Common Interests
Learning About Ourselves
Growing Extending Our Horizons
Expressions Of Individualism
Classes
Pulling It All Together

College Seniors — a title looked forward to by many and which contains a variety of experiences and challenges. During this year lifetime decisions are often made whether it be to continue an education, to get married, to join the service, or to try and make it rich in the job market. Interviews seem to fill the majority of free time of both the graduate school candidate and the job seeker as both are forced to compete not only with their classmates but with society in general. Paper work galore appears with resumes and applications in all shapes and forms. Having learned to cope with the red tape, the classes, the papers, and the exams confronted in college life graduates now face an even rougher test — the outside world.
Searching,
Interviewing,
Getting A Job,
Realizing The Value
Of The Last
Four Years
Specialization — Preparing For The Future
Dr. James R. Nichols
Dean of Agriculture and Life Sciences

Under the direction of Dr. James Nichols, the College of Agriculture and Life Sciences offers modern science courses that are geared to student-appeal. The courses prepare agriculture majors for job employment opportunities in fields extending from teaching to research. In order to supply the undergraduates with practical and technical knowledge, the College of Agriculture offers co-operative work study programs.
Class Of 1976

RALPH JENKINS BAGLEY  
Dairy Science  
Victoria, Virginia  

PATRICIA LEE BAKER  
Animal Science  
Woodbridge, Virginia  

WILLIAM PAUL BARNHART  
Animal Science  
Stuarts Draft, Virginia  

DAVID TYLER BLAND  
Forestry and Wildlife  
Mechanicsville, Virginia  

EDWARD CHARLES BOWMAN  
Poultry Science  
Dayton, Virginia  

JOHN CALVIN BRASFIELD  
Animal Science  
Springfield, Virginia  

EDWARD RYLAND BROWN  
Agronomy  
Forest, Virginia  

JANE TAMSEA CAMERON  
Forestry and Wildlife  
Vienna, Virginia  

DENNIS WAYNE CAMPBELL  
Animal Science  
Chilhowie, Virginia  

SONYA JEAN CAPEK  
Forestry and Wildlife  
Frederick, Maryland  

SAMUEL ALAN CARLAN  
Forestry and Wildlife  
Salem, Virginia  

QUARTIS DEAN CARLSON  
Agricultural Economics  
Russell, Pennsylvania  

FLOYD S. CHILDRESS III  
Animal Science  
Christiansburg, Virginia  

SHELLEY VIRGINIA CHING  
Animal Science  
Alexandria, Virginia
DAVID J. CHRISTIANSON
Horticulture
Winchester, Virginia

RICHARD WARNER CLARK
Horticulture
Manassas, Virginia

MOSES ARCHIE CLEMANTS
Agriculture Education
Emporia, Virginia

BUSTER LEMON CLEMONDS
Horticulture
Vinton, Virginia

MONROE FRANCIS COLVIN JR.
Animal Science
Wolftown, Virginia

BOBBY LEE COMBS
Dairy Science
Chilhowie, Virginia

MARK EDWARD COOK
Animal Science
Bristol, Virginia

GERALD ERNEST CRAIG
Forestry and Wildlife
Bedford, Virginia

JAMES EDWARD CROMER
Agricultural Education
Christiansburg, Virginia

CHARLES MALCOLM DAVIS
Agricultural Economics
West Point, Virginia

MATTHEW FORREST DAVY
Animal Science
Colonial Beach, Virginia

JEAN CHARLENE DOAK
Animal Science
Alexandria, Virginia

KENNETH TRAVIS DODD
Animal Science
Mclean, Virginia

RUDDOLPH CONRAD DODD
Forestry and Wildlife
Lynchburg, Virginia
Class of 1976

JO ANNE DONLAN
Horticulture
Norfolk, Virginia

DAVID WESLEY DOSS
Agricultural Economics
Colade Spring, Virginia

JOHN RALPH EDGE
Animal Science
Lebanon, Virginia

DEBORAH DIANE EDWARDS
Animal Science
Branchville, Virginia

LEONARD HENRY ELAM JR.
Animal Science
Chase City, Virginia

ROBERT HENRY ENGLISH III
Horticulture
Newark, Delaware

WALTER MCCUE EW BANK
Horticulture
Richmond, Virginia

ALAN RAY FILLMAN
Agricultural Engineering
Pipersville, Pennsylvania

RONALD DAVID FISHER
Dairy Science
Boones Mill, Virginia

HOWARD LAWRENCE FORD JR.
Animal Science
Richmond, Virginia

ROBERT MATHEW GIANNINY
Forestry and Wildlife
Charlottesville, Virginia

CHARLES DAVIS GOOCH
Forestry and Wildlife
Falls Church, Virginia

LUCY S WOOPE GRAHAM
Horticulture
Goshen, Virginia

ROY LEE GRANDLE
Agronomy
Keezel town, Virginia
WILLIAM GRENFENSTETTE
Agronomy
Reston, Virginia

SUSAN WALLACE GRIMM
Animal Science
Roanoke, Virginia

STEPHEN CHARLES HAAS
Agricultural Economics
Richmond, Virginia

LYNN MARCIE HARDTKE
Horticulture
Alexandria, Virginia

JOE E. HAUTZENRODER
Forestry and Wildlife
Lexington Park, Maryland

WILLIAM HARVEY HAYTER
Animal Science
Abingdon, Virginia

GREG WILLIAM HEWITT
Animal Science
Winchester, Virginia

MELISA VANBENTH HIMEL
Forestry and Wildlife
Fairfax, Virginia

KIRK ALAN HOLLAR
Animal Science
Woodstock, Virginia

EDWARD LYNN HUFFMAN
Agronomy
Luray, Virginia

MARCIA LLÉWELLEN HUNT
Horticulture
Williamsburg, Virginia

SARAH ELIZABETH HUNTER
Horticulture
Marion, Virginia

DOROTHY TERESA HUPFIELD
Horticulture
Greenwood Lake, New York

STEPHEN JOHN HUTTON
Animal Science
Newcastle, Virginia
DAVID LEE JESSEE  
Agronomy  
Lebanon, Virginia
ROY EDWARD JONES  
Animal Science  
King William, Virginia

BARRY WAYNE KING  
Horticulture  
Roanoke, Virginia
STEPHEN CASTLE KOOP  
Forestry and Wildlife  
Petersburg, Virginia
LORRIE JEAN LAGASSE  
Forestry and Wildlife  
Yorktown Heights, New York

MARK WARREN LARSON  
Forestry and Wildlife  
Vienna, Virginia
DONALD L. LEWIS JR.  
Animal Science  
Fairfax, Virginia
MARK BYRON LEWIS  
Forestry and Wildlife  
Alexandria, Virginia

DEBORAH ANN LOGERQUIST  
Animal Science  
Springfield, Virginia
GEORGE ANTHONY LUTZ  
Animal Science  
Alexandria, Virginia
MICHAEL ANDREW MCCORNEY  
Forestry and Wildlife  
Peterman, Alabama

STEPHEN JEFF MACKMULL  
Forestry and Wildlife  
Fort Campbell, Kentucky
GARY WAYNE MARTIN  
Forestry and Wildlife  
McLean, Virginia
MARJORIE LEE MCCARTER  
Agronomy  
Camp Springs, Maryland
JOHN DWIGHT MEADE  
Agricultural Education  
Lebanon, Virginia  

KEVIN WILLIAM MILLER  
Agricultural Education  
Penn Laird, Virginia  

MICHAEL GORDON MILLER  
Agricultural Economics  
Cartersville, Virginia  

JOHN LEE MONROE  
Forestry and Wildlife  
Richmond, Virginia  

JANE SHELTON MOSS  
Animal Science  
Richmond, Virginia  

PAMELA LOUISE NEALE  
Horticulture  
Winchester, Virginia  

RICHARD PETER PALERMO  
Forestry and Wildlife  
Tarrytown, New York  

DANIEL LEE PATTERSON  
Animal Science  
Salem, Virginia  

WILLIAM G. PETTUS  
Forestry and Wildlife  
Monroe, Virginia  

DAVE EDWARD PHETTEPLACE  
Agronomy  
Cavetown, Maryland  

JOHN PEYTON PHILLIPS  
Forestry and Wildlife  
Hampton, Virginia  

CHARMAYNE PIERSON  
Dairy Science  
Clayton, Virginia  

JAMES WILLIAM POAGE  
Dairy Science  
Roanoke, Virginia  

JANE ELIZABETH POLSTON  
Horticulture  
Oakhurst, New Jersey
Class of 1976

MALCOM CHILTON RANSONE
Horticulture
Kilmarnock, Virginia

JOHN DOUGLAS REEVES
Agronomy
Wise, Virginia

ELIZABETH ANN RITCHEN
Forestry and Wildlife
Vienna, Virginia

THOMAS JOHN ROTH
Horticulture
Midlothian, Virginia

SHERRILL SASSER
Horticulture
Alexandria, Virginia

SAMUEL PAUL SAUFLEY
Agricultural Education
Weyers Cave, Virginia

THOMAS W. SCHAFF JR.
Horticulture
Fairfax, Virginia

NANCY LEE SHOWERS
Animal Science
Richmond, Virginia

GAIL PATRICE SMITH
Forestry and Wildlife
Fairfax, Virginia

JUDITH ANNE SMITH
Animal Science
Wilbraham, Massachusetts

ROBERT E. SMITHSON JR.
Forestry and Wildlife
Virginia Beach, Virginia

NATAANIEL A. SPAULDING
Forestry and Wildlife
Newport News, Virginia

SUSANNAH JANE SPOEDE
Animal Science
East Windsor, Connecticut

CALVIN T. STEPHENS JR.
Agricultural Education
St. Davids Church, Virginia
Seniors

MARYELLEN SUSAN SUDDARTH
Forestry and Wildlife
Dumfries, Virginia

CARROLL M. SWORTZEL
Agricultural Economics
Greenville, Virginia

JAMES WILLIAM THOMAS JR.
Animal Science
Elberon, Virginia

STEVEN KENT THOMAS
Agronomy
Chase City, Virginia

BARBARA LYNN THORNTON
Animal Science
Newport News, Virginia

JOYCE W. UNDERWOOD
Agricultural Economics
Victoria, Virginia

SUSAN CAROL VOZZOLA
Horticulture
Springfield, Virginia

MARK ALLEN WALDRON
Poultry Science
Onancock, Virginia

DAVID EARL WEDDLE
Horticulture
Grafton, Virginia

WALTER MICHAEL WERBYLO
Forestry and Wildlife
Lorain, Ohio

BRUCE CARRINGTON WHITON
Horticulture
Manassas, Virginia

JEFFREY MARK WIBLE
Forestry and Wildlife
Arlington, Virginia

MICHAEL LEROY WILKINS
Forestry and Wildlife
Newport News, Virginia

BERNARD STEPHEN WESTHOFF
Forestry and Wildlife
Baltimore, Maryland
Class of 1976

DONNA SUE WRAY
Forestry and Wildlife
Alexandria, Virginia

MICHAEL DAVID WRIGHT
Animal Science
Alexandria, Virginia

ROGER DAVIS ZIMMERMAN
Agricultural Education
Winchester, Virginia

MICHAEL JAMES VERDI
Forestry and Wildlife
Springfield, Virginia
College of Architecture and Urban Studies

Dean Charles Burchard
Class of 1976

STEVEN MICHAEL BROWN
Architecture
Coatesville, Pennsylvania

WILLIAM BURLEIGH III
Architecture
Raleigh, North Carolina

ROBERT EARL CASEY
Architecture
Annandale, Virginia

CARY SCOTT CRAFTON
Landscape Architecture
Culpeper, Virginia

LYNN M. CRAFTS
Landscape Architecture
Falls Church, Virginia

ALBERT DATTOLI
Architecture
Woodcliff Lake, New Jersey

WENDY JOAN DAVENPORT
Landscape Architecture
McLean, Virginia

JEFFREY WADE DERR
Landscape Architecture
Mount Airy, Maryland

WILLIAM O. DIVERS
Architecture
Buchanan, Virginia

GERALD CLAUDE EASTRIDGE
Landscape Architecture
Beavercamp, Virginia

BRENT GREGORY FARMER
Architecture
Mechanicsville, Virginia

ROBERT HARVEY FITZ JR.
Landscape Architecture
Clove, Virginia

JACK BLAIR FRIER JR.
Architecture
Abingdon, Virginia

JOHN ANTHONY GARGANO
Architecture
Blacksburg, Virginia
DAVID BOWLING GILES
Architecture
Arrington, Virginia

MARK GILMOR HALL
Architecture
Arlington, Virginia

BRYAN M. HODGKINS II
Architecture
Brewer, Maine

CAROLYN DENISE HOLBROOK
Landscape Architecture
Decatur, Georgia

CLAUDE BRYAN HOLLAND
Architecture
Norfolk, Virginia

GARY WILLIAM JOHNSON
Landscape Architecture
Blacksburg, Virginia

MICHAEL LEE JOHNSON
Architecture
Sinking Spring, Virginia

RICHARD MILES KANE
Architecture
Alexandria, Virginia

GEOFF G. KIMMEL
Architecture
Falls Church, Virginia

TOM NICHOLAS LAMPOS
Architecture
McLean, Virginia

SCOTT CAMERON LEPLEY
Architecture
Conshohocken, Pennsylvania

ANDREW JEROME MASON
Architecture
Emporia, Virginia

TIMOTHY JAMES McGAHEY
Architecture
Fishkill, New York

DONNIE J. McNAMARA JR.
Architecture
Richmond, Virginia
Class of 1976

CATHY LYNN MILSTEAD
Architecture
Charleston, West Virginia
JOHN FLYNN MURPHY
Architecture
McLean, Virginia
ROBERT EDWARD PARKER
Architecture
Newport News, Virginia

PETER LOUIS PECKHARDT
Architecture
Union, New Jersey

Senior Class Officers
Class Committee Chairman

Class of 1976 Committee Chairman

OFFICERS: Joe Green, Cadet-Member-At-Large; Tom Clark, President; Mike Spiegel, Civilian-Member-At-Large; Steve Snare, Vice-President; Sandy Morgan, Female-Member-At-Large; Tracy Medford, Secretary; Cindy Conner, Ring Dance Committee Chairman.
Futuristic Housing
Highlights '77 Ring Premiere

The Class of 1977 introduced their ring to the public on October 22, 1975. This year's ring was prepared especially for the class by Herff Jones. In accordance with tradition, the ring is unique to the class with futuristic housing being the most prominent feature. The ring premiere introduced a ring that shows the aspiring future of the Class of 1977.

For the first time, the Ring Committee also designed and presented a charm that boasts the same design as the official ring. The charm was accepted favorably.

Ring Committee Chairman Mark Brown and other committee members were striving to present a ring that was representative of the class. The premiere of the ring illustrated the fact that the committee met their goal.
Aspirations of the Class of 1977
Portrayed in Unique Ring
Junior Class Officers
Class Committee Chairmen

COMMITTEE CHAIRMEN: Fran Hart, Ring Dance; Ann Thompson, Publicity; Sarah Rounds, Special Events.

CLASS OFFICERS: Roy Martin, President; John Duda, Treasurer; Paul Olten, Vice-President; Bert Poole, Cadet-Member-At-Large; Ed Harvie, Civilian-Member-At-Large; Terri Garcia, Historian; Zoe Fox, Secretary; Debbie Crowder, Woman-Member-At-Large.

Sophomore Class Elections Lifetime Leaders Chosen
Showing An Interest Casting A Vote
A Year Of Personal Organization

An in-between year, Sophomores find themselves just beyond the generalities of Freshmen subjects but not quite into the technicalities of upper level courses. Although having a better idea of what's going on, curriculum changes occur frequently as Sophomores find what's involved in a specific major.

Organization of the class is the main goal of the year's activities as not only officers are elected but Ring Committee and Ring Dance Committees are selected.

As dorm life gets more confining off-campus housing may seem attractive and as a chance to become more independent.
Changing A Curriculum,
Developing A Career
Sophomore Class Officers

Class Officers: Laura Oaksmith, Historian, Susan Miller, Secretary, Steve Matthews, President, Adrian Hillburn, Vice-President, Tom Wade, Treasurer. Not Pictured: Billye Phillips, Woman Member-at-Large, Bruce Carrigan, Civilian Member-at-Large, Bobby Whitscarver, Cadet Member-at-Large

Members of the Class of 1976 vote for their officers.

A New Life Style, An Experience In Living

Adjustment is an important concept for freshmen as they come into a totally new environment expected to know what to do, how to do it, and above all how to avoid acting like a "typical Freshman." As many are faced with their first real independence, decisions on whether to study or whether to party are called for fairly often.

Scholastically the pressure is on also as most freshmen must deal with the "basic three"—Chemistry or Biology, English, and Math—one of which causes at least a daily headache if not an hourly one.

Tech Football,  
A New Attitude . . .  
A New Team

The Tech football team came a long way under the guidance of second year coach, Jimmy Sharpe. The confidence and pride of the players grew enormously over the past year and became stronger with every game.
The Hokies started out with two losses to Kentucky and Kent State but rebounded with a victory over state rival Richmond and then with the great upset of Auburn, 23-16, at Auburn. These wins were followed by the beating of Florida State 13-10 at Homecoming. Wayne Latimer's field goal of 61 yards, a yard short of the NCAA record, proved to be the winning margin of that game. The FSU game was just a warm up to probably the most satisfying victory of the season, when Tech avenged last year's 28-27 loss to UVA by defeating the Wahoos, 24-17.
Tech Avenges Last Year's Loss to UVA

Tech's toughest loss of the season came to WVU in which both teams played great defensive games. The Oyster Bowl marked another victory for Tech, this time over William and Mary, 24-7. The Oyster Bowl was followed by a visit to Houston, Texas where Tech had to wait for a fourth quarter surge to stop the Cougars of the University of Houston.
Tech's Defense Has Outstanding Year

The Gobblers finished the season with an 8-3 record by defeating VMI by the score of 33-0 and then beating Wake Forest 44-10 in the final home game of the year. This was the first time since 1906 that Tech has had an undefeated home season. This year two rushing records were set by Phil Rogers and Roscoe Coles. Rogers becomes Tech's rushing leader while Coles broke Rogers' record for most yards gained in a single season, 1045.
This year's games were highlighted by such big plays as Latimer's kicking, and Roscoe Coles' runs of 88 and 89 yards against Richmond and Auburn, and the goal line stands by a vastly improved Tech defense.
Cheerleaders Capture Tech Spirit

Pixie Kingham, Spil Eggerton
The Hokie cheerleading squad is one of the better known student groups on campus. The cheerleaders' main job is to get the crowds at Tech’s sports events behind the players, to let them know that they have support. They cheer not only at basketball and football games but also at soccer games, wrestling matches and pep rallies. They also participate in money making activities and other group projects.

As any cheerleader will tell you, college cheerleading is very difficult and requires a lot of practice. In addition, the crowds which they lead are much larger than those found at any high school game; the college crowd is more enthusiastic and spirited and participates more. Tech’s tradition of pretty cheerleaders and good cheers is evident in the appearance and performance of this year’s squads.

Front row: Jeannie McDonough, Angela Harris, Kim Kennedy, Sallie Ann Goodwin; Back row: Mike Butler, John Cardwell, Phil Conlon, Eddie Holton, Boyd Campbell; Not pictured: Page Plummer
Tech Wins State Golf Championship

Kneeling: Bob Holdstein, Pat Healy; Standing: Phil Healy, John Bruce, Phil Tripoli, Keith Davis, E.G. Willard, Archie Lemon
It was a very successful season for the Virginia Tech golf team, as the Hokies finished the dual match portion of their schedule with a 6-0 mark and then captured their 14th state championship in the past 17 years.

The outstanding contest was the state meet, played over the Lower Cascades Course at Hot Springs, where the Gobblers finished first with team honors.

Senior John Bruce, junior Bob Holdstein, and freshman Archie Lemon were among the top players who helped the Tech team attain its fine standings.
Hokie Basketball
Off to Strong Start

The Hokies, returning four out of five starters from last year's team, and having a very good recruiting season, fielded one of the strongest teams in its history and got off to one of its best starts in recent years.

After opening its season with two lopsided victories over Sewanee and Akron, Tech lost its first game to the Tarheels of UNC. The Hokies swiftly recovered to easily defeat Florida and Morehead State the following week. The Gobblers lost their second game to the number 1 ranked Hoosiers of Indiana in the championship game of the Indiana Tournament after demolishing Oregon in the opening round.

Since then, Tech has gone on to win seven straight games, easily defeating Vanderbilt, St. Vincent, and Birmingham Southern but having a difficult time in defeating Memphis State, over which they only won by one point. The Gobblers then smashed West Virginia, Virginia, and Jacksonville in the next week to post a twelve and two record midway through the season.
Averaging over 90 points a game and playing a pressure man-to-man defense, the Gobblers have become one of the highest scoring teams in Tech history, and are consistently outscoring their opponents by 20 to 30 points.
Defense Valuable To Victorious Season

Although always an outstanding characteristic of Tech's basketball, this year’s defense has proven to be an exceptionally overpowering aspect of this season's games. By utilizing a wide variety of defenses, Tech has been able to defeat their opponents.

Starting the second half of the season, the Gobblers struggled in a tough game with Duke, being defeated by only seven points. But Tech revealed its power to win by stomping over Marshall and William and Mary. Tech played one of the most exciting games against West Virginia as the Hokies pulled ahead to win by three points. The Oklahoma City Chiefs, the Ohio University Bobcats, and the George Washington Colonials were added to the Gobbler's growing victory list, even though Tech did not play exceptionally well in these games.
Va. Tech Out-Muscles Opponents For Rebounds
Tech suffered three defeats in their last five games to finish their season with a 20-6 record. The Gobblers lost to Marquette and DePaul on the road by narrow margins each time. In their last home game they beat Wake Forest to complete an undefeated home season. Against U.Va. they suffered a tough four point loss but at Syracuse they won an easy victory to give them their best record ever.
The Hokies were given quite a surprise when they were invited to play in the NCAA Basketball Tournament. In the first round however, they were defeated by Western Michigan 77-67 in a game that exhibited their ability to play against and hold their own against some of the better teams in the nation but also exhibited their inconsistency. They lost several leads at the end of the game and finally ended up losing in the first overtime period. Despite losing, Kyle McKee, Duke Thorpe, and Larry Cook all played extremely well.

Coach Don Devoe should be proud of the job he did here at Tech and especially this year's performance. He was replaced by Coach Moir from Tulane at the end of the season and we wish to congratulate Coach Devoe for his outstanding ability and welcome our new coach.
Tech Has An Improved 26-10 Season
Baseball
Pros Sign Three
Tech Standouts

Despite the disappointment of not receiving an invitation to the NCAA baseball tournament, Coach Humphries led a fine team through a successful season last year. The crowning achievement of a college coach in any sport is to have an excellent player sign up with a professional team. Although the coach loses the player, he has the satisfaction of having led the player through seasons of development and playing. However, Coach Humphries did not have just one player sign. But three. Gene Fornash went to the Atlanta Braves, Miles Arrington to the Texas Rangers, and Dave Halstead signed with the Detroit Tigers. Led by this excellent trio, the Tech team compiled a formidable record of 26 wins and 10 losses. With this precedent, this year's team had many fine examples to look back on for inspiration and guidance.

LIMIT OF 4 I.D. CARDS PER STUDENT
(TWO IN LINE TOGETHER COULD GET
MAXIMUM OF 8 TICKETS)

GUEST TICKET PROCEDURE
For all Declarations after the Birmingham Southern game guest tickets will not be sold until after
the two day declaration period. If you wish to buy guest tickets after you have your student tickes
then you must turn in your ticket and get all seats together. You will not be allowed to return
student tickets to be converted to a guest tickete.
Responding to numerous complaints about last year’s ticket declaration the Athletic Association began research in January, 1975 to develop a more efficient ticket pickup procedure. In order to determine the features most desired by students Athletic Director Frank Mosley met with various student leaders and discussed the problem. Information on ticket pickup systems used by schools throughout Virginia and in neighboring states was compiled to aid in designing an efficient and workable procedure.

Thus a new declaration plan was designed in which the first two days limited each student to picking up four adjacent seats, a maximum of four I.D.’s per person, or if two students were in line together they could receive eight seats in the same area. The third day of distribution was for large groups but once again only four I.D.’s could be used by one student although the total number of adjacent seats was no longer limited to eight. With group declaration moved to the last day instead of the “first come, first served” system used in previous years, most large organizations received seats in the end zones or in bleacher seats. Guest tickets, when available, were also limited to one per student I.D.
A Wide Range of Vantage Points
The 50 Yard Line
Or the End Zone,
Does It Really
Make a Difference?
Girls' Field Hockey, Undefeated in Last Ten Games

Led by President Jane Mowell, the girls' field hockey team is one of the most successful club sports at Virginia Tech. Enroute to an 8-3-3 season, the team was undefeated in its last ten contests. In post season play, the club competed in the Blue Ridge Tournament. This year, five Tech girls were elected to the All Blue Ridge Conference Team — All Star division. Wells, Benton, and Dawning were selected to the First Team, while Nicklas and Bertola became members of the Second Team. Next year, the club expects to compete in the Blue Ridge Conference Team — Team division against Hollins College, Eastern Mennonite, Randolph-Macon, Sweetbriar, Averett, and Davis & Elkins.
Gymnastics

Every day from three to six Tech's gymnastics teams go through their rigorous training program, assisted by Mr. Arpad Pap. The men's team consists of last year's members but has improved this year with an additional year of practice and experience. Paul Beckwick captains the team with Ken Nanney and Jim Carmen contributing, all of whom are good strong all-around performers. The women's team, headed by captain Lynn Hadley, is a much younger team, organized only three years ago. They have improved greatly and their work and effort was rewarded when they won the State Meet.

This year's teams appear to be stronger than last year's as more experience has been gained by the whole roster. However, Mr. Pap feels the teams would benefit more from a full-time coach. There are many members on the girl's team who have the potential, but need a proper coach. Also, the fact that gymnastics is not a varsity sport with scholarships offered weakens the team as Tech does not get the stronger gymnasts coming out of high school.

But it is not all bleak, for the team has constantly been improving and should make even better progress with their new facilities in Memorial Gym.
Girls Win State Meet
Rugby Faces
Tough Schedule

To the common spectator, Rugby is a rough and tumble game. But there is more to this sport than tackles and broken bones. Hours of practice are needed, as well as a firm grasp of the rules and basic skills. Dedication is an important facet also; although several new faces appear at the beginning of the season, only a few survive to the last game. During the season, Glen Aines, a star player, was sidelined with injuries.
However, the team is still improving, despite numerous injuries and small turnouts, says Bill Lucas, a team member. The fall record stood at three wins and two losses, but "most of the better teams are city organizations" which have been together longer. More and more college teams are appearing in the schedule and hopefully this will boost the record.

Rugby is one of the few remaining sports on campus allowing anyone, be him freshman, graduate, faculty or staff, to participate. The only requirement is a desire to play.
Intramurals are an active part of any student's extracurricular activities. The intramural program is under the control of the Division of Health, Physical Education and Recreation and endeavors to provide a modern program of sports participation for the men and women of VPI. The intramural program was established in 1920 and has grown dramatically since then.

During 1974-75 approximately 9100 students participated in the intramural program and more are expected to join in this year's competition. The program is divided into three divisions of competition, dorm-independents, fraternities and sororities, and clubs and military. The top winners of each division in every sport compete in a university tournament for that sport to determine the champion. Also there is an individual award which is given to the man and woman competition that compiles the highest amount of points in individual and team competition.
All regularly enrolled students at Tech are eligible to participate in the intramural program in any sport unless he has received a letter or numeral in that sport or is practicing with that team during the same quarter it is offered.

The intramural program was given a great lift by the addition of the new gymnasium which has allowed more people to participate in the program and still allow the other students to enjoy their favorite sports. An average of 25,000 students use the gym each week. Intramural events range from flag football and basketball to racquetball and water polo.
A Break From Studies
Soccer

Although troubled by injuries in the first half of the season the Virginia Tech soccer team still managed a 4 and 5 record. In their game against Radford, Tech set a new record for total shots on goal, 45, and tied the record for most points in a game, 3, by Wayne Chechilia and Jim Johnson. Tech has a very aggressive style of play and is penalized quite a lot by the referees. This style of play has sometimes hurt them in close games. The team is led by Coach Cheynet. Hurting defensively they hope to pull things together and come away with a .500 season. The team has managed to beat VMI, Morris Harvey, Radford, and Washington & Lee.
Aggression Is The Name Of The Game
Women's Swim Team
Posts 4-2 Season

Since September 25, when classes started at Tech, the women's swim team has practiced to take on top ranked colleges such as VCU, fourth in the nation, University of Virginia, and William and Mary.

Throughout the season all members of the team contributed many outstanding performances and some new team records. Superlative swimmers such as Caroline Jolly, Bekah Bannister, Robin Geiger and Molly Moore, led the team on.

Coach Beecher was pleased with his team this year and felt that they had not only improved since previous years, but had demonstrated an outstanding talent that will some time soon, place the VPI women's team second in the state.
Men’s Swim Team . . .
Young But Promising

The men’s swim team is a fairly young but promising group which has overcome hampered seasons of previous years. Practicing in the new pool has proved to spur on the team to many victories.

Some of the top swimmers of the year were Lance Terpenny, who held a state record in the 100-yard fly, co-captains Scott Kiscaden and Cliff Bristow. Other outstanding swimmers were Robbie Hager, Mat Robing, Rick Hudson, and Buzz Walker.

The team competed against top rivals such as Washington and Lee, VMI, and West Virginia. During these meets and others the team broke 15-20 school records.

Coach Triner was pleased with the season and is sure that in many years to come the Tech swim team will again prove to be a strong and determinative team in the NCAA.
Men's Tennis

Daily practice and hard work under coach Joe Collins drove Tech's 1975 tennis team to pull ahead in an 11-9 season. The team had all its returning starters from the previous year, including seniors DeWitt Boyd and Phil Perenson who held the No. 1 and No. 2 positions respectively for the past two seasons. Brian Clark, another experienced senior played as No. 3 man with sophomore Tom Vaughn manning the No. 4 slot. Senior Jim Graham from McLean, Virginia was one of the back ups for the Hokie team.
Women's Tennis

Women's Tennis, coached by Marilyn Rosenthal, has been a team of enthusiastic players striving to win an honorable title for Tech. The players place emphasis on gaining recognition for women in tennis as well as improving their own playing ability. Hoping for good competition from other teams, the women's team has confidence for the spring season pushed on by a winning record from last year.

Ellen Dean, Debbie Ward, Tina Wujcik, Ann Grubbs, Nancy Nixon, Bruce Combs, Karen Egin, Coach Marilyn Rosenthal
Virginia Tech's wrestling squad finished its best season in years during 1976. Recently, wrestling has not enjoyed the widespread popularity of several years ago. Yet in the 1976 season, wrestling began a comeback which should continue to bring it back into the public eye, especially in this area. According to Coach Jerry Cheynet, Tech's success started with several impressive individual performances early in the schedule. Teammates were inspired and the performance of the team as a whole began to snowball.
The squad lost only two of its first nine matches. These losses were to the very strong teams of UVA and University of Tennessee. At the State Tournament in Charlottesville, junior Steve Brown won four straight matches en route to an individual championship — Tech's first in the tournament's eight year history. In addition, Tech's entire squad performed very well, with three seconds, two thirds, and four fourths. The remainder of the season saw continued success. The depth of the squad, combined with great success by Tech's aggressive young grapplers make the future look very bright for Coach Cheynet's team.
Record Year In Indoor And Outdoor Track
Virginia Tech's 1975 track team was unique in its balance of superior individuals and overall depth. The team as a whole was very impressive, especially in the State Meet at Richmond, the only meet where a team score was held. Although William and Mary eventually won the meet, Tech performed very well, leading until the final moments.

Throughout the year, Tech's individuals destroyed records in every outing. At the end of the season, records had been tied or shattered in eight events: Six Mile Run — Tom Crom; Pole Vault — Keith Neff; High Jump — John Pierce; Mile Run — Barry Monteiro; 880-yard Run — John Riley; Javelin Throw — David Sage; Sprint Medley — Jack Sheffey, Barry Monteiro, John Riley, Ted Neaves; and Distance Medley — Morris Bleuford, Clyde Blueford, Jack Sheffey, and Barry Monteiro. Keith Neff eventually competed in the NCAA National Meet in Provo, Utah with the best pole vaulters in the country. June of 1975 saw Tech lose many talented seniors, but through the hard work and dedication of talented underclassmen, Tech will undoubtedly experience continued success in the coming years.
Tech Harriers
Finish Strong

The Virginia Tech Cross Country Team, under the guidance and leadership of Coach Russ Whitenack, finished the season with a four and three record. Hurt by a lack of competition early in the season, the Harriers started slowly but pulled together with a combination of experienced upperclassmen and talented freshmen to form a pack of runners who worked well together, both in practice and in races. Due to a new NCAA ruling which permits only nine runners to attend away meets, the competition among the team members themselves was increased as each individual attempted to make the traveling squad.

Led by the experienced running of seniors Tom Crom and John Riley, the Harriers are considered by many to be a very good team, even with a record of four and three because of the tough competition from schools like William and Mary. Next year the team will start its training in a cross country camp; the runners will train just before coming to school in the fall quarter.

The team runs its home meets at the Virginia Tech Horticulture Research Farm at the intersection of Routes 460 and 114. The six mile course is considered by participants and coaches as one of the best in the state.
The Virginia Tech Lacrosse team has only been a member of the NCAA for one year, and Coach Nachlas believes that "much progress has been made since then." Although the team ended the season with a 7-6 record, they never failed to display endless determination and skill. "That was a tough schedule, but not as highly competitive as we will be playing this year," stated the coach, "Since six of the teams are rated in the top twelve of collegiate competition."

He felt that the team did have "Good balance, a superlative goalie, and players who formed a coherent team." Added strength came from returning players Rick Barton, Tech goalie who made the top five all year, and Bob Knight and Jim Johnson who continued to show their natural lacrosse talent. Novice players such as Mike Kinley, Paul Browe and Bill Smith improved tremendously as the year went on.

Coach Nachlas was pleased with last year's record and is looking forward to next year when the Virginia Tech Lacrosse Team will prove to be one of the strongest in the NCAA.
Onward and Upward . . .

Women's Basketball

The 1975-76 Virginia Tech women's basketball season opened with many new faces. Among the entering freshmen were Sharon Cessnar, Debbie Thomas, Karen Garbis, Cathy Hall, and Trina Hudson. Many of these athletes came to Tech without scholarships.

This year the team played some of the nation's top ranked colleges. Among them were Appalachian State, Longwood, Madison, Maryland, and the once undefeated University of Virginia who lost to the Tech squad 49-44.

Throughout the season the team suffered injuries and illnesses to key players, Sharon Cessnar, Debbie Thomas, and Trina Hudson. However, returning strength came from Cindy White, a junior, who scored 14 points and gained 10 rebounds per game.

Coach Sgro was quite pleased with the women's basketball team this year and feels that the squad has not only become more confident, but has proved to have been a team who will give it all they got till the very end.

</table>
Ever since his days as a VPI Cadet, Colonel McCann has been associated with the VTCC. After a full and colorful Army career, he came back home. Though all faithful Hokies eventually return, we are fortunate to have found a rare dedication in our Assistant Commandant. With seasoned wisdom he has guided his Corps through lean years.

Never one to use influence, Col. McCann's leadership is more akin to inspiration. We learn through this gentleman's conscientious practice of his Alma Mater's motto. The impression left by Col. McCann is sure to stay with us long after our college years.
Regimental Staff

As the ranking Cadet officers in the Corps Regimental Staff is responsible for the overall functioning of the regiment. Unlike the handful of other military schools in the country, the Corps at VPI must operate in a civilian environment as well. It takes a special person to effectively negotiate the challenge presented by this unique dual lifestyle. Having met this challenge with the finesse and firmness characteristic of Techmen, the Regimental staff of 1976 deserves special recognition for their dedication and service to the Corps, the university, and the Governor.
Unlike other nations, our country has no specific name. Its title is expressed only in concept, the United States.

Two hundred and one years ago, Patrick Henry articulated this nation’s “foolish” foundation. On the eve of revolution he exhorted his fellow Virginians not to fear, “a just God presides over the destinies of nations.” As envisioned by the American architects, a union, predicted on Divine Providence, was strong indeed. In God they trusted.

Thirteen states united, “under God, indivisible,” “who shall separate us from the love of God.” (Rom 8:35). Love begat unity; freedom followed. The true exercise of freedom entailed selfless commitment of a divine beauty. “Be of the same mind with one another, that with one accord you may with one voice glorify God (Rom 15:5, 6). E pluribus unum.

Two hundred years later, we still enjoy the brand of fortune to put our heritage to practice. As a Corps, we are four hundreds of Hokies entrusted with keeping this sacred dream. We must reaffirm our commitment to God and each other, thankful for the many opportunities to practice this stewardship as Americans. “As a body we are not one member but many” (Cor 12:14), with talents and gifts accordingly. Yet to each person is given the manifestation of the spirit for the common good” (1 Cor 12:7). Indeed even our motto teaches us so . . . “that I may serve.”
I salute the flag of Virginia, with reverence and patriotic devotion, to the mother of states and statesmen, the old Dominion which it represents, where liberty and independence were born.

In order that we might serve, a sense of self must proceed selflessness. As Virginians we are a unique people. By birth or by choice, we are heir to the oldest, most beautiful and historic of states.

In thankful recognition of this gift, Virginians have in turn given of themselves. The very source and substance of America in fact, was derived from Virginia.

In like manner, the Corps of Cadets has remained the most viable element of the university since 1872. The Corps still resembles in image and in spirit its earliest configuration.

Consequently, Cadets, as well as Virginians, can readily identify with the spirit of past centuries, thereby focusing on the origin of self and the application of unity. The future contributions of Cadets will serve to bind them more inseparably to the university, the state and the nation.
Band Company

The "Highy-Tighties," initially known as the "Glade Coronet Band," was founded in 1883, as a ten piece concert band. In 1892, the band reorganized into the Virginia Agricultural and Mechanical College Regimental Band, and from that time on has been one of the prime representatives of the University. Besides winning 142 first places out of 144 competitive parades, the Band has been distinguished for enlisting as a unit in the Spanish-American War, receiving the white presidential citation cord from F.D.R., having "March King" John Phillip Sousa dedicate his composition "Hands Across the Sea" to the Band, and winning first place at three consecutive presidential inaugural parades. Hightly Tighty means show off and having recently won the Azalia Festival, the Cherry Blossom Festival; and numerous local parades they still aptly deserve their name.
Embarking on our journey with confusing and bewildering anticipation of what lies ahead; not sure as to its meaning, but from the start a challenge.
Now veterans, we turn our thoughts to future years; toward the goal success. The anticipation is no longer confusing or bewildering, and the meaning is more clear. With everlasting bonds of friendship, brotherhood, and memories, each travels his own destined road.
First Battalion Staff

The First Battalion Staff is a group of seniors chosen on the basis of leadership abilities. The present staff has successfully met the challenge presented when the staff was cut from the traditional four members to three. The basic function of the staff is to be a link between the Regimental Staff and Companies A,B,C,D.
Responsibility
Tradition
and Dignity
Company A

Company A, "Fubar," has come a long way since its founding in 1970. It was formed from E Company, "Nolite a nothis apprini," and G Company, "Turner's Troopers." In its first year of existence, Company A achieved the distinction of being the best all around unit in the corps and was awarded the Beverly S. Parrish Award. Now, five years later, Company A has been awarded the Kohler Cup Award three times for the best drilled unit in the corps and has achieved athletic excellence by placing ninth in the university for overall intramurals three times. This year, Company A, under the capable leadership of Ray Coleman and Don Lewis, strive once again to retake the Beverly S. Parrish Award, while at the same time retain that "Fubar" spirit of old Company A.
Company B

Company B, Bravo, was formed in 1970. It is one of the most enthusiastic and high spirited units in the corps and displays its talents through leadership, athletics, displays, marching and school spirit.

Though unsuccessful in corps competition, Company B still strives for unit excellence. Under the leadership of the class of 1976 and with the fine potential of the underclassmen, "B" will always be the "Best".

6. Corps Clown
   R.L. Lowry
7. Rank Happy Junior
   J.R. Kinney
8. Military Misfits
   E. Squadron Skippers
9. Most Likely to Succeed
   M.A. Waldron
10. Corps Fanatic
    J.A. Coulter
11. Corps Lover
    P.N. Johnson
12. Corps Phantom
    P.F. Kendrick
13. Corps Gripe
    J.C. Spracher
14. Best All-Around
    D.B. Dubbe
Although the Corps is a unified body, the diverse personalities and interests among the cadet adds to the color and esprit de corps. The corps has been able to carry on since 1872 because of the special touch and creative input that each cadet has to offer.

For many years it has been traditional to recognize those cadets who exemplify certain personality that exist throughout the corps. Even though each cadet lives within a military environment there is still much room for self expression and individuality which is evident in the corps characters for 1975-76.
Company C

Company C, "Charlie," was formed from I and K Companies of the Third Battalion, V.T.C.C. in 1970. In the past six years the men of Company C have distinguished themselves many times. In corps competition the unit has built a record that is scarcely equaled by any other unit in the corps. Company C holds the unique distinction of winning the Beverly S. Parrish Memorial Award (Gold Cord) three times in a row, a feat which has never been achieved before in the history of the competition. More important are the unseen things that serve to make the organization strong and upon which the outstanding reputation of the unit is based. Company C stands for excellence in the classroom, in military affairs, and the sports field.
Company D

The evolution of D Company began in 1970 with the uniting of L and M Companies. L Company, nicknamed Ye Old Country Club possessed the characteristics of comradeship, fun, and indulgence. M Company, known as Big Mike, had the distinct traits of military proficiency, high academic standards, and strict obedience. Today Delta Company, which has the lowest attrition rate in the Corps, still retains those characteristics that were unique to L and M. These factors are the main reason why D Company has contributed so many leaders to both the civilian and military worlds.
Corp-Civilian Interaction

Declining corp enrollments have resulted in the presence of fewer and fewer cadets on Virginia Tech's campus. The corp is still a part of Tech however, as cadets are involved in most clubs, organizations, and campus activities.
As cadets are part of most civilian activities, so has the civilian student body become involved in one major cadet organization — The Highty-Tighties. In 1971 The Highty-Tighties added a coed civilian marching unit, The Spectechulars.

Corp and civilians activities were brought closer in the fall of 1975 when The Highty-Tighties and The Marching Virginians, the first civilian marching band at Tech, combined their talents in several halftime shows.
Participation
Regimentation
Tradition —
The Name
Of The Game
Striving To Become Involved
Second Group Staff

Second Group Staff is composed of three seniors chosen from the outstanding leaders in the four male squadrons. These men are responsible for the overall functioning of Squadrons E, F, G, H. Second Group Staff performs administrative, disciplinary, and supervisory duties within the group. The unity that prevails among Second Group is summed up by the saying, "You Fight Me, You Fight My Gang!"
Military Weekend

Military weekend is more representative of the Cadet way of life than any other series of activities. It is a culmination of the years activities and therefore reveals the true comedy, tradition, and pagentry that makes up the Virginia Tech Corp of Cadets. The weekend begins with the most popular activity for the freshmen — Pie Day. On a platform outside Brodie, deserving upperclassmen are pied by revenge seeking freshman before a crowd of boisterous cadets and curious civilians. Another event is the Variety Show which allows Cadets to display their individual talent and thoughts while poking fun at the other fellow. After the Variety Show, the Corp gets itself ready for "The Corp Party": The Military Brawl. Cadets and dates drink, dance, and relax to the sounds of Roxy. The tradition and pagentry of the Corp is exemplified best by the remaining activity — the Military Ball. Visiting Cadets as well as alumni all attend a formal dance that terminates the long weekend activities. Corp organizational projects are displayed for alumni, visiting Cadets, and dates, and the evening is climaxed by the crowning of a Queen.
The rich heritage of Squadron E dates back to the origins of the Corps itself. Formed in 1970 from Squadrons A and B, E is descendant from the first two cadet companies which were established in 1872. Its past has produced such men as Earl T. Gregory, the first native Virginian to be awarded the Congressional Medal of Honor, and Major Lloyd W. Williams, who is credited with the famous World War I quote, "Retreat? Hell, no!" Squadron E held the intramural championship from 1965 to 1972. Today, this proud unit of the corps is still noted for its exuberance and boisterous spirit.
In 1970, the Virginia Tech Corps of Cadets underwent a massive reorganization. As a result of this, C and D Squadrons were combined to form what is now known as F Squadron. Since 1970, F Squadron has earned many awards, two of which were retired with the unit. F Squadron also possesses the Beverly S. Parrish Award which is awarded to the outstanding unit in the corps. The permanent pride of the unit is the VTCC "Skipper:" The Skipper is an exact replica of a seven pound Napoleonic cannon constructed of solid brass. The freshmen of F Squadron are responsible for shining the barrel of the Skipper and the Sophomore and Junior classes command the crews that fire the cannon at football games and formal retreats.
Esprit
The Corps of Cadets has typified the spirit of VPI for its entire history. This spirit is reflected in the Corps interest and participation in a wide range of University activities. If there is an event of significance occurring on campus the Corps is sure to play an integral part.

VPI's first hundred years were dominated by the Corps, thus setting many lasting traditions. Although smaller in numbers, the spirit and tradition still prevails. This esprit de corps is not easy to pinpoint, nor easy to express yet it is something of which all Techmen may justly be proud.
Squadron G

G. Squadron was derived from N and O Squadrons, and is proud to be distinguished by a famous alumnus, Christopher C. Kraft Jr., flight director for NASA's Manned Spacecraft Center, is a member of N Squadron's Class of '45. That spirit is perpetuated today by the members of G Squadron.
In 1970, Squadron H was formed by the consolidation of Squadrons R and S. Squadron R was the first squadron organized along Air Force lines in the Corps, Squadron S, one of the youngest squadrons in the Corps, was also one of "winningest." Accomplishments include the Group Citation Cord four out of six years, Kohler Cup once, and sophomore flight twice. Squadron H has followed in these traditions by winning the Citation Cord twice. Other traditions in Squadron H include carrying the flaming VT, the distinctive mark of Tech pep rallies, and the building of an enormous kangaroo to be blown apart at the VPI-VMI football game, much to the distress of the Keydets.
Squadron L

L Squadron was the first female unit in this country to be admitted into a military cadet corps, and lives under a military system. The history of the unit is short, as it was established in 1973, but it is colorful. The women have participated in corps activities, traditions, and other corps organizations. In its second year L Squadron won the Kohler Cup, and this year it is in competition for the Beverly S. Parrish Award. L Squadron is continuing to strive to become an integral part of the Corps.
Although we all eventually leave VPI, we never leave it behind. Here we have uncovered the source of true knowledge, a thread running throughout life's continuum. Our Polytechnic background with a call to service leaves no room for lost opportunity and forgotten dreams. Or is our memory of VPI...
the close relationship we have cultivated in The Corps. This sustains us and will endure even until the last days. "Beyond all things put on love, which is the bond of perfect unity." (Colossians 3:14) Hopefully, this will be the abiding blessing we carry forth.
Tears, idle tears, I know not what they mean,
Tears from the depth of some divine despair
Rise in the heart, and gather to the eyes,
In looking on the happy autumn-fields,
And thinking of the days that are no more.

Alfred Lord Tennyson
Organizations
The Commission on Student Affairs is a constitutional committee consisting of representatives of various aspects of the University community. CSA meetings are open to students, faculty and administration. Studies, formulations, and recommendations to the University Council in the general area of student affairs are conducted by the CSA. One of the CSA's basic goals is to encourage student participation in the development of an environment conducive to intellectual, physical, and social development.
The Student Constitutional Affairs Board (SCAB), consist of the members of the Junior and Senior Class at Large, the President Pro-temporum of the Senate, two faculty members, and the Dean of Student Programs. The basic function of SCAB is to approve any proposed constitution of a club seeking university recognition. Upon submittance of the club’s constitution, the board meets with the club’s organizer and then makes a recommendation to the CSA.
The SGA represents a constructive, procedural body that knows how to get things done. It welcomes input from any student involvement. The basic function of the SGA is to collectively influence policy decisions on University affairs. In keeping with this line of thought, the SGA is a responsible open voice to University Administration. In attempting to do so, the SGA assumes a professional, flexible and unified organization. Vice-President, Secretary, and Treasurer. This branch includes various supporting committees that seek to establish guidelines of cooperation and communication among students. The SGA Senate, composed of elected students representative of the seven academic colleges, is responsible for considering numerous recommendations to be passed on to the University.
A Guide for Off-Campus Living
Landlord-Tenant Law
The Residence Hall Federation (RHF) provides governance and representation for the student body living in the 23 residence halls. By coordinating activities and programs of individual dorms, the RHF establishes a close working relationship between dormitory residents and representative groups of the University community. The extensive web the RHF structure represents, makes possible the intramural program, a judicial program responsible for handling all violations of residence hall policies, dorm improvements such as color TV’s and various programs such as final fling, homecoming displays and advising off-campus students on apartments.
Sponsored by Virginia Tech Union, the Short Courses program covers a wide area of interests from music, to cooking, to yoga. There is a great demand for these noncredit courses which generally meet one evening a week. Several courses are offered each quarter to students and non-students alike. More popular courses often have to turn people away as registration is on a first come first serve basis.
Self-Development
Course Variety
Popular Interests
Qualified Instructors
Enjoyment
Involved in the programming of cultural, popular and small feature entertainment, the Virginia Tech Union is headed by a Board of Governors consisting of nine students in elected or representative offices and three faculty and one alumnus representative, appointed by the President of the University. A subcommittee of the Governing Board is the Program Council, consisting of thirteen elected committee chairpersons and four council officers. These Council officers serve jointly as officers of the Governing Board and Program Council. There are more than 300 students involved as committee members this year. The thirteen committees range from Concert to Travel, and some of their projects are covered on the next six pages.

Honor System

Established by students in 1908, Virginia Tech’s Honor Code is based on the belief that all Tech students are mature, honorable, and trustworthy. The basic principles underlying our Honor System are: to trust a man or woman is to make him or her worthy of that trust; no gentleman or lady will lie or cheat and every student is a gentleman or a lady. Three particular actions are considered to be violations of this Honor Code. They are lying, cheating and plagiarism. Lying involves the giving of false information or the intention to deceive a University official, faculty member, or student when said student is acting in an official capacity. Cheating involves giving or receiving unauthorized aid on any official statement. Plagiarism is the presentation as one’s own an idea or product derived from an existing source.

Dance Marathon Raises $15,026 For Muscular Dystrophy
The Second Annual Dance For Those Who Can't, sponsored by the Panhellenic and Interfraternity Councils was held February 27 and 28. One hundred and thirty couples participated in what was described as the most organized Muscular Dystrophy program in years for Virginia. Guest appearances included attorney General Andrew Miller, President Lavery, Mayor of Blacksburg John Barringer, Hokieman and the Banana Splits from King's Dominion.
Honoraries
Pub Board

The Publications Board supervises and coordinates all publications at VPI. Members include the editors of the BUGLE, COLLEGIATE TIMES, NEW RIVER ALMANAC, general manager of WUVT, and a representative from the SGA. Also included are a general representative and a financial advisor appointed by the president of the university. The Board maintains high journalistic standards and continuity within the publications.
WUVT
Bugle
Collegiate Times
New River Almanac

The BUGLE, Va. Tech's yearbook, is an attempt to record a year's activities in a condensed, accessible manner. The production of the yearbook is run by students and is completely self-financed. The 1976 edition has several features that promise to make the edition more outstanding than past issues. For example, this year's book has more color pages than any other book in the past. Also, an added emphasis on campus life and better photography increases student appeal. And, because of a successful advertising campaign, the 1976 BUGLE had no price increase over the cost of recent books. An estimate of 40,000 people have access to the BUGLE. This includes students, advertisers, parents, alumni, prospective students, and other interested persons. Because the BUGLE exhibits a journalistic style and professionalism, the staff hopes that the student body will continue to support one of Va. Tech's oldest traditions.
The Publications Photo Staff is responsible for the photography in the *Collegiate Times, The New River Almanac, and The BUGLE.*

The various types of student publications generate a wide variety of photo assignments, ranging from photojournalism to behind the scenes news coverage. This diversity, coupled with darkroom experience, provides a training in practical as well as creative photography for a working staff of nearly twenty student photographers. In keeping with a larger *BUGLE,* a more frequent *Collegiate Times* and the forming of the *New River Almanac,* The Photo Staff has almost doubled in size and has more than doubled in production of pictures.

In an attempt to cope with the long, caotic nights of deadlines, faster, more efficient darkroom systems and techniques are continually being tried and implemented. In addition to developing all the black and white pictures, the photo staff for the first time printed all the color photographs seen in this year’s *BUGLE.*

By no means a closed group, the Photo Staff is always interested in persons with a good willingness to contribute photographically to the efforts of improving the student publications.
Information Services —
A Statewide Resource

Using Virginia Tech as its home base, Information Services distributes daily, written and filmed accounts concerning University life as well as issues of interest to the general public.

Relating life at Tech to a statewide audience, the Film Unit issues a monthly Virginia Tech television program to all major markets in Virginia. Serving faculty as well, Information Services provides editorial and design assistance and printing facilities for any authorized material.

Not ignoring the surrounding counties and state, VPI & SU serves as a land grant university. Information Services' staff members act as consultants to the public for seminars on mass media and communications.
Records . . .
Edits . . .
Duplicates . . .
Distributes . . .
1100 Radio Programs Per Year
Advising student publications is the most direct way Information Services helps students. By assisting the staffs of The Bugle, The Collegiate Times, and WUVT, the student body is able to stay well informed. The techniques of interviewing, copywriting, broadcasting, layout, and photography are among the areas student publications seek information. Information dissemination, the purpose of student publications, is accomplished with the help of Information Services.
Doyle Settersinale and Ron Brown with WUVT.

Joe Bryant and John North discuss The Collegiate Times.

The Collegiate Times
Publishing 10,000 copies twice a week, the Collegiate Times reaches on and off campus students alike. Established in 1903 as The Virginia Tech, the Collegiate Times remains the only student newspaper at Virginia Tech. It is a student-run publication deriving its monetary support partially from area merchants and partially from student activity fees. Regular features include, editorials, sports, letters to the editor, and the University Calendar. "Hokie Man," a cartoon parody on life at Virginia Tech by Tom Brodeur, is featured in the Friday issue.
Blacksburg's Oldest Newspaper

Marvin Jamerson...Features Editor
WUVT has been providing students at Virginia Tech an opportunity to get involved in the fast-paced field of radio broadcasting since 1948, but today "Woovit" is offering more than ever. WUVT-AM serves the campus community, and WUVT-FM serves the campus community as well as the surrounding areas of Montgomery, Giles, Roanoke and Pulaski counties with news, public affairs programs, and a variety of specialized music including jazz, soft and progressive rock, classical music and opera. Both the AM and FM stations are totally student operated.

Richard Garaga... FM Chief Announcer
WUVT
Am 64 — FM 91
The Voice of Virginia Tech
The New River Almanac, a student literary magazine, is a new publication at Tech. Approved during the winter quarter of 1974-75, the first issue was published in the spring of 1975. The publication provides insight into the traditions, history, and culture of the New River and the New River Valley. The New River Almanac plans to publish quarterly, with regular features consisting of biking, plants, music, fiction, poetry, hunting, and fishing.

The Marching Virginians
The Bands

The new band program at VPI is one year old and already offers excitement, excellence, and many cultural and social opportunities to all undergraduate and graduate students wishing to participate in an instrumental group.

The Marching Virginians, the new marching band, has become known for its football half-time performances of pagentry, showmanship, and high-stepping style. Units to the marching band include the marching block, the flag corps, the majorettes, including the feature dancing majorettes, and the operations crew.

The University Jazz Ensemble performs each quarter and accepts a limited number of new students. The University Symphony Band is the full sized concert band that begins performances shortly before the close of football season.

Agronomy Club

Forestry Club

Forestry Club: Enhances Student Fellowship in the Forestry Curriculum
The Techmen

The Techmen is the oldest choral ensemble at Virginia Tech, dating from 1895. It has undergone various name changes since that time including the Virginia Tech Varsity Glee Club, the Tech Showmen, and finally THE TECHMEN.

Representing the University, the Techmen display a great amount of pride being heard in virtually every corner of the Commonwealth of Virginia and having travelled throughout the United States for concert appearances. But perhaps more important is the fact that during our nation's bicentennial The Techmen represented both the University and the United States in March of 1976 when they toured Germany, Belgium, Luxembourg, and the Netherlands. The trip was financed not only through on- and off-campus concerts, but with various money raising events, including two pancake days and a variety show which was held in the spring.
First Aid Service 
And Instruction 
Offered To Students 

Approved as an official campus organization on May 21, 1970, the Virginia Tech Unit of the Blacksburg Volunteer Fire Department and First Aid Crew now provides a "free emergency first aid and rescue service to the students, faculty, administration, employees, and visitors of VPI&SU."

The membership in this group is limited to fifty active members and twenty-five probationary members. If during the three month probationary period the member proves his competence on calls and in learning the operations of the squad and officers, he may then be voted into the group as an active member.
Training never stops however as the new "active" must pass an eighty-one hour Emergency Medical Technician (EMT) course or an equivalent one within twenty-four months of joining the crew. This period may be extended if the course is not taught in the area within the twenty-four month period. As a part of the Medical Technician course probates are required to work a minimum of sixteen hours in the Montgomery County Hospital Emergency Room, and in addition must complete the Va. Tech Unit's orientation course and the American Heart Association's Cardio Pulmonary Resuscitation (CPR) course.
Drills Provide Realistic Practice

Each of the Va. Tech Unit's twelve crews are also kept in training during night duty, 5:30 pm-7:30 am, when a crew usually spends at least two hours in training exercises. Practical drills are often conducted in which an emergency scene is staged and crews go into action. A volunteer day crew is also available from 7:30 am to 5:30 pm to assure twenty-four hour coverage during university class sessions.

A single crew is comprised of a minimum of three people, one of which doubles as a crew member and the emergency vehicle driver. To qualify as a driver, a person must be certified by the State in defensive driving and hold an Emergency Medical Care Attendant's Certificate. A thorough knowledge of locations within the surrounding area is also needed by each driver to assure an efficient operation.
Emergency calls are usually phoned in as the Tech Unit has a direct line to the Blacksburg Police Department and can therefore be alerted immediately. When crew are out on drills dispatches are made by radio to the emergency vehicle.

The local unit is fortunate to presently have seventy-five percent of their membership certified as Emergency Medical Technicians as well as having an abundance of qualified instructors. Using these resources the unit offers yet another service in the form of Standard and Advanced First Aid courses, and CPR courses. Although some space has to be reserved for the unit's own members the general public is welcome to participate if there are any vacant seats.

German Club

The honor of being a German Club man can be described in as many ways as there are members. Each of their attitudes and views toward the club are different, but the main attributes of the German Club are constant and recognized by all of the members. The German Club offers each member opportunities that generate personal responsibility which in turn create unity and brotherhood.

The German Club does not create good men, but offers an opportunity for each member to maintain and strengthen the manly qualities that he already possesses. Members of the German Club may be different in their social, economic, religious, and ethnic backgrounds, but all contribute their outstanding qualities to each other by socializing and working together. As they work together to accomplish common goals, the dominate goal they strive to achieve is one of unity and brotherhood. Brotherhood is created as a by-product of their efforts as they work together to better themselves and to provide services to the University community.

The above is edited from a piece by Kenneth Giannini.
Entering its eighty-fourth year, the German Club is the oldest club on campus. In keeping with its tradition of service, the German Club continues to participate in University community activities by sponsoring dances, a Homecoming Queen and attendant candidate, and a Christmas party for underprivileged children. In addition, the club ushered at the inauguration of President Lavery and participated in the Alumni Association's phonathon. The club also sponsors the Carol M. Newman award, given every year to an outstanding, non-member third quarter sophomore.

Student Alumni Associates

Student Alumni Associates: To assist the Alumni Association in developing the best service and education programs for Virginia Tech. President: John B. Higginbotham, Vice President: Ellen Barnard, Recording Secretary: Loy Stuphin, Corresponding Secretary: Karen Moore, Treasurer: Glen Appleton, Membership Chairman: Kent Shuart, Jeff Bartley, Bill Berry, Julie Bridges, Linda Brown, Gary Cates, Susan Catsellis, Tom Clark, Debra Crowder, Mike Daughtery, Deborah Davis, Lynn Deluitt, Debra Dickerson, Deborah Dowdy, Leslie Eades, Mary Jo Edgerton, Teresa Epperson, Susan Faulconer, Terri Garcia, Jane Garst, Mike Gentry, Ken Giannini, Deborah Grizzard, Doreen Grotto, Ed Harvie, Jill Heilman, Marilyn Heimeyer, Lydia Hudgins, Janet James, Jo Ann Jones, Bruce Lewis, Spotty Ligon, Rusty Lindsay, Kathryn Maney, Donna McDaniel, Fred Najjar, Jeff North, Susan Oliver, David Page, Jane Parrish, Bert Poole, Charlene Preston, Joe Reich, Perry Reynolds, Kathe Sadler, Amy Smith, Charles Taylor, Duke Thorpe, John Travis, Tom Travis, Glenn Valentine, Cincy Wellener, Bruce Wells, Jane Williams, Sharon Williams, Graham Wilson, Jim Wolk, Wendy Wood.
Agricultural Education Society

Agricultural Education Society: Develops a deeper understanding of teaching agriculture. President: Dennis Houff; Vice President: Bill Shumate; Secretary: Jane Light; Treasurer: Steve Grant; Historian: J.D. Meade; Mike Cox, Edward Davis, JoAnn Donlan, Louise Early, George Evans, William Flippin, Lee Fowler, Joyce Griffin, Catherine Hall, Ken Hawkins, Jim Haghighman, Charles Jackson, Jr., Carla Kirtz, Kirk Krebs, Bobby Lohr, Ed McKee, Kevin Miller, Jessie Morgan, Bradley Rinker, Dale Roller, Sam Soufler, David See, Randall Waters.
Agricultural Economics Club

Agricultural Economics Club: Promotion of Professionalism in Agricultural Economics. President: Douglas W. Thomas; Vice President for Programs: Amy M. Krainik; Vice President for Stock: Mac C. Swertzel; Treasurer: Norman A. Jones; Secretary: Janet E. Tuckwiller.

The NEW VIRGINIANS

Visual sound is one way of describing the NEW VIRGINIANS, a unique blend of collegiate voices, music and movement. The typical choral risers and choir robes have given way to the NEW VIRGINIANS' band of stage lights, sequined costumes, a ten-piece combo and dance routines. The music is as varied as the 26 singers and dancers of the NEW VIRGINIANS' stage. The NEW VIRGINIANS is an evolution of what once was the Virginia Tech all male Glee Club. Four years ago Kingma added the light and sound technicians, a combo, dancing and women to create today's lively NEW VIRGINIANS. The technical support crews help complete the total NEW VIRGINIAN package. The Tech group travels with its own complete sound, light and stage set-up. Professionals help students match the standards of the NEW VIRGINIAN singers and musicians. The combination of talent, direction, technical support and a genuine desire to please makes the NEW VIRGINIAN show fun, refreshing and enjoyable for the performers as well as the audience.
Circle K Club

Circle K Club: Community Service Organization . . . President: Glenn Horne; Vice President: Roger Lenhart; Secretary: Jane Preston; Treasurer: Robbie Kern; Beverly Auville, Maury Beck, John Betz, Janet Browne, Susan Browne, Paul Christensen, Bab's Council, Bobby Culpertson, Howard Davis, Lee Deskins, Doug Evering, Lee Fowler, Scott

Gregg, Jim Hurt, Ellen Kline, Lee Loving, Leslee Miller, Dave Nelson, Christine Park, Roy Parker, Steve Payne, David Pryplesh, Peter Rolas, Morris Skee, Judi Smith, Terry Stoope, Sarah Strate, Charisse Walter, Diane Yowell.

Horticulture Club

Horticulture Club: Strengthens Interests in Horticulture . . . President: Gary Gouldin; Vice-President: Ed Thacker; Secretary: Ellen Montgomery; Treasurer: Thomas Guthrie; Historian: Cathy Taylor; Author Bodell, Janet Burger, Martha Burley, Judy Caldwell, Sally Davis, Tom Evans, Fran Farmer, Mark Freeman, Jeff Gaffney, Lee Goode, Lucy

Graham, Joyce Griffin, Tim Gwaltney, Martha Helley, Jimmy Johnson, Tim Johnson, Becky Lang, Don Newsom, Beth Painter, Mark Rivers, Gary Scofield, Mary Shaw, H.D. Smith, Sandy Smith, Dennis Stroles, Ellen Thorpe, Richard Tinn, Tom Tracy, Farrell Wise.

Horticulture Club
Clubs Unite People

The varied interests of people show in the variety and number of clubs. Although an individual may have many different interests, he may pick the clubs best suited to him and pursue his past times in the diversity of these clubs.
The Tech Fair
Club Working Together

Clubs at Virginia Tech are able to combine efforts and work together for a common cause. Such an example of team work was the 1976 Tech Fair. Sponsored by Alpha Phi Omega, national service fraternity, the Fair provided entertainment for all in addition to profit for the participating organization. Cotton candy, puppet shows, balloons, cake walks, plant sales, billard shots, and bingo were just a few of the many different booths set up for the amusement of Tech Student and faculty. The carnival type atmosphere added a festive spirit to the Squires Large Ballroom. Overall, the Tech Fair was a success. More significant than just providing entertainment to observers, the Tech Fair was a working example of inter-club cooperation at Virginia Tech.
Administration
"We at VPI are among the nation’s leaders in responding effectively to manpower needs, and we pledge a continuing commitment to that important area. But let us all recognize that quality higher education will always be in demand. Most of us have been the beneficiaries of the great strides in education of recent decades. Having benefited ourselves, we dare not stop the progress for those who follow. A cherished part of our national tradition over the past have given our children greater opportunities than our parents gave to us. The success of our nation is due in no small part to that tradition. Let us continue and strengthen it in the century ahead."

Dr. William E. Lavery, Inaugural Address, October 12, 1976.
Dr. James W. Dean
Vice President for
Student Affairs

The Division of Student Affairs helps students with career planning and job placement services. The opportunities for employment are further enhanced by the leadership training offered by Greek organizations and the ROTC programs. Other services under the division include housing and health.
Dr. John D. Wilson
Vice President of Academic Affairs

The Office of Academic Affairs, directed by Dr. John D. Wilson, strives to help administrators understand our university’s academic needs. The fulfillment of these needs through new programs assist the students in obtaining their goals. The Division of Academic Affairs also seeks the answers to problems concerning the need for classroom space, and the recruitment of talented students and faculty. Future hopes for Tech include the addition of a School of Veterinary Medicine, an increase in the number of graduate study programs offered, and a strengthening of the Colleges.
Growing Into The Future.
Mr. Stuart K. Cassell with the Administration offices works to assist the President with the administrative services, including developmental and long range planning. These services include such areas as buildings and grounds, personnel, physical plant planning, auxiliary enterprises, security, the airport, and dining halls.
Working Behind The Scenes For A Smooth Running University.
Sporn Awards Honor Outstanding Freshmen Teachers

A unique chance for students to have the entire vote concerning teaching excellence is given yearly in the selection of two Sporn Award winners. Freshmen and sophomores, both on and off-campus, vote for who they believe to be the best teacher of an introductory course. One award is presented to the favorite in the College of Engineering while the other award involves competition among faculty in the six remaining colleges.

Sporn Awards are made through the personal donation of Dr. and Mrs. Phillip Sporn of New York. Dr. Sporn is a Tech graduate from the College of Engineering.

Two separate committees, one in the College of Engineering and one for the other six colleges, compile votes by similar selection procedures. Both committees are composed of students although the award committee for the colleges outside engineering is assisted in an advisory capacity by a faculty member.
Committee members distribute ballots through the resident advisors to freshmen and sophomores in the dorms with ballots also available in Squires Student Center. Procedures have been developed comparing class size and the number of votes received to determine a percentage that puts large and small classes on an equivalent scale.

Although the top candidates are notified of their nomination, public announcement is not made until graduation ceremonies. A check for $500 and a plaque are then presented to each winner. Sporn Award winners are not in future selection processes eligible.

An Incentive For Teacher's Excellence —
Wine Awards

Each year three Wine Awards are presented to full time Va. Tech faculty members recommended by students, faculty, and alumni. These awards are given by the Alumni Association in memory of W.E. Wine, a former student and graduate of the university. A university Wine Award chairman is chosen yearly to coordinate activities which initially includes distribution of ballots and posters to each department.

Ballots may be submitted by any student, faculty member, or alumnus in support of a specific nominee. Each nomination must be accompanied by a paragraph or more explaining and supporting the recommendation.

Separate committees in each of the seven colleges collect and tabulate the ballots. The quantity of votes is not the primary concern; however, as quality as well as the extent of support of the nominee in each of the three voting groups — students, faculty, and alumni.

Small group teachers are not discredited since vote ratios are determined by comparing individual class enrollment loads and the number of votes received. Block or organized voting is a violation and candidates involved are disqualified from competition.

After each college committee has selected their top candidate, representatives from each committee meet with the university chairman to select the final three winners. Each winner is presented with a check for $500 and an inscribed plaque. Winners are eligible to win an additional wine award after a three year period.
Previous Wine Award Recipients

1957 — R.C. Krug, G.R. Powley, P.M. Reaves
1958 — W.L. Gibson, A.B. Massey, J.F. Poulton
1960 — G.W. Litton, L. McFadden, F.J. Maher
1962 — J.M. Barringer, D.M. Kohler, H.S. Miles
1964 — E.P. Ellison, E.F. Furtsh, E.M. Jannelle
1965 — S.C. Andrews, P.H. Hoepner, P.L. Martin
1966 — S.C. Farrer, J.H. Sword, J. Weinstock
1967 — H.A. Elarth, M. Kosztarab, N.R. Krieg
1971 — R.B. Holliman, W. Kroonlje, K. Philson
1973 — V.C. Brenner, W.M. Elgen, G.C. Grenden
J. Gordon Brown  
Dean for Student Services

Student Services, managed by Dean Brown, is responsible for housing, placement, international students, Squires Student Center, and religious affairs. The placement service establishes contact with potential employers for student job opportunities. The Student Center provides a location for cultural and recreational pursuits otherwise unavailable both on and off campus.
Dr. David E. Hill
Dean for Student Programs

Through the involvement in activities outside of the classroom, the department of Student Programs headed by Dr. Hill stresses the development of the student as a whole. Through Resident Advisors and the Residence Hall Federation, undergraduates are encouraged to participate in both the planning and execution of new student housing policies. The fraternity and sorority organizations also are beneficial, not only from a social standpoint, but also educationally since the participants must prepare, execute, and enforce the regulations necessary for their smooth and efficient operation.
Involvement — Deciding Factor Of A Worthwhile Educational Experience.
Dean of Admissions and Records
Dr. M.P. Lacy

A student attending Tech will be directly involved with the Department of Admissions and Records under the guidance of Dr. Lacy, from the day he or she applies for admission until graduation. It is through this office that the questions and requests of prospective students are answered and the applications processed, and the records and transcripts of present students maintained. Information and access to grants, loans, and scholarships are also available to qualifying students so that a college education can be available to all who desire it.
Extension Division
Dr. William E. Skelton

The Extension Division, coordinated by Dr. Skelton, extends the educational resources of our University to all of the citizens of the state. This is accomplished through off-campus graduate programs, formal non-credit Extension programs, and informal Extension programs. The Extension program is carried out by Extension faculty members located on and off campus, professional Extension agents, and paraprofessional Extension technicians located in counties and cities.
Extension . . .
Reaches Many Aspects Of Community Life.

4-H members learn about wildlife from Extension Specialist.

Extension teaches efficient agricultural production through modern mechanization.
General E.A. Acuff, Commandant of the Virginia Tech Corps of Cadets, encourages outstanding character, aptitude for military service, and academic achievement. The life of a cadet revolves around these goals through enforced study periods, separate housing, and distinctive dress. The Corps program aids the Cadet in future employment, military, or civilian.
Dr. Randall M. Robertson
Dean of the Research Division

Dr. Robertson is responsible for the coordination of all research projects on campus. The recruitment of funds and distinguished research personnel fall also under the jurisdiction of the Research Division. At the present time the various research programs on campus are receiving approximately thirteen million dollars a year: of this, 50% comes from the federal government and the other half from state government and private industry. This figure is double that of four years ago. The benefits of the programs are shared by the student as well, since instructors familiar with the latest findings and procedures are able to present a completely up-to-date education.
Research Funding —
13 Million Received
Fred W. Bull
Dean of Graduate School

Under the direction of Fred Bull, the Graduate School of Virginia Tech provides courses for those students wishing to obtain an advanced degree. Admission to the Graduate school is open to anyone with a Bachelor of Science or a Bachelor of Arts degree. Also, overall QCA and Graduate Record Examination scores are important for admissions. The Graduate School offers students a choice of 13 degrees. With the guidance of an academic advisor or advisory committee, students in Graduate school may plan individual study to meet personal objectives.

101 S. Main St.
Blacksburg, Va. 552-5111
Here in Newport News.

Here in the hands of the people who work here. Because our people are building tomorrow with something that started a long time ago.

A legacy of expertise. The teamwork, skills and engineering ability that have put together some of the world's most complex technical achievements.

Like the Navy's nuclear powered submarines, aircraft carriers and frigates. The world's most sophisticated commercial ships—liquefied natural gas carriers. And services and components for commercial nuclear power plants.

And when the call comes to go to work on other ideas for the future, we're ready. Because our people are ready. And always have been.

Newport News Shipbuilding Where tomorrow is. Now.

A Tenneco Company Newport News, Virginia 23607
An Equal Opportunity Employer
We're committed.

Over 100 million seedlings back up this commitment to regenerate our forests.

Ever since the 1930's The Chesapeake Corporation has been practicing intensive forest regeneration. Reforesting over 150,000 acres throughout our woodlands in Delaware, Maryland, Virginia, and North Carolina. In fact, during the 1972 season, we planted our 100 millionth pine seedling!

Encouraging cooperative forestry programs throughout our region has also been an important part of Chesapeake's reforestation program. When equipment scheduling permits we will reforest private land at cost or will give the landowner, at no charge, up to 10,000 seedlings on a matching basis to reforest his land.

At Chesapeake we believe in the forests. They have to be protected and wisely used to supply man with his growing needs.

Forest regeneration. Just another way Chesapeake is working with nature to serve man.

Our professionally trained foresters will be glad to advise you on any questions you may have concerning forest management. Contact: Director of Forest Information and Education, The Chesapeake Corporation, (904) 843-5375, or The State Division of Forestry in Charlottesville.

A Growing Band . . .
in a Growing Community!

First National ank — Christiansburg
Continues its growth — and we want to
thank our customers for making this possible. We will always be the bank that puts
you first.
For example:
1. We are open for business from 9 a.m. to 1 p.m. and 3
p.m. to 5 p.m. Monday thru Thursday — Fridays 9
a.m. to 1 p.m. and 4 p.m. to 7 p.m. These “People
Hours” enable our customers to transact their busi-
ness on their free time.
2. First National Bank is still the only bank that pays
interest on passbook savings monthly — this means
your interest is compounded 12 times a year.
3. No service charge on Checking Accounts.

In Addition to these, we offer modern and attractive
facilities and friendly personnel who want to serve you
— The Residents of Montgomery County. We hope that
this will be the year you decide to do your banking with

ARE WE GOING BACKWARD?
  FORWARD?
  REMAINING THE SAME?
WHAT IS PROGRESS?
POLLUTION
THE ENVIRONMENT
THE ECONOMY
THE FUTURE
IT SEEMS IN THIS BICENTENNIAL YEAR THAT WE ARE
NO FURTHER ALONG THAN WE WERE IN 1776.
WE PROGRESS BUT DO WE GO FORWARD?
WHERE DO WE GO FROM HERE?
MORE QUESTIONS THAN ANSWERS.
