal and the Rhondells, with 1500 people crammed into Squires large ballroom. Spring Quarter brought Spring Germans and Spring Musicales, a university-wide talent show sponsored by the club for the first time in the Spring of 1973. There were also numerous service activities through-out the year, most prominent of which was the annual Christmas party for the area Head Start children at the German Club house.

Baptist Student Union

The Baptist Student Union is a group of energetic students and faculty in the process of discovering themselves and their world in a growing relationship with God through Jesus Christ. We strive for a balance of "journey-inward" (spiritual growth) and "journey-outward" (Christian service) through worship, learning, fellowship, and ministry. The Baptist Student Center is located on the corner of Washington and Kent Streets. All students are encouraged to use the facilities available at the center.

All University recognized fraternities, both national and local, belong to the Interfraternity Council. The fraternities are represented in the Interfraternity Council by their president and an elected representative.

Each fraternity takes an active part in Interfraternity Council-sponsored activities, which include civic as well as social events. Every Christmas, the fraternities sponsor parties for children in Blacksburg and the surrounding county. Greek Week is held each year in the Spring and begins with various forms of fraternity competition. The Greek Olympics during Greek Week are always popular, and the open houses sponsored by fraternities following these games are tremendously successful. Greek Week reaches a climax on Saturday as fraternity men and their guests close the week with an all-day band concert, games, food, and refreshments.

The Interfraternity Council also serves the fraternities in numerous ways by coordinating various athletic activities and creating a point system to determine the winner of the Interfraternity Council “Outstanding Fraternity” trophy. Points toward this trophy are awarded for various achievements during the year. Some of these categories include: Highest academic average, service to campus and community, and success in athletic endeavors. The field is varied enough and the competition stiff — with a well rounded winner the result.

Another important Interfraternity Council function is quarterly Open Rush. Open Rush offers students a closer look at the fraternity system. Each fraternity has an excellent opportunity to present its program to prospective members during the two-week period at the beginning of each quarter.

The members of the Interfraternity Council are continually searching for new ways in which fraternities can work together to create a stronger fraternity system at Virginia Tech.
The Panhellenic Council is composed of two elected representatives from each of the eight sororities at Virginia Tech. Its purpose is to coordinate Greek activities among the sororities and encourage each to develop the individualism of its members. The Panhellenic Council compiles the rules governing rushing, pledging, and initiation, and develops and recommends policies concerning sorority affairs to the Commission on Student Affairs through the Greek Affairs Subcommittee. It also assumes compliance with University policies and Panhellenic policies by each member organization.

Most important, the Panhellenic Council encourages the individual members of each sorority to contribute to the University Community through intellectual accomplishment, sound scholarship and campus leadership. Each year the Panhellenic Council, on behalf of the sororities, recognizes the Greek women who have achieved honors in curricular and/or extracurricular endeavors through scholarships and various awards.
Delta Gamma is the oldest and presently the largest sorority on the Virginia Tech campus. Membership in Delta Gamma offers lifelong friendships, as well as through sisterhood. DG works around its national philanthropy of sight conservation and aid to the blind. She helps others by giving Thanksgiving baskets and holding parties for underprivileged children. Delta Gamma was the Derby Day and Pi Kappa Alpha Bike Race Champ, and the money raised from these two events was donated to the Wallace Home for the Mentally Retarded and to Muscular Dystrophy. The DG Sisters are proud of their colors of bronze, pink, and blue, their anchor pin, and the cream colored rose. Delta Gamma offers a girl the chance to express herself through the bonds of sisterhood.

ΔZ

Delta Zeta
Delta Zeta, the nation's largest sorority with 172 chapters and 80,000 girls, began at Miami University of Oxford, Ohio. Our chapter, Kappa Theta, was installed on March 6, 1971. It was the first national sorority established at Virginia Tech. The sorority seeks to promote high ideals, good scholarship, participation in college activities, leadership, consideration of others, friendship, and fun.
From its founding in 1960, Delta Pi Zeta has distinguished itself as being one of the more active fraternities at Virginia Tech. Zetas, along with three other fraternities, founded the original I.F.C. in 1961, and since that time Zetas have actively participated in making the I.F.C. the strong organization it is today.

Socially speaking, Delta Pi Zeta is known as the “Zoo.” Its frequent happy hours and combo parties are highly rated, and there are many major social attractions held throughout the year, including winter formals, westerns, and spring picnic. Zeta’s close-knit brotherhood, their guests, and a strong alumni organization have resulted in the Zoo achieving a most favorable partying atmosphere.

In addition, Zetas are proud of the record they have achieved over the past several years in sports competition. Just this fall quarter, Zetas won the I.F.C. football and basketball championships and the university football and wrestling championships. Participation in athletics creates a great deal of enthusiasm within the fraternity and is only one of the many ways the brothers join together in forming a solid organization. In recent years Zetas have twice won the I.F.C. trophy as the most outstanding fraternity.

The brothers of Delta Pi Zeta enjoy the advantages of being a local fraternity, and the fraternity has thrived as a local for fourteen years. Recently the fraternity has experienced its greatest growth in its history, and there is every indication that this pattern will continue to make Zetas one of the leading fraternities at Tech.
Eta Xi chapter of Zeta Tau Alpha was chartered on the Virginia Tech campus on April 29, 1972. Since that time, ZTA has grown to be the second largest sorority at VPI. During formal rush in Winter, 1973, Eta Xi chapter made history by accepting twenty-three pledges. Eta Xi has the largest pledge class in the history of ZTA for a chapter which is under five year of age.

The Zeta ladies have a broad combination of interests, their service and social projects benefit both the Virginia Tech campus and the Blacksburg community. By taking an active part in school and communities, the sisters of Zeta Tau Alpha work together for fun and experience, and their success is readily visible through their continued interest in the world around them. The Zeta ladies form a closely-knit group of sisters with common goals of success and happiness for the present and the future.

Come visit the Zeta Tau Alpha house at 206 Prices Fork Road and experience the friendliness that you will find there!

Kappa Sigma is one of the more dynamic and growing fraternities at Tech. The local fraternity was founded in 1968 and became the Nu Prime Chapter of Kappa Sigma in 1971. Since then it has won the Interfraternity Council Outstanding Fraternity Award and the University Intramural Championship.

All of the chapter activities are based on four precepts: service, scholarship, social and athletics. It offers a varied social calendar, sponsors several service projects each quarter, encourages scholarship, and is competitive in sports.

Kappa Sigma was the first to establish a Little Sister program. The fraternity attempts to give the word "brotherhood" strengthened meaning. The lives and actions of the membership are based on this word. The pledge program is built around the meaning of it.
Pi Kappa Alpha

Pi Kappa Alpha is a general, international, Greek-letter, social college fraternity. With its conception in 1868, PiKα has grown into a national leader among college fraternities. It boasts 161 chapters, over 95,215 initiated members, and has national prominence throughout the nation and abroad. PiKα combines a varied social calendar together with many community service projects to form a unified, solid, hard-working fraternity.

PiKα begins its association with college men through its Associate Member Education Program. During this period, Associate Members learn about fraternity life and the distinction of PiKα. Associate Members are treated with the utmost respect. They are neither humiliated nor harassed, physically, verbally, or otherwise. Men are encouraged to take an active part in fraternity as well as University affairs. PiKα has received a disproportionate number of responsible positions including the 76 Class President and Civilian Member at Large, Business and Ad Manager of the Bugle, Interfraternity Council President, and several Residence Hall Advisors.

The PiKα chapter at Virginia Tech is proud to be the oldest fraternity on campus, having been chartered in 1873, and rechartered in 1971. The brothers have a proud heritage and count their involvement in Pi Kappa Alpha as one of the greatest experiences of their college careers.

225
Sigma Phi Epsilon's major goal is to educate men towards the ideal of Brotherhood. Our road is marked with lasting friendships, of memorable events, of socialability, of responsibility and determination. Sigma Phi Epsilon thrives in each of its members as they thrive in it.
SIGMA CHI

DERBY DAY

Developing from a small social fraternity (Lambda Chi), Eta Lambda Chapter of Sigma Chi is in its third year. Stressing the virtues of friendship, justice and learning, the brothers of Sigma Chi participate in intramural sports, I.F.C. functions and maintain a full calendar of social events.

Sigma Chi’s nation-wide service project is the maintaining of Wallace Village, a hospital for children suffering from minimal brain damage. Funds for this project are derived from Derby Day; a week of festivities, games and money-making projects which each chapter of Sigma Chi holds for their entire university.

THE LITTLE SISTERS OF SIGMA CHI
Throughout history, men have sought the association of friends with like interests . . . Newton D. Baker.

"A fraternity," he said, "is an association of men, selected in their college days by democratic processes, because of their adherence to common ideals and aspiration . . .

"Out of the association rises a personal relation which makes them unselfishly seek to advance one another in the arts of life and to add to the formal instruction of the college curriculum, the culture and character which men acquire by contact with great personalities, or when admitted to partnership in great traditions."

The fraternity of which he spoke with personal reference and deep devotion was Phi Gamma Delta.

Like other college fraternities, Phi Gamma Delta has had hundreds of prominent members who can testify to the significance of their fraternity membership.

Evidencing the importance of the Phi Gamma Delta experience to him, Fiji Astronaut Gene Cernan took his membership badge with him on the flight of Gemini IX and around the Moon on Apollo X.

Phi Gamma Delta is proud of the role it has played in the lives of thousands throughout its long history. It is even more proud of the role it is playing today in the lives of young men seeking more than just the text book education of the classroom.
Gamma Pi chapter of Phi Mu fraternity was installed at Virginia Tech on February 10, 1973, after the shortest pledge period in the history of the nation’s second oldest sorority.

Phi Mu strives to develop and perpetuate bonds of friendship, placing high emphasis on high ideals, service, and scholastic achievement. Since colonization on May 25, 1972, Phi Mu’s have participated in many campus events, winning the sorority league softball championship, placing first in the Panhellenic Sing, second in Sigma Chi Derby Day, third in Homecoming Parade Competition, and third in Panhellenic Scholarship.

Service projects during the past year have included sponsoring a party for underprivileged children, visiting the children’s ward of Montgomery County Hospital, collecting for the Heart Fund, registering for the Red Cross-APO Bloodmobile and sponsoring fund-raising projects for Muscular Dystrophy and the S.S. Hope, the national philanthropy.

The sisters have a wide range of interests and participate in many other activities and honorary societies.
First Row (Left to Right): Stephanie Reid, Laurie Boone, Myra Anne Beahn, Sherry Stallings, Debbie Hargis, Serena Eason; Second Row: Wynne Ellen Burns, Betty Meeks, Ellen Thompson, Debbie Statin, Patricia Payne, Debbie Whitfield, Rosie Papadale, Dianne McDonald, Sue Leonard, Kris Kain, Ann White, Donna Welsh, Dianne Davis, Kathy McIntosh, Betsy Hagan; Third Row: Becky Brown, Carol Sykes, Susan Stein, Sue Stiff, Debbie Bullard, Patti Loman, Jackie Burcham, Kathy Ale, Ellen Patterson, Janis Armstead, Jane Nelson, Deale Bullard, Gatie Stoneman; Fourth Row: Debbie Prillaman, Debbie Deviney, Pat Lawson, Kay Parker, Mary Amstadt, Tracey Medford, Susan Logan, Sue Catsell, Sharon Strong, Becky Rudolph, Dottie Byrd, Pam Cox, Sharon Loving; Missing: Rosebud Woodfolk, Sharon Kelly, Ruth Wilkinson, Karen Evans, Marsha Kirk, Sharon Blevins, Debbie Walker, Louise Shulack, Katie Woeber, Nancy Perry, Kim Stine, Sue Griffiths, Karen Moffett.
Sigma Alpha Chapter of Alpha Epsilon Pi Fraternity was founded in the spring of 1969. We are social fraternity, but we also participate in service activities. We have regular Happy Hours and an assortment of theme parties. In past years we have given Halloween parties for underprivileged children and have held three annual See-Saw Marathons collecting money for the United Fund and the March of Dimes. Our Little Sister Program was initiated in Winter Quarter 1971 and acts as a sorority group under the auspices of the chapter.
Alpha Pi Tau

Alpha Pi Tau, was founded in the fall of 1966. Since then, APT has been an active supporter of the IFC and believes in supporting worthy causes.

Since its foundation in 1966, Alpha Pi Tau has been a social fraternity that strives for brotherhood. The Brothers of APT believe brotherhood is a learning experience which comes from a close association with people. The brothers take pride in the willingness to help others and accepting and respecting each person as an individual in both opinions and actions. It is this philosophy of brotherhood that creates the force that binds them.

Delta Lambda Colony of Alpha Sigma Alpha was established at Virginia Tech in May of 1972. The national goal of Alpha Sigma Alpha is to aid the mentally retarded. Our colony strives to support this goal through such activities as magazine sales, and bake sales. Recently, we participated in a Christmas party for underprivileged children of the area. We participated in Derby Day and Greek activities this spring. Our group works toward growth while maintaining the close association we now love.
"To bind men together in a Brotherhood." This was the foremost thought in the minds of the founders of Alpha Tau Omega in 1868. One hundred years later, Phi Kappa Alpha local fraternity was founded on similar ideals. On September 29, 1973 that fraternity became the Theta Delta Chapter of Alpha Tau Omega.

To promote the lasting bonds of brotherhood, to encourage academic, individual and fraternal achievement, these are the goals of Alpha Tau Omega. The measure of an Alpha Tau is its commitment to these fraternal ideals, and his commitment to his own individual achievement.

Alpha Phi Alpha was founded at Cornell University, Ithaca, New York in 1906. The concern of the fraternity is to place the highest priority upon scholarship and current social problems. It is true brotherhood, existing for the improvement of its members and the black community at large.

Alpha Phi Alpha is proud of the fact that it is an international fraternity which has constantly pioneered valuable and viable programs that meet the needs of the community. Already, the newly founded Theta Iota chapter here at Virginia Tech has initiated several projects throughout Montgomery County.
Epsilon Tau chapter of Alpha Chi Omega was chartered in the Spring of 1973. Since then, the Alpha Chis have been busy striving to help others by working on various service projects such as the United Fund drive on campus, parties for underprivileged children, projects for our national philanthropy — Easter Seals, Blacksburg Shelter Home, Shawsville Nursing Home, working with fraternities, alumni, and the community, participating in Derby Day, and just having fun. We especially enjoy getting together with our sister Alpha Chi chapter and our local alums.

Kathy Deweyt, Jean Duak, Nancy Evans, Janis Gault, Martha Hite, Nanci Jones — Pres., Mona Murphy.
Beta Theta Pi is a national academic and social fraternity with a rich and prominent history in the Greek World. Alpha Phi chapter of Beta Theta Pi is a small but growing brotherhood of twenty members who carry the Beta tradition both on campus and into the surrounding community. Beta Theta Pi Brothers have actively supported and involved themselves in such worthy causes as the Heart Fund, the Walk for Mankind and many others so typical of the activities to which the brotherhood prescribes and so characteristic of the Beta Theta Pi spirit. Beta Theta Pi has been associated with the Virginia Tech campus since its initial chartering in 1877 and was re-established after a long inactivation November 2, 1972.
Delta Delta Delta

Beta Nu Chapter of Delta Delta Delta was pledged in June of 1972, and initiated on May 5, 1973. The sisters and pledges have dedicated themselves to establishing a bond of friendship between the girls in the chapter. Tri-Delta is active on Panhellenic Council. Besides the social functions, the sisters give parties for underprivileged children, and help PiKa with the Bike Race and take part in Sigma Chi Derby Day. Scholarship is the main philanthropy of Delta Delta Delta Beta Nu helps select girls for the National Scholarship Award.

ΔKE

DELTA KAPPA EPSILON

Delta Kappa Epsilon, founded at Virginia Tech, April 21, 1941, is the oldest, continuous social fraternity on this campus. Founded originally as a local organization, Delta Kappa Sigma, the fraternity became the Sigma Alpha chapter of Delta Kappa Epsilon national social fraternity in February of 1971.

The Dekes have always had a concern for academics and community affairs. Another of DKE's concerns, or favorite past times, has been their social life, and rightfully so. The Deke's social calendar is always full of theme parties, open houses, and combo parties. Special weekend events include visiting other DKE chapters in the fall, a ski weekend in the winter, and a beach weekend during the spring. Deke Weekend, held in early May, always serves as an excellent finish to a full and eventful school year. Deke's active athletic participation is exemplified by an IFC basketball championship, and the Deke teams are always among the best in every sport.

The lifeblood of any fraternity is its ability to rush and pledge new brothers. Deke's pledging experience stresses individualism, and is designed to be an educational period during which both the pledge and brother mutually complement each other in learning brotherhood.
Virginia Tech is the home of Eta Lambda Chapter of Theta Chi, National Fraternity. Theta Chi has a great pride and spirit stemming from its many accomplishments ranging from public service projects to athletic achievements. This pride and spirit is balanced by 118 years of tradition which the fraternity inherited when it was installed as a chapter of Theta Chi in 1972.

Theta Xi, formerly Tau Beta Upsilon local fraternity, is located at 448 Roanoke St. The local Fraternity was founded by 5 brothers in 1966 and has grown over the years to an active brotherhood of approximately 30.

Through its alumni and undergraduate leadership, Theta Xi endeavors to assist each member to develop responsibility to his chapter, college, community, and country. It also develops leadership from practicing the principles of democratic self-government and participating in activities outside regular scholastic studies.
The Epsilon Chi Chapter of Sigma Kappa was chartered May 20, 1972, and the sisters have been growing, working, and playing together successfully since then. Individuality and creativity are encouraged, and the many facets of women in today’s world are taught in the unique pledge education program and throughout a sister’s college life.

Besides participation in Greek events, money-raising projects and parties, Sigma Kappa is actively involved in the three national philanthropies. On the international level, Sigma Kappa supports the American Farm School in Salonica, Greece; on the national level, Sigma Kappa supports the Maine Sea Coast Mission. In connection with the Blacksburg community, the Sigma sisters have adopted two “grandmothers” as part of their gerontology work.

This year Sigma Kappa proudly begins a celebration of one-hundred years of service, leadership, and sisterhood; one hundred years of “One Heart, One Way” for each and every Sigma.
Sigma Nu Fraternity, a national social organization for men, was originated at VPI & SU in 1961 as Pi Kappa local fraternity. With the granting of a charter in 1971, Pi Kappa became affiliated with the sixth largest national fraternity, Sigma Nu. Our house, originally the academic probation house, is located at 401 Progress Street. The brothers involved in activities ranging from SGA to intercollegiate athletics, come from many different backgrounds. Each retains his independence of thought and action, yet blends perfectly with the other. The brothers of Sigma Nu pride themselves in the strength of their brotherhood and invite all to visit.
Sigma Pi national social fraternity was founded on February 26, 1897, at Vincennes University in Indiana. There are 128 chapters with nearby locations at University of Virginia, Wake Forest, N.C. State University, University of Maryland, College of William and Mary, Atlanta Christian, and Madison.

The VPI & SU chapter of Sigma Pi received its charter on May 22, 1971. Delta Upsilon chapter has 35 brothers and was formerly Delta Sigma Tau local fraternity which was founded on March 26, 1968.

The brothers in Sigma Pi have always taken pride in the fact that their house is a place where students can come and feel at home. Guests and their dates are always welcome at weekly parties. Whenever Sigma Pi brothers get together, there is something in the making, whether it be a goodwill project for the community, a unique theme party or an old-time summer reunion — the activity is sure to be worthwhile.

In accordance with our fellow Greeks, the Delta Alpha Chapter of Pi Kappa Phi Fraternity strives for growth, and fulfillment of the true ideals of “fraternity.” Mutual co-operation and interaction have enabled the personification of brotherhood to be manifested within the framework of Pi Kappa Phi.

Boasting a modern, spacious, red brick rambler, we are located on 2.5 acres of land. The house is within easy access of the VPI campus and facilities, yet uninhibited by the confines of the municipal and residential areas.

Speaking proudly of our well rounded athletic program and social functions, we do not shun scholastic achievement. Our 2.7 overall past quarter is a complement to our agenda of goals and achievements.

The Virginia Eta Chapter of Phi Delta Theta chartered three years ago, continues to prevail as one of the leading fraternities in the IFC. As the first fraternity to be recognized on campus the Phis have attempted to become a well-rounded fraternity, while at the same time keeping the distinction of being the "original humpers." We hope to continue being an integral part of campus life.

ΦΔΘ

Phi Delta Theta
Phi Kappa Sigma

Beta Omicron Chapter became the fifth active chapter of Phi Kappa Sigma Fraternity in Virginia during the Spring of 1973. It is active both socially and servicewise on the Tech campus by its participation in sports, academic affairs, social events among the fraternities, and in fund and clothing raising drives for needy persons in the Blacksburg area.
Presently Phi Sigma Kappa is composed of a diverse group of Tech students with curriculums ranging from environmental conservation to aerospace engineering. This combination of interests, viewpoints, etc., is an important aspect of Phi Sigma Kappa as a fraternity, serving to dispel the "frat man" image that many students today find distasteful. We have found that this diversity seems to strengthen the bonds of brotherhood rather than weaken them. The Phi Sig's concern is not limited to its brothers extending into school and community affairs. The fraternity actively participates in school sports and social functions as well as such community projects as the Bloodmobile and helping needy children.
After being initiated as the Xi Omega Chapter of Tau Kappa Epsilon on April 14, 1973, the Brothers are striving to make this chapter nationally known during the 75th Anniversary of the National Fraternity. The Tau Kappa Epsilon Brotherhood enjoys an outstanding reputation for community service, athletics, and social events. The fraternity promotes a level of scholarship, a degree of maturity and an amount of awareness that makes each Brother a well rounded man and a frater of Tau Kappa Epsilon.
The Brothers of Tau Sigma Chi combine academics, athletics, and an active social life into a tightly-knit brotherhood of varied individuals. Food, friends, and good times are the purpose of fraternity life at Tau Sigma Chi.

My, but it is blurry; It takes time to get things into focus, to many gadgets are involved.

What's wrong now? It's so dark, I can hardly see anything. Now there is a blinding light that causes my eyes to squint. In a second it will all be over. But I musn't blink for I will miss the action.

Whoosh! It's over, but when the picture is developed will the scene I saw reappear?

Or will I find that the world and I are at opposite ends when it comes to interpretation?

Maybe I am the undefined object and the camera is my only hope to find reality.
There was never any more inception than there is now,
Nor any more youth or age than there is now,
And will never be any more perfection than there is now,
Nor any more heaven or hell than there is now.

SAY "CHEESE!"
In all people I see myself, none more
and not one barley-corn less,
And the good or bad I say of myself
I say of them.
A normal college career usually has a life span of four years, but in a few instances this has been extended with the help of the registrar's office and one's course advisor.

During this time the Class of 1974 witnessed the victory of the National Invitation Tournament by Tech's roundballers, starring Allen Bristow. Coach Jerry Claibourne left the Fighting Gobblers only to be replaced with three cups of Coffey, the last being quite difficult to swallow. But Tech received national recognition by producing the No. 1 Passer in the Nation of 1972, Don Strock.

Dormitory visitation took on many different faces in this period. The introduction of the six inch open door resulted in a number of students camping out on the drillfield in protest. The following year three different lifestyles; closed door, open door, or no visitation; came into being. Women residents were broken from their shackles when curfews were finally lifted.

From the administrative side of things, the Class of 1974 elected the first woman class president, Jean Harshbarger. The Women's Interdormitory Council and the Civilian Interdormitory Council merged to form the Residence Hall Federation. President Hahn proved to be moving with the times when his flatop became a thing of the past.

Fraternities and sororities received University recognition and the following year the Interfraternity Council had its houses closed their doors to males not belonging to a brotherhood.

Virginia Tech celebrated its Centennial in 1972 and hosted its largest commemoration of the event at Homecoming the following year.

Changes occurred not only within the University those four years but within the person who first enrolled as a freshman and leaves Virginia Tech a little older, a little wiser, and a whole lot more experienced.

Just One More Year . . .
One more year of pre-dawn classes,
One more year to cross a muddy drillfield,
One more year to pull all-nighters —
then flunk the test,
One more year of those damn computer terminals,
And only one more year of fooling around.

CHAIN OF
COMMAND
Gentlemen, to you the first honors always!
Your facts are useful, and yet they are not my dwelling,
but enter by them to an area of my dwelling.
"It is time to take stock. Have we achieved the level of excellence which should be possible with the resources which have been made available? Are we, in fact, effectively meeting the educational needs of today's young people? Are the resources of the University being used effectively to provide continuing educational opportunities for citizens across the Commonwealth? Can the yield in the investment of public funds for the benefit of the Commonwealth and its citizens be increased? Can we improve the traditional approaches and organization in fulfilling most effectively our missions? These and other questions deserve the thoughtful consideration of everyone in the University community as this institution enters its second century.

DR. T. MARSHALL HAHN, JR. PRESIDENT
DR. LESLIE F. MALPASS
VICE-PRESIDENT FOR ACADEMIC AFFAIRS
“It is my hope that the University can continue its rapid progress in improving the quality of all its programs, particularly the programs of instruction and research, and to provide even greater services to the citizens of Virginia.”

MR. S. K. CASSELL
VICE-PRESIDENT FOR ADMINISTRATION
"The role this university has chosen for the past one hundred years to serve the people of Virginia as Virginia's land grant university should be continued for the next one hundred years or more. The dedication of this university to provide a good academic career in a responsible atmosphere has allowed this university to gain acceptance on the campus, in the state, and throughout the nation. It is this dedication of achievement that must be sustained.

DR. JAMES W. DEAN
VICE-PRESIDENT FOR STUDENT AFFAIRS
“During the past ten years, I have observed our University move with rapid strides forward. I look forward to the future with optimism, for a continuance of this same momentum in all areas, as we consolidate our gains and improve upon our strengths.”

J. GORDON BROWN
DEAN FOR STUDENT SERVICES
"I would hope this university will continue to expand and broaden its educational opportunities for Virginia's young men and women on sound educational principles so every graduate can be proud of his or her degree backed by the high standards and integrity of a university second to none."

DR. M.P. LACY
DEAN OF ADMISSIONS
"The Corps of Cadets offers a unique program which for 101 years has produced leaders for our nation and our Commonwealth."

BRIGADIER GENERAL
DAVID S. HENDERSON
COMMANDANT OF CADETS
"Given the situation of constantly growing university, we must preserve the quality of education particularly in the graduate school."

DR. FRED W. BULL
DEAN OF THE GRADUATE SCHOOL
"The direction of the college for the coming year? Easy! Another giant leap for mankind and one small step with the budget."

DEAN CHARLES BURCHARD
COLLEGE OF ARCHITECTURE
DEAN WILLIAM C. HAVARD
COLLEGE OF ARTS
AND SCIENCES
"First and foremost, we will provide the engineering student a quality educational experience — as preparation to enter a creative profession responsible for the conservation, control, and use of both natural resources and the forces of nature for the benefit of people.

DEAN PAUL E. TORGERSON
COLLEGE OF ENGINEERING
"The College of Agriculture and Life Sciences is continually striving to implement more relevant and higher quality teaching, research, and extension programs which would be of greatest benefit to the citizens of the Commonwealth."

DEAN JAMES E. MARTIN
COLLEGE OF AGRICULTURE AND LIFE SCIENCES
DEAN KARL T. HEREFORD
COLLEGE OF EDUCATION
"The major purpose of Virginia Tech is to provide the intellectual atmosphere, the scholarly guidance, and the modern facilities for the education of men and women of the Commonwealth and the Nation. This is done through the three divisions of the University — instruction, research, and extension.

DEAN H.H. MITCHELL
COLLEGE OF BUSINESS
BOARD OF VISITORS
Upper Right: J.T. Faircloth, Jr., J.L. Whitehurst, Dr. R.R. Smith, R.R. Pumplin, Dr. T.M. Hahn, Jr., C.E. Rowe; Lower Right: J.E. Givens, J.F. Clement, Mrs. J.K. Robinson, Mr. R.E. Russell, Mr. R.D. Goodykoontz; Below: C.A. Cutchins, III.

UNIVERSITY COUNCIL
University Council, which is comprised of forty-five administrators, faculty, and students, carries the responsibility of reviewing changes in Student Life Policies, grade escalation, and other matters pertinent to the University community at large.
COMMISSION ON STUDENT AFFAIRS
First Row: Dr. David E. Hill, Carol Davis, Dr. James W. Dean, Martha Oakley, Betty Thompson, Gen. David Henderson, Ann Lindsey; Second Row: Gary Clishum, Jim Crockett, Suzanne Spurlock, Dr. Robert Benoit, G.B. Hall, Dr. William Mackey, Warren Hall, Anne Martz, Ernie Edwards.

FACULTY SENATE
Dr. James M. Wiggert, (left) addresses members of the Faculty Senate. Each of the colleges of the University is represented by several Senators.

an Equal Opportunity Employer
Here in Newport News.

Here in the hands of the people who work here. Because our people are building tomorrow with something that started a long time ago.

A legacy of expertise.

The teamwork, skills and engineering ability that have put together some of the world's most complex technical achievements.

Like the Navy's nuclear powered submarines, aircraft carriers and frigates. The world's most sophisticated commercial ships—liquefied natural gas carriers. And services and components for commercial nuclear power plants.

And when the call comes to go to work on other ideas for the future, we're ready. Because our people are ready. And always have been.

Newport News Shipbuilding Where tomorrow is. Now.

Super Tree.

Believe it or not, this tiny seedling will be the parent of a whole forest of stronger, healthier trees. Super trees, as they are called by forest geneticists. They’re a result of Chesapeake Corporation’s forest genetics program. By grafting cuttings from a superior tree onto a sturdy normal tree, such as this seedling and thereafter controlling pollination, it will produce seed with all the characteristics of the super tree. Chesapeake’s foresters are constantly working to develop new methods for growing superior trees. For we at Chesapeake believe in the forests. They have to be protected and wisely used to supply man with his growing needs. Forest genetics. Just another way Chesapeake is working with nature to serve man.

HUBBELL LIGHTS THE NATION!

From a night baseball game in Cincinnati’s new stadium to a dog track in Florida... From a color TV broadcast of a Rambling Wreck night game in Georgia Tech’s Grant Field to security lighting of a California high rise... From the decorative lighting of the Castle at Disneyland to Weston Tennis Club in Massachusetts... Hubbell lights the nation.

Ours is one of the broadest lines of outdoor fixtures and equipment. These range from corrosive fighting floodlights to decorative landscape lighting... From metal halide sports lighting to industrial highbay lighting... From brilliant used car lots to sign lighting... Hubbell lights the nation.

Backed by a full fleet of mobile lighting demonstration trucks available in your trading area to help you sell. And with our extensive photometric laboratory and expert engineering know-how, no one does more outdoor lighting better than the Hubbell Lighting Division. Whatever your needs, let Hubbell shed some light on your next job.
Find out if the chemistry's right.

At Du Pont, the best chemistry is people chemistry. Anything can be achieved if you have the right people and they talk to each other. So we look at you as much as at your grades. We look for compatibility as much as talent. And that goes for engineers and chemists as well as business students. If you want to find out what fields have openings, what states you can work in and more, meet with the Du Pont recruiter when he comes to your campus. Or if you've already graduated and have experience, write Du Pont direct, Room N-13400, Wilmington, Del. 19898. And as you know by now, we're equally interested in women and men of any color. The chemistry is what counts.

BEGINNING of the END

What at one time seemed like an impossible dream, Commencement 1973 did materialize in the heat of a June day. Lane Stadium opened its doors not only for the graduates who survived the competition but also for the loved ones who traveled the long road with them.

Within moments the procession made its way to the stage. The Deans of the Colleges made their recommendations for degrees. Hearing the cheers from the stands, the President could only concur and confirm.

Bill Moyers, press secretary during the Johnson Administration, spoke of his own contributions and reminded Tech's most recent alumni that their's were yet to come.

Diplomas in hand they departed, embarking on a future that doesn't rely upon pre-registration, midterms, or Friday afternoon happy hours. They were glad but also sad, for Virginia Tech will never be the same but then again, neither will they.
Backward I've seen in my own days where I sweated through fog with linquists and contenders, I have no mockings or arguments, I witness and wait.
Few People will know me as I really am,
Which is probably the best news you’ve heard in years.
But whichever side of me comes in contact with you,
I hope a feeling of general happiness will ensue.
For although my life’s purpose has yet to present itself,
I find serene contentment in a friend’s smile.

Anne
